18 (ii) a requirement that, upon a finding by the commissioner that a

51 pursuant to this section shall be made available in such a manner as to
52 insure that the ratio of the amount received within each public library
53 system to the whole of the financial assistance made available pursuant
54 to this subdivision is no greater than the ratio of the population of
55 such public library system to the population of the state. Any funds
56 made available pursuant to this section which, by December thirty-first

1 of the year in which this section shall have become a law, and October
2 thirty-first of each year thereafter, are declined by or which cannot be
3 used by such libraries or library systems, as determined by the commis-
4 sioner, shall be made available to other eligible libraries or library
5 systems for eligible projects.

6 10. In the event an eligible library or library system fails to make a
7 payment on a loan or fails to make any other payment required under the
8 provisions of this section, the commissioner shall inform the comp-
9 troller of such failure and of the amount overdue, which amount the
10 comptroller may recover from any payments due from the state to the
11 eligible organization, including local assistance payments.

12 11. The commissioner shall adopt guidelines within one hundred eighty

20 library system. Copies of such rules and regulations shall be provided
21 at least sixty days prior to the time they shall be effective to the
22 senate finance committee and the assembly ways and means committee.

23 12. The commissioner shall report to the governor, the temporary pres-
24 ident of the senate, the speaker of the assembly, the chairs of the
25 senate finance committee and assembly ways and means committee not later

28 received, the total amount of financial assistance requested, the total
29 number of applications funded, the amount of funding provided, and such
30 other information as the chair shall deem appropriate, including any
31 recommendations for program improvement, recommendations for increasing
32 the total amount of funding from state and non-state sources available
33 to increase total funds for projects available to the libraries and
34 library systems of this state, in particular for rural and minority
35 communities, and identification of and proposals for removing barriers
36 or limits faced by communities in accessing the program or in maximizing
37 use of funds provided hereunder.
