(1) A city or town may provide financial assistance for the purchase of a first home to a first-time homebuyer who is a resident of the city or town or who is employed in the city or town. (2) Such financial assistance shall not exceed fifty percent of the purchase price of the home.

(4) For the purposes of calculating city or town real property tax liability for such property, only, the dollar amount of any financial assistance for the purchase of a first home made by the city or town pursuant to this section shall be subtracted from the full equalized assessed value of such property.

(5) All revenues received by the city or town from the repayment of a loan shall be deposited in the fund.

(g) the provision of housing counseling services by not-for-profit corporations who are authorized by the United States department of housing and urban development to provide such services.

4. Fund management. Interest accrued by monies deposited into the fund shall be credited to the fund. In no event shall monies deposited into the fund be transferred to any other account. Nothing contained in this section shall be construed to prevent the financing in whole or in part, pursuant to the local finance law, of any purpose authorized pursuant to this section. Monies from the fund may be utilized to repay indebtedness or obligations incurred pursuant to the local finance law consistent with effectuating the purposes of this section.

5. Eligible expenses. For the purposes of this section, eligible expenses relating to the production of community housing and the rehabilitation of existing buildings and structures under the fund shall include but not be limited to land acquisition, planning, engineering, construction costs, and other hard and soft costs directly related to the construction, rehabilitation, purchase or rental of housing pursuant to this section. All revenues received by the city or town from the sale or rental of community housing, or the repayment of loans shall be deposited in the fund.

6. Advisory board established. The governing body of any city or town which has established a community housing fund pursuant to this section shall create an advisory board to review and make recommendations regarding the town's community housing plan required by subdivision seven of this section. Such board shall consist of not less than seven nor more than fifteen legal residents of the municipality who shall serve without compensation. No member of the local legislative body shall serve on the board. The board shall include a representative of: (a) the construction industry; (b) the real estate industry; (c) the banking industry; and three representatives of local housing advocacy or human services organizations. Where a village or villages, located within a town, elect to participate in the fund, as provided in subdivision eight of this section, the board shall include at least one resident of a participating village or villages. Where an Indian nation is located

within the boundaries of a city or town, the board shall include at least one member from such nation. The board shall act in an advisory capacity to the governing body.

7. Adoption of housing plan. (a) Before a city or town may expend any funds pursuant to this section, the governing body shall first adopt a housing plan which establishes an implementation plan for the provision of community housing opportunities by the fund. Said plan shall be adopted by local law. Such plan shall adhere to the following principles:

(1) Public investment. To account for and minimize social, economic, and environmental costs of new development, including infrastructure costs such as transportation, sewers, and wastewater treatment, water, schools, recreation, and loss of open space and agricultural land;

(2) Development. To encourage development in areas where transportation, water, and sewage infrastructure are available or practical;

(3) Conservation. To protect, preserve, and enhance the state's resources, including agricultural land, forests, surface waters, groundwater, recreation and open space, scenic areas, and significant historic and archeological sites;

(4) Coordination. To promote coordination of state and local government decisions and cooperation among communities to work toward the most efficient, planned and cost-effective delivery of government services by, among other means, facilitating cooperative agreements among adjacent communities, and to coordinate planning to ensure compatibility of one's community development with development of neighboring communities;

(5) Community design. To strengthen communities through development and redevelopment strategies that include integration of all income and age groups, mixed land uses, and compact development, traditional neighborhood development, planned unit development, open space districts, downtown revitalization, brownfield redevelopment, enhanced beauty in public spaces, and diverse and community housing in close proximity to places of employment, recreation, and commercial development;

(7) Consistency. To ensure predictability in building and land use codes; and

(8) Community collaboration. To provide for and encourage local governments to develop, through a collaborative community-based effort, plans that include long term land use and permit predictability and coordination, efficient decision making and planning implementation.

(b) Such plan may include the establishment of a map or maps that delineate the housing implementation recommendations proposed by the town.

(c) Such plan shall be updated at least once every five years.

(d) The housing plan shall be an element of the city or town comprehensive plan.

(e) Such plan shall ensure that all community housing, created pursuant to this section, remains affordable. Subsequent purchasers of such community housing, at the time of purchase, shall be eligible individuals as defined herein.

(f) Such plan shall provide for the equitable distribution of community housing opportunities among all the communities of the town. The plan shall ensure that no community has an undue concentration of community housing opportunities that would substantially alter the character of

the community. In determining equitable distribution of community housing opportunities, existing community housing opportunities in a community shall be considered.

8. Village participation. (a) The participation of any village, where there is a town community housing fund, in the production of community housing authorized by this section, shall be at the option of the village. In order to participate, a village shall pass a resolution opting into the program and shall submit said resolution to the town board.

