1 Section 1. Section 202 of the county law is amended to read as  
2 follows:

3 § 202. Publication of compensation and expenses of supervisors in  
4 certain counties. In those counties wherein the compensation of supervi-  
5 sors is fixed on a per diem basis, the clerk of the board of supervisors  
6 in the month of February of each year shall cause to be published in the  
7 official newspapers and in such other newspapers as may be directed by  
8 the board, except in Westchester county where such publication shall be  
9 on the official county website, and for such number of insertions as the  
10 board may determine, a statement of the number of days the board was in  
11 session, and the compensation and expenses paid to each member for board  
12 sessions and committee work during the preceding fiscal year.

13 § 2. Subdivision 2 of section 211 of the county law, as amended by  
14 chapter 627 of the laws of 2003, is amended to read as follows:

15 2. The board of supervisors may cause to be printed or electronically  
16 recorded after each session, copies of its proceedings for distribution  
17 among its members, county officers or for exchange with other counties.  
18 The board may also cause copies of such proceedings to be published

§ 214. [~~Designation of newspapers, official~~] Official publications. 1. Concurrent resolutions, election notices and official canvass. The members of the county legislative body, whether such body be denominated board of supervisors, county legislature or otherwise, or, in the city of New York, of the council of such city representing respectively each of the two principal political parties into which the people of the state are divided, shall designate annually the newspaper published within the county to publish the concurrent resolutions of the legislature, except in Westchester county where such publication shall be made on the official county website. Such designation shall be in writing and signed by a majority of the members representing each of said political parties. In making such designation, consideration shall be given to the newspapers advocating the principles of such political party, the support of its nominees and the extent of the circulation in the county. However the fact that a newspaper is an independent newspaper not advocating the principles of any political party shall not disqualify it from consideration. If there be but one newspaper published in the county, such newspaper shall be designated. The designation shall be filed with the clerk of the county legislative body or, in the city of New York, with the clerk of the council of such city, who shall not later than January tenth cause notice of the name and address of such newspaper or newspapers to be forwarded to the secretary of state. In like manner the members of the county legislative body or, in the city of New York, of the council of such city representing each of the two principal political parties into which the people of the state are divided, shall designate the newspaper published within the county to publish the election notices issued by the secretary of state and the newspaper to publish the official canvass, except in Westchester county where such publication shall be made on the official county website. In the event of a failure so to designate in any year, or if either of such political parties has no representatives among the body or, in the city of New York, council membership, the last newspaper designated by the members of such party shall be deemed duly designated.

2. Local laws and notices. The board of supervisors shall annually designate at least two newspapers published within the county as official newspapers for the publication of all local laws, notices and other matters required by law to be published, except in Westchester county where such publication shall be made on the official county website. In such designations consideration shall be given to those newspapers advocating the principles of the two major political parties into which the people of the state are divided and their general circulation throughout the county. However the fact that a newspaper is an independent newspaper and not advocating the principles of any political party shall not disqualify it from consideration. If there be but one newspaper having circulation in the county, that newspaper shall be designated. Except as otherwise provided by law, the clerk of the board shall cause a true copy of each local law to be published in such official newspapers, and on the official county website in Westchester county, at least once a week for two successive weeks, the first publication of which shall be had within ten days after such local law has become effective; provided, however, that any local law which is subject to a permissive referendum shall be published in such official newspapers and on the Westchester county official website at least once a week for two successive weeks, the first publication of which shall be had within ten days after such local law is adopted. Legalizing acts shall be published as provided in section two hundred twenty-seven of this article. Nothing herein shall

1 be deemed to prevent the designation of additional newspapers for any  
2 publication and such designation shall be deemed an official newspaper  
3 for the particular publication.

4 3. Erie [~~county~~] and Westchester counties. The provisions herein  
5 requiring the designation of official newspapers for the publication of  
6 election notices and official canvass shall not apply to the [~~county~~]  
7 counties of Erie and Westchester.

