2023-2024 Regular Sessions

IN ASSEMBLY

April 6, 2023

- Introduced by M. of A. DINOWITZ, SAYEGH, THIELE, GLICK, CRUZ, LAVINE, CARROLL, COLTON, HYNDMAN, DICKENS, SIMON, EPSTEIN, L. ROSENTHAL, McMA-HON, PAULIN, FAHY, REYES, SEAWRIGHT, OTIS, STECK, JACOBSON, WALLACE, GALLAGHER, GONZALEZ-ROJAS, LUPARDO, JONES, ZEBROWSKI, LUNSFORD, ANDER-SON, ROZIC, SANTABARBARA, STERN, DAVILA, D. ROSENTHAL, BARRETT, BURDICK, WOERNER, WALKER, PEOPLES-STOKES, CLARK, STIRPE, HUNTER, GANDOLFO, DURSO, KELLES, WEPRIN, JEAN-PIERRE, BRAUNSTEIN, RAJKUMAR, SIMPSON, BURGOS, RA, RAMOS, FALL, MAMDANI, K. BROWN, SILLITTI, JOYNER, FORREST, DILAN, KIM, SEPTIMO, BICHOTTE HERMELYN, JACKSON, MEEKS, PHEF-FER AMATO, MITAYNES, WILLIAMS, HEVESI -- Multi-Sponsored by -- M. of A. McDONOUGH -- read once and referred to the Committee on Governmental Operations
- AN ACT to amend the transportation law, in relation to the purchase of zero-emission buses; to amend the public authorities law and the general municipal law, in relation to the procurement of electric-powered buses, vehicles or other related equipment; and to amend the public service law, in relation to infrastructure and capacity related to charging of electric buses and a tariff for zero-emission bus charging

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Legislative intent. In 2019, New York enacted the Climate 2 Leadership and Community Protection Act to reduce the state's volume of 3 greenhouse gas emissions by at least 85% as compared to 1990 levels by 4 the year 2050. According to the Climate Action Council Scoping Plan, 5 the transportation sector is responsible for approximately 28% of New 6 York's total greenhouse gas emissions. Statewide conversion of public 7 transit bus fleets is an important undertaking required to meet this 8 emission reduction mandate.

9 The legislature recognizes that such a conversion will entail fiscal 10 obligations on the part of transit systems and utility providers in

EXPLANATION--Matter in <u>italics</u> (underscored) is new; matter in brackets [-] is old law to be omitted.

LBD10254-03-3

1 order to purchase new buses, renovate or replace bus depots, expand utility infrastructure and generation capacity, and other necessary 2 investments to ensure reliable delivery of zero-emission bus services. 3 4 Furthermore, the legislature recognizes that there are existing revenue 5 sources which currently fund public transit that rely on the consumption 6 of fossil fuels and which will diminish as the number of gas-powered 7 cars decreases. 8 It is the expectation of the legislature that there will be sufficient 9 funding to support a statewide conversion of public transit bus fleets 10 to zero-emission buses, including continued federal support such as what 11 has been provided in the Inflation Reduction Act, the Bipartisan Infras-12 tructure Law, the Low or No Emission Vehicle Program, the Diesel Emissions Reduction Act, and other federal funding programs, as well as 13 14 state and miscellaneous funding such as the New York Truck Voucher 15 Incentive Program and the Volkswagen Clean Air Act Civil Settlement. 16 Additionally, the legislature recognizes that current zero-emission 17 bus technology is still developing, particularly with respect to travel range, cold weather performance, and bus availability. Technological advances will continue accelerating leading up to and during the covered 18 19 20 period for zero-emission bus fleet conversion. Finally, one of the 21 greatest harms to local communities are localized emissions which have 22 an acutely negative impact, particularly to disadvantaged communities as defined in the Climate Leadership and Community Protection Act. 23 Therefore a coordinated statewide effort to purchase, manufacture, and 24 25 utilize zero-emission buses and paratransit vehicles will help facilitate technological advancement, reduce overall costs, and help reduce 26 27 harm to our local communities. 28 § 2. The transportation law is amended by adding a new section 17-c to 29 read as follows: 30 § 17-c. Zero-emission buses. 1. No later than January first, two thou-31 sand twenty-nine, every public transportation system eligible to receive 32 operating assistance under the provisions of section eighteen-b of this 33 article shall be required to purchase only zero-emission buses and 34 related equipment and facilities as part of the normal replacement of 35 its fleet. No later than January first, two thousand thirty-five, any 36 hydrogen fuel cell zero-emission bus shall be powered by hydrogen 37 derived from zero-emission electricity. 38 2. For purposes of this section "zero-emission bus" shall mean a motor vehicle that has a seating capacity of fifteen or more passengers in

