5                                   PART TT

6     Section 1. Short title. This act shall be known and may be cited as  
7 the "Suffolk county water quality restoration act".

8     § 2. Legislative intent. The county of Suffolk ("county"), with a  
9 population of one million five hundred thousand persons, has in excess  
10 of three hundred eighty thousand existing onsite wastewater disposal  
11 systems, comprised mostly of cesspools and septic systems, with two  
12 hundred nine thousand of these onsite systems in environmentally sensi-  
13 tive areas which could benefit from nitrogen-reducing technologies. The  
14 United States Environmental Protection Agency recognizes Long Island as  
15 having a sole source aquifer system for its drinking water supply.  
16 Suffolk county has an imminent need to preserve this valuable water  
17 resource by reducing the amount of nitrogen discharged into the ground-  
18 water by onsite systems. The full water cycle is impacted by increasing  
19 quantities of nutrients, pathogens, pesticides, volatile organic contam-  
20 inants and saltwater intrusion, as well as a number of emerging threats  
21 such as prescription drugs and sea level rise.

22     The Suffolk county subwatersheds wastewater plan ("SWP"), certified by  
23 the department of environmental conservation as a Nine Elements  
24 Watershed (9E) plan, has documented the devastating effects of high  
25 levels of nitrogen pollution, not only on the drinking water quality,  
26 but also on coastal ecosystems, dissolved oxygen, water clarity,  
27 eelgrass, wetlands, shellfish, coastal resilience and in triggering  
28 harmful algal blooms. The SWP is a long-term plan to address the need  
29 for wastewater treatment infrastructure throughout the county comprehen-  
30 sively over a period of fifty years. The SWP delineates the source and  
31 concentration of nitrogen loading in one hundred ninety-one subwat-  
32 ersheds throughout the county, and establishes nitrogen reduction goals  
33 for each watershed.

34     For many areas of the county, installing or connecting sewers is not a  
35 practical or cost-effective method of treating wastewater. For that  
36 reason, the SWP prescribes a hybrid approach that relies on sewerage  
37 where feasible, and the replacement of cesspools and septic systems with  
38 innovative/alternative onsite wastewater treatment systems. The consol-  
39 idation of any or all of the twenty-seven county sewer districts, as  
40 well as unsewered areas of the county, into a county-wide wastewater  
41 management district, the establishment of a water quality restoration  
42 fund, and a county board of trustees to monitor progress and the allo-  
43 cation of resources consistent with the goals of the SWP would allow for  
44 the implementation of a much needed integrated long-term wastewater  
45 solution for the county through comprehensive planning and management to  
46 improve water quality.

47     The purpose of this act is to create a water quality restoration fund  
48 to finance projects for the protection, preservation, and rehabilitation  
49 of groundwater and surface waters as recommended by the SWP. This act  
50 would allow the funding of projects that will mitigate wastewater pollu-  
51 tants utilizing the best available technology consistent with the SWP.  
52 The water quality restoration fund would be financed with a dedicated  
53 and recurring revenue source by the enactment of an additional sales and

1 compensating use tax at the rate of one-eighth of one percent until  
2 2060. Such tax would be enacted pursuant to a mandatory referendum.

3 This act shall also provide Suffolk county with the authority to  
4 create a county-wide wastewater management district through the consol-  
5 idation of existing county sewer districts with currently unsewered  
6 areas of the county. A county-wide wastewater management district will  
7 provide an integrated and efficient approach to managing wastewater  
8 services across the county; allow the county to enhance and expand its  
9 incentive program to property owners to upgrade their wastewater treat-  
10 ment systems; to manage, monitor and enforce nitrogen reduction programs  
11 throughout the county; complete additional sewer extension projects;  
12 improve the economic wellbeing of communities; and provide an opportu-  
13 nity to consolidate and streamline the county's existing sewer district  
14 system and normalize the inequitable rate structure that has long  
15 existed.

16 In addition, this act will extend the existing one-quarter of one  
17 percent sales tax utilized to finance the county drinking water  
18 protection program until 2060.