8 § 4. Section 216 of the county law, as amended by chapter 760 of the  
9 laws of 1956, is amended to read as follows:

10 § 216. Location of county offices. The board of supervisors shall have  
11 power to select and change the site of any county office or building  
12 within the county except as hereinafter provided. No site or location  
13 for any county jail shall be selected or acquired by such board of  
14 supervisors which shall not have been approved by the state commission  
15 of correction. No courthouse, civil office of the sheriff, office of the  
16 county clerk, county treasurer, clerk of the board of supervisors or  
17 board of elections, now or hereafter located in a city or village, shall  
18 be removed beyond the limits of such city or village without the  
19 approval of a proposition therefor by the affirmative vote of a majority  
20 of the qualified electors of the county voting thereon at a general or  
21 special election. The clerk of the board of supervisors shall cause a  
22 notice of such election to be published in the official newspapers and  
23 the Westchester county official website once a week for six weeks previ-  
24 ous to such election; and shall on or before the first day of publica-  
25 tion cause such notice to be posted upon the bulletin board at the  
26 office of each city and town clerk in the county. The notice shall  
27 state the time of the election, the name of the office or building and  
28 the proposed site thereof by a description in general terms sufficient  
29 for readily identifying the proposed site. The clerk shall cause a  
30 certificate to be filed with the board of elections stating the proposi-  
31 tion to be submitted on or before the first publication. Nothing herein  
32 shall be deemed to dispense with any required approval of a site or  
33 building by any state officer or department. In the event the board of  
34 supervisors proposes changing the present site or sites, as the case may  
35 be, of two or more of the above specified offices or buildings from  
36 their present site or sites, as the case may be, to one site, such  
37 proposal may be contained in one proposition without the necessity of  
38 allowing a separate vote on each of the offices or buildings concerned,  
39 and in such case, the proposition and the notice of such election shall  
40 state, as to each office or building affected, the name of the office or  
41 building, the present location thereof by reference to the city or  
42 village, as the case may be, and the proposed site thereof by a  
43 description in general terms sufficient for readily identifying the  
44 proposed site.

45 § 5. Subdivision 4 of section 223 of the county law, as renumbered by  
46 chapter 678 of the laws of 1951, is amended to read as follows:

47 4. Within ten days after the adoption of said resolution, the clerk of  
48 the board of supervisors shall cause notice of a public hearing thereon  
49 to be published in the official newspapers once a week for two publica-  
50 tions, and at least twenty days shall elapse from the first publication  
51 to the date of the hearing. The clerk of the Westchester county board  
52 of supervisors shall cause a notice of such public hearing to be  
53 published on the official county website at least twenty days prior to  
54 the date of the hearing. The notice shall contain an abstract statement  
55 of the proposed project and that the survey, plans and estimate may be  
56 seen at the office of said clerk. A copy of such notice shall be mailed

1 to each owner from whom any easement or right-of-way is necessary. The  
2 public hearing may be held before the board or any committee of the  
3 membership designated for that purpose.

4 § 6. Subdivision 2 of section 227 of the county law, as amended by  
5 chapter 934 of the laws of 1962, is amended to read as follows:

