Provided that, except in municipalities where a state-funded anti-poverty task force or initiative already exists and is receiving or has received State funding for such purpose, the mayor of each municipality, or in the case of the Bronx, the borough president, will select a not-for-profit organization that provides services in the municipality, or in the case of the Bronx, the borough, to serve as the local coordinator of each such local task force. Provided further that, except in municipalities where a state-funded antipoverty task force or initiative already exists and is receiving or has received funding, each such taskforce shall make efforts to be comprised of, but not limited to, the following members: representatives from municipal, county, and/or state government; individuals who have lived in or currently live in households in poverty; individuals and advocates representing local not-for-profit and community organizations; representatives from local school districts; and representatives from local social services districts. Of the funds appropriated herein, the amount available for each local anti-poverty task force shall be determined based on the number of people in each municipality, or a borough, who are living in poverty as determined by the U.S. Census Bureau's 2010-14 American Community Survey Five-year Estimate provided that each local anti-poverty task force shall be eligible to receive funding in the following amounts: municipalities with fewer than 5,000 individuals in poverty shall each be eligible to receive $500,000; municipalities with between 5,000 and 10,000 individuals in poverty shall each be eligible to receive $1,000,000; municipalities with between 10,000 and 40,000 individuals in poverty shall each be eligible to receive $1,500,000; and municipalities, or a borough, with more than 40,000 individuals in poverty shall each be eligible to receive $2,750,000. The not-for-profit organization serving as coordinator will assemble the antipoverty task force using the criteria outlined above. Provided further that, with guidance and oversight of the commissioner of the office of temporary and disability assistance, each local anti-poverty task force...
shall use data to identify high need issues and neighborhoods within
the municipality, or in the case of the Bronx, the borough; identify
problems that are common in neighborhoods throughout the munici-
pality, or in the case of the Bronx, the borough; receive input from
local residents; use data and resident input to select one or more
focus areas related to either one or more issues or one or more
neighborhoods; and develop a plan for how funding will be targeted
toward the identified issues or neighborhoods. Such focus areas may
include, but are not limited to childhood poverty and homelessness.
Activities included in such plan may include, but are not limited

chronic homelessness or housing insecurity. Such plan must include

percent of the total award may be used to carry out planning and
administration, provided however, that the amount used for planning
and administration may exceed such limitation if such amount is
approved by the commissioner of the office of temporary and disabil-
ity assistance as part of the plan required herein. Upon receiving
approval from the commissioner of the office of temporary and disa-

herein shall be made available to the not-for-profit organization