19 § 3. The county law is amended by adding a new section 256-b to read  
20 as follows:

21 § 256-b. Suffolk county wastewater management district. 1. (a)  
22 Notwithstanding the provisions of any general, special or local law to  
23 the contrary, including this article, the county legislature of Suffolk  
24 county is hereby authorized to establish by resolution a Suffolk county  
25 wastewater management district, hereinafter referred to in this section  
26 as the "district", which shall include all powers of a sewer district  
27 and a wastewater disposal district as provided in section two hundred  
28 fifty of this article and as set forth in this subdivision, pursuant to  
29 the procedure contained in this section.

30 (b) In addition to the powers provided in section two hundred fifty of  
31 this article, the district shall have the power, as determined by the  
32 county legislature, to: (i) consolidate all of the original county sewer  
33 districts within the county as well as unsewered areas of the county,  
34 under the jurisdiction of the district; (ii) establish one or more zones  
35 of assessment within the district, coterminous with the territorial  
36 boundaries of the existing county sewer districts, consolidated pursuant  
37 to this section, the method of wastewater collection, treatment and  
38 disposal, existing or proposed, or both, and make changes to such zones  
39 of assessments; (iii) acquire interests in real property which may be  
40 completed by the transfer of property of original county sewer districts  
41 to the district, necessary for the installation and maintenance of  
42 district facilities; (iv) prioritize district projects in accordance  
43 with the Suffolk county subwatershed wastewater plan (SWP) adopted by  
44 the county legislature, and any amendments thereto; (v) receive funds  
45 from the Suffolk county water quality restoration fund, as established  
46 by section one thousand two hundred ten-F of the tax law, and distribute  
47 grant proceeds within the district in accordance with the goals estab-  
48 lished in the Suffolk county subwatershed wastewater plan; (vi) assume  
49 and pay any remaining indebtedness of each original county sewer  
50 district; (vii) within the zones of assessment, establish and provide  
51 for the collection of charges, rates, taxes or assessments to provide  
52 for the costs of operation, expenses, the sums sufficient to pay the  
53 annual installment of principal of, and interest on, obligations for  
54 improvements of the district, maintenance and improvements of the  
55 district, including but not limited to: (A) special assessment as  
56 defined in subdivision fifteen of section one hundred two of the real

1 property tax law; (B) special ad valorem levy as defined in subdivision  
2 fourteen of section one hundred two of the real property tax law; (C)  
3 sewer rent as provided under article fourteen-F of the general municipal  
4 law; (viii) distribute grant proceeds within the district in accordance  
5 with the goals established in the SWP; and (ix) adopt, amend and repeal,  
6 from time to time, rules and regulations for the operation of a county  
7 district. Nothing in this section shall be construed to permit the  
8 collection of charges, rates, taxes, or assessments authorized by this  
9 section outside of the established zones of assessment within the unsewered  
10 portions of the district or within town or village sewer districts.

11 2. Boundaries. The boundaries of the district upon formation shall  
12 include the boundaries of all county sewer districts consolidated into  
13 the district and all unsewered areas of the county. Until such time as  
14 a town or village sewer district is consolidated into the district as  
15 set forth in subdivision ten of this section, the boundaries of the  
16 district shall not include territorial boundaries of town or village  
17 sewer districts located wholly or in part in the county of Suffolk.

18 3. County agency review and report. The county legislature may direct  
19 the county agency, appointed or established pursuant to section two  
20 hundred fifty-one of this article, to, or the county agency on its own  
21 motion may, review and report thereon to the county legislature on the  
22 creation of the district and the merger therewith of any or all existing  
23 county sewer districts in accordance with this section and such other  
24 details as may be directed by the county legislature consistent with  
25 this article. When the agency has caused such report to be prepared, it  
26 shall transmit it to the county legislature. Upon receipt of the report,  
27 the county legislature shall call a public hearing pursuant to subdivi-  
28 sion five of this section to create a Suffolk county wastewater manage-  
29 ment district in accordance with this section. Such report shall be  
30 filed in the office of the clerk of the legislature of Suffolk county.

31 4. Resolution. The county legislature of Suffolk county may adopt a  
32 resolution calling a public hearing upon the proposed creation of the  
33 district.

