relation to requiring a public referendum to approve a final siting

2 utive law, as added by section 4 of part JJJ of chapter 58 of the laws  
3 of 2020, is amended and a new paragraph (f-1) is added to read as  
4 follows:

5 (e) Following the expiration of the public comment period set forth in  
6 this subdivision, or following the conclusion of a hearing undertaken  
7 pursuant to this subdivision, the office shall, in the case of a public  
8 comment period, issue a written summary of public comment and an assess-  
9 ment of comments received, and in the case of an adjudicatory hearing,  
10 the executive officer or any person to whom the executive director has

12 final siting permit may only be issued if the office makes a finding  
13 that the proposed project, together with any applicable uniform and  
14 site-specific standards and conditions would comply with applicable laws  
15 and regulations, and if such final siting permit is approved pursuant to  
16 a referendum held in accordance with paragraph (f-1) of this  
17 subdivision. In making this determination, the office may elect not to  
18 apply, in whole or in part, any local law or ordinance which would  
19 otherwise be applicable if it makes a finding that, as applied to the  
20 proposed major renewable energy facility, it is unreasonably burdensome  
21 in view of the CLCPA targets and the environmental benefits of the  
22 proposed major renewable energy facility.

23 (f-1) Notwithstanding any other provision of law to the contrary,  
24 before a determination for a final siting permit may be considered
