bly, do enact as follows:

1 Section 1. The education law is amended by adding a new section 802-b
2 to read as follows:

3 § 802-b. Courses of instruction in state and local government. 1. The
4 regents shall prescribe courses of instruction in state and local
5 government to be maintained and followed in all of the elementary and
6 middle schools of the state. The boards of education and trustees of the
7 several cities and school districts of the state shall require instruc-
8 tion to be given in such courses, by the teachers employed in the
9 schools therein. All pupils attending such schools, in elementary and
10 middle school grades, shall attend upon such instruction.

11 2. Similar courses of instruction shall be prescribed and maintained
12 in private schools in the state, and all pupils in such schools in
13 grades or classes corresponding to the instruction in the elementary and

15 es. If such courses are not so established and maintained in a private
16 school, attendance upon instruction in such school shall not be deemed
17 substantially equivalent to instruction given to pupils in the public
18 schools of the city or district in which such pupils reside.

20 become a law. Effective immediately, the addition, amendment and/or

22 this act on its effective date are authorized to be made and completed