6 2. Procedure to legalize. Any municipality or local officer or agency  
7 seeking relief under this section shall present to the board of supervi-  
8 sors of the county a petition duly verified setting forth the facts and  
9 praying for the relief authorized by this section. Attached to such  
10 petition shall be certified copies of all acts done and proceedings had  
11 in relation to the subject matter sought to be legalized. The board of  
12 supervisors may direct the governing board or officers to do that which  
13 should have been done in the first instance and the time prescribed by  
14 law for the performance of the act shall be deemed extended to allow  
15 compliance therewith, and such acts shall not be legalized until proof  
16 is submitted of such compliance. Notice stating the time, place and  
17 purpose of the public hearing shall be published at least once in a  
18 newspaper designated by the board with due regard for circulation in the  
19 municipality affected, except in Westchester county where such publica-  
20 tion shall be made on the official county website, and posted in at  
21 least three public conspicuous places in the municipality at least five  
22 days before the date set for the public hearing. One of such notices  
23 shall be posted upon the bulletin board of the respective city, village  
24 or town clerk's office. The power to conduct such public hearing may be  
25 delegated to a standing or special committee of the board which shall  
26 file with the board a transcript of the evidence produced together with  
27 its recommendations thereon. The board of supervisors or such committee  
28 shall have power to compel the production of, and shall consider, any  
29 documents or other evidence deemed pertinent to the inquiry and may  
30 adjourn from time to time. The legalizing act must be adopted by the  
31 affirmative vote of two-thirds of the whole number of the members of the  
32 board at a regular or special meeting, provided, however, that legaliz-  
33 ing action taken pursuant to paragraph (i) of subdivision one of this  
34 section shall be by local law, and provided further where on request of  
35 the board the state comptroller submits to it his certified findings and  
36 approval of a petition presented pursuant to paragraph (i), such local  
37 law may be adopted by the affirmative vote of a majority of the whole  
38 number of the members of the board. The legalizing act shall recite the  
39 filing of the petition and all proceedings taken thereon and shall  
40 contain the text of the act sought to be legalized and the method of,  
41 and the maximum maturity of the bonds or capital notes, if any, for  
42 financing the obligation or obligations so legalized and validated. It  
43 shall state the intentional act, mistake, error or omission cured by the  
44 legalizing act; that such intentional act, mistake, error or omission  
45 was not the result of fraud and that no substantial hardship will result  
46 therefrom and the determination thereon by the board of supervisors  
47 legalizing and validating the same. A copy of the legalizing act certi-  
48 fied by the clerk of the board shall be published at least once a week  
49 for two consecutive weeks in a newspaper designated by the board with  
50 due regard for circulation in the municipality affected, the first  
51 publication of which shall be had, except in Westchester county where  
52 such publication shall be made on the official county website, within  
53 twenty days after the legalizing act is adopted. The petition and  
54 related papers, or certified copies thereof, shall be filed in the  
55 office of the county clerk. Subject to limitations or restrictions  
56 prescribed by the board of supervisors, the amount of any obligations

1 legalized and validated hereunder may be paid from available funds or  
2 shall be deemed to be a settled claim within the meaning of subdivision  
3 thirty-three of paragraph a of section 11.00 of the local finance law  
4 which may be financed by the issuance of bonds or capital notes,  
5 provided, however, that the maximum maturity of any such bonds shall not  
6 exceed six years from the date of issuance of such bonds or from the  
7 date of issuance of the earliest bond anticipation note issued in antic-  
8 ipation thereof, whichever date is the earlier, and provided further,  
9 however, that the cost shall be charged against the area normally  
10 responsible for the payment of the obligation which had been legalized  
11 and validated. The cost of all publications under this section shall be  
12 a charge upon and be paid by the petitioner. A copy of the legalizing  
13 act duly certified by the clerk shall be filed with the state comp-  
14 troller and with the petitioner. The term "municipality" as used in  
15 this section shall include a city, town or village or a fire district,  
16 special district, special improvement district or other local govern-  
17 mental agency or authority created by or pursuant to law.

18 § 7. Subdivision 1 of section 254 of the county law, as amended by  
19 chapter 397 of the laws of 1995, is amended to read as follows:

