

STATE OF NEW YORK

9933

IN ASSEMBLY

April 26, 2024

Introduced by M. of A. PHEFFER AMATO -- read once and referred to the
Committee on Governmental Employees

AN ACT to amend the retirement and social security law, in relation to
allowing paid firefighters to receive disability benefits for
endocrine/thyroid cancer

The People of the State of New York, represented in Senate and Assem-
bly, do enact as follows:

1 Section 1. Section 363-d of the retirement and social security law, as
2 amended by chapter 531 of the laws of 2003, is amended to read as
3 follows:

4 § 363-d. Certain impairments of health; presumption. Notwithstanding
5 any other provisions of this chapter to the contrary, any (i) melanoma
6 or (ii) condition of cancer affecting the lymphatic, digestive, hemato-
7 logical, urinary, neurological, breast, reproductive, endocrine/thyroid
8 or prostate systems, resulting in total or partial disability or death
9 to a paid firefighter, who successfully passed a physical examination on
10 entry into firefighter service, which examination failed to reveal any
11 evidence of such melanoma or condition, shall be presumptive evidence
12 that, unless the contrary be proven by competent evidence, such disabil-
13 ity or death (a) was caused by the natural and proximate result of an
14 accident, not caused by such firefighter's own willful negligence, and
15 (b) was sustained in the performance and discharge of duty. The
16 provisions of this section shall remain in full force and effect [~~to and~~
17 ~~including the thirtieth day of June, two thousand five~~] pursuant to
18 section four hundred eighty of this chapter.

19 § 2. This act shall take effect immediately.

FISCAL NOTE. -- Pursuant to Legislative Law, Section 50:

This bill would amend Section 363-d of the Retirement and Social Secu-
rity Law to provide an accidental disability presumption to firefighters
who contract cancer affecting the endocrine/thyroid system, resulting in
disability or death. Such presumption would provide that the disease was
contracted during the performance and discharge of duty and as the
result of an accident, unless the contrary can be proved by competent
evidence.

EXPLANATION--Matter in italics (underscored) is new; matter in brackets
[-] is old law to be omitted.

LBD14511-03-4

Insofar as this bill affects the New York State and Local Police and Fire Retirement System (NYSLPFRS), if this legislation is enacted during the 2024 Legislative Session, it would lead to more disabilities and deaths being classified as "accidental". The cost of the revised benefit will depend upon the applicant's age, service, salary, plan, and any benefit type otherwise payable but would average:

Benefit prior to enactment:	None	Ordinary Disability	Performance of Duty
NYSLPFRS cost for proposed benefit:	10 times salary	5.5 times salary	3 times salary
Benefit prior to enactment:	Service Retirement	Ordinary Death	
NYSLPFRS cost for proposed benefit:	2 times salary	13 times salary	

Further, we anticipate that there could be some administrative costs to implement the provisions of this legislation.

All costs arising from this bill would be shared by the State of New York and all the participating employers in the NYSLPFRS.
