3. The board of education shall prepare a proposed school district budget for the ensuing year in accordance with the provisions of section seventeen hundred sixteen of this chapter, including all provisions relating to required notices and appendices to the statement of expenditures. No board of education shall incur a school district liability except as authorized by the provisions of section seventeen hundred eighteen of this chapter. Such proposed budget shall be presented in three components: a program component, a capital component and an administrative component which shall be separately delineated in accordance with regulations of the commissioner after consultation with local school district officials. The administrative component shall include, but need not be limited to, office and central administrative expenses, traveling expenses and all compensation, salaries and benefits of all school administrators and supervisors, including business administrators, superintendents of schools and deputy, assistant, associate or other superintendents under all existing employment contracts or collective bargaining agreements, any and all expenditures associated with the operation of the board of education, the office of the superintendent of schools, general administration, the school business office, consulting costs not directly related to direct student services and programs, planning and all other administrative activities. The program component shall include, but need not be limited to, all program expenditures of the school district, including the salaries and benefits of teachers and any school administrators or supervisors who spend a majority of their time performing teaching duties, and all transportation operating expenses. The capital component shall include, but need not be limited to, all transportation capital, debt service, and lease expenditures; costs resulting from judgments in tax certiorari proceedings or the payment of awards from court judgments, administrative orders or settled or compromised claims; and all facilities costs of the school district, including facilities lease expenditures, the annual debt service and total debt for all facilities financed by bonds and notes of the school district, and the costs of construction, acquisition, reconstruction, rehabilitation or improvement of school buildings, provided that such budget shall include a rental, operations and maintenance section that includes base rent costs, total rent costs, operation and maintenance charges, cost per square foot for each facility leased by the school district, and any and all expenditures associated with custodial salaries and benefits, service contracts, supplies, utilities, and maintenance and repairs of school facilities. Except as provided in subdivision four of this section, nothing in this section shall preclude the board, in its discretion, from submitting additional items of expenditure to the voters for approval as separate propositions or the voters from submitting propositions pursuant to sections two thousand eight and two thousand thirty-five of this title.

4. In the event the qualified voters of the Buffalo school district reject the budget proposed pursuant to subdivision three of this section, the board may propose to the voters a revised budget pursuant to subdivision three of section two thousand seven of this title or may adopt a contingency budget pursuant to subdivision five of this section and subdivision five of section two thousand twenty-two of this title. The school district budget for any school year, or any part of such budget or any propositions involving the expenditure of money for such school year shall not be submitted for a vote of the qualified voters more than twice. In the event the qualified voters reject the resubmitted budget, the board shall adopt a contingency budget in accordance

1 with subdivision five of this section and subdivision five of such
2 section two thousand twenty-two.

3 5. If the qualified voters fail or refuse to vote the sum estimated to
4 be necessary for teachers' salaries and other ordinary contingent
5 expenses, the board shall adopt a contingency budget in accordance with
6 this subdivision and shall levy a tax for that portion of such sum
7 remaining after applying thereto the moneys received or to be received
8 from state, federal or other sources, in the same manner as if the budg-
9 et had been approved by the qualified voters; subject to the limitations
10 imposed in subdivision four of section two thousand twenty-three of this

20 services for non-public school students, school health services, special
21 education services, kindergarten and nursery school programs, and the
22 district's share of the administrative costs and costs of services
23 provided by a board of cooperative educational services;

24 (c) items of expense for legal obligations of the district, including,
25 but not limited to, contractual obligations, debt service, court orders
26 or judgments, orders of administrative bodies or officers, and standards
27 and requirements of the board of regents and the commissioner that have
28 the force and effect of law;

29 (d) the purchase of library books and other instructional materials
30 associated with a library;

41 extracurricular activities; and

42 (g) any other item of expense determined by the commissioner to be an
43 ordinary contingent expense in any school district.

44 6. The commissioner shall determine appeals raising questions as to
45 what items of expenditure are ordinary contingent expenses pursuant to
