AN ACT to amend the executive law, in relation to requiring certain state owned and operated parking facilities to install and maintain charging stations for plug-in electric vehicles

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. The executive law is amended by adding a new section 201-b  
2 to read as follows:

3 § 201-b. Electric vehicle charging stations. 1. For the purposes of  
4 this section, the term "parking facility" shall mean a parking garage,  
5 parking structure, or open parking lot that is paved and striped to  
6 designate individual parking spaces for vehicles and which has fifty  
7 parking spaces or more.

8 2. Any parking facility owned and operated by the state of New York,  
9 that offers between fifty and two hundred parking spaces for the  
10 purposes of public use, state employee use and pay-per-usage, is hereby

EXPLANATION--Matter in italics (underscored) is new; matter in brackets  
[-] is old law to be omitted.

LBD05393-05-4

1 required to install electric charging stations in at least ten percent  
2 of the total number of parking spaces offered by such facility.

3 3. Any parking facility owned and operated by the state of New York,  
4 that offers more than two hundred parking spaces for the purposes of  
5 public use, state employee use and pay-per-usage, is hereby required to  
6 install electric charging stations in at least twenty percent of the  
7 total number of parking spaces offered by such facility.

8 4. Each electric vehicle charging station required pursuant to this  
9 section shall support electric vehicle charging with a minimum of forty  
10 amperes and two hundred eight volts of electrical capacity. Such elec-  
11 tric vehicle charging stations and all other components and work appur-  
12 tenant thereto shall be in accordance with all applicable state, county,  
13 city, town, or village electrical codes.

14 5. The office of general services shall be responsible for the instal-  
15 lation of any electric vehicle supply equipment and charging stations.  
16 If such installation shall require the state to make upgrades to any  
17 electrical supply equipment to safely and sufficiently power and operate  
18 such charging stations, the office of general services shall increase  
19 the electrical capacity of the existing system by installing new compo-  
20 nents as necessary. If the office of general services is unable to make  
21 such technical upgrades to a facility, the office may contract with a  
22 licensed electrician or similar service provider to upgrade the elec-  
23 trical capacity of said facility. Such contracted work shall comply with  
24 the provisions of article eight of the labor law, including the payment  
25 of a wage of not less than the prevailing wage in the locality where  
26 such parking facility is located.

27 6. The office of general services shall be responsible for the mainte-  
28 nance, general upkeep and repair of any electric vehicle supply equip-  
29 ment and charging stations. If the office of general services is unable  
30 to complete such maintenance or repairs, the office may contract with a  
31 licensed electrician or similar repair service to complete the necessary  
32 work on said equipment.

33 § 2. This act shall take effect on the first of April next succeeding  
34 the date upon which it shall have become a law.
