## STATE OF NEW YORK

1101

2023-2024 Regular Sessions

## IN ASSEMBLY

January 13, 2023

- Introduced by M. of A. KELLES, MITAYNES, THIELE, BICHOTTE HERMELYN, EPSTEIN, PAULIN, GONZALEZ-ROJAS, CARROLL, SIMON, MAMDANI, REYES, FAHY, LUPARDO, GALLAGHER, STECK, D. ROSENTHAL, CLARK, SEAWRIGHT, L. ROSEN-THAL, KIM, FORREST, ZEBROWSKI, CRUZ, JACKSON, BURGOS, WALKER, ZINER-MAN, DICKENS, SEPTIMO, DAVILA, BURDICK, STERN, STIRPE, ANDERSON, DARLING, PRETLOW, CONRAD, JACOBSON, McMAHON, LUNSFORD, SAYEGH, RAMOS, COLTON, LAVINE, GLICK, GIBBS, HEVESI, BRONSON, BURKE, TAYLOR, JEAN-PIERRE, OTIS, DINOWITZ -- Multi-Sponsored by -- M. of A. COOK -read once and referred to the Committee on Governmental Employees
- AN ACT to amend the education law, in relation to requiring the New York state teachers' retirement system to divest the retirement system of any investments in corporations or companies included on an exclusion list of coal producers and oil and gas producers

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. This act shall be known and may be cited as the "teachers' fossil fuel divestment act".

3 § 2. Legislative findings. 1. a. Climate change is a real and serious 4 threat to the health, welfare, and prosperity of all New Yorkers, now 5 and in the future. Maintaining the status quo of fossil fuel energy 6 production will lead to catastrophic results.

7 b. In July 2019, New York state passed the climate leadership and 8 community protection act and committed to reducing statewide greenhouse 9 gas emissions by eighty-five percent by 2050 and net zero emissions in 10 all sectors of the economy. Other cities and states have chosen to 11 pursue similar paths to reduce greenhouse gas emissions.

12 c. The threat of climate change, and the transformation of the global 13 energy system that will be necessary to mitigate it, will have a serious 14 negative impact on investors whose assets are not aligned with the goal 15 of keeping the global average temperature increase below 1.5 degrees

EXPLANATION--Matter in <u>italics</u> (underscored) is new; matter in brackets [-] is old law to be omitted.

LBD03486-01-3

Celsius, as determined by the United Nations Intergovernmental Panel on 1 2 Climate Change. 3 d. There are no existing legal or fiduciary duties that require New York state's pension funds to invest in energy sources that are harmful 4 5 to the environment, or in contradiction to the goals of the climate 6 leadership and community protection act. Rather, there are alternative 7 investments that are available to our pension funds that do not present 8 such harms. 9 e. Many cities and states have recognized the harmful effects of 10 pension and investment funds investing in fossil fuels and have commit-11 ted to divesting those funds. Over 1,100 institutional investors representing more than \$11 trillion in holdings have chosen to pursue full or 12 partial divestment from fossil fuel producers, including the New York 13 14 city employees retirement system, the endowment and pension funds of the 15 University of California system, and the sovereign wealth funds of 16 Norway and Ireland. 17 2. a. Continued investment in fossil fuel producers poses unacceptable 18 risks to the people of the state of New York, as well as the long-term sustainability of the New York state teachers' retirement system. 19 b. Investment in dangerous and harmful fossil fuels is not mandated by 20 21 law. The New York state common retirement fund, consistent with its 22 fiduciary duties, has committed to complete reviews of all fossil fuel investments by 2025 and to divest from companies that fail to meet mini-23 mum standards. It has also set a precedent by choosing to divest from 24 25 certain industries in the past due to the moral implications of their 26 business models, including private prisons, firearms manufacturers, and 27 companies doing business with Sudan, all while complying with the comp-28 troller's fiduciary obligations. 29 c. New York owes duties to its residents, and the New York state 30 teachers' retirement system owes duties to future beneficiaries. These 31 duties can and should reasonably include considerations of human inter-32 ests, quality of life, public safety and security, and ultimately 33 require a shift away from fossil fuels to help mitigate the future 34 adverse effects of climate change. 35 d. According to the U.S. Department of Labor's interpretive bulletin 36 2015-1, environmental issues "may have a direct relationship to the 37 economic value of the plan's investment, and are not merely collateral 38 considerations or tie-breakers, but rather are proper components of the 39 fiduciary's primary analysis of the economic merits of competing investment choices." 40 Attempting to profit from investments in companies whose business 41 e. 42 models, public relations campaigns, and lobbying efforts not only fail 43 to comply with New York's statutory climate goals, but also put the 44 stability of our society and the safety of our citizens at risk, is 45 neither morally acceptable nor in compliance with the legislature's 46 responsibility to protect the financial security of current and future 47 pension beneficiaries. 48 Currently, the majority of fossil fuel producers are not adjusting f. their business models to take into account the changing energy market, 49 investing billions of dollars in exploring and extracting new reserves, 50 51 creating stranded asset risk and the potential for rapid, unexpected, 52 and significant loss of value. Attempting to beat the market by holding these investments until 53 q. 54 the last possible moment is a high-risk strategy that could result in loss of investment principal. In the words of the decarbonization 55 the 56 advisory panel for the New York state common retirement fund, "being too

