The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Subdivision 1 of section 601 of the retirement and social  
2 security law is amended by adding a new paragraph (e) to read as

percent of a member's annual wages if greater than the limits currently defined in Section 601 of the Retirement and Social Security Law for Tier 5 and Tier 6 Westchester County correction officers. Current limits were set at \$15,000 at the inception of each tier, with the Tier 5 limit increasing 3% annually and the Tier 6 limit increasing annually with inflation.

If this bill is enacted during the 2024 Legislative Session, we anticipate that there will be an increase of approximately \$500,000 in the annual contributions of the County of Westchester for the fiscal year ending March 31, 2025. In future years, this cost will vary as the billing rates and salary of the affected members change but is expected to average 0.8% of salary annually.

In addition to the annual contributions discussed above, there will be an immediate past service cost of approximately \$3.05 million which will be borne by the County of Westchester as a one-time payment. This estimate assumes that payment will be made on February 1, 2025. If the County of Westchester elects to amortize this cost over a 10-year period, the cost for each year including interest would be \$389,000.

These estimated costs are based on 523 affected Tier 5 and Tier 6 correction officers employed by the County of Westchester, with annual salary of approximately \$51.9 million as of March 31, 2023.