34 5. Notice. The clerk of the county legislature shall give notice of  
35 the hearing described in subdivision four of this section in such news-  
36 papers and within such time period as set forth in section two hundred  
37 fifty-four of this article. Such notice shall specify the time, date  
38 and location of such hearing and, in general terms, describe the  
39 proposed establishment of the district and the proposed basis of the  
40 future assessment of all costs of operation, maintenance and improve-  
41 ments of the district.

42 6. Hearing and resolution to establish. The county legislature shall  
43 meet at the time, date and location specified in such notice and hear  
44 all persons interested in the subject matter thereof concerning the  
45 same. If the county legislature determines that it is in the public  
46 interest to establish the district as specified in such notice, it shall  
47 further determine by resolution: (i) whether all property and property  
48 owners within the proposed district are benefited thereby; and (ii)  
49 whether all of the property and property owners benefited are included  
50 within the limits of the proposed district, the county legislature may  
51 adopt a resolution, subject to a permissive referendum, establishing the  
52 district.

53 7. Notice of adoption of resolution. Within ten days after the  
54 adoption by the county legislature of the resolution to establish the  
55 district described in subdivision six of this section, the county legis-  
56 lature shall give notice thereof, at the expense of the county, by the

1 publication of a notice in such newspapers and within such time period  
2 as set forth in section one hundred one of this chapter. Such notice  
3 shall set forth the date of adoption of the resolution and contain an  
4 abstract of such resolution, describing, in general terms, the district,  
5 the basis for the future assessment of all costs of operation, mainte-  
6 nance and improvements, and that such resolution was adopted subject to  
7 a permissive referendum.

8 8. Assessments, levies and charges. After the establishment of the  
9 district in accordance with this section, the county is hereby author-  
10 ized by resolution approved by majority vote of the total membership of  
11 the county legislature to assess, levy and collect upon each lot or  
12 parcel of land within the zones of assessment established by this  
13 section: (a) special assessments as that term is defined in subdivision  
14 fifteen of section one hundred two of the real property tax law; (b)  
15 special ad valorem levy as that term is defined in subdivision fourteen  
16 of section one hundred two of the real property tax law; and (c) sewer  
17 rents as provided by article fourteen-F of the general municipal law.  
18 Such costs and expenses may include, but shall not be limited to, the  
19 amount of money required to pay the annual expenses of maintenance,  
20 operation, personnel services of the district and the sums sufficient to  
21 pay the annual installment of principal of, and interest on, obligations  
22 for improvements of the district. Such sums so levied shall be  
23 collected by the local tax collectors or receivers of taxes and assess-  
24 ments and shall be paid over to the chief fiscal officer of the county,  
25 in the same manner and at the same time as taxes levied for general  
26 county purposes. The chief fiscal officer shall keep a separate account  
27 of such moneys and they shall be used only for purposes set forth in  
28 this section, and in addition, all monies collected from each zone of  
29 assessment established or amended in accordance with this section shall  
30 be further segregated and shall not be commingled with monies of other  
31 zones of assessment except upon approval by resolution of the county  
32 legislature upon recommendation of the board of trustees established in  
33 accordance with the Suffolk county water quality restoration act. Noth-  
34 ing in this section shall be construed to permit the collection of  
35 charges, rates, taxes, or assessments authorized by this section outside  
36 of the established zones of assessment within the unsewered portions of  
37 the district or within town or village sewer districts.

38 8-a. Recording determination. The clerk of the county legislature  
39 shall within ten days after the effective date of the resolution creat-

12 tax imposed by this section; provided, however, that any provision  
13 relating to a maximum rate shall be calculated without reference to the

5 this section, may alternatively be appropriated for the purposes of  
6 paying debt service on any new indebtedness incurred after the effective  
7 date of the chapter of the laws of two thousand one that enacted this  
8 paragraph pursuant to the local finance law in order to effectuate the

28 but not limited to providing guidance and technical assistance related  
29 to the policies, practices, programs and decisions of the Orange county  
30 industrial development agency, including but not limited to decisions,  
31 actions and policies related to contracts and financial assistance  
32 agreements. The state inspector general shall appoint such monitor  
33 within ninety days of the effective date of this subdivision or as soon

44 (c) The monitor shall be entitled to attend all meetings of the indus-

54 documents, financial assistance agreements, and contracts consistent  
55 with all applicable state and federal statutes. The monitor shall

1 provide a copy of such request for any document or record to the indus-  
2 trial development agency board.