20 1. When the agency has caused such maps and plans to be prepared, it  
21 shall transmit them to the board of supervisors, together with a report  
22 of its proceedings and its recommendations, including a recommendation  
23 as to what officer, board or body should be the administrative head or  
24 body of the proposed district. Such report may further include the  
25 recommendations relating to the establishment of two or more zones of  
26 assessment within the proposed district and the estimated initial allo-  
27 cation of the cost of the construction of the facilities as between such  
28 zones to be assessed, levied and collected in each zone in the same  
29 manner and at the same time as other county charges. Upon receipt of the  
30 report and the maps and plans, the board of supervisors shall call a  
31 public hearing upon a proposal to establish a county district, to  
32 comprise the area or areas described and defined in said maps and plans.  
33 No public hearing shall be called to establish a water quality treatment  
34 district until the maps and plans have been submitted to and approved in  
35 writing by the state department of health. Copy of such notice of  
36 approval or denial of the maps and plans shall be filed in the office of  
37 the clerk of the board of supervisors of the county in which the  
38 proposed district is located. The clerk of the board of supervisors  
39 shall cause a notice of the public hearing to be published at least once  
40 in the official newspapers of the county and in such other newspapers  
41 having a general circulation in the proposed district as the board may  
42 direct, except in Westchester county where such publication shall be  
43 made on the official county website, the first publications thereof to  
44 be not less than ten or more than twenty days before the day set therein  
45 for the hearing. The notice of hearing shall contain a description of  
46 the area or areas to be included within the proposed district, and if  
47 the report shall have recommended the establishment of zones of assess-  
48 ment, a description of the area or areas to be included within each zone  
49 of assessment, the improvements proposed, the maximum amount to be  
50 expended for the improvement, the estimated cost of hook-up fees, if  
51 any, to, and the cost of the district or extension to, the typical prop-  
52 erty and, if different, the typical one or two family home, the allo-  
53 cation of such maximum amount as between the zones of assessment recom-  
54 mended, if any, the proposed method of assessment of the cost and shall  
55 specify the time when and place where the board of supervisors will meet  
56 to consider the matter and to hear all parties interested therein

1 concerning the same. In the event that zones of assessment are provided  
2 for and an allocation of cost of the facilities between such zones of  
3 assessment, said notice shall further state that said zones of assess-  
4 ment and said allocations of cost may be changed from time to time by  
5 resolution of the board of supervisors adopted after a public hearing  
6 whenever said board of supervisors shall determine that such changes are  
7 necessary in the public interest. Prior to the publication of the  
8 notice of hearing, the board of supervisors shall cause to be prepared,  
9 and file for public inspection with the county clerk, a detailed expla-  
10 nation of how the estimated cost of hook-up fees, if any, to, and the  
11 cost of the district or extension to, the typical property and, if  
12 different, the typical one or two family home was computed.

13 § 8. Subdivisions 1 and 3 of section 271 of the county law, subdivi-  
14 sion 1 as amended and subdivision 3 as added by chapter 622 of the laws  
15 of 1984, are amended to read as follows:

16 1. Notwithstanding the provisions of the preceding section, if the  
17 notice of public hearing to be held by the board of supervisors pursuant  
18 to section two hundred fifty-four of this article shall contain a state-  
19 ment that the cost of the improvement will be assessed in proportion as  
20 nearly as may be to the benefit which each lot or parcel of land will  
21 derive therefrom, and in the case of a water quality treatment district,  
22 such cost shall be assessed, levied and collected as hereinafter  
23 provided. The board of supervisors may determine to issue, pursuant to  
24 the local finance law, the obligations of the county in such an amount  
25 as said board may estimate to be sufficient to pay the entire cost of  
26 the improvement, but not in excess of the maximum amount proposed to be  
27 expended for the improvement as stated in the notice of hearing  
28 published pursuant to section two hundred fifty-four of this article.  
29 In preparing the annual estimate of revenues and expenditures pursuant  
30 to section three hundred fifty-three of this chapter, the administrative  
31 head or body shall include, in addition to all costs of operation and  
32 maintenance for the next succeeding fiscal year, sums sufficient to pay  
33 the annual installment of principal of, and interest on, obligations  
34 issued as aforesaid. The administrative head or body shall thereupon  
35 annually assess the amount of the estimate of expenditures, less the  
36 estimate of revenues as set forth in the estimate so prepared, on the  
37 lots and parcels of land in the district in proportion as nearly as may  
38 be to the benefit which each lot or parcel will derive therefrom and  
39 shall prepare an assessment roll which shall describe each such lot or  
40 parcel of land in such manner that the same may be ascertained and iden-  
41 tified and shall show the name or names of the reputed owner or owners  
42 thereof, and the aggregate amount of the assessment levied upon such lot  
43 or parcel of land. The assessment roll shall be submitted to the budget  
44 officer at the same time as the estimate is submitted, for transmittal  
45 with the tentative budget to the clerk of the board of supervisors. The  
46 assessment roll shall remain on file in the office of the clerk and be  
47 open to public inspection during business hours. The board of supervi-  
48 sors shall hold a public hearing on the assessment roll. Notice of such  
49 public hearing shall be published at least once in the official newspa-  
50 pers, except in Westchester county where such publication shall be made  
51 on the official county website, stating that said assessment roll has  
52 been completed and that at a time and place to be specified therein the  
53 board of supervisors will meet and hear and consider any objections  
54 which may be made to the roll. The first publication of the notice of  
55 the completion of the roll shall be not less than five days before the  
56 date specified for the hearing. At the time and place specified, the