39 addition to the driver and used for the transportation of persons; is 40 propelled by an electric motor and associated power electronics which 41 42 provide acceleration torque to the drive wheels during normal vehicle 43 operation and draws electricity from a hydrogen fuel cell or from a 44 battery which is capable of being recharged from an external source of 45 electricity; or otherwise operates without direct emission of atmospher-46 ic pollutants. Provided, however, that for purposes of this section, 47 zero-emission buses shall include paratransit vehicles specifically 48 designated by public transportation systems to serve the needs of 49 persons who cannot use fixed route transit buses, subways or rapid tran-50 <u>sit.</u> 3. (a) Notwithstanding any provision of law to the contrary, all 51

52 rights or benefits, including terms and conditions of employment, and 53 protection of civil service and collective bargaining status of all 54 existing employees of authorized entities shall be preserved and 55 protected. Nothing in this section shall result in the: (i) displacement 56 of any currently employed worker or loss of position (including

partial displacement such as a reduction in the hours of non-overtime 1 work, wages, or employment benefits) or result in the impairment of 2 existing collective bargaining agreements; (ii) transfer of existing 3 4 duties and functions related to maintenance and operations currently 5 performed by existing employees of authorized entities to a contracting 6 entity; or (iii) transfer of future duties and functions ordinarily 7 performed by employees of authorized entities to a contracting entity. 8 (b) Upon the effective date of this section, the transit authority, 9 agency or municipality shall create and implement a workforce develop-10 ment report that (i) forecasts the number of jobs provided by existing 11 omnibuses, rolling stock, vehicles or equipment that would be eliminated 12 or substantially changed after the purchase, as well as the number of jobs expected to be created at the transit provider by the proposed 13 14 purchase over a six-year period from the date of the publication of the 15 workforce development report, (ii) identifies gaps in skills needed to operate and maintain the new zero-emission buses, rolling stock, vehi-16 17 cles or related equipment, (iii) includes a comprehensive plan to transition, train, or retrain employees that are impacted by the proposed 18 purchase, and (iv) contains an estimated budget to transition, train, or 19 20 retrain employees that are impacted by the proposed purchase. 21 (c) Nothing contained herein shall be construed to affect (i) the 22 existing rights of employees pursuant to an existing collective bargaining agreement, or (ii) the existing representational relationships among 23 employee organizations or the bargaining relationships between the 24 25 employer and an employee organization. Prior to beginning the procurement process for new zero-emission buses, rolling stock, vehicles or 26 27 related equipment, the transit authority, agency or municipality shall 28 inform the respective collective bargaining agent of any potential jobs that may be affected, altered, or eliminated as a result of the 29 30 purchase, and it shall be a mandatory subject for collective bargaining. 31 4. (a) (i) Within six months of the effective date of this section, 32 the department and the New York State Energy Research and Development 33 Authority ("NYSERDA"), shall convene a working group made up of transit 34 agencies, other relevant public agencies, the department, the New York 35 power authority, educational institutions, relevant community organiza-36 tions, and other necessary parties, to create a zero-emission roadmap 37 for the state which shall identify the actions needed to meet the transition goals established in subdivision one of this section. The road-38 39 map shall include, but not be limited to: 40 (1) financial and technical guidance related to the purchasing, retrofitting, operation, and maintenance of zero-emission buses; 41 (2) an identification and siting plan for charging and fueling infras-42 43 tructure; (3) an identification of the necessary investments in the electric 44 45 transmission and distribution grid; 46 (4) an identification of how to ensure related facility upgrades are 47 coordinated to maximize the cost effectiveness and overall system reli-48 ability; 49 (5) the available federal, state, and local funding to purchase or lease zero-emission buses or convert existing buses to zero-emissions; 50 (6) an identification of new incentives and programs to advance the 51 52 deployment and adoption of zero-emission buses; (7) streamlining actions to facilitate the conversion of public trans-53 54 portation systems and bus fleets; 55 (8) strategies consistent with the Climate Leadership and Community

