## IN ASSEMBLY

January 6, 2023

Introduced by M. of A. BRONSON, STECK, JOYNER, SIMON, J. A. GIGLIO -read once and referred to the Committee on Economic Development

AN ACT to amend the general business law, in relation to fire suppression systems and licensing professionals to perform authorized work on fire suppression systems

## The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Legislative intent. (a) The legislature hereby finds that:

- (1) The manner in which fire suppression or sprinkler systems are constructed, installed, maintained and inspected have a direct and substantial impact on public safety.
- (2) Improper construction, installation, maintenance or inspection of fire suppression systems by persons lacking adequate education, training and experience can lead to serious injuries, death and substantial property damage.
- (3) Promulgating a code establishing minimum qualification standards 10 for work performed on fire suppressions systems, including criteria for the education, training, testing and licensing of persons performing such work will promote public safety.
  - (b) It is the intent of the legislature and this act:

bureau of apprenticeship and training or a state apprenticeship agency and consists of a minimum of eight thousand hours of documented practical experience in work on fire suppression systems, combined with a minimum of seven hundred twenty hours of related instruction, including classroom or shop instruction, in the sprinkler fitter trade.

- 6 <u>(i) "Sprinkler fitter helper" means a person who works on fire</u>
  7 <u>suppression systems under the direct supervision of a licensed sprinkler</u>
  8 fitter.
- 9 (j) "Sprinkler fitter helper permit" means a permit issued to a sprin10 kler fitter helper pursuant to this article authorizing the person to
  11 perform work on fire suppression systems under the direct supervision of
  12 a licensed sprinkler fitter.
- 13 <u>(k) "Sprinkler fitter license" means a license issued to a sprinkler</u>
  14 <u>fitter pursuant to this article authorizing the person to perform work</u>
  15 <u>on fire suppression systems.</u>
- 16 <u>(1) "State board of examiners for the sprinkler fitting industry" or</u> 17 <u>"board" means the board of examiners created pursuant to this article.</u>
- 18 (m) "Work on a fire suppression system" means the construction,
  19 installation, alteration, renovation, removal, repair, servicing, main20 tenance or testing of fire suppression systems, unless specifically
  21 excluded by the provisions of this article.
  - § 931. Authorized work on fire suppression systems. (a) No person within the jurisdiction of this state may perform work on a fire suppression system unless he or she:
- 25 <u>(1) Possesses a sprinkler fitter license, sprinkler fitter apprentice</u> 26 <u>or helper permit or fire suppression system inspector license issued</u> 27 <u>pursuant to this article;</u>
  - (2) Performs work on portable fire extinguishers or work on dry standpipes that are not connected to a fire suppression system;
    - (3) Is employed as a state or local fire official; or
  - (4) Performs work on fire suppression systems of a public employer as an employee of such public employer.
  - (b) No person may employ a person or cause or direct a person to perform work on a fire suppression system unless the person performing such work possesses a sprinkler fitter license, sprinkler fitter apprentice or helper permit or fire suppression system inspector license issued pursuant to this article.
  - (c) No person, corporation, partnership or other business entity may perform or contract to perform work on fire suppression systems except through persons who possess a sprinkler fitter license, sprinkler fitter apprentice or helper permit or fire suppression system inspector license issued pursuant to this article.
- 43 (d) The requirements of this article do not apply to work on fire
  44 suppression systems in New York city, Nassau county or Suffolk county,
  45 or to work on fire suppression systems of a public employer performed by
  46 employees of such public employer.
  - (e) Nothing in this article shall prevent any political subdivision of the state from enacting local legislation that establishes qualification standards for the sprinkler fitter trade that exceed the requirements of this article.
- § 932. State board of examiners for the sprinkler fitting industry.

