March 6, 2024

Introduced by M. of A. PHEFFER AMATO -- read once and referred to the  
Committee on Governmental Employees

AN ACT to amend the general municipal law, in relation to disabilities  
of deputy sheriffs in certain cities

The People of the State of New York, represented in Senate and Assem-  
bly, do enact as follows:

1 Section 1. The general municipal law is amended by adding a new  
2 section 207-r to read as follows:

3 § 207-r. Disabilities of deputy sheriff members of a retirement system  
4 in certain cities. 1. Notwithstanding the provisions of any general,  
5 special or local law or administrative code to the contrary, but except  
6 for the purposes of the workers' compensation law and the labor law, any  
7 condition of impairment of health caused by diseases of the heart,  
8 resulting in total or partial disability or death to a paid employee  
9 performing the duties of a deputy sheriff in the sheriff's department of  
10 a city of one million or more, where such employee is drawn from compet-  
11 itive civil service lists, who successfully passed a physical examina-  
12 tion on entry into the service of such department, which examination  
13 failed to reveal any evidence of such condition, shall be presumptive  
14 evidence that it was incurred in the performance and discharge of duty,  
15 unless the contrary be proved by competent evidence.

16 2. Notwithstanding any other provision of law, a deputy sheriff member  
17 retiring pursuant to the provisions of subdivision one of this section  
18 shall receive a pension equal to three-fourths of such member's final  
19 average salary.

20 § 2. This act shall take effect immediately.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

SUMMARY: The proposed legislation would provide certain Deputy Sheriff  
members or retirees (within five years of their respective retirement  
date) of the New York City Employees' Retirement System (NYCERS) a  
rebuttable statutory presumption that a qualifying partial or total  
disability or death related to a heart disease was incurred in the  
performance of duty.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets  
[-] is old law to be omitted.

CENSUS DATA: The estimates presented herein are based on preliminary census data collected as of June 30, 2023. The census data for the impacted population is summarized below.

## Active Members

- Number Count:	150
- Average Age:	42.3
- Average Service:	11.2
- Average Salary:	81,500

IMPACT ON MEMBER BENEFITS: Currently, a New York City Deputy Sheriff who becomes disabled due to a heart disease would be eligible for an applicable ordinary disability retirement, generally a lifetime payment of 1/3 of salary. The ordinary death benefit is a lump sum payment generally equal to three times the member's salary.

Under the proposed legislation, the performance of duty disability benefit for NYCERS Deputy Sheriff members who are disabled from a heart disease would be equal to:

- \* 75% of Final Average Salary (FAS), where
- \* FAS is defined as 3-Year FAS for Tier 4 and 5-Year FAS for Tier 6, without
- \* an explicit Workers' Compensation offset.

Under the proposed legislation, the performance of duty death benefit would generally be equal to a lifetime benefit of 50% of a member's wages earned during the last year of service, plus, if applicable, the Special Accidental Death Benefit (SADB) payable under General Municipal Law section 208-f.

SADB for Deputy Sheriffs was enacted by Chapter 720 of the Laws of 2023 and all accidental deaths are assumed to qualify for SADB.

ASSUMPTIONS AND METHODS: The estimates presented herein have been calculated based on the Revised 2021 Actuarial Assumptions and Methods of the impacted retirement systems.

The number of members and eligible retirees who will benefit in the future from this fiscal note is unknown. The cost of this proposed legislation could vary greatly depending on the number of future members who benefit and on their length of service, age, and salary history. In particular, the increase would be greater for a member who is not yet eligible for an ODR benefit when the disabling heart disease is diagnosed.

The estimated financial impact for disabled members has been calculated assuming 50% would have retired under an Ordinary Disability benefit, and 50% would have continued working if the proposed legislation were not passed.

RISK AND UNCERTAINTY: The costs presented in this Fiscal Note depend highly on the actuarial assumptions, methods, and models used, demographics of the impacted population and other factors such as investment, contribution, and other risks. If actual experience deviates from actuarial assumptions, the actual costs could differ from those presented herein. Quantifying these risks is beyond the scope of this Fiscal Note.

This Fiscal Note is intended to measure pension-related impacts and does not include other potential costs (e.g., administrative and Other Postemployment Benefits).

STATEMENT OF ACTUARIAL OPINION: Marek Tyszkiewicz and Gregory Zelikovsky are members of the Society of Actuaries and the American Academy of Actuaries. We are members of NYCERS but do not believe it impairs our objectivity and we meet the Qualification Standards of the American Academy of Actuaries to render the actuarial opinion contained herein. To the best of our knowledge, the results contained herein have been prepared in accordance with generally accepted actuarial principles and

procedures and with the Actuarial Standards of Practice issued by the Actuarial Standards Board.

FISCAL NOTE IDENTIFICATION: This Fiscal Note 2024-12 dated February 7, 2024 was prepared by the Chief Actuary for the New York City Retirement Systems and Pension Funds. This estimate is intended for use only during the 2024 Legislative Session.
