(b) For any period of family leave wherein the notice and medical certification, fetal death certificate, certificate of still birth or death certificate, as prescribed by the chair has not been filed. At the discretion of the chair or chair's designee pursuant to section two hundred twenty-one of this article, the family member who is the recipient of care may be required to submit to a physical examination by a qualified health care provider unless such family member is unable to be examined due to death, fetal death, or still birth. Such examination shall be paid for by the carrier; and

§ 3. Subdivision 5 of section 205 of the workers' compensation law, as added by section 6 of part SS of chapter 54 of the laws of 2016, is amended to read as follows:

5. In any case in which the necessity for family leave is foreseeable based on an expected birth or placement, the employee shall provide the employer with not less than thirty days notice before the date the leave is to begin, of the employee's intention to take family leave under this article, except that if the date of the birth or placement requires leave to begin in less than thirty days, the employee shall provide such notice as is practicable. In any case in which the necessity for family leave is foreseeable based on planned medical treatment, the employee shall provide the employer with not less than thirty days notice, before the date the leave is to begin, of the employee's intention to take family leave under this article, except that if the date of the treatment requires leave to begin in less than thirty days, the employee shall provide such notice as is practicable. In the case of family leave due to bereavement, notice shall be provided as soon as practicable.

§ 4. Subdivisions 1, 3 and 4 of section 217 of the workers' compensation law, as amended by section 16 of part SS of chapter 54 of the laws of 2016, are amended to read as follows:

1. Written notice and proof of disability or proof of need for family leave shall be furnished to the employer by or on behalf of the employee claiming benefits or, in the case of a claimant under section two hundred seven of this article, to the chair, within thirty days after commencement of the period of disability. Additional proof shall be furnished thereafter from time to time as the employer or carrier or chair may require but not more often than once each week. Such proof shall include a statement of disability by the employee's attending physician or attending podiatrist or attending chiropractor or attending dentist or attending psychologist or attending certified nurse midwife or family leave care recipient's health care provider, or in the case of an employee who adheres to the faith or teachings of any church or denomination, and who in accordance with its creed, tenets or principles depends for healing upon prayer through spiritual means alone in the practice of religion, by an accredited practitioner, containing facts and opinions as to such disability in compliance with regulations of the chair. In the event that the claimant is eligible for family leave due to bereavement, a fetal death certificate, certificate of still birth, or death certificate shall serve as proof of need of leave. Failure to furnish notice or proof within the time and in the manner above provided shall not invalidate the claim but no benefits shall be required to be paid for any period more than two weeks prior to the date on which the required proof is furnished unless it shall be shown to the satisfaction of the chair not to have been reasonably possible to furnish such notice or proof and that such notice or proof was furnished as soon as possible; provided, however, that no benefits shall be paid unless the required proof of disability is furnished within the period of actual

1 disability or family leave that does not exceed the statutory maximum
2 period permitted under section two hundred four of this article. No
3 limitation of time provided in this section shall run as against any
4 disabled employee who is mentally incompetent, or physically incapable
5 of providing such notice as a result of a serious medical condition, or
6 a minor so long as such person has no guardian of the person and/or
7 property.

8 3. The chair or chair's designee, pursuant to section two hundred
9 twenty-one of this article, may direct the claimant or family leave care
10 recipient to submit to examination by a health care provider designated
11 by him or her in any case in which the claim to disability or family
12 leave benefits is contested and in claims arising under section two
13 hundred seven of this article, and in other cases as the chair or board
14 may require. In the event that the family member or the family leave
15 care recipient is unable to be examined due to death, fetal death, or
16 still birth, this section shall not apply.

17 4. Refusal of the claimant or family leave care recipient without good
18 cause to submit to any such examination shall disqualify the claimant or
19 employee from all benefits hereunder for the period of such refusal,
20 except as to benefits already paid. In the event that the family member
21 or family leave care recipient is unable to be examined due to death,
22 fetal death, or still birth, this section shall not apply.

23 § 5. This act shall take effect immediately and shall apply to all
24 policies or contracts issued, renewed, modified, altered or amended on
25 or after January 1, 2024.
