CENSUS DATA: The estimates presented herein are based on preliminary census data collected as of June 30, 2023. The census data for the impacted population is summarized below.

Active Members		NYCERS
- Number Count:		54
- Average Age:		46.3
- Average Service:		13.1
- Average Salary:		79,400

BACKGROUND: Currently, Tier 4 or Tier 6 NYCERS members who exceed age 30 upon being mandated into a Dispatcher 25-Year Plan, have the option to irrevocably opt out of the plan within 180 days. Members who opt out of the plan are generally placed into one of the Tier 4 or Tier 6 underlying plans.

Under the proposed legislation, such members who failed to opt out of the Dispatcher 25-Year Plan in the original 180 days would have another 180-day period in which to opt out of the Plan.

For the purposes of this Fiscal Note, it is assumed that members who opt out of the Dispatcher 25-Year Plan under the proposed legislation would be entitled to an immediate refund of excess Additional Member Contributions (AMC), with interest.

ASSUMPTIONS AND METHODS: The estimates presented herein have been calculated based on the actuarial assumptions and methods to be used for the Preliminary Fiscal Year 2025 employer contributions of the impacted retirement systems.

To determine the impact of the elective nature of the proposed legislation, a subgroup of members was developed based on who is assumed to benefit actuarially by comparing the net present value of future employer costs of each member's benefit under their current plan and under their applicable underlying plan.

RISK AND UNCERTAINTY: The costs presented in this Fiscal Note depend highly on the actuarial assumptions, methods, and models used, demographics of the impacted population, and other factors such as investment, contribution, and other risks. If actual experience deviates from actuarial assumptions, the actual costs could differ from those presented herein. Quantifying these risks is beyond the scope of this Fiscal Note.

This Fiscal Note is intended to measure pension-related impacts and does not include other potential costs (e.g., administrative and Other Postemployment Benefits).

STATEMENT OF ACTUARIAL OPINION: Marek Tyszkiewicz and Gregory Zelikovsky are members of the Society of Actuaries and the American Academy of Actuaries. We are members of NYCERS but do not believe it impairs our objectivity and we meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion contained herein. To the best of our knowledge, the results contained herein have been prepared in accordance with generally accepted actuarial principles and procedures and with the Actuarial Standards of Practice issued by the Actuarial Standards Board.

FISCAL NOTE IDENTIFICATION: This Fiscal Note 2024-09 dated January 25, 2024 was prepared by the Chief Actuary for the New York City Retirement

Systems and Pension Funds. This estimate is intended for use only during the 2024 Legislative Session.