56 Protection Act enacted by chapter one hundred six of the laws of two

3

1	thousand nineteen, that ensure the deployment of zero-emission buses are
2	prioritized in disadvantaged communities, as defined in subdivision
3	five of section 75-0101 of the environmental conservation law;
4	(9) in consultation with the environmental justice working group and
5	the climate action council, shall, to the extent practicable, invest or
6	direct available and relevant programmatic resources in a manner
7	designed to achieve a goal for disadvantaged communities to receive
8	forty percent of overall benefits of spending consistent with section
9	75-0117 of the environmental conservation law;
10	(10) an estimation of the number of public operations and maintenance
11	jobs provided by existing omnibuses, rolling stock, vehicles or equip-
12	ment that would be eliminated or substantially changed by the transition
13	goals established in subdivision one of this section;
14	(11) identifies gaps in skills needed to operate and maintain the new
15	electric-powered omnibuses, rolling stock, vehicles or related equip-
16	ment; and
17	(12) development of a comprehensive plan to transition, train, or
18	retrain public transportation system employees impacted by the transi-
19	tion goals established in subdivision one of this section, including an
20	estimated budget for implementing this plan and the identification of
21	funding streams to fund this transition.
22	(ii) The department and NYSERDA shall convene a technical advisory
23	group made up of diverse stakeholders to provide the department and
24	NYSERDA with relevant technical, policy, and market expertise. The
25	department and NYSERDA shall further develop a stakeholder engagement
26	process to solicit feedback on the roadmap and raise consumer awareness
27	and education across the state.
28	(b) No later than one year after the convening of the working group
29	established by subparagraph (i) of paragraph (a) of this subdivision,
30	the department and NYSERDA shall report its findings and recommendations
31	to the governor, the temporary president of the senate, and the speaker
32	of the assembly. This report may be combined with the report required
33	under section eighteen hundred eighty-four of the public authorities
34	law.
35	(c) Following the submission of the report as required by paragraph
36	(b) of this subdivision, the department and NYSERDA shall solicit public
37	comment for thirty days in developing the roadmap, and are authorized to
38	hold public hearings and meetings in accordance with article seven of
39	the public officers law, and consult with any organization, educational
40	institution, or other government entity or person, to enable them to
41	accomplish their duties.
42	(d) No later than fifteen months after the convening of the working
43	group established by subparagraph (i) of paragraph (a) of this subdivi-
44	sion, DOT and NYSERDA shall publish a formalized roadmap along with all
44 45	necessary policies and procedures for implementation, to ensure public
46	transportation systems will be able to meet the transition goals estab-
47	lished in subdivision one of this section. DOT and NYSERDA shall publish
48	the roadmap, policies, and procedures, on either of their publicly
49	accessible websites, thirty days prior to the plans being finalized.
50	(e) No later than one year after the publication and implementation
51	of the roadmap established pursuant to paragraph (d) of this subdivi-
52	sion, public transportation systems eligible to receive operating
53	assistance under the provisions of section eighteen-b of this article,
54	must develop and implement their own transition plans, incorporating the
55	findings, policies, and procedures produced by the working group and
56	identifying possible barriers to implementing this transition, unless

_	
1	granted an extension under subdivision five of this section. Public
2	transportation systems shall solicit public comment in developing tran-
3	sition plans, and are authorized to hold public hearings and meetings in
4	accordance with article seven of the public officers law, and consult
5	with any organization, educational institution, or other government
6	entity or person, to enable them to accomplish their duties. The depart-
7	ment shall publish transition plans on their publicly accessible website
8 9	within thirty days of the plans being finalized with the department. Transition plans shall be updated every three years after the date they
9 10	are first published and updated plans shall be updated on the depart-
11	ment's website within thirty days of the updated plans being finalized.
12^{11}	(f) The working group shall provide technical assistance to public
13	transportation systems upon request, and shall provide assistance to
14^{13}	public transportation systems upon request for assistance in pursuing
15	state and federal grants and other funding opportunities. The working
16	group shall prioritize funding opportunity assistance to public trans-
17	portation systems implementing a zero-emissions purchase requirement
18	prior to January first, two thousand twenty-nine. The department shall
19	also facilitate the coordination of purchasing, installation and sharing
20	services between public transportation systems serving primarily outside
21	of cities with a population of one million or more.
22	5. (a) In order to obtain an extension of the attainment date beyond
23	the statutory date of January first, two thousand twenty-nine pursuant
24	to subdivision one of this section, the transportation system shall:
25	(i) apply for an extension and submit a complete application for such
26	extension attainment date by December thirty-first, two thousand twen-
20	<u>excension accaniment date by becember childy-litibe, two chousand twen-</u>
27	ty-eight. and
27 28	ty-eight; and

1	(c) In order to obtain an exemption from the attainment date require-
2	ment pursuant to subdivision one of this section, the transition plan
3	shall include:
4	(i) a timeline for attainment demonstration;
5	(ii) efforts to maximize zero-emission bus purchases and purchase only
б	zero-emission buses prior to two thousand thirty-five;
7	(iii) year-by-year targets for zero-emission bus procurements and
8	infrastructure installation;
9	(iv) contingency measure provisions; and
10	(v) a detailed justification for nonattainment of zero-emission equip-
11	<u>ment review plan provisions.</u>
12	(d) Based on the department's assessment of the transportation
13	system's transition plan and extension request, the department may deny
14	the extension if it determines that an adequate attempt was not made or
15	that technology and infrastructure is available for the transportation
16	system to transition to zero-emission buses. Any determination by the
17	department to deny or grant an extension request shall be subject to
18	public notification and comment. Any applications for attainment date
19	extensions shall be subject to the freedom of information law and
20	published on the department's public website.
21	(e) Transportation systems that qualify for an extension pursuant to
22	this subdivision shall procure only zero-emission buses starting January
23	first, two thousand thirty-five or sooner once the exemption no longer
24	applies.
25	§ 3. The transportation law is amended by adding a new section 18-c to
26	read as follows:
27	§ 18-c. Capital plan requirements. In formulating the five-year
28	department of transportation capital plans, the department shall: (a)
29	consider the requirement of section seventeen-c of this article in its
30	disbursement of payment for the costs of mass transportation capital
31	projects and facilities and give preference in the form of payments to
32	public transportation systems eligible to receive operating assistance
33	under the provisions of section eighteen-b of this article that are able
34	to demonstrate commitments made towards purchasing and retrofitting
35	zero-emission buses and related equipment and facilities; and (b) facil-
36	itate for purposes of meeting the requirement of section seventeen-c of
37	this article the coordination of purchasing, installation and sharing
38	services between public transportation systems serving primarily outside
39	the city of New York.
40	§ 4. Section 2878-a of the public authorities law is amended by adding
41	a new subdivision 3 to read as follows:
42	3. (a) A transportation authority established under this chapter may,
43	by resolution approved by a two-thirds vote of its members then in
44	office, or by a declaration that competitive bidding is impractical or
45	inappropriate with respect to electric-powered omnibuses, rolling stock,
46	vehicles or other related equipment because the item is available
47	through an existing contract between a vendor and (i) another public
48	authority provided that such other authority utilized a process of
49	competitive bidding or a process of competitive requests for proposals
50	to award such contracts, or (ii) the state of New York, or (iii) a poli-
51	tical subdivision of the state of New York, provided that in any case
52	when under this subdivision the authority determines that obtaining such
53	item thereby would be in the public interest and sets forth the reasons
54	for such determination. The authority shall accept sole responsibility
55	for any payment due the vendor as a result of the authority's order. In
56	each case where the authority declares competitive bidding impractical