(b) Where a village opts to participate pursuant to this subdivision, an intergovernmental agreement shall be executed pursuant to article five-G of the general municipal law or other applicable legal authority, in order to establish the rights and responsibilities of each government regarding community housing opportunities.

(c) Regardless of whether a village participates in the program authorized by this section, properties in the village shall be subject to the supplemental real estate transfer tax authorized by section fourteen hundred forty-nine-bb of the tax law.

§ 1576. Imposition of tax. 1. Notwithstanding any other provisions of law to the contrary, any city or town, acting through its local governing body, is hereby authorized and empowered to adopt a local law imposing in such city or town a tax on each conveyance of real property or interest therein where the consideration exceeds five hundred dollars, at a rate of up to two percent of the consideration for such conveyance. Provided, however, any such local law imposing, repealing or reimposing such tax shall be subject to a mandatory referendum pursuant to section twenty-three of the municipal home rule law. Such local law shall only be submitted for the approval of the electors at a general election. Notwithstanding the foregoing, prior to adoption of such local law, the city or town must establish a community preservation fund. Revenues from such tax shall be deposited in such fund and may be used solely for the purposes of such fund. Such local law shall apply to any conveyance occurring on or after the first day of a month to be designated by such local governing body, which is not less than sixty days after the enactment of such local law, but shall not apply to conveyances made on or after such date pursuant to binding written contracts entered into prior to such date, provided that the date of execution of such contract is confirmed by independent evidence such as the recording of the contract,

payment of a deposit or other facts and circumstances as determined by the treasurer.

2. Notwithstanding any other provisions of law to the contrary, in addition to the tax authorized by subdivision one of this section, any city or town, acting through its governing body, is hereby authorized and empowered to adopt a local law imposing in such city or town a supplemental tax on each conveyance of real property or interest therein where the consideration exceeds five hundred dollars, at the rate of up to one half of one percent of the consideration for such conveyance. Provided, however, any such local law imposing, repealing or re-imposing such supplemental tax shall be subject to a mandatory referendum pursuant to section twenty-three of the municipal home rule law. Notwithstanding the foregoing, prior to adoption of such local law, the town must establish a community housing fund pursuant to section six-w of the general municipal law. Revenues from such supplemental tax shall be deposited in such community housing fund and may be used solely for the purposes of such community housing fund. Such local law shall apply to any conveyance occurring on or after the first day of a month to be designated by the governing board, which is not less than sixty days after the enactment of such local law, but shall not apply to conveyances made on or after such date pursuant to binding written contracts entered into prior to such date, provided that the date of execution of such contract is confirmed by independent evidence such as the recording of the contract, payment of a deposit or other facts and circumstances as determined by the treasurer. Any tax imposed pursuant to this subdivision shall be administered and collected in a like manner as the tax imposed by subdivision one of this section.

§ 1577. Payment of tax. 1. The real estate transfer tax imposed pursuant to this article shall be paid to the treasurer or the recording officer acting as the agent of the treasurer upon designation as such agent by the treasurer. Such tax shall be paid at the same time as the real estate transfer tax imposed by article thirty-one of this chapter is required to be paid. Such treasurer or recording officer shall endorse upon each deed or instrument effecting a conveyance a receipt for the amount of the tax so paid.

2. A return shall be required to be filed with such treasurer or recording officer for purposes of the real estate transfer tax imposed pursuant to this article at the same time as a return is required to be filed for purposes of the real estate transfer tax imposed by article thirty-one of this chapter. The treasurer shall prescribe the form of return, the information which it shall contain, and the documentation that shall accompany the return. Said form shall be identical to the real estate transfer tax return required to be filed pursuant to section fourteen hundred nine of this chapter, except that the treasurer shall adapt said form to reflect the provisions in this chapter that are inconsistent, different, or in addition to the provisions of article thirty-one of this chapter. The real estate transfer tax returns required to be filed pursuant to this section shall be preserved for three years and thereafter until such treasurer or recording officer orders them to be destroyed.

3. The recording officer shall not record an instrument effecting a conveyance unless the return required by this section has been filed and the tax imposed pursuant to this article shall have been paid as required in this section.

§ 1578. Liability for tax. 1. The real estate transfer tax shall be paid by the grantee. If the grantee has failed to pay the tax imposed

pursuant to this article or if the grantee is exempt from such tax, the grantor shall have the duty to pay the tax. Where the grantor has the duty to pay the tax because the grantee has failed to pay the tax, such tax shall be the joint and several liability of the grantee and the grantor.

2. For the purpose of the proper administration of this article and to prevent evasion of the tax hereby imposed, it shall be presumed that all conveyances are taxable. Where the consideration includes property other than money, it shall be presumed that the consideration is the fair market value of the real property or interest therein. These presumptions shall prevail until the contrary is proven, and the burden of proving the contrary shall be on the person liable for payment of the tax.

