

STATE OF NEW YORK

9336

IN SENATE

May 17, 2022

Introduced by Sen. BAILEY -- (at request of the State Education Department) -- read twice and ordered printed, and when printed to be committed to the Committee on Education

AN ACT to establish a juvenile justice education task force to address effective coordination and programmatic coherence in the provision of educational opportunities and services to certain students; and providing for the repeal of such provisions upon expiration thereof

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Legislative findings and declarations. The legislature
2 hereby finds and declares that there is a significant lack of effective
3 coordination and programmatic coherence in the provision of educational
4 opportunities and services to students in juvenile justice settings.
5 When youth must be confined, detention and placement settings provide an
6 opportunity to re-engage them in their education and future and to reset
7 their trajectory. These programs must plan for and support youth reentry
8 to the community, including working with the student's school of reentry
9 to ensure credits are granted for work accomplished while in confinement
10 and re-enrollment in school in the community. Educational programs
11 provided in juvenile justice settings have struggled to recruit and
12 retain New York State certified teachers; provide access to all core
13 academic courses required to obtain a New York State Regents Diploma;
14 and design quality, culturally and linguistically responsive and engaging
15 instruction to meet the extensive, critical needs of this consistently
16 shifting student population. Lack of access to state and federal
17 education funds for core educational services, delayed access to
18 students' records, rolling admissions and discharges, as well as barriers
19 to re-enrollment, and providing supports to students as they transition
20 back to public and nonpublic schools have contributed to this situation.
21 Incarcerated youth funds were originally to support students
22 between the ages of 16 and 21 in county jails. Since implementation of
23 New York's "raise the age law" pursuant to part WWW of chapter 59 of the
24 laws of 2017, incarcerated youth funds for jails have declined, as 16-
25 and 17-year-old students are placed in detention and other settings

1 which are ineligible for incarcerated youth funding. This makes it
2 difficult to sustain staffing and educational programming for incarcer-
3 ated 18- to 21-year-old students, who are still entitled to an educa-
4 tion. Additionally, the incarcerated youth formula provides a minimum
5 of \$15,000 to the district of location which has not been updated since
6 1986 and is insufficient to maintain minimum educational programming.
7 Further, once returned to the community, these students need additional
8 supports to ensure continued success.

9 § 2. The state task force on juvenile justice education (hereinafter
10 referred to as "the task force") is hereby established. The task force
11 shall conduct and complete a thorough study and review of the needs of
12 educational programming across the spectrum of juvenile justice confine-
13 ment settings and the educational transition of youth post-confinement
14 and shall make actionable recommendations on the improvement thereof.

9 § 4. Subject to appropriation therefor, the task force is authorized
10 to contract with consultants, including institutions of higher education
11 and independent research organizations, to assist the task force in the
12 performance of its duties.

14 deemed repealed on the sixtieth day after the task force on juvenile

19 maintain an accurate and timely effective data base of the official text
20 of the laws of the state of New York in furtherance of effectuating the
21 provisions of section 44 of the legislative law and section 70-b of the
22 public officers law.