or inappropriate, it shall state the reason therefor in writing and 1 summarize any negotiations that have been conducted. The authority shall 2 not award any contract pursuant to this subdivision earlier than thirty 3 4 days from the date on which the authority declares that competitive 5 bidding is impractical or inappropriate. All procurements approved 6 pursuant to this subdivision shall be subject to audit and inspection by 7 the department of audit and control or any successor agencies. For purposes of this subdivision, "transportation authority" shall not 8 9 include transportation authorities governed under titles nine, nine-A and eleven of article five of this chapter or title three of article 10 three of this chapter. For the purposes of this subdivision, "electric-11 12 powered omnibuses" shall include any bus owned, leased, rented or otherwise controlled by the authority that otherwise meets the definition of 13 14 bus provided in section five hundred nine-a of the vehicle and traffic 15 law that is propelled by an electric motor and associated power elec-16 tronics which provide acceleration torque to the drive wheels during 17 normal vehicle operation and draws electricity from a hydrogen fuel cell 18 or from a battery which is capable of being recharged from an external source of electricity; or otherwise operates without direct emission of 19 20 atmospheric pollutants. 21 (b) (i) Notwithstanding any provision of law to the contrary, all 22 rights or benefits, including terms and conditions of employment, and 23 protection of civil service and collective bargaining status of all existing employees of authorized entities shall be preserved and 24 25 protected. Nothing in this section shall result in the: (1) displacement of any currently employed worker or loss of position, including partial 26 27 displacement such as a reduction in the hours of non-overtime work, 28 wages, or employment benefits, or result in the impairment of existing collective bargaining agreements; (2) transfer of existing duties and 29 30 functions related to maintenance and operations currently performed by 31 existing employees of authorized entities to a contracting entity; or 32 (3) transfer of future duties and functions ordinarily performed by 33 employees of authorized entities to a contracting entity. 34 (ii) At least one year prior to the beginning of the procurement process for new electric-powered omnibuses, rolling stock, vehicles or 35 36 related equipment, the authority shall create and implement a workforce 37 development report that (1) forecasts the number of jobs provided by existing omnibuses, rolling stock, vehicles or equipment that would be 38 39 eliminated or substantially changed after the purchase, as well as the number of jobs expected to be created at the authority by the proposed 40 purchase over a six-year period from the date of the publication of the 41 42 workforce development report, (2) identifies gaps in skills needed to 43 operate and maintain the new electric-powered omnibuses, rolling stock, 44 vehicles or related equipment, (3) includes a comprehensive plan to transition, train, or retrain employees that are impacted by the 45 46 proposed purchase, and (4) contains an estimated budget to transition, 47 train, or retrain employees that are impacted by the proposed purchase. 48 (c) Nothing contained herein shall be construed to affect (i) the 49 existing rights of employees pursuant to an existing collective bargain-50 ing agreement, or (ii) the existing representational relationships among employee organizations or the bargaining relationships between the 51 52 employer and an employee organization. Prior to beginning the procure-53 ment process for new electric-powered omnibuses, rolling stock, vehicles 54 or related equipment, the transit agency or municipality shall inform 55 the respective collective bargaining agent of any potential jobs that

