FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would change the benefit fraction for a Tier 6 Article 15 member for service greater than 20 years to 40% of FAS plus 2% per year of service greater than 20. Currently the benefit for service greater than 20 years is 35% of FAS plus 2% per year of service greater than 20.

Insofar as this bill affects the New York State and Local Employees' Retirement System (NYSLERS), increased costs would be shared by the State of New York and all participating employers in the NYSLERS. If this bill is enacted during the 2023 legislative session, there will be an increase in the present value of future costs of approximately $1.41 billion.

NYSLERS	Increase in present value benefits	Increase in future contributions
Tiers 1 - 5	$0	$280 million

Tier 6	$1.41 billion	$1.13 billion
Total	$1.41 billion	$1.41 billion

In the NYSLERS, this benefit improvement will be funded by increasing the billing rates charged annually. The annual contribution required of all participating employers in the NYSLERS is approximately 0.5% of billable salary, or approximately $61 million to the State of New York and $89 million to the local participating employers in the fiscal year ending March 31, 2025. This **permanent annual cost** will vary in subsequent billing cycles with changes in the billing rate and salary of the affected members.
