1 (o) (1) An insurer may, at its option, comply with subsections (d) and
2 (e) of this section by allowing the insured to self-inspect the insured
3 vehicle and self-submit documentation establishing the inspection,
4 consistent with the requirements of this subsection. An insurer is not
5 required to comply with subsections (d) and (e) of this section by
6 allowing the insured to self-inspect the insured vehicle.

7 (2) The self-inspection option available pursuant to this subsection
8 shall only apply to vehicles insured by personal lines insurance.

9 (3) The self-inspection option available pursuant to this subsection
10 shall not apply to vehicles insured by the New York automobile insurance
11 plan.

12 (4) To perform an automobile inspection pursuant to this subsection,
13 the insured must, at minimum, submit the following documents to the
14 insurer or the insurer's authorized representative:

15 a. digital photographs of the insured vehicle; and
16 b. the signed, completed inspection form referenced in subsection (h)
17 of this section.

18 (5) An automobile inspection performed pursuant to this subsection is
19 deemed complete only when the insurer or its authorized representative
20 has received both the signed, completed inspection form and the required
21 digital photographs.

22 (6) Each digital photograph submitted by the insured must be in color,
23 clear, and must include metadata that indicates the date and time that
24 the photograph was taken.

25 (7) Each digital photograph submitted by the insured must be in .jpeg
26 format, the resolution must be no less than 2048 x 1536 pixels, and the
27 file size per photo must be no less than 200KB but no greater than 5MB.

28 (8) Each digital photograph submitted by the insured must be taken no
29 more than ten calendar days prior to the date written on the inspection
30 form, and no more than fourteen calendar days after the date written on
31 the inspection form. The included metadata must confirm that each
32 digital photograph was taken no more than ten calendar days prior to the
33 date written on the inspection form, and no more than fourteen calendar
34 days after the date written on the inspection form.

35 (9) The insured must certify the accuracy and completeness of the
36 information recorded on the inspection form prescribed by the super-
37 intendent, under penalty of perjury. Any knowing misrepresentation shall
38 constitute a "fraudulent insurance act" as that term is defined in
39 subsection (a) of section four hundred three of this chapter.

40 (10) The insured must certify the authenticity of the signature on the
41 inspection report prescribed by the superintendent, under penalty of
42 perjury. In accordance with section three hundred four of the state
43 technology law, an electronic signature is permissible.

44 (11) The insurer and/or its authorized representative must take
45 reasonable, appropriate steps necessary to ensure the security and
46 integrity of data that the insured submits pursuant to this subsection.

47 (12) If the insured chooses to sign the inspection form with an elec-
48 tronic signature, the insurer and/or its authorized representative must
49 take reasonable, appropriate steps necessary to ensure the security of
50 the electronic signature and verify its authenticity.

51 (13) The insurer and/or its authorized representative must establish
52 reasonable, appropriate procedures necessary to ensure that once
53 inspection forms are signed and submitted, they are, at minimum, stored
54 electronically, in a secure fashion, and are retained by the insurer
55 and/or its authorized representative for a minimum period of time to be
56 determined by the superintendent.

1 (14) If, upon inspection of the insured's digital photographs, the
2 insurer finds that the insured has failed to comply with the photograph
3 submission requirements provided in this subsection or in the applicable
4 regulations, the insurer must request further inspection of the vehicle
5 by the insurer or its authorized representative. Further self-inspection
6 of the vehicle pursuant to this subsection is not permitted, and any
7 subsequent inspection or inspections still must be completed no more
8 than fourteen calendar days after the effective date of coverage. The
9 insurer shall have the right to refuse to continue physical damage
10 coverage until the insured completes the subsequent inspection or
11 inspections.

12 (15) If, upon inspection of the insured's digital photographs, the
13 insurer identifies inaccuracies or errors in the information recorded on
14 the inspection form, the insurer must request further inspection of the
15 automobile by the insurer or its authorized representative. Further
16 self-inspection of the vehicle pursuant to this subsection is not
17 permitted. The insurer shall have the right to refuse to continue phys-
18 ical damage coverage until the insured completes the subsequent
19 inspection or inspections.

20 (16) If, upon inspection of the insured's digital photographs and/or
21 review of the inspection form prescribed by the superintendent, the
22 insurer identifies evidence of a fraudulent insurance act, the insurer
23 may cancel or rescind the insured's physical damage coverage, and may
24 report such evidence of a fraudulent insurance act to law enforcement
25 authorities. In connection with providing the inspection form, the
26 insurer must also issue a notice to the insured containing the language
27 prescribed in subsection (e) of section four hundred three of this chap-
28 ter.

29 (17) The superintendent may promulgate additional regulations specific
30 to this subsection.

31 (18) Unless the superintendent promulgates additional regulations
32 specific to this subsection, in addition to satisfying the requirements
33 of this subsection, the insurer and the insured must also comply with
34 the applicable inspection standards prescribed pursuant to 11 NYCRR § 67
35 except that:

36 a. The insured must only submit photographs to the insurer or its
37 authorized representative electronically using digital media; and

38 b. If the insured electronically transmits the signed, completed
39 inspection report to the insurer or its authorized representative, the
40 insured must use an electronic signature.

41 § 2. This act shall take effect on the sixtieth day after it shall
42 have become a law. Effective immediately, the addition, amendment and/or
43 repeal of any rule or regulation necessary for the implementation of
44 this act on its effective date are authorized to be made and completed
45 on or before such effective date.