may be affected, altered, or eliminated as a result of the purchase, and 1 it shall be a mandatory subject for collective bargaining. 2 § 5. Section 104 of the general municipal law is amended by adding a 3 new subdivision 3 to read as follows: 4 5 3. (a) Notwithstanding the provisions of section one hundred three of б this article or of any other general, special or local law, any chief 7 executive officer of a political subdivision or agency which operates a public transportation system is authorized to make purchases of elec-8 9 tric-powered omnibuses or other related equipment upon a resolution 10 approved by a two-thirds vote of its board then in office because the item is available through an existing contract between a vendor and (i) 11 12 a public authority of the state provided that such other authority utilized a process of competitive bidding or a process of competitive 13 requests for proposals to award such contracts, or (ii) the state of New 14 York, or (iii) a political subdivision of the state of New York, 15 provided that in any case when under this subdivision the political 16 17 subdivision determines that obtaining such item thereby would be in the public interest and sets forth the reasons for such determination. The 18 political subdivision shall not award any contract pursuant to this 19 subdivision earlier than thirty days from the date on which the poli-20 21 tical subdivision declares that competitive bidding is impractical or 22 inappropriate. All purchases shall be subject to audit and inspection by the political subdivision for which made, in addition to the department 23 of audit and control of New York state. For purposes of this subdivi-24 25 sion, "political subdivision or agency which operates a public transportation system" shall not include transportation authorities governed 26 27 under titles nine, nine-A and eleven of article five of the public 28 authorities law or title three of article three of the public authorities law. For the purposes of this subdivision, "electric-powered omni-buses" shall include any bus owned, leased, rented or otherwise 29 30 31 controlled by the political subdivision that otherwise meets the defi-32 nition of bus provided in section five hundred nine-a of the vehicle and 33 traffic law that is propelled by an electric motor and associated power 34 electronics which provide acceleration torque to the drive wheels during 35 normal vehicle operation and draws electricity from a hydrogen fuel cell 36 or from a battery which is capable of being recharged from an external 37 source of electricity; or otherwise operates without direct emission of 38 atmospheric pollutants. 39 (b) (i) Notwithstanding any provision of law to the contrary, all rights or benefits, including terms and conditions of employment, and 40 protection of civil service and collective bargaining status of all 41 existing employees of authorized entities shall be preserved and 42 43 protected. Nothing in this section shall result in the: (1) displacement 44 of any currently employed worker or loss of position, including partial displacement such as a reduction in the hours of non-overtime 45 46 work, wages, or employment benefits, or result in the impairment of 47 existing collective bargaining agreements; (2) transfer of existing 48 duties and functions related to maintenance and operations currently 49 performed by existing employees of authorized entities to a contracting 50 entity; or (3) transfer of future duties and functions ordinarily performed by employees of authorized entities to a contracting entity. 51 52 (ii) At least one year prior to the beginning of the procurement process for new electric-powered omnibuses, rolling stock, vehicles or 53 54 related equipment, the transit agency or municipality shall create and implement a workforce development report that (1) forecasts the number 55 of jobs provided by existing omnibuses, rolling stock, vehicles or 56

equipment that would be eliminated or substantially changed after the 1 purchase, as well as the number of jobs expected to be created at the 2 3 transit provider by the proposed purchase over a six-year period from 4 the date of the publication of the workforce development report, (2) 5 identifies gaps in skills needed to operate and maintain the new elecб tric-powered omnibuses, rolling stock, vehicles or related equipment, 7 (3) includes a comprehensive plan to transition, train, or retrain 8 employees that are impacted by the proposed purchase, and (4) contains 9 an estimated budget to transition, train, or retrain employees that are 10 impacted by the proposed purchase. 11 (c) Nothing contained herein shall be construed to affect (i) the 12 existing rights of employees pursuant to an existing collective bargaining agreement, or (ii) the existing representational relationships among 13 14 employee organizations or the bargaining relationships between the 15 employer and an employee organization. Prior to beginning the procure-16 ment process for new electric-powered omnibuses, rolling stock, vehicles 17 or related equipment, the transit agency or municipality shall inform the respective collective bargaining agent of any potential jobs that 18 may be affected, altered, or eliminated as a result of the purchase, and 19 it shall be a mandatory subject for collective bargaining. 20 21 § 6. Section 104 of the general municipal law, as amended by section 22 of part L of chapter 55 of the laws of 2012, is amended to read as 27 23 follows: § 104. Purchase through office of general services. 1. Notwithstanding 24 25 the provisions of section one hundred three of this article or of any 26 other general, special or local law, any officer, board or agency of a 27 political subdivision, of a district therein, of a fire company or of a 28 voluntary ambulance service is authorized to make purchases of commod-29 ities and services available pursuant to section one hundred sixty-three 30 of the state finance law, may make such purchases through the office of 31 general services subject to such rules as may be established from time 32 to time pursuant to section one hundred sixty-three of the state finance 33 law or through the general services administration pursuant to section 34 1555 of the federal acquisition streamlining act of 1994, P.L. 103-355; provided that any such purchase shall exceed five hundred dollars and 35 36 that the political subdivision, district, fire company or voluntary 37 ambulance service for which such officer, board or agency acts shall accept sole responsibility for any payment due the vendor. All purchases 38 39 shall be subject to audit and inspection by the political subdivision, district, fire company or voluntary ambulance service for which made. No 40 officer, board or agency of a political subdivision, or a district ther-41 42 ein, of a fire company or of a voluntary ambulance service shall make 43 any purchase through such office when bids have been received for such 44 purchase by such officer, board or agency, unless such purchase may be 45 made upon the same terms, conditions and specifications at a lower price 46 through such office. Two or more fire companies or voluntary ambulance 47 services may join in making purchases pursuant to this section, and for 48 the purposes of this section such groups shall be deemed "fire companies 49 or voluntary ambulance services." 50 2. (a) Notwithstanding the provisions of section one hundred three of this article or of any other general, special or local law, any chief 51 52 executive officer of a political subdivision or agency which operates a 53 public transportation system is authorized to make purchases of elec-54 tric-powered omnibuses or other related equipment upon a resolution approved by a two-thirds vote of its board then in office because the 55