board of supervisors shall meet and hear and consider any objections to the assessment roll, and may change or amend the same as it deems necessary or just so to do and may affirm and adopt the same as originally proposed or as amended or changed, or they may annul the same and order the administrative head or body to proceed anew and to prepare another roll or the board of supervisors may prepare such new roll. No such amended, changed or new roll shall be adopted unless the board of supervisors shall hold a hearing thereon in the manner and upon the notice prescribed for the original hearing. It shall be the duty of the board of supervisors to levy the sum apportioned to and assessed upon each such lot or parcel of land at the time and in the manner provided by law for the levy of state, county or town taxes. Such sums so levied shall be collected by the local tax collectors or receivers of taxes and assessments and shall be paid over to the county treasurer, or comparable officer or body, in the same manner and at the same time as taxes levied for general county purposes. The county treasurer, or comparable officer or body, shall keep a separate account of such moneys and they shall be used only for purposes of the county district for which collected. Nothing herein shall prevent the public hearing on the assessment roll from being held simultaneously with the hearing on the county budget held pursuant to section three hundred fifty-nine of this chapter. If the cost of establishment of the county district and the providing of an improvement therein has been assessed, levied and collected pursuant to the provisions of this section, then the cost of any improvement made pursuant to section two hundred sixty-eight of this article shall be assessed, levied and collected pursuant to the provisions of this section. If the cost of establishment of the county district and the providing of an improvement therein has been assessed, levied and collected pursuant to the provisions of section two hundred seventy of this article, then the cost of any improvement made pursuant to section two hundred sixty-eight of this article shall be assessed, levied and collected pursuant to the provisions of section two hundred seventy of this article.

3. In the case of water quality treatment districts, the board of supervisors shall cause to be prepared estimates required to meet expenses for the annual monitoring, testing, operation and maintenance of the district, at the same time as provided in this section for the preparation of the assessment roll. Such annual estimates shall contain the anticipated revenue and expenditures for such district for the ensuing year. It shall also show the amount of expenses which shall be apportioned or charged against each lot or parcel within such district in proportion as nearly as may be to the benefit which each such lot or parcel will derive therefrom. After such annual estimates have been prepared the board of supervisors shall cause a notice to be published in the official newspapers, except in Westchester county where such publication shall be made on the official county website, that the same may be examined in the office of the clerk and that a public hearing will be held thereon by the board of supervisors, specifying the time when and the place where such hearing will be held. Such public hearing may be held on the same day as the hearing on the county budget pursuant to section three hundred fifty-nine of this chapter. Such notice shall be published at least five days before such hearing. After such hearing the board of supervisors shall adopt such estimates or it may amend and modify the same. If the amount apportioned against any one parcel is increased after the public hearing, the board of supervisors shall hold another public hearing on like notice. Such annual estimates and the

1 apportionment against each such lot or parcel shall be adopted by the  
2 board of supervisors no later than the date of adoption of the annual  
3 county budget. After such adoption such annual estimates shall be filed  
4 in the office of the county clerk, and the board of supervisors shall  
5 levy the amount apportioned to each lot or parcel at the time and in the  
6 manner provided by law for the levy of town and county taxes. Such  
7 amount so levied shall be collected and enforced at the same time and in  
8 the manner that town and county taxes are collected and enforced. Noth-  
9 ing in this section contained shall be construed to prevent the financ-  
10 ing, in whole or in part, of expenditures by private sources, grants or  
11 by other means.