A. 1101

1	early in the avoidance of the risk of permanent loss is much less of a
2	
	danger than being too late."
3	h. In addition to the risks regarding retirement security, continued
4	investment in the fossil fuel industry is counterproductive to the goals
5	set forth in the climate leadership and community protection act.
б	§ 3. The education law is amended by adding a new section 508-b to
7	read as follows:
8	§ 508-b. Fossil fuel divestment. 1. Definitions. As used in this
9	section:
10	a. "coal producer" means any corporation or company, or any subsidiary
11	or parent of any corporation or company or partnership or other legal
12	entity, that derives at least ten percent of annual revenue from thermal
13	coal production, or accounts for more than one percent of global
14	production of thermal coal, or whose reported coal reserves contain more
15	than 0.3 gigatons of potential carbon dioxide emissions;
16	b. "exclusion list" means the list created pursuant to paragraph a of
17	subdivision two of this section;
18	c. "oil and gas producer" means any corporation or company, or any
19	subsidiary or parent of any corporation or company or partnership or
20	other legal entity, that derives at least twenty percent of annual
21	revenue from oil or gas production, or accounts for more than one
22	percent of global oil or gas production, or whose reported combined oil
23	and gas reserves contain more than 0.1 gigatons of potential carbon
24	dioxide emissions;
25	d. "oil or gas production" means exploration, extraction, drilling,
26	production, refining, processing, or distribution activities related to
27	<u>oil or gas;</u>
28	e. "thermal coal production" means mining, transport, processing, or
20	e. cherman coar production means mining, cransport, processing, or
29	exploration activities related to thermal coal;
29 30	exploration activities related to thermal coal; f. "oil and gas equipment, services, transportation and storage" means

Upon completion of the exclusion list, it shall be made publicly available and a copy shall be sent to the temporary president of the senate and the speaker of the assembly. c. The retirement board shall submit notification to any corporation or company that has been included in the exclusion list informing them of their inclusion on such list, as well as the requirements of this section. d. At the retirement board's discretion, but no later than two years after the completion of the exclusion list, and no less frequently than biennially thereafter, the retirement board shall update the exclusion list to remove any corporation or company that is no longer a coal producer or an oil and gas producer and add any corporation or company a. Removal from the exclusion list. a. At any time following the</pre>

A. 1101

1	coal producer or an oil and gas producer as defined in subdivision one
2	of this section.
3	b. Upon satisfaction that a corporation or company has met the
4	requirements of paragraph a of this subdivision, the retirement board
5	shall remove such corporation or company from the exclusion list and
б	provide a written explanation for such removal to the temporary presi-
7	dent of the senate and the speaker of the assembly.
8	4. Compliance with fiduciary duties. a. Nothing in this section shall
9	require a board to take action as described in this section unless the
10	board determines in good faith that the action described in this section
11	is consistent with the fiduciary responsibilities of the board under the
12	New York state constitution. Any new investments must comply with the
13	fiduciary obligations and the prudent investor rule as defined by
14	section 11-2.3 of the estates, powers and trusts law.
15	b. No private right of action shall be available against the retire-
16	ment system, any of its employees, or any present, future, and former
17	board member of the retirement system for divesting retirement system
18	assets pursuant to this section in good faith.
19	c. No private right of action shall be available against the state
20	pursuant to this section.
21	5. Divestment. a. Commencing one year after the effective date of this
22	section, and in accordance with sound investment criteria and consistent
23	with its fiduciary obligations, the retirement board and any investment
24	managers under contract with the retirement system shall: (i) divest the
25	retirement system of any stocks, securities, equities, assets, or other
26	obligations of corporations or companies on the exclusion list in which
27	any monies or assets of the retirement system are invested; and (ii)
28	cease new investments of any monies or assets of the retirement system
29	in any stocks, securities, or other obligations of any corporation or
30	
	company that is a coal producer or oil and gas producer as defined here-
	in.

A. 1101

1	fied on reasonable grounds and in good faith that such indirect invest-
2	ment vehicle does not have in excess of one percent of its assets, aver-
3	aged annually, directly or indirectly invested in coal producers and oil
4	and gas producers.
5	7. Reporting. a. Commencing one year after the effective date of this
б	section and annually thereafter the retirement board shall issue a
7	report to the temporary president of the senate and the speaker of the
8	assembly and shall make such report publicly available, outlining all
9	actions taken to comply with this section.
10	b. To the extent that the retirement system has remaining private
11	equity or private debt investments in any oil and gas producers, or coal
12	producers, the retirement board shall prominently make note of such
13	investments and all attempts that have been made to expeditiously
14	complete its divestment obligations to date. The board shall provide
15	public notice of this annual report and an opportunity for public
16	comment on the retirement system's divestments pursuant to this act of
17	<u>at least sixty days.</u>
18	§ 4. This act shall take effect immediately.