56 item is available through an existing contract between a vendor and (a)

a public authority of the state provided that such other authority 1 utilized a process of competitive bidding or a process of competitive 2 3 requests for proposals to award such contracts, or (b) the state of New 4 York, or (c) a political subdivision of the state of New York, provided 5 that in any case when under this subdivision the political subdivision 6 determines that obtaining such item thereby would be in the public 7 interest and sets forth the reasons for such determination. The poli-8 tical subdivision shall not award any contract pursuant to this subdivi-9 sion earlier than thirty days from the date on which the political 10 subdivision declares that competitive bidding is impractical or inappropriate. All purchases shall be subject to audit and inspection by the 11 12 political subdivision for which made, in addition to the department of audit and control of New York state. For purposes of this subdivision, 13 "political subdivision or agency which operates a public transportation 14 15 system" shall not include transportation authorities governed under titles nine, nine-A and eleven of article five of the public authorities 16 17 law or title three of article three of the public authorities law. For the purposes of this subdivision, "electric-powered omnibuses" shall 18 include any bus owned, leased, rented or otherwise controlled by the 19 political subdivision that otherwise meets the definition of bus 20 21 provided in section five hundred nine-a of the vehicle and traffic law 22 that is propelled by an electric motor and associated power electronics 23 which provide acceleration torque to the drive wheels during normal vehicle operation and draws electricity from a hydrogen fuel cell or 24 25 from a battery which is capable of being recharged from an external source of electricity; or otherwise operates without direct emission of 26 27 atmospheric pollutants. 28 (b) (i) Notwithstanding any provision of law to the contrary, all 29 rights or benefits, including terms and conditions of employment, and protection of civil service and collective bargaining status of all 30 existing employees of authorized entities shall be preserved and 31 protected. Nothing in this section shall result in the: (1) displacement 32 33 of any currently employed worker or loss of position, including 34 partial displacement such as a reduction in the hours of non-overtime work, wages, or employment benefits, or result in the impairment of 35 existing collective bargaining agreements; (2) transfer of existing 36 37 duties and functions related to maintenance and operations currently 38 performed by existing employees of authorized entities to a contracting 39 entity; or (3) transfer of future duties and functions ordinarily performed by employees of authorized entities to a contracting entity. 40 (ii) At least one year prior to the beginning of the procurement proc-41 42 ess for new electric-powered omnibuses, rolling stock, vehicles or 43 related equipment, the transit agency or municipality shall create and 44 implement a workforce development report that (1) forecasts the number of jobs provided by existing omnibuses, rolling stock, vehicles or 45 46 equipment that would be eliminated or substantially changed after the 47 purchase, as well as the number of jobs expected to be created at the 48 transit provider by the proposed purchase over a six-year period from 49 the date of the publication of the workforce development report, (2) 50 identifies gaps in skills needed to operate and maintain the new electric-powered omnibuses, rolling stock, vehicles or related equipment, 51 52 (3) includes a comprehensive plan to transition, train, or retrain employees that are impacted by the proposed purchase, and (4) contains 53 54 an estimated budget to transition, train, or retrain employees that are 55 impacted by the proposed purchase.