12 § 9. Subdivisions 3, 4 and 5 of section 274-a of the county law, as  
13 added by chapter 620 of the laws of 1996, are amended to read as  
14 follows:

15 3. Notice. The clerk of the board of supervisors shall give notice of  
16 such hearing in such newspapers, except in Westchester county where such  
17 publication shall be made on the official county website, and within  
18 such time period as set forth in section two hundred fifty-four of this  
19 article. Such notice shall specify the time when and the place where  
20 such hearing will be held and, in general terms, describe the proposed  
21 consolidation and shall specifically state the proposed disposition of  
22 the property and indebtedness of the original districts, and where  
23 appropriate, the proposed basis of the future assessment of all costs of  
24 operation, maintenance and improvement including whether zones of  
25 assessment are to be established and the costs of district facilities  
26 are to be allocated as between such zones. Such notice shall also state  
27 that the county agency has issued a report on the proposed consol-  
28 idation, if such be the case, and shall specify where a copy of such  
29 report may be examined prior to the public hearing.

30 4. Hearing. The board shall meet at the time and place specified in  
31 such notice and hear all persons interested in the subject matter there-  
32 of concerning the same. If the board shall determine, upon the evidence  
33 given thereat, that it is in the public interest to consolidate all of  
34 the districts specified in said notice, or two or more thereof, if such  
35 be the case, or to assess future costs of operation, maintenance and  
36 improvements on a particular basis where appropriate, the board may  
37 adopt a resolution subject to a permissive referendum, so consolidating  
38 such districts, if such be the case, and [~~were~~] where applicable,  
39 setting forth the basis for the future assessment of all costs of opera-  
40 tion, maintenance and improvements, including whether zones of assess-  
41 ment are to be established and the costs of district facilities are to  
42 be allocated as between such zones.

43 5. Notice of adoption of resolution. Within ten days after the  
44 adoption by the board of a resolution consolidating districts, the board  
45 shall give notice thereof at the expense of the county, by the publica-  
46 tion of a notice in such newspapers, except in Westchester county where  
47 such publication shall be made on the official county website, and with-  
48 in such time period as set forth in section one hundred one of this  
49 chapter. Such notice shall set forth the date of adoption of the resol-  
50 ution and contain an abstract of such resolution, describing in general  
51 terms, the districts so consolidated, and shall specify the basis for  
52 the future assessment of all costs of operation, maintenance and  
53 improvements where applicable, a description of boundaries of zones of  
54 assessment and costs proposed to be allocated thereto, if any, and that  
55 such resolution was adopted subject to a permissive referendum.

§ 10. The closing paragraph of section 280-v of the county law, as added by chapter 1185 of the laws of 1971, is amended to read as follows:

In preparing the annual estimate of revenues and expenditures pursuant to section three hundred fifty-three of this chapter, the administrative head or body shall include, in addition to all costs of operation and maintenance for the next succeeding fiscal year, sums sufficient to pay the annual installment of principal of, and interest on, obligations issued as aforesaid. The administrative head or body shall thereupon annually assess the amount of the estimate of expenditures, less the estimate of revenues including financial aid and assistance made available by the state or federal government as set forth in the estimate so prepared, on the lots and parcels of land in the district in proportion as nearly as may be to the benefit which each lot or parcel will derive therefrom and shall prepare an assessment roll which shall describe each such lot or parcel of land in such manner that the same may be ascertained and identified and shall show the name or names of the reputed owner or owners thereof, and the aggregate amount of the assessment levied upon such lot or parcel of land. Provided, however, that for a hurricane protection project such assessment shall be at a rate not to exceed twenty per centum of the net annual cost to the county for such improvement when such lot or parcel is publicly used or owned and not to exceed seventy per centum of such cost when the lot or parcel is privately owned. Provided further, that for single purpose flood or shoreline erosion control projects, such assessment shall be at a rate up to one hundred per centum of the net annual cost to the county whether such lot or parcel is publicly or privately owned. The assessment roll shall be submitted to the budget officer at the same time as the estimate is submitted, for transmittal with the tentative budget to the clerk of the governing body.
