STATE OF NEW YORK

1675--A

2023-2024 Regular Sessions

IN SENATE

January 13, 2023

Introduced by Sens. ADDABBO, BORRELLO, HOYLMAN-SIGAL, LANZA, STAVISKY -read twice and ordered printed, and when printed to be committed to the Committee on Education -- committee discharged, bill amended, ordered reprinted as amended and recommitted to said committee

AN ACT to amend the education law, in relation to gifted and bright neurologically diverse pupils with special needs; and to repeal certain provisions of such law relating thereto

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Subdivision 1 of section 3602-c of the education law is amended by adding a new paragraph g to read as follows:

3

5

6

7

8

9

10

11

- g. (a) "Bright neurologically diverse", also referred to as "twice exceptional" shall mean those pupils who:
- (i) give evidence of a potential for high cognitive processing capabilities in areas such as, but not limited to, specific academics, general intellectual ability, creativity, leadership, and/or visual, spatial or performing arts, yet possess substantial discrepancies between their neurocognitive and psychodynamic foundations and foundations required for comfortable integration with common instructional settings and demands making psychological wellness and schooling success 12 in equal measure difficult at best and extremely problematic at worst;
- 13 (ii) demonstrate a dogged self-determination with strong intrinsic 14 draws toward and superior internalization of knowledge for which they have an affinity, whose knowledge engagement is more consumed in a 15 lengthy, single minded concentration than in a broader general study, 16 17 whose progress is at their individual pace rather than in lock-step with
- 18 classmates or according to curriculum, syllabus, class period or teacher
- 19 timelines and whose individual achievement is to immediate personal
- 20 <u>satisfaction regardless of administrator, teacher or parent insistence</u> 21 otherwise;

EXPLANATION -- Matter in italics (underscored) is new; matter in brackets [-] is old law to be omitted.

(iii) exhibit environmental sensitivities, including but not limited to light, sound and the feel of fabric on skin;

- (iv) evidence emotional sensitivity simultaneously, being deeply empathetic, effortlessly discomforted and easily hurt, holding a deep need for the affirmative companionship of others, however, at times, who seek to be and to work by themselves; or
- (v) manifest acute frustration, anxiety and anger when powerful instincts to achieve fail due to developmental stages having yet to become ready or when work appears below personal expectations or when neurocognitive functioning or psychodynamic dispositions throw up barriers or when demanded they work, counter to their strong, particular neurocognitive functioning.
- (b) Pupils may have a diagnosis of a disabling condition as defined by federal or state eligibility criteria such as, but not limited to, specific learning disabilities, speech and language disorders, emotional/behavioral disorders, physical disabilities, autism spectrum, or other health impairments, such as ADHD, while some pupils may not be diagnosed but have a disabling condition, and some pupils may present as atypical but have no disabling condition. Such term shall include those pupils who require educational programs or services beyond and differing from those normally provided by the regular school program in order to realize their full potential.
- § 2. Paragraph a of subdivision 1 of section 3602-c of the education law, as amended by chapter 474 of the laws of 2004, is amended to read as follows:
- "Services" shall mean instruction in the areas of gifted pupils, a. bright neurologically diverse pupils, career education and education for students with disabilities, and counseling, psychological and social work services related to such instruction provided during the regular school year for pupils enrolled in a nonpublic school located in a school district, provided that such instruction is given to pupils enrolled in the public schools of such district.
- § 3. Section 4451 of the education law, as added by chapter 740 of the laws of 1982, is amended to read as follows:
- § 4451. Powers of the department with respect to gifted and bright neurologically diverse pupils. [Subject to the availability of funds, the] The state education department is hereby authorized empowered and directed to assist districts in meeting the educational and mental health needs equally of [gifted] both general education and bright neurologically diverse pupils, through the following:
- 1. provide information to school districts concerning development of programs, curriculum resources, instructional procedures and strategies to identify and encourage equally general education, gifted [pupils], and bright neurologically diverse pupils;
- 2. provide technical assistance and [inservice] in-service education, professional development and program evaluation for teachers and administrators equally of gifted and bright neurologically diverse pupils;
- 3. maintain a record of programs available, and make this record available for public inspection;
- 4. develop, maintain, and distribute a handbook equally for parents of gifted [pupils] and bright neurologically diverse pupils:
- 52 5. construct learning environments and relational systems within a 53 school setting to satisfy the psychological needs of relatedness, auton-54 omy and competence in pupils and staff;
- 6. cultivate as balanced a developing psychodynamic in each pupil as 56 possible, given family, economic and cultural impacts on individuals;