3 (d) The board shall provide the monitor with copies of any meeting  
4 agendas and all resolutions and motions on such agenda for each board  
5 meeting no later than seventy-two hours prior to such board meeting. If  
6 a proposed resolution or motion is for the purpose of approving a  
7 contract or any financial assistance for a project, the board clerk  
8 shall provide the monitor with copies of the proposed contract or finan-

12 the case of a proposed motion or resolution for the purpose of approving  
13 a contract or financial assistance, seven days prior to the next board  
14 meeting, the monitor may, at their discretion, remove an item including  
15 board resolutions or motions, from consideration by the board at such  
16 meeting. Upon failure of the board to provide proposed resolutions or  
17 motions as required by this section, the monitor shall provide notice of  
18 failure to the board. An item removed from consideration by the monitor  
19 may not be reconsidered by the board until the next board meeting.

20 (f) The monitor shall have the power to review any modification to the  
21 industrial development agency's uniform tax exemption policy required by  
22 section eight hundred seventy-four of this article, contract or finan-  
23 cial assistance proposed for consideration by the industrial development  
24 agency proposed by the board on or after the effective date of this  
25 subdivision; provided however, that all such proposed modifications to  
26 the industrial development agency's uniform tax exemption policy  
27 required by section eight hundred seventy-four of this article,  
28 contracts or agreements shall be provided by the industrial development  
29 agency board to the monitor at least seven days prior to adoption.

30 (i) At least seventy-two hours prior to adoption by the board, the  
31 monitor shall advise the board or employees of the industrial develop-  
32 ment agency, in writing, of the existence of violations of the indus-  
33 trial development agency's uniform tax exemption policy required by  
34 section eight hundred seventy-four of this article, actual or potential  
35 conflicts of interest, or violations of law arising from a proposed  
36 contract or financial assistance agreement that the industrial develop-  
37 ment agency shall consider before entering into any such contract or  
38 agreement.

39 (ii) The board shall document for its own records the existence and  
40 resolution of any actual or potential conflict of interest or other  
41 violation identified by the monitor.

42 (iii) No such contract or agreement may be approved or entered into by  
43 the industrial development agency unless such actual or potential  
44 conflict of interest or violation has been resolved to the satisfaction  
45 of the monitor.

46 (iv) At least seventy-two hours prior to adoption by the board, the  
47 monitor shall advise the board or employees, in writing, of its disap-  
48 proval of any changes to the industrial development agency's uniform tax  
49 exemption policy; provided additionally, that within thirty days after  
50 their appointment, the monitor shall advise such board or employees, in  
51 writing, of its disapproval of any changes to the industrial development  
52 agency's uniform tax exemption policy made by the board that were made  
53 on or after the effective date of this subdivision until such monitor's  
54 appointment. Any such change to the uniform tax exemption policy disap-  
55 proved by the monitor shall not be effective, and may not be reconsid-  
56 ered by the board for at least ten days or until the next board meeting;

1 provided, however, that any change to the uniform tax exemption policy  
2 that was made by the board on or after the effective date of this subdi-  
3 vision until such monitor's appointment that is disapproved by the moni-  
4 tor shall not affect the validity of any prior agreement entered into  
5 prior to the monitor's appointment.

6 (v) At least seventy-two hours prior to adoption by the board, the  
7 monitor shall advise the board or employees, in writing, of its disap-  
8 proval of any proposed contract or agreement with a project applying for  
9 financial assistance that would permit a deviation from the industrial  
10 development agency's uniform tax exemption policy required by section  
11 eight hundred seventy-four of this article. Any such proposed contract  
12 or financial assistance agreement that would permit a deviation from  
13 such policy shall not be effective, and may not be reconsidered by the  
14 board for at least ten days or until the next board meeting.