§ 1579. Exemptions. 1. The following shall be exempt from the payment of the real estate transfer tax: (a) the state of New York, or any of its agencies, instrumentalities, political subdivisions, or public corporations (including a public corporation created pursuant to an agreement or compact with another state or Dominion of Canada); and

(b) the United Nations, the United States of America or any of its agencies or instrumentalities.

2. The tax shall not apply to any of the following conveyances: (a) conveyances to the United Nations, the United States of America, the state of New York, or any of their instrumentalities, agencies or political subdivisions (or any public corporation, including a public corporation created pursuant to agreement or compact with another state or the Dominion of Canada); (b) conveyances which are or were used to secure a debt or other obligation; (c) conveyances which, without additional consideration, confirm, correct, modify or supplement a deed previously recorded; (d) conveyances of real property without consideration and otherwise than in connection with a sale, including deeds conveying realty as bona fide gifts; (e) conveyances given in connection with a tax sale; (f) conveyances to effectuate a mere change of identity or form of ownership or organization where there is no change in beneficial ownership, other than conveyances to a cooperative housing corporation of the real property comprising the cooperative dwelling or dwellings; (g) conveyances which consist of a deed of partition; (h) conveyances given pursuant to the federal bankruptcy act; (i) conveyances of real property which consist of the execution of a contract to sell real property without the use or occupancy of such property or the granting of an option to purchase real property without the use or occupancy of such property; (j) conveyances of real property, where the entire parcel of real property to be conveyed is the subject of one or more of the following development restrictions: (1) agricultural, conservation, scenic, or an open space easement, (2) covenants or restrictions prohibiting development, (3) a purchase of development rights agreement, (4) a transfer of development rights agreement, where the property being conveyed has had its development rights removed, (5) said real property is subject to the development restriction of an agricultural district or individual commitment, pursuant to article twenty-five-AA of the agriculture and markets law, (6) real property subject to any locally adopted land preservation agreement, provided said exemption is included in the local law imposing the tax authorized by this article; (k) conveyances of real property, where the property is viable agricultural land as defined in subdivision seven of section three hundred one of the agriculture and markets law and the entire property to be conveyed is to be made subject to one of the development

restrictions provided for in subparagraph two of paragraph (j) of this subdivision provided that said development restriction precludes the conversion of the property to a non-agricultural use for at least three years from the date of transfer, and said development restriction is evidenced by an easement, agreement, or other suitable instrument which is to be conveyed to the city or town simultaneously with the conveyance of the real property; or (l) conveyances of real property for open space, parks, community housing, or historic preservation purposes to any not-for-profit tax exempt corporation operated for conservation, environmental, community housing or historic preservation purposes.

3. The governing body of a city or town, by local law may establish a community housing exemption. Such exemption may not exceed an amount equal to the residential median sale price of the county in which the city or town is located, as determined by the office of real property services within the department of taxation and finance. Such exemption shall be allowed on the consideration of the conveyance of improved real property or an interest therein. The exemption granted pursuant to the provisions of this subdivision shall only apply to conveyances for residential property where the consideration is two million dollars or less.

§ 1580. Credit. A grantee shall be allowed a credit against the tax due on a conveyance of real property to the extent tax was paid by such grantee on a prior creation of a leasehold of all or a portion of the same real property or on the granting of an option or contract to purchase all or a portion of the same real property by such grantee. Such credit shall be computed by multiplying the tax paid on the creation of the leasehold or on the granting of the option or contract by a fraction, the numerator of which is the value of the consideration used to compute such tax paid which is not yet due to such grantor on the date of the subsequent conveyance (and which such grantor will not be entitled to receive after such date), and the denominator of which is the total value of the consideration used to compute such tax paid.

§ 1581. Cooperative housing corporation transfers. 1. Notwithstanding the definition of "controlling interest" contained in subdivision two of section fifteen hundred seventy-five of this article or anything to the contrary contained in subdivision five of section fifteen hundred seventy-five of this article, the tax imposed pursuant to this article shall apply to (a) the original conveyance of shares of stock in a cooperative housing corporation in connection with the grant or transfer of a proprietary leasehold by the cooperative corporation or cooperative plan sponsor, and (b) the subsequent conveyance of such stock in a cooperative housing corporation in connection with the grant or transfer of a proprietary leasehold by the owner thereof. With respect to any such subsequent conveyance where the property is an individual residential unit, the consideration for the interest conveyed shall exclude the value of any liens on certificates of stock or other evidences of an ownership interest in and a proprietary lease from a corporation or partnership formed for the purpose of cooperative ownership of residential interest in real estate remaining thereon at the time of conveyance. In determining the tax on a conveyance described in paragraph (a) of this subdivision, a credit shall be allowed for a proportionate part of the amount of any tax paid upon the conveyance to the cooperative housing corporation of the real property comprising the cooperative dwelling or dwellings to the extent that such conveyance effectuated a mere change of identity or form of ownership of such property and not a change in the beneficial ownership of such property. The amount of the credit shall be determined by multiplying the amount of tax paid upon