10

 [c] Nothing contained herein shall be construed to affect (i) the existing collective barrain- ing agreement, or (ii) the existing representational relationships memory employee organizations or the bargaining relationships between the employer and an employee organization. Prior to bedinning the procurs- ment process for new electric-powerd omnibuses, rolling stock, vehicles or related equipment, the transit agency or municipality shall inform the respective collective bargaining agent of any potential jobs that may be affected, altered, or eliminated as a result of the purchase, and it shall be a mandatory subject for collective bargaining. § 7. The transportation law is amended by adding a new section 18-d to read as follows: § 1.6. Zero-emission bus procurement contract proposals. 1. For the purposes of this section, the following terms shall have the following meanings: (a) "pisplaced worker" means any employee whose most recent separation from the fossil-fuel reliant buses to zero-emission buses. (b) "Individual facing barriers to employment" means either of the following: (i) An individual facing barriers to employment as defined by the commissioner or, otherwise (c) "Non-temporary job" means a job other than those classified as? (c) "Non-temporary job" means a job other than those classified as? (d) "Non-temporary job" means a job other than those classified as? (d) Banining fanger first, two thousand twenty-five, every public transportation system eligible to receive operating assistance purgumate to section eighteen-b of this article shall award contracts for zero-emission buses and related equipment. (d) The number of full-time non-temporary jobs proposed to be retained and created. including an accounting of the positions classified as employees, as defined in section seven hundred forty of the labor law, and positions classified as independent contractors;<!--</th--><th>_</th><th></th>	_	
 ing arrement, or (ii) the existing representational relationships among employee organizations or the bargaining relationships between the suployer and an employee organization. Prior to beginning the procures ment process for new electric-powered omnibuses, rolling stock, vehicles or related equipment, the transit agency or municipality shall inform the respective collective bargaining agent of any potential iobs that may be affected, altered, or eliminated as a result of the purchase, and it shall be a mandatory subject for collective bargaining. § 7. The transportation law is amended by adding a new section 18-d to read as follows: § 16-d. Zero-emission bus procurement contract proposals. 1. For the purposes of this section, the following terms shall have the following meanings: (a) "Displaced worker" means any employee whose most recent separation from active service was due to lack of business, a reduction in force. (b) "Individual facing barriers to employment as defined by the commissioner or, otherwise (i) An individual facing barriers to employment as defined by the commission or, otherwise. (i) "Non-temporary iob" means a job other than those classified as "temporary" as defined in article sleven of the colowing to the transportation form this science pursuant to section existence pursuant to section existence pursuant to section existence pursuant to section existence and this article slave of the sensel busines law. (a) Broining January first, two thousand twenty-five, every public transportation system eligible to receive operating assistance pursuant to section exists of pursuant process: and shall require bidders to submit a United States devices and related equipment using a competitive best-value procurement process: and shall require bidders to submit a lawing doring and workers from disadvantaced communities; (b) The United States Jobe Plan shall include the following information: (c) Proncement	1	(c) Nothing contained herein shall be construed to affect (i) the
4 employee organizations or the bargaining relationships between the employer and an employee organization. Prior to beginning the procurse- ment process for new electric-powered omnibuses, rolling stock, vehicles or related equipment, the transit agency or municipality shall inform the respective collective bargaining agent of any potential jobs that may be affected, altered, or eliminated as a result of the purchase, and it shall be a mandatory subject for collective bargaining. 8 7. The transportation law is amended by adding a new section 18-d to read as follows: 8 18-d. Zero-emission bus procurement contract proposals. 1. For the purposes of this section, the following terms shall have the following meanings: (a) "Displaced worker" means any employee whose most recent separation from active service was due to lack of business, a reduction in force. 70 other economic, nondisciplinary reason related to the transition from the fossil-fuel reliant buess to zero-emission buses. 71 (b) "Individual facing barriers to employment" means either of the following: 72 (i) An individual from a demographic group that represents less than 73 thirty percent of their relevant industry workforce according to the 74 United States Eureau of Labor Statistics. 73 (c) "Non-temporary job" means a job other than those classified as 74 temporary" as defined in article elvan of the general business law. 74 (a) Beginning January first, two thousand twenty-five, every public 74 transportation system eligible to receive operating assistance pursuant 75 to positions classified as independent outracts for zero-em- 76 ission buses and related equipment using a competitive best-value 76 provement process; and shall require bidders to submit a United States 77 by Plan as part of their solicitation responses. 76 (b) The United States Jobs Plan shall include the following informa- 77 tion; 77 (iii) The number of jobs specifically reserved for individual facing 78 barries to employment and the number reserved for individual facing 79 barries		
 mployer and an employee organization. Prior to beginning the procure ment process for new electric-powered omnibuses, rolling stock, vehicles or related equipment, the transit agency or municipality shall inform the respective collective bargaining agent of any potential jobs that may be affected, altered, or eliminated as a result of the purchase, and it shall be a mandatory subject for collective bargaining. S 7. The transportation law is amended by adding a new section 18-d to read as follows: § 18-d. Zero-emission bus procurement contract proposals. 1. For the purposes of this section, the following terms shall have the following meanings: (a) "Displaced worker" means any employee whose most recent separation from active service was due to lack of business, a reduction in force. or other economic, nondisciplinary reason related to the transition from the fossil-fuel reliant buses to zero-emission buses. (b) "Individual facing barriers to employment" means either of the commissioner or, otherwise (c) "An individual from a demographic group that represents less than thiry percent of their relevant industry workforce according to the United States Bureau of Labor Statistics. 1	retraining of existing maintenance, drivers and other identified
2	purchasing agency employees.
3	3. The requests for proposals established by subdivision two of this
4	section shall include notice to bidders stating that:
5	(a) the content of United States Jobs Plans shall be incorporated as
б	material terms of the final contract;
7	(b) the content of United States Jobs Plans and reports required by
8	this section shall be subject to disclosure under the Freedom of Infor-
9	mation Law; and
10	(c) the final contract and compliance documents shall be made avail-
11	able to the public.
12	4. The department shall promulgate regulations to establish the forms,
13	procedures, and processes necessary for impacted transit agencies to
14	implement the requirements of this section. This shall include a stand-
15	ard and consistent method, such as a workbook or worksheet, to track the
16	quantifiable information required in paragraph (b) of subdivision two of
17	this section and procedures to annually assess contracting entities
18	compliance with the United States Jobs Plan.
19	5. Contracting entities shall be required to submit annual United
20	States Jobs Plan reports to contracting public agencies demonstrating
21	compliance with their United States Jobs Plan commitments. The terms of
22	the final contract as well as all compliance reporting shall be made
23	available to the public online, either via the contracting agency's
24	website or the department's website, at the election of the contracting
25	agency.
26	6. The provisions of this section shall not apply to: (a) A contract
27	awarded before January first, two thousand twenty-five; or
28	(b) A contract awarded based on a solicitation issued before January
29	first, two thousand twenty-five.
30	§ 8. The public service law is amended by adding a new section 66-v to
31	read as follows:
32	<u>§ 66-v. Public transportation systems zero-emission electricity</u>
33	infrastructure. Every electric corporation which provides electric
34	service to a public transportation system, as defined in section eigh-
35	teen-b of the transportation law, shall ensure that such corporation has
36	the requisite and appropriate infrastructure, capacity, facilities, and
30 37	transmission and distribution systems needed to supply power for the
38	electric charging of zero-emission buses of a public transportation
30 39	electric charging of zero-emission buses of a public transportation
	guatom at the logations designated for gharging by gugh public transpor-
40	system at the locations designated for charging by such public transpor-
11	tation systems. Within one year of the publication of the roadmap
41	tation systems. Within one year of the publication of the roadmap required under subdivision four of section seventeen-c of the transpor-
42	tation systems. Within one year of the publication of the roadmap required under subdivision four of section seventeen-c of the transpor- tation law, an electric corporation shall have adopted finalized plans
42 43	tation systems. Within one year of the publication of the roadmap required under subdivision four of section seventeen-c of the transpor- tation law, an electric corporation shall have adopted finalized plans and agreements to construct, install or upgrade the infrastructure
42 43 44	tation systems. Within one year of the publication of the roadmap required under subdivision four of section seventeen-c of the transpor- tation law, an electric corporation shall have adopted finalized plans and agreements to construct, install or upgrade the infrastructure necessary to support to the deployment and operation of zero-emission
42 43 44 45	tation systems. Within one year of the publication of the roadmap required under subdivision four of section seventeen-c of the transpor- tation law, an electric corporation shall have adopted finalized plans and agreements to construct, install or upgrade the infrastructure necessary to support to the deployment and operation of zero-emission buses by a public transportation system by providing the required elec-