15 (vi) The monitor shall have seventy-two hours after any contract or  
16 financial assistance is approved to review such financial assistance or  
17 contract, and if a violation of policy related to the industrial devel-  
18 opment agency's uniform tax exemption policy required by section eight  
19 hundred seventy-four of this article, a conflict of interest, or a  
20 violation of law is identified during such time period, the monitor  
21 shall notify the industrial development agency in writing. Any such  
22 contract or financial assistance so identified by the monitor shall not  
23 be legally binding or effective, and may not be reconsidered by the  
24 board for at least ten days or until the next board meeting.

25 (g) The board, in consultation with the monitor, shall adopt a  
26 conflict of interest policy, or revise an existing conflict of interest  
27 policy, that complies with all existing applicable laws, rules and regu-  
28 lations, including article eighteen of this chapter. The conflict of  
29 interest policy shall include, but not be limited to:

30 (i) a definition of the circumstances that constitute a conflict of  
31 interest;

32 (ii) procedures for identifying, disclosing and resolving a conflict  
33 of interest to the board;

34 (iii) a requirement that the person with the conflict of interest not  
35 be present at or participate in board deliberations or votes on the  
36 matter giving rise to such conflict, provided that nothing in this para-  
37 graph shall prohibit the board from requesting that the person with the  
38 conflict of interest present information as background or answer ques-  
39 tions at a board meeting prior to the commencement of deliberations or  
40 voting thereto;

41 (iv) a prohibition against any attempt by the person with the conflict  
42 to influence improperly the deliberation or voting on the matter giving  
43 rise to such conflict;

44 (v) compliance with all applicable state laws and regulations; and

45 (vi) a requirement that the existence and resolution of the conflict  
46 be documented in the board's records, including in the minutes of any  
47 meeting at which the conflict was discussed or voted upon.

48 (h) The monitor may advise the board and any industrial development  
49 agency officers, employees or agents to undergo any training as deemed  
50 necessary.

51 4. The monitor shall undertake an enhanced review of the budget deci-  
52 sions and financial assistance agreements of the industrial development  
53 agency.

54 (a) The board shall annually submit the industrial development agen-  
55 cy's proposed budget for the next succeeding fiscal year to the monitor  
56 no later than forty-five days prior to its adoption. The monitor shall

1 review the budget to ensure that it, to the greatest extent possible, is  
2 consistent with purposes and necessary activities of the Orange county  
3 industrial development agency, and that it does not substantially  
4 conflict with the long term economic interests of Orange county and its  
5 constituents.

6 (b) The board shall provide quarterly reports to the monitor and annu-  
7 al reports to the state inspector general on the operational status of  
8 the industrial development agency. In addition, the monitor shall  
9 provide semi-annual reports to the state inspector general, the gover-  
10 nor, the temporary president of the senate, and the speaker of the  
11 assembly on the fiscal and operational status of the industrial develop-  
12 ment agency. Such semi-annual report shall include a summary of all the  
13 contracts that the board entered into throughout the year. All reports  
14 shall be subject to review by the comptroller.

15 (c) The monitor shall advise the board in the development and revision  
16 of the industrial development agency's goals, implementation of its  
17 priorities and budgetary recommendations.

18 (d) The monitor may recommend, and the board may consider by vote of a  
19 resolution at the next scheduled meeting of the board, cost saving meas-  
20 ures including, but not limited to, shared service agreements.

21 5. Nothing in this section shall be construed to abrogate the duties  
22 and responsibilities of the board consistent with applicable state law  
23 and regulations.

24 § 2. Section 54 of the executive law is amended by adding a new subdivi-

34 section 54 of the executive law, as added by section two of this act,  
35 shall expire and be deemed repealed three years after such effective  
36 date.

37 § 2. Severability clause. If any clause, sentence, paragraph, subdivi-

39 competent jurisdiction to be invalid, such judgment shall not affect,

41 its operation to the clause, sentence, paragraph, subdivision, section  
42 or part thereof directly involved in the controversy in which such judg-  
43 ment shall have been rendered. It is hereby declared to be the intent of  
44 the legislature that this act would have been enacted even if such  
45 invalid provisions had not been included herein.

46 § 3. This act shall take effect immediately provided, however, that  
47 the applicable effective date of Parts A through III of this act shall  
48 be as specifically set forth in the last section of such Parts.
