For purposes of this title, single-use food service items shall not include: (a) a plastic beverage stirrer or a plastic beverage splash stick as defined in this section; or (b) containers actively holding food or beverages for dine-in or take-away customers, such as plates, bowls, and cups.

7. "Third-party food delivery service" shall have the same meaning as section three hundred ninety-one-v of the general business law.

§ 27-3403. Single-use food service items.

1. (a) Restaurants and third-party food delivery services shall only provide single-use food service items to customers when explicitly requested by the customer. Restaurants and third-party food delivery services shall provide options to allow a customer to request single-use food service items upon submission of an order. Such options shall be available for all methods of ordering, including but not limited to phone, internet, or mobile phone application orders. The default selected options shall be that no single-use food service items are requested.

(b) No inquiry into the reason for the request shall be made by a restaurant, third-party food delivery service, or any of its employees in carrying out the request authorized by paragraph (a) of this subdivision.

2. Restaurants and third-party food delivery services are prohibited from providing customers with single-use plastic food service items. This prohibition does not apply to plastic straws, which may be provided by a restaurant or third-party food delivery service, pursuant to subdivision one of this section.

3. Single-use food service items provided by a restaurant, pursuant to subdivision one of this section, shall not be individually wrapped in plastic.

4. (a) If a restaurant fills an order placed through a third-party food delivery service, such restaurant may rely on the information provided by such third-party food delivery service regarding whether the customer has requested single-use food service items. In a proceeding to collect a civil penalty pursuant to section 27-3505 of this title, it shall be a complete defense for a respondent restaurant to establish that such restaurant relied on the information provided to it by the third-party food delivery service regarding the customer's choice pursuant to paragraph (a) of subdivision one of this section.

(b) A copy or screenshot of a communication by the third-party food delivery service to the restaurant regarding the customer's choice pursuant to paragraph (a) of subdivision one of this section shall constitute prima facie evidence that the restaurant relied on the information provided to it by the third-party food delivery service. Each third-party food delivery service shall provide such communication in writing to a restaurant within seventy-two hours of such restaurant's request for such communication.

§ 27-3405. Enforcement.

Every local department of health shall ensure compliance with this title as part of an inspection of a food place pursuant to section thirteen hundred fifty-one of the public health law, the provisions of the sanitary code and provisions of local ordinances or regulations. Any

establishment that violates this title shall be liable for a civil penalty in the amount of two hundred dollars for the first violation, three hundred dollars for the second violation committed on a different day within a period of twelve months, and five hundred dollars for the third and each subsequent violation committed on different days within a period of twelve months, except that the local department of health shall not issue a notice of violation, but shall issue a warning and provide information on compliance with such section, for any violation that occurs within one year of the effective date of this section.

§ 2. The general business law is amended by adding a new section 399-tt to read as follows:

§ 399-tt. Single-use food service items. Restaurants and third-party food delivery services shall only provide single-use food service items to customers when explicitly requested by the customer pursuant to title thirty-four of article twenty-seven of the environmental conservation law.

§ 3. This act shall take effect on the one hundred twentieth day after it shall have become a law.
