§ 8. Severability clause. If any clause, sentence, paragraph, subdivision, section or part of this act shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section or part thereof directly involved in the controversy in which such judgment shall have been rendered. It is hereby declared to be the intent of the legislature that this act would have been enacted even if such invalid provisions had not been included herein.

§ 9. This act shall take effect immediately.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would allow employers to elect to provide a retirement incentive. Upon the employer's election, certain members of the New York State and Local Employees' Retirement System (NYSLERS) will be permitted to retire without regard to early retirement reductions (1) at age 50 with at least 25 years of creditable service, or (2) at age 55 with at least 10 years of creditable service. Currently, members are not permitted to retire before age 55 and are subject to early retirement reductions before attaining normal retirement age.

Insofar as this bill affects the NYSLERS, if this bill is enacted during the 2024 Legislative Session, the additional cost for each member who receives these benefits will vary depending on the member's age, years of service, plan and final average salary.

Extending retirement eligibility to members who have attained age 50 with at least 25 years of service credit is estimated to cost (on average for the group) 200% of the member's final average salary. Eliminating the early age reductions for members retiring after attaining age 55

with at least 10 years of service credit is estimated to cost (on average for the group) 140% of the member's final average salary.

Further, we anticipate significant administrative costs to implement the provisions of this legislation.

The exact number of members who could be affected by this legislation cannot be readily determined. Prior to electing to provide these benefits, an eligible employer would be required to submit a roster of individuals in covered titles to the New York State and Local Retirement System. This roster would be used to develop an exact cost for the individual employer electing to provide the incentive benefits.
