May 2024, as Building Safety Month in the State of
New York

WHEREAS, New York's continuing efforts to address the critical issues of safety, energy efficiency, water conservation and sustainability in the built environment affect its citizens, both in everyday life and in times of natural disaster, and give New Yorkers confidence that its structures are safe and sound; and

WHEREAS, Confidence in building safety is achieved through the devotion of vigilant guardians: building safety and fire prevention officials, architects, engineers, builders, laborers and others in the construction industry who work year-round to ensure the safe construction of buildings; and

WHEREAS, Dedicated members of the International Code Council develop and implement the highest-quality codes to protect Americans in the buildings where we live, learn, work, worship, and play; and

WHEREAS, The International Codes, the most widely adopted building safety, energy and fire prevention codes in the nation, are used by most United States' cities, counties and states; these modern building codes also include safeguards to protect the public from natural disasters such as hurricanes, snowstorms, tornadoes, wild land fires and earth-quakes; and

WHEREAS, Building Safety Month is sponsored by the International Code Council and International Code Council Foundation, to remind the public about the critical role of communities' largely unknown guardians of public safety, local code officials, who assure citizens of safe, efficient and livable buildings; and

WHEREAS, This year's theme "Mission Possible," encourages people to get involved in all aspects of building safety; and

WHEREAS, Each year, in observance of Building Safety Month, Americans are asked to consider projects to improve building safety and sustainability at home and in the community, and to acknowledge the essential service provided to all of us by local and state building departments and federal agencies in protecting lives and property; and

WHEREAS, This Legislative Body reaffirms its commitment to fostering continuing attention to building safety, and encourages all New Yorkers to participate in Building Safety Month; now, therefore, be it
