AN ACT to amend the general municipal law, in relation to the awarding of certain purchase contracts to purchase food

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Subdivision 1 of section 103 of the general municipal law, as amended by chapter 668 of the laws of 2023, is amended to read as follows:

1. **(a)** Except as otherwise expressly provided by an act of the legislature or by a local law adopted prior to September first, nineteen hundred fifty-three, all contracts for public work involving an expenditure of more than thirty-five thousand dollars and all purchase contracts involving an expenditure of more than twenty thousand dollars, shall be awarded by the appropriate officer, board or agency of a political subdivision or of any district therein including but not limited to a soil conservation district to the lowest responsible bidder furnishing the required security after advertisement for sealed bids in the manner provided by this section[~~,~~]**;** provided, however, that purchase contracts (including contracts for service work, but excluding any purchase contracts necessary for the completion of a public works contract pursuant to article eight of the labor law) may be awarded on the basis of best value, as defined in section one hundred sixty-three of the state finance law, to a responsive and responsible bidder or offerer in the manner provided by this section except that in a poli-

tical subdivision other than a city with a population of one million inhabitants or more or any district, board or agency with jurisdiction exclusively therein the use of best value for awarding a purchase contract or purchase contracts must be authorized by local law or, in the case of a district corporation, school district or board of cooperative educational services, by rule, regulation or resolution adopted at a public meeting**; and provided, further, that food purchase contracts (including contracts for food service work, but excluding any purchase contract necessary for the completion of a public works contract pursuant to article eight of the labor law) may be awarded to an otherwise qualified bidder who fulfills one or more of the values based procurement standards pursuant to paragraph (c) of this subdivision and may be given preference over other bidders, provided, however, that the cost included in the bid is not more than ten percent greater than the cost included in a bid by the lowest responsible bidder. Provided further that pursuant to paragraph (b) of this subdivision, all bidders on food purchase contracts shall provide relevant supply chain data in its bid to the appropriate officer, board or agency. The appropriate officer, board or agency shall make such data publicly available on the entities' respective websites, excepting data not subject to disclosure pursuant to article six of the public officers law**. In any case where a responsible bidder's or responsible offerer's gross price is reducible by an allowance for the value of used machinery, equipment, apparatus or tools to be traded in by a political subdivision, the gross price shall be reduced by the amount of such allowance, for the purpose of determining the best value. In cases where two or more responsible bidders furnishing the required security submit identical bids as to price, such officer, board or agency may award the contract to any of such bidders. Such officer, board or agency may, in [~~his or her or its~~] **their** discretion, reject all bids or offers and readvertise for new bids or offers in the manner provided by this section. In determining whether a purchase is an expenditure within the discretionary threshold amounts established by this subdivision, the officer, board or agency of a political subdivision or of any district therein shall consider the reasonably expected aggregate amount of all purchases of the same commodities, services or technology to be made within the twelve-month period commencing on the date of purchase. Purchases of commodities, services or technology shall not be artificially divided for the purpose of satisfying the discretionary buying thresholds established by this subdivision. A change to or a renewal of a discretionary purchase shall not be permitted if the change or renewal would bring the reasonably expected aggregate amount of all purchases of the same commodities, services or technology from the same provider within the twelve-month period commencing on the date of the first purchase to an amount greater than the discretionary buying threshold amount. For purposes of this section, "sealed bids" and "sealed offers", as that term applies to purchase contracts, (including contracts for service work, but excluding any purchase contracts necessary for the completion of a public works contract pursuant to article eight of the labor law) shall include bids and offers submitted in an electronic format including submission of the statement of non-collusion required by section one hundred three-d of this article, provided that the governing board of the political subdivision or district, by resolution, has authorized the receipt of bids and offers in such format. Submission in electronic format may, for technology contracts only, be required as the sole method for the submission of bids and offers. Provided however, the appropriate officer, board or

agency of a city with a population of one million inhabitants or more, or any district, board or agency with jurisdiction exclusively within such city, may authorize or require bids and offers for any contract to be submitted in an electronic format. Bids and offers submitted in an electronic format shall be transmitted by bidders and offerers to the receiving device designated by the political subdivision or district. Any method used to receive electronic bids and offers shall comply with article three of the state technology law, and any rules and regulations promulgated and guidelines developed thereunder and, at a minimum, must [~~(a)~~] **(i)** document the time and date of receipt of each bid and offer received electronically; [~~(b)~~] **(ii)** authenticate the identity of the sender; [~~(c)~~] **(iii)** ensure the security of the information transmitted; and [~~(d)~~] **(iv)** ensure the confidentiality of the bid or offer until the time and date established for the opening of bids or offers. The timely submission of an electronic bid or offer in compliance with instructions provided for such submission in the advertisement for bids or offers and/or the specifications shall be the responsibility solely of each bidder or offerer or prospective bidder or offerer. No political subdivision or district therein shall incur any liability from delays of or interruptions in the receiving device designated for the submission and receipt of electronic bids and offers.

(b) (i) All supplier data, including supplier data from subcontractors, shall be submitted to the entity issuing the request for proposals at the time of bid, to the best of the bidder's ability, and updated at point of contract execution. Such data shall also be updated annually and upon any changes to supplier information. Such data required pursuant to this paragraph shall include the name and address of each supplier, distributor, processor, and producer involved in the provision of the products that the bidder will supply.