  (a) There is hereby established in the safety and health license and certification unit of the department of labor a state board of examiners for the sprinkler fitting industry.
- 55 (b) Composition. The board shall consist of seven members appointed by 56 the governor, with advice and consent of the senate, as follows:

- (1) one representative from the division of homeland security and 1 emergency services, office of fire prevention and control; 2
- (2) one representative from the department of state, division of 3 4 building standards and codes;

- (1) courses for such training shall be pre-approved by the board and evidence of completion of continuing education requirements shall be submitted to the board with the application for license renewal; and
- (2) the continuing education requirement does not apply until the conclusion of the first full year after initial issuance of a person's sprinkler fitter license.
  - (c) A sprinkler fitter license under this article shall be valid for a period of three years from date of issue.
- 9 (d) The board shall renew for a period of three years licenses or 10 permits as provided by this article upon receiving a completed renewal 11 application and required fee as determined by the board.
- 12 (e) Any person who is issued a sprinkler fitter license shall be issued a photo identification card and shall maintain such card in his 13 14 or her possession at all times when performing work on fire suppression 15 systems.
- 16 § 935. Sprinkler fitter apprentice and helper permits. (a) To obtain a 17 sprinkler fitter apprentice permit, an applicant must:
  - (1) pay an application fee established by the board;
  - (2) complete an application for an apprentice permit established by the board; and
  - (3) present evidence in a form acceptable to the board, demonstrating that the applicant is enrolled in a sprinkler fitter apprenticeship program.
  - (b) The sprinkler fitter apprentice permit shall state that it is valid only if the person to whom it is issued remains enrolled in a sprinkler fitter apprenticeship program. This permit shall be valid for a period of three years from the date of issuance and may be renewed once upon submission of a renewal application and a renewal fee determined by the board.
    - (c) To obtain a sprinkler fitter helper permit, an applicant must:
      - (1) pay an application fee established by the board;
      - (2) complete an application for a helper permit by the board; and
  - (3) present evidence in a form acceptable to the board demonstrating that the applicant is employed as a sprinkler fitter helper that shall include specific acknowledgement from the applicant and his or her employer that the applicant is only authorized to work under the direct supervision of a licensed sprinkler fitter.
  - (d) A sprinkler fitter helper permit shall state that the person possessing it may only perform work on fire suppression systems under the direct supervision of a licensed sprinkler fitter on a one-on-one basis. This permit shall be valid for a period of eighteen months from the date of issuance and shall not be eligible for renewal.
- 43 (e) Any person who is issued a sprinkler fitter apprentice or helper 44 permit shall be issued a photo identification card and shall maintain 45 such card in his or her possession at all times when performing work on fire suppression systems. 46
- 47 § 936. Fire suppression system inspector. (a) To obtain a fire 48 suppression system inspector license, an applicant must: 49
  - (1) pay an application fee established by the board;
- 50 (2) complete an application for a fire suppression system inspector license established by the board that provides evidence in a form 51 52 acceptable to the board of one of the following:
- (A) at least two thousand hours of experience in the inspection of 53 54 fire suppression systems;

(d) In addition to any other penalties provided in this section, a person, corporation or other business entity that knowingly employs or directs a person to perform work on a fire suppression system in violation of this article shall forfeit any business or contractor license, registration or certificate issued by the state for a period of not less than one year and not more than three years, as determined by the state attorney general. For purposes of this section, the term "knowingly" shall mean actions that are willful or taken with deliberate ignorance or reckless disregard of the requirements of this article.

- § 942. Enforcement. (a) The requirements of this article will be enforced by the board in conjunction with the licensure and certification unit within the department of labor.
- (b) The licensure and certification unit within the department of labor shall inspect project work sites where work on fire suppression systems is being performed to ensure that persons performing such work possess applicable licenses and permits required by this article.
- (c) In any circumstances where the licensure and certification unit within the department of labor determines that work on fire suppression systems is being performed in violation of this article, it shall issue or cause to be issued a stop work order requiring that all such work cease and require that such work shall not be resumed until a full investigation has been undertaken and verification has been made that all work on the fire suppression system in question has been performed by duly authorized persons.
- § 943. Severability. To the extent that any section or portion of this article is deemed invalid by a reviewing court, the remainder of this 27 article shall be unaffected by such ruling.
- 28 § 3. This act shall take effect on the one hundred eightieth day after 29 it shall have become a law. Effective immediately, the addition, amend-30 ment and/or repeal of any rule or regulation necessary for the implementation of this act on its effective date are authorized to be made and 31 completed on or before such effective date.
