2 covered site. If after such inspection the department determines envi-
3 ronmental maintenance is required at such covered site, the environ-

8 (c) If the owner of a covered site does not perform environmental
9 maintenance on such covered site after the department determines envi-

13 mental maintenance, if the site is no longer considered a covered site,
14 the environmental maintenance trust fund shall be dissolved and any
15 remaining funds shall be distributed to the owner.

16 2. The principal of an environmental maintenance trust fund shall be
17 invested in securities permitted for the investment of trust funds by

20 used solely for the environmental maintenance of the covered site.

21 3. The department shall promulgate rules and regulations regarding
22 environmental maintenance trust funds including the size of such trust
23 funds, the mechanism for ensuring funds in such trust funds are not able
24 to be used until permitted under this section, and when environmental
25 maintenance is required.

26 4. Nothing in this section shall prevent the department, the state, or
27 any political subdivision thereof from recovering the costs of environ-
28 mental maintenance under any other provision of law.

29 § 2. This act shall take effect one year after it shall have become a
30 law.
