STATE OF NEW YORK

9856

IN ASSEMBLY

April 24, 2024

Introduced by M. of A. EPSTEIN -- read once and referred to the Committee on Energy

AN ACT to amend the public authorities law, in relation to requiring at least one electric charging station for every ten thousand New York state residents

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Subdivision 9-a of section 1005 of the public authorities law, as added by section 1 of part KK of chapter 58 of the laws of 2019, is amended to read as follows:

9-a. [~~As deemed feasible and advisable by the trustees, to~~] To design, finance, develop, construct, install, lease, operate and maintain electric vehicle charging stations throughout the state for use by the public, with at least one level three fast charging station for every ten thousand New York state residents. The construction and development of such electric vehicle charging stations shall comply with the provisions of article eight of the labor law, including the payment of a wage of not less than the prevailing wage in the locality where such electric vehicle charging station is located. The authority shall annually post on their website a report on those activities undertaken pursuant to this subdivision, including but not limited to: the total number of electric vehicle charging stations in operation pursuant to such authorization, the locations of such charging stations, and the total costs to the authority associated with such activities.

§ 2. This act shall take effect immediately.

EXPLANATION--Matter in *italics* (underscored) is new; matter in brackets [-] is old law to be omitted.
