5 compensation for the critical work they do in pregnancy, maternal
6 health, maternal mental health, and childcare. The legislature declares
7 that it is the purpose of this work group to examine and recommend the
8 best practices for integrating doulas into New York state's Medicaid
9 healthcare system and ensuring the state is prepared and ready to
10 elevate the critical work doulas perform across historically excluded
11 communities across the state of New York.
