1 that would alter the hard or soft tissue of the oral and maxillofacial  
2 area or any other procedures determined by the department. The practice  
3 of registered dental assisting may be conducted in the office of any  
4 licensed dentist or in any appropriately equipped school or public  
5 institution but must be done under the direct personal supervision of a  
6 licensed dentist. Direct personal supervision, for purposes of this  
7 section, means supervision of dental procedures based on instructions  
8 given by a licensed dentist in the course of a procedure who remains in  
9 the dental office where the supportive services are being performed,  
10 personally diagnoses the condition to be treated, personally authorizes  
11 the procedures, and before dismissal of the patient, who remains the  
12 responsibility of the licensed dentist, evaluates the services performed  
13 by the registered dental assistant. Nothing herein authorizes a regis-  
14 tered dental assistant to perform any of the services or functions  
15 defined as part of the practice of dental hygiene in accordance with the  
16 provisions of subdivision one of section sixty-six hundred six of this  
17 article, except those functions authorized pursuant to this section. All  
18 dental supportive services provided in this section may be performed by  
19 currently registered dental hygienists either under a dentist's super-  
20 vision, as defined in regulations of the commissioner, or, in the case  
21 of a registered dental hygienist working for a hospital as defined in  
22 article twenty-eight of the public health law, pursuant to a collabora-  
23 tive arrangement with a licensed dentist in accordance with subdivision  
24 one of section sixty-six hundred six of this article. Such collaborative  
25 arrangement shall not obviate or supersede any law or regulation which  
26 requires identified services to be performed under the personal super-  
27 vision of a dentist.

28 § 2. Subdivision 2 of section 6902 of the education law, as amended by

34 the direction of a registered professional nurse or licensed physician,
