1 named therein, provided the action is brought within one year after the
2 time the cause of action accrued. Nothing in this section shall be
3 construed to limit the power of the authority to construct the project
4 or any portion thereof or any addition, betterment or extension to the
5 facilities directly by the officers, agents, and employees of the
6 authority or otherwise than by contract. The authority may proceed
7 jointly with the state of New York in the construction of any highway
8 which also includes sewage and storm water facilities and by agreement
9 with the state of New York fix and determine the amount which shall
10 constitute the contribution by the authority toward the cost of the

21 § 2. The public authorities law is amended by adding a new section
22 1181-a to read as follows:

23 § 1181-a. Small business set-aside contracts for the authority. 1.
24 Definitions. As used in this section, unless a different meaning clearly
25 appears from the context:

26 (a) "Minority business concern" shall mean a business enterprise in
27 which at least fifty-one percent is owned by persons who are Native
28 American or Alaskan native, Asian American, Black or African-American,
29 Hispanic or Latino, or Native Hawaiian or Pacific Islander.

30 (b) "Small business" shall mean a business that is independently owned
31 and operated, and which is not dominant in the field of operation. The
32 authority shall establish a detailed definition by resolution adopted at
33 a public meeting based on factors such as limits in number of employees,
34 annual revenues, and/or personal net worth of owners.

35 (c) "Small business set-aside" shall mean a request for which bids are
36 to be invited and accepted only from small businesses by the general
37 manager.

38 2. The general manager has the authority to designate as small busi-
39 ness set-asides specified contracts for purchases, services, or
40 construction. The designation shall be made prior to the advertisement
41 for bids as provided by law, and when the advertisement is published it
42 shall indicate the purchases or work that have been designated as small
43 business set-asides. To effectuate the purposes of this section, the
44 general manager may exercise this authority whenever there is a reason-
45 able expectation that bids will be obtained from at least three small
46 businesses capable of furnishing the desired property or service at a
47 fair and reasonable price.

48 3. In the case of contracts designated as small business set-asides,
49 invitations to bid shall be confined to small businesses and bids from
50 other businesses shall be rejected. The purchase, contract or expendi-
51 ture of funds shall be awarded to the lowest responsible bidder among
52 the small businesses, considering conformity with specifications and
53 terms, in accordance with the authority's purchasing guidelines.

54 4. A portion of small business set-asides shall be set aside in turn
55 as exclusively as possible, to small businesses owned or controlled by
56 minority business concerns, and such businesses shall constitute not

1 less than twenty-five percent of the successful bidders under this
2 title.

3 5. If the total number of small businesses responding to the invita-
4 tion to bid and considered capable of meeting the specifications and
5 terms of the invitation to bid is less than three, or if the general
6 manager determines that acceptance of the best bid will result in the
7 payment of an unreasonable price, the general manager shall reject all
8 bids and withdraw the designation of small business set-aside.

9 6. If the general manager withdraws the designation of small business
10 set-aside, the authority shall notify the bidders of the reason why the
11 bids were rejected. Invitations to bid containing the same or rewritten
12 specifications and terms shall then be re-issued without the designation
13 of small business set-aside.

14 § 3. This act shall take effect immediately.
