Introduced by M. of A. McDONALD -- read once and referred to the Committee on Higher Education

AN ACT to amend the education law and the state finance law, in relation to establishing the New York state preceptor stipend program

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Short title. This act shall be known and may be cited as
2 the "New York state preceptor stipend program".

3 § 2. Legislative intent. New York state health care is in crisis from
4 staffing shortages that are exacerbated by staff burnout. Quality
5 preceptorships are an essential component of clinical professional
6 development, and also a powerful tool for recruitment and retention in
7 the healthcare industry. By providing supervision during clinical prac-
8 tice and facilitating the application of theory to practice for students
9 and staff learners, preceptors can help promote self-awareness and crit-
10 ical thinking for students. That confidence and on-the-job training will
11 foster a healthy mentorship and encourage future health care profes-
12 sionals to pursue their health career in New York state. Preceptor-
13 ships, however, are a time-consuming commitment and health care workers
14 in New York state are hard-pressed to add more to their plates. A
15 stipend program would incentivize health care professionals to be
16 preceptors and take on the responsibility of training future health
17 professionals.

18 § 3. The education law is amended by adding a new section 6505-f to
19 read as follows:

20 § 6505-f. New York state preceptor stipend program. 1. Program estab-
21 lished. The chief administrative officer of the office of the
22 professions shall create a "New York state preceptor stipend program"
23 for preceptor clinicians. Under such program, a stipend shall be issued
24 out of funds made available for such program pursuant to appropriation
25 from the legislature from the office of the professions account under
26 section ninety-seven-nnn of the state finance law, and shall be released
27 in check form to qualified preceptor clinicians. The chief administra-

1 tive officer of the office of the professions' responsibilities shall
2 include, but not be limited to:

3 (a) Promulgating any necessary rules and regulations for the applica-
4 tion and distribution of funds;

5 (b) Creating a process to accept and subsequently register preceptor
6 clinicians into the New York state preceptor stipend program, and a
7 process to deny unqualified preceptor clinicians;

8 (c) Creating an application process whereby certain criteria and qual-
9 ifications shall be met by a preceptor clinician accepted to the
10 program; and

11 (d) Creating a revocation process for qualified clinical preceptor-
12 ships that are to be terminated.

13 2. Stipend. A resident of New York state who registers with and is
14 accepted to the program and provides preceptor instruction as part of a
15 clinical preceptorship shall be issued a stipend upon admittance into
16 the program. Such stipend shall equal five thousand dollars.

17 3. Annual review. After the program's first full year and each year
18 thereafter during the month of December, there shall be an annual review
19 conducted by the office of the professions which shall provide, but not
20 be limited to, the following:

21 (a) An audit and record of all preceptor clinicians who applied and
22 been either denied or accepted under the program; and

23 (b) A record and audit of all stipends distributed under the program.

24 4. Definitions. As used in this section, the following terms shall
25 have the following meanings:

27 provision of any form of compensation therefor, provides a clinical
28 preceptorship or preceptorships including, but not limited to, both

8 § 4. Subdivision 3 of section 97-nnn of the state finance law, as
9 added by section 90 of part A of chapter 436 of the laws of 1997, is
10 amended to read as follows:

12 shall be available to the state education department for services and
13 expenses of the office of the professions, including payment of stipends
14 under the New York state preceptor stipend program established pursuant
15 to section sixty-five hundred five-f of the education law, provided that
16 the first year payments under such stipend program shall not exceed five
17 million dollars.

18 § 5. This act shall take effect on the one hundred eightieth day after
19 it shall have become a law. Effective immediately, the addition, amend-
20 ment and/or repeal of any rule or regulation necessary for the implemen-
21 tation of this act on its effective date are authorized to be made and
22 completed on or before such effective date.
