37 § 5. This act shall take effect immediately.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would provide an increase in the defined benefit cost-of-living adjustment (COLA) for New York public retirement systems. Starting with a payment in September 2025, the cost-of-living benefit payable to a surviving spouse who is eligible for COLA will be increased from fifty percent to one hundred percent of the benefit that the pensioner would have received.

Insofar as this bill affects the New York State and Local Employees' Retirement System (NYSLERS), pursuant to Section 25 of the Retirement and Social Security Law, the increased costs would be borne entirely by the State of New York and would require an itemized appropriation sufficient to pay the cost of the provision. If this bill were enacted during the 2024 Legislative Session, the increase in the present value of benefits would be approximately \$1.7 billion.

In the NYSLERS, this benefit improvement will be funded by (1) billing a past service cost to cover retrospective benefit increases and (2) increasing the billing rates charged annually to cover prospective benefit increases, as follows:

(1) To fund retrospective costs, the State of New York will be required to pay \$1.82 billion (including interest) as of March 1, 2025.

(2) To fund prospective costs, the annual contribution required of all participating employers in NYSLERS is 0.03% of billable salary, or approximately \$4.4 million to the State of New York and approximately \$6.6 million to the local participating employers. This permanent annual cost will vary in subsequent billing cycles with changes in the billing rate and salary of the affected members.

Insofar as this bill affects the New York State and Local Police and Fire Retirement System (NYSLPFRS), the increased costs would be shared by the State of New York and the local participating employers in the NYSLPFRS. If this bill were enacted during the 2024 Legislative Session, the increase in the present value of benefits would be approximately \$180 million.

NYSLPFRS	Increase in present value benefits	Increase in required contributions
Tiers 1-5	\$173 million	\$86 million
Tier 6	\$7 million	\$94 million
Total	\$180 million	\$180 million

In the NYSLPFRS, this benefit improvement will be funded by increasing the billing rates charged annually to cover both retrospective and prospective benefit increases. The annual contribution required of all participating employers in NYSLPFRS is 0.4% of billable salary, or approximately \$3.4 million to the State of New York and approximately \$14 million to the local participating employers. This permanent annual cost will vary in subsequent billing cycles with changes in the billing rate and salary of the affected members.