the conveyance to the cooperative housing corporation by a percentage representing the extent to which such conveyance effectuated a mere change of identity or form of ownership and not a change in the beneficial ownership of such property, and then multiplying the resulting product by a fraction, the numerator of which shall be the number of shares of stock conveyed in a transaction described in paragraph (a) of this subdivision, and the denominator of which shall be the total number of shares of stock of the cooperative housing corporation (including any stock held by the corporation). In no event, however, shall such credit reduce the tax, on a conveyance described in paragraph (a) of this subdivision, below zero, nor shall any such credit be allowed for a tax paid more than twenty-four months prior to the date on which occurs the first in a series of conveyances of shares of stock in an offering of cooperative housing corporation shares described in paragraph (a) of this subdivision.

2. Every cooperative housing corporation shall be required to file an information return with the treasurer by July fifteenth of each year covering the preceding period of January first through June thirtieth and by January fifteenth of each year covering the preceding period of July first through December thirty-first. The return shall contain such information regarding the conveyance of shares of stock in the cooperative housing corporation as the treasurer may deem necessary, including, but not limited to, the names, addresses and employee identification numbers or social security numbers of the grantor and the grantee, the number of shares conveyed, the date of the conveyance and the consideration paid for such conveyance.

§ 1582. Designation of agents. The treasurer is authorized to designate the recording officer to act as his or her agent for purposes of collecting the tax authorized by this article. The treasurer shall provide for the manner in which such person may be designated as his or her agent subject to such terms and conditions as the treasurer shall prescribe. The real estate transfer tax shall be paid to such agent as provided in section fifteen hundred seventy-seven of this article.

§ 1583. Liability of recording officer. A recording officer shall not be liable for any inaccuracy in the amount of tax imposed pursuant to this article that he or she shall collect so long as he or she shall compute and collect such tax on the amount of consideration or the value of the interest conveyed as such amounts are provided to him or her by the person paying the tax.

§ 1584. Deposit and disposition of revenue. 1. All taxes, penalties and interest imposed by the city or town under the authority of section fifteen hundred seventy-six of this article, which are collected by the treasurer or his or her agents, shall be deposited in trust funds as provided by this section for the city or town and shall be kept in trust and separate and apart from all other monies in possession of the treasurer. The treasurer or his or her agents shall provide for separate trust funds for community preservation and community housing revenues. Moneys in such fund shall be deposited and secured in the manner provided by section ten of the general municipal law. Pending expenditure from such fund, moneys therein may be invested in the manner provided in section eleven of the general municipal law. Any interest earned or capital gain realized on the moneys so deposited or invested shall accrue to and become part of such fund.

2. The treasurer shall retain such amount as he or she may determine to be necessary for refunds with respect to the tax imposed by the city or town, under the authority of section fifteen hundred seventy-six of

this article, out of which the treasurer shall pay any refunds of such taxes to those taxpayers entitled to a refund pursuant to the provisions of this article.

3. The treasurer, after reserving such refunds, shall on or before the twelfth day of each month pay to the city comptroller or the town supervisor the taxes, penalties and interest imposed by the town under the authority of section fifteen hundred seventy-six of this article, collected by the treasurer, pursuant to this article during the next preceding calendar month. The amount so payable shall be certified to the city comptroller or the town supervisor by the treasurer, who shall not be held liable for any inaccuracy in such certification. Provided, however, any such certification may be based on such information as may be available to the treasurer at the time such certification must be made under this section. Where the amount so paid over to the city or town in any such distribution is more or less than the amount due to the city or town, the amount of the overpayment or underpayment shall be certified to the city comptroller or the town supervisor by the treasurer, who shall not be held liable for any inaccuracy in such certification. The amount of the overpayment or underpayment shall be so certified to the city comptroller or the town supervisor as soon after the discovery of the overpayment or underpayment as reasonably possible and subsequent payments and distributions by the treasurer to such city or town shall be adjusted by subtracting the amount of any such overpayment from or by adding the amount of any such underpayment to such number of subsequent payments and distributions as the treasurer and city comptroller or town supervisor shall consider reasonable in view of the overpayment or underpayment and all other facts and circumstances.

4. All monies received from the treasurer shall be deposited in the appropriate fund of the city or town, pursuant to section six-w of the general municipal law.

§ 1585. Judicial review. 1.