7. reduce barriers to pupil autonomous self-regulation, self-awareness, self-direction, self-advocacy and self-actualization in the range 2 of neurocognitive and behavioral issues exhibited through each pupil's particular expressions of functioning;

- 8. assist districts in aiding all personnel directly working with gifted and, especially, bright neurologically diverse pupil populations toward developing individual balanced psychodynamic and neurocognitive readiness to best serve the mental health and educational needs of pupils in their care;
- 10 9. grow individual pupil and staff insight into the way pupils and 11 educators move through the world;
- 10. assist equally both gifted and bright neurologically diverse pupils to leverage their individual insights to successfully navigate 13 the world and move through and beyond their schooling;
 - 11. assist pupils and staff to gain a balanced perspective of the particular expressions of an individual pupil's neuro psychodynamic, which will lead to realistic expectations with learning and inter-personal and intra-personal behaviors;
 - 12. develop the complex of independent, interdependent and negotiation behaviors in pupils and staff;
 - 13. assist with the exposure of pupils to as much knowledge as possible without the constant external insistence that pupils demonstrate that they have sufficiently internalized that to which they have been exposed but rather to allow the inherent neuro psychodynamic affinity resonating with specific knowledge to drive engagement, acquisition and outcome uncovering, cultivating and pursuing interests, passions and possible adult life directions;
 - 14. integrate pupils and staff into a self-governing learning community exercising the processes of democratic education; and
 - 15. establish and develop programs and schools meeting the educational and mental health needs of bright neurologically diverse pupils equally with gifted pupils and as equally as meeting the educational and mental health needs of general education pupils, beginning with establishing and developing demonstration programs and schools for bright neurologically diverse pupils for the purposes of, but not limited to, the clarification of category traits and individual expressions of said traits, and developing best educational, mental health and behavioral practices.
 - § 4. The opening paragraph of subdivision 1 of section 4452 of the education law, as added by chapter 740 of the laws of 1982, is amended to read as follows:
 - In order to provide for educational programs to meet special needs of gifted pupils, the commissioner is hereby authorized and directed to recommendations to school districts in accordance with the provisions of this subdivision and section thirty-six hundred two of this chapter.
 - § 5. Subdivision 1 of section 4452 of the education law is amended by adding a new paragraph a-1 to read as follows:
- 48 a-1. (a) As used in this article, the term "bright neurologically diverse", also referred to as "twice exceptional", shall mean those 49 pupils who: (i) give evidence of a potential for high cognitive proc-50 essing capabilities in areas such as, but not limited to, specific 51 52 academics, general intellectual ability, creativity, leadership, and/or visual, spatial or performing arts, yet possess substantial discrepan-53 54 cies between their neurocognitive and psychodynamic foundations and foundations required for comfortable integration with common instruc-55 56 tional settings and demands making psychological wellness and schooling

1 success in equal measure difficult at best and extremely problematic at
2 worst;

