The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The public service law is amended by adding a new section 37-a to read as follows:

§ 37-a. Minimum standards for payment plans. 1. The commission is authorized and directed to set standards for payment plans for eligible customers set up by utility companies. Such standards shall include:

(a) Whether a payment agreement, including any down payment requirements, is reasonable. Reasonableness shall be determined by considering the current household income, ability to pay, payment history including prior defaults on similar agreements, the size of the bill, the amount of time and the reasons why the bill has been outstanding, and any special circumstances creating extreme hardships within the household. The utility company may require the person to confirm financial difficulty with an acknowledgment from another state or local agency;

(b) Requiring each utility company to permit each customer a period of not less than twenty-one days from the date the bill was sent to pay in full, unless the customer and the utility agree on a different due date. A utility company shall not withdraw funds from a customer's account