Section 66-s of the public service law is amended by adding a new
42 43 44 45 46 47 48 49 50 51 52	tation systems. Within one year of the publication of the roadmap required under subdivision four of section seventeen-c of the transpor- tation law, an electric corporation shall have adopted finalized plans and agreements to construct, install or upgrade the infrastructure necessary to support to the deployment and operation of zero-emission buses by a public transportation system by providing the required elec- tric service to the locations designated for charging buses by such public transportation system. All costs associated with the mandates of this section shall be borne by an electric corporation. The commission shall not approve any increases in rates or charges for services of an electric corporation which has not complied with this section by the date set forth herein or pursuant to the roadmap under section seven- teen-c of the transportation law.

56 for public transportation systems as defined in section eighteen-b of

the transportation law for separately metered utilities for the purpose 1 2 of charging zero-emission buses as defined in section seventeen-c of such law. The tariff shall provide a waiver of all secondary demand 3 4 charges for charging zero-emission buses between the hours of ten 5 o'clock p.m. and eight o'clock a.m., as well as low tension service for 6 winter and summer months. 7 § 10. Severability. The provisions of this act shall be severable, and if the application of any clause, sentence, paragraph, subdivision, section or part of this act to any person or circumstance shall be 8 9 10 adjudged by any court of competent jurisdiction to be invalid, such 11 judgment shall not necessarily affect, impair or invalidate the applica-12 tion of any such clause, sentence, paragraph, subdivision, section or part of this act or remainder thereof, as the case may be, to any other 13 14 person or circumstance, but shall be confined in its operation to the 15 clause, sentence, paragraph, subdivision, section or part thereof 16 directly involved in the controversy in which such judgment shall have 17 been rendered. § 11. This act shall take effect immediately, provided, however, that 18 section seven of this act shall take effect on the ninetieth day after 19 it shall have become a law; provided, further, that the amendments to 20 21 section 104 of the general municipal law made by section five of this 22 act shall be subject to the expiration and reversion of such section pursuant to section 9 of subpart A of part C of chapter 97 of the laws 23 24 of 2011, as amended, when upon such date the provisions of section six 25 this act shall take effect. Effective immediately, the addition, of 26 amendment and/or repeal of any rule or regulation necessary for the 27 implementation of this act on its effective date are authorized to be 28 made and completed on or before such effective date.