- (ii) demonstrate a dogged self-determination with strong intrinsic draws toward and superior internalization of knowledge for which they have an affinity, whose knowledge engagement is more consumed in a lengthy, single minded concentration than in a broader general study, whose progress is at their individual pace rather than in lock-step with classmates or according to curriculum, syllabus, class period or teacher timelines and whose individual achievement is to immediate personal satisfaction regardless of administrator, teacher or parent insistence otherwise;
- (iii) exhibit environmental sensitivities, including but not limited to light, sound and the feel of fabric on skin;
- (iv) evidence emotional sensitivity simultaneously, being deeply
 empathetic, effortlessly discomforted and easily hurt, holding a deep
 need for the affirmative companionship of others, however, at times, who
 seek to be and to work by themselves; or
 - (v) manifest acute frustration, anxiety and anger when powerful instincts to achieve fail due to developmental stages having yet to become ready or when work appears below personal expectations or when neurocognitive functioning or psychodynamic dispositions throw up barriers or when demanded they work, counter to their strong, particular neurocognitive functioning.
 - (b) Pupils may have a diagnosis of a disabling condition as defined by federal or state eligibility criteria such as, but not limited to, specific learning disabilities, speech and language disorders, emotional/behavioral disorders, physical disabilities, autism spectrum, or other health impairments, such as ADHD, while some pupils may not be diagnosed but have a disabling condition, and some pupils may present as atypical but have no disabling condition. Such definition shall include those pupils who require educational programs or services beyond and differing from those normally provided by the regular school program in order to realize their full potential.
- 34 <u>(i) For the purpose of this article, the terms "disability" and "disa-</u>
 35 <u>bled" shall mean a child:</u>
 - A. with hearing impairments (including deafness), speech or language impairments, visual impairments (including blindness), emotional disturbance, orthopedic impairments, other health impairments, or specific learning disabilities; and
- 40 <u>B. who, by reason thereof, needs special education and related</u> 41 <u>services within a gifted program.</u>
 - (ii) For purposes of this article, the term "specific learning disability" means a disorder in one or more of the basic psychological processes involved in understanding or in using language, spoken or written, which disorder may manifest itself in the imperfect ability to listen, think, speak, read, write, spell, or do mathematical calculations.
 - § 6. Paragraphs c, d, e and f of subdivision 1 of section 4452 of the education law are REPEALED and five new paragraphs c, d, e, f and g are added to read as follows:
- 50 c. Prior to payment of state funds for education of gifted pupils and
 51 bright neurologically diverse pupils, a school district shall submit to
 52 the commissioner a summary plan for the identification and education of
 53 gifted pupils and bright neurologically diverse pupils. The plan shall
 54 be in a form and content as prescribed by the commissioner.
- 55 <u>d. Upon acceptance by a local school district of the apportionments</u> 56 <u>made under section thirty-six hundred two of this chapter such district</u>

shall use such funding in accordance with guidelines to be established by the commissioner for services to gifted pupils and bright neurologi-cally diverse pupils. Such services shall include but not be limited to identification, instructional programs, gifted IEPs (GIEPs) developed by certified gifted and talented learning specialists, counseling, plan-ning, in-service education and program evaluation. A board of education may contract with another district or board of cooperative educational services to provide the program and/or services with the approval of the commissioner under guidelines established by the commissioner.

- e. The identification of pupils for participation in either gifted programs or bright neurologically diverse programs funded under this chapter shall commence through the referral of a parent, teacher or administrator.
- f. Upon referral of a pupil for participation in either a gifted program or bright neurologically diverse program funded under this chapter, the school district shall so inform the parent or guardian of such pupil's referral and shall seek their approval to administer diagnostic tests or other evaluation mechanisms related to the program objectives of the district in order to determine eligibility for participation in such gifted or bright neurologically diverse program. Failing to receive approval, the child shall not be tested, evaluated or participate in the program. In no case shall the parent, guardian or pupil be charged a fee for the administration of such diagnostic tests or other evaluation mechanisms.
- g. The parent or guardian of a pupil designated as gifted or bright neurologically diverse shall be informed by the local school authorities of the pupil's placement in such gifted or bright neurologically diverse program funded under this chapter.
- § 7. Section 4453 of the education law is REPEALED and a new section 4453 is added to read as follows:
 - § 4453. Advisory council on the education of gifted pupils. 1. The commissioner shall establish within the department an advisory council on the education of gifted and bright neurologically diverse pupils. Such council shall assist and advise the commissioner and his or her designees with respect to policies and procedures relating to the education of gifted and bright neurologically diverse pupils and programs associated therewith.
 - 2. Such advisory council appointed by the commissioner shall consist of at least ten members, who are directly concerned with general education and disabled gifted pupils or who have specialized in the education of such pupils, provided, however that such advisory council shall include at least a plurality of parents of such pupils, including parents of those bright neurologically diverse pupils. The members shall be residents of this state and shall be selected on the basis of their competence, concern, and professional activity in the education of gifted and bright neurologically diverse pupils.
 - 3. The advisory council shall meet at least three times each year at a location to be determined by the commissioner. The advisory council shall report at least biannually to the commissioner.
- § 8. This act shall take effect April 1, 2024. Effective immediately, 51 the addition, amendment and/or repeal of any rule or regulation necessary for the implementation of this act on its effective date are authorized to be made and completed on or before such effective date.
