STATE OF NEW YORK

8265

2023-2024 Regular Sessions

IN ASSEMBLY

November 15, 2023

Introduced by M. of A. PAULIN -- read once and referred to the Committee on Transportation

AN ACT to amend the highway law, in relation to when surveys may be required for fiber optics by the department of transportation; and to amend the New York state urban development corporation act, in relation to the powers and duties of the division of broadband access

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Section 10 of the highway law is amended by adding a new 2 subdivision 24-e to read as follows:

3 24-e. The commissioner shall not require a survey from any fiber optic 4 utility for permitting or continuance of the use and occupancy of a 5 state right of way for the purposes of installing, modifying, relocatб ing, repairing, operating, or maintaining fiber optic facilities where a 7 survey of the state right of way has already been conducted for, 8 received by, or is otherwise accessible to, the state department of 9 transportation provided there have been no material changes to the right 10 of way since such survey, or when such use and occupancy of the state right of way is utilizing existing infrastructure sited in the same 11 12 location as the existing facilities, including but not limited to aerial 13 pole attachments and underground conduits. Notwithstanding the require-14 ments of this section or any other law, the commissioner may not require 15 any such survey of the state right of way for any fiber optic deployment project receiving funding from the division of broadband access estab-16 lished pursuant to section 16-gg of section 1 of chapter 174 of the laws 17 18 of 1968, as added by section 2 of part MMM of chapter 58 of the laws of 19 2022.

20 § 2. Subdivision 4, paragraph (f) of subdivision 6, and paragraph (b) 21 of subdivision 13 of section 16-gg of section 1 of chapter 174 of the 22 laws of 1968, constituting the New York state urban development corpo-

ration act, as added by section 2 of part MMM of chapter 58 of the laws 1 2 of 2022, are amended to read as follows: 3 4. Powers and duties of the division of broadband [development] access. The division shall have the power and duty to: 4 5 (a) Coordinate the activities of all state agencies performing funcб tions affecting access to high-speed, reliable, and affordable broad-7 band. 8 (b) Conduct research and analyses of matters affecting access to high-9 speed, reliable, and affordable broadband. 10 (c) Advise and make recommendations to the commissioner on matters 11 affecting access to high-speed, reliable, and affordable broadband. 12 (d) Provide advisory assistance to municipalities, state and local 13 authorities, and other entities to expand access to high-speed, reliable, and affordable broadband. 14 15 (e) Establish and implement programs, including grant programs, to expand access to high-speed, reliable, and affordable broadband, includ-16 17 ing but not limited to: programs to improve broadband access at unserved and underserved locations; programs to deploy broadband infrastructure 18 owned or managed by municipalities, state and local authorities, enti-19 20 ties established pursuant to section 99-y of the general municipal law, 21 not-for-profit entities; programs to deploy innovative broadband or 22 technologies and means to improve broadband access; including in low-in-23 come areas; programs to improve digital equity, digital inclusion, and 24 digital literacy. 25 Take additional actions the division deems necessary to expand (f) 26 access to high-speed, reliable, and affordable broadband. 27 (g) Campaign to increase awareness of and enrollment in state or 28 federal internet subsidy programs. (h) Work with the state education department and internet service 29 30 providers to ensure schools, libraries and other locations with public 31 and communal internet have access to reliable high-speed broadband, and 32 to assist school districts in ensuring availability of affordable broad-33 band services to students for remote learning. 34 (f) The committee shall: (i) advise the director in carrying out the functions, powers 35 and 36 duties of the division, as set forth in this article. 37 (ii) advise the director, the governor, and the legislature concerning 38 policy changes necessary to promote expansion and development of access 39 to high-speed, reliable, and affordable broadband. 40 (iii) advise the director, the governor, and the legislature concern-41 ing existing policies of state agencies which may be counter-productive 42 or inimical to promote expansion and deployment of high-speed, reliable, 43 and affordable broadband. (iv) advise the director, the governor, and the legislature concerning 44 45 the development of inter-governmental cooperation among agencies of the federal, state, and local governments and cooperation between private 46 47 industry and government so as to promote expansion, deployment and 48 continued provision of high-speed, reliable, and affordable broadband. 49 (v) advise the director, the governor, and the legislature on issues 50 related to fostering consumer choice, increasing competition in the 51 broadband industry, and promoting open-access infrastructure. 52 (vi) advise the director, in consultation with the division of broad-53 band access, on potential guidelines or regulations for implementation 54 of broadband-related programs.

(vii) advise the director, the governor, and the legislature on poli-1 cies related to the deployment of wireless and cellular services, 2 including deployment of small cell networks for access to 5G services. 3 (viii) advise the director on policies to reduce regulatory obstacles 4 5 and streamline regulations to promote access to high-speed, reliable, б and affordable broadband. 7 (ix) advise the director on policies to maximize access to high-speed, 8 reliable, and affordable broadband in affordable housing projects. 9 (x) advise the director on policies relevant to ensuring that senior 10 citizens have access to high-speed, reliable, and affordable broadband. 11 (xi) make periodic recommendations [as to updates to] using the 12 [broadband report] findings of the reports required by the Comprehensive 13 Broadband Connectivity Act. 14 (b) every six months, beginning twelve months after the first 15 disbursement to a grant awardee under any program established under this 16 section, until such a time that all funds associated with all programs 17 established under this section have been fully expended, submit a report to the governor, the temporary president of the senate, and the speaker 18 of the assembly setting forth the activities undertaken by the program. 19 20 Such reports shall include, but need not be limited to, the details of 21 the grants and recipients, locations of the projects, and such other 22 information as the division deems necessary and appropriate [, to the extent that the production such reporting is not duplicative of federal 23 reporting requirements associated with broadband expansion in New York 24 25 state under the Infrastructure Investment and Jobs Act or American 26 **Rescue Plan Act**]. The division shall maintain, and regularly update, a 27 database of all grants awarded by the division along with information on 28 the awardees, amount of the award, project for which an award was made, and progress on completion of a project. Such database shall be 29 30 published and made available on the department's website in a downloada-31 ble and searchable format. Such reports shall be included on the depart-32 ment's website and any other publicly accessible state database that 33 list economic development programs as determined by the director. 34 § 3. This act shall take effect immediately.
