FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

As it relates to the New York State Teachers' Retirement System, this bill would amend Section 613 of the Retirement and Social Security Law to reduce the required employee contribution rate for Tier 5 and 6

members to a flat 3.0% of salary, payable over their career. Currently, Tier 5 members are required to contribute at a rate of 3.5% of salary, and Tier 6 members are required to contribute between 3.0% and 6.0% of salary, according to a salary-based schedule. No contributions made or collected before the effective date of this bill would be refunded.

The annual cost to the employers of members of the New York State Teachers' Retirement System for this benefit is estimated to be \$136.5 million or 0.74% of payroll if this bill is enacted.

The System's "new entrant rate", a hypothetical employer contribution rate that would occur if we started a new Retirement System without any assets, is equal to 5.15% of pay under the current Tier 6 benefit structure. This can be thought of as the long-term expected employer cost of Tier 6, based on current actuarial assumptions. For the reduction to the Tier 6 employee contribution rate proposed under this bill, this new entrant rate would increase to 6.72% of pay, an increase of 1.57% of pay.

Member data is from the System's most recent actuarial valuation files, consisting of data provided by the employers to the Retirement System. Data distributions and statistics can be found in the System's Annual Report. System assets are as reported in the System's financial statements and can also be found in the System's Annual Report. Actuarial assumptions and methods are provided in the System's Actuarial Valuation Report.

The source of this estimate is Fiscal Note 2023-03 dated February 22, 2023 prepared by the Office of the Actuary of the New York State Teachers' Retirement System and is intended for use only during the 2023 Legislative Session. I, Richard A. Young, am the Chief Actuary for the New York State Teachers' Retirement System.