(ii) The provisions of this paragraph shall apply to all bidders' food purchase contracts and bid proposals.

(c) For the purposes of this subdivision, "values based procurement standards" shall mean procurement criteria that is based on:

(i) local economies. Preference shall be given to New York state or regional suppliers that are sourcing food products in which fifty-one percent or more of the raw agricultural materials have been grown, harvested, processed and manufactured with within the state or region (within one hundred miles for produce and two hundred miles for animal products); and

(ii) environmental sustainability. Preference shall be given to producers that adopt practices that contribute to improved soil health and increased carbon sequestration and storage, and that achieve net short-term and long-term greenhouse gas benefits. Such practices shall:

(A) achieve the reduction or elimination of synthetic pesticides and fertilizers through the use of precision agriculture, integrated pest management, and/or advanced nutrient management;

(B) avoid the use of hormones or antibiotics except for treatment of a sick animal or for disease control, where disease control is defined as use where it can be shown that a particular disease or infection is present on the premises where the animal is kept;

(C) preserve and rebuild soil quality through use of soil health practices, including but not limited to planting cover crops, adopting no-till and reduced tillage, increasing crop rotations and intercropping, and planting perennial crops, to improve the function and resilience of soils;

(D) protect and enhance wildlife habitats and biodiversity;

(E) avoid contributing to water quality impairment and deterioration of local air quality;

(F) reduce greenhouse gas emissions attributable to livestock through use of feed management, prescribed grazing, amendments for treatment of agricultural waste, and manure management; and

(G) reduce on-farm energy and water consumption, food waste and greenhouse gas emissions; or

(iii) racial equity. Preference shall be given to minority and women-owned business enterprises, as defined by article fifteen-A of the executive law, or socially disadvantaged farms. For the purposes of this subparagraph, "socially disadvantaged" shall mean individuals who have been subject to discrimination by virtue of their membership of a particular group which may include, but is not limited to, Black or African American, American Indian or Alaska Native, Hispanic or Latino, and Asian or Pacific Islander; or

(iv) valued workforce. Preference shall be given to suppliers who respect and protect workers' rights, regardless of immigration status, to organize a union, to affiliate with worker centers and alternative forms of worker representation and to bargain collectively free from retaliation and interference; as evidenced by agreeing to enter into a labor peace agreement with a bona fide labor union; having worker-led workplace health and safety committees; or being a worker-owned cooperative; or

(v) valued agricultural sector. Preference shall be given to suppliers who pay farmers a fair price, using United States department of agriculture pricing standards, for the products they supply that covers their actual cost of production; and to suppliers who pay fair remuneration to farmers for their management and labor; or

(vi) animal welfare. Preference shall be given to producers who provide more humane care for farmed animals by providing enough space and environmental enrichments to allow animals to carry out their natural behaviors, using pain control as needed when carrying out physical alterations, utilizing responsible, therapeutic antibiotic use, and requiring humane handling and slaughter, as demonstrated by enrollment in an independent United States department of agriculture recognized animal welfare certification program with regular, third-party on-farm audits assessing a producer's compliance with one hundred percent of the program's welfare standards; or

(vii) nutrition. Preference shall be given to foods that promote health and well being, comprised of namely whole grains, fresh and minimally-processed fruits and vegetables, essential fats (including nuts, seeds and fish), and whole plant-based and lean proteins so as to decrease sodium, added sugars, artificial additives, and saturated, hydrogenated, and trans fats.

§ 2. Subdivision 1 of section 103 of the general municipal law, as amended by section 2 of chapter 2 of the laws of 2012, is amended to read as follows:

1. (a) Except as otherwise expressly provided by an act of the legislature or by a local law adopted prior to September first, nineteen hundred fifty-three, all contracts for public work involving an expenditure of more than thirty-five thousand dollars and all purchase contracts involving an expenditure of more than twenty thousand dollars, shall be awarded by the appropriate officer, board or agency of a political subdivision or of any district therein including but not limited to a soil conservation district to the lowest responsible bidder furnishing the required security after advertisement for sealed bids in

the manner provided by this section[~~,~~]; provided, however, that purchase contracts (including contracts for service work, but excluding any purchase contracts necessary for the completion of a public works contract pursuant to article eight of the labor law) may be awarded on the basis of best value, as defined in section one hundred sixty-three of the state finance law, to a responsive and responsible bidder or offerer in the manner provided by this section except that in a political subdivision other than a city with a population of one million inhabitants or more or any district, board or agency with jurisdiction exclusively therein the use of best value of awarding a purchase contract or purchase contracts must be authorized by local law or, in the case of a district corporation, school district or board of cooperative educational services, by rule, regulation or resolution adopted at a public meeting**; and provided, further, that food purchase contracts (including contracts for service work, but excluding any purchase contract necessary for the completion of a public works contract pursuant to article eight of the labor law) may be awarded to an otherwise qualified bidder who fulfills one or more of the values based procurement standards pursuant to paragraph (c) of this subdivision and may be given preference over other bidders, provided, however, that the cost included in the bid is not more than ten percent greater than the cost included in a bid by the lowest responsible bidder.
