## STATE OF NEW YORK

2585--В

2023-2024 Regular Sessions

## IN SENATE

January 23, 2023

- Introduced by Sens. PARKER, HOYLMAN-SIGAL, MATTERA -- read twice and ordered printed, and when printed to be committed to the Committee on Energy and Telecommunications -- committee discharged, bill amended, ordered reprinted as amended and recommitted to said committee -reported favorably from said committee and committed to the Committee on Finance -- committee discharged, bill amended, ordered reprinted as amended and recommittee to said committee
- AN ACT to amend the public service law, in relation to establishing a program for eligible zero emissions energy systems

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The public service law is amended by adding a new section 1 2 66-v to read as follows: <u>§ 66-v.</u> Establishment of a zero emissions energy systems program. 1. 3 4 As used in this section: 5 (a) "zero emissions energy systems" means systems, other than renewa-6 ble energy systems, that generate electricity or thermal energy through 7 the use of technologies that do not lead to a net increase in greenhouse 8 gas emissions into the atmosphere at any time in the process of generating electricity; 9

- 10 (b) "renewable energy systems" shall have the meaning provided in 11 section sixty-six-p of this article; and
- 12 (c) "greenhouse gas" shall have the meaning provided in section 13 <u>75-0101 of the environmental conservation law.</u>

14 2. No later than one year from the effective date of this section, the 15 commission shall establish a competitive program to promote private 16 sector investment in a minimum of one gigawatt of installed capacity of 17 zero emissions energy systems that use eligible technologies that the 18 commission has determined, after notice and provision for the opportu-19 nity to comment, are operationally capable by the year two thousand 20 thirty of providing the operating flexibility and longer-term perform-

EXPLANATION--Matter in <u>italics</u> (underscored) is new; matter in brackets [-] is old law to be omitted.

LBD06266-03-3

S. 2585--B

1	ance that the electric grid system will require. The commission shall:
2	(a) establish a competitive program, after notice and provision for the
3	opportunity to comment, for the purpose of meeting the target estab-
4	lished pursuant to section sixty-six-p of this article that by the year
5	two thousand forty the statewide electrical demand system will be zero
б	emissions; (b) commence the implementation of the program no later than
7	two years from the effective date of this section; and (c) require that
8	zero emissions energy systems subject to the provisions of this section
9	shall commence commercial operation by the year two thousand thirty.
10	3. The commission may temporarily modify the obligations under such a
11	program upon its finding that the program: impedes the provision of safe
12	and adequate electric services; is likely to impair obligations and
13	agreements; and/or results in a significant increase in arrears or
14	service disconnections that the commission determines are related to the
15	program.
16	4. No later than three years from the effective date of this section
17	and every two years thereafter, or upon modification of the obligations
18	under the program, the commission shall conduct a comprehensive review
19	and issue a written assessment of the program to determine, among other
20	matters, progress in meeting the target for the deployment of zero emis-
21	sions energy systems.
22	§ 2. The public service law is amended by adding a new section 66-w to
23	read as follows:
24	§ 66-w. Requirements for zero emissions energy systems. 1. For the
25	purposes of this section, "zero emissions energy systems" shall have the
26	same meaning as in paragraph (a) of subdivision one of section sixty-
27	six-v of this article and as determined by the commission pursuant to
28	subdivision two of section sixty-six-v of this article.
29	2. As part of the competitive program the commission establishes and
30	implements pursuant to section sixty-six-v of this article, the owner of
31	the zero emissions energy system, or a third party acting on the owner's
32	behalf, as an ongoing condition of any agreement with a public entity
33	that implements the provisions of section sixty-six-v of this article,
34	shall comply with the provisions of section sixty-six-r of this article
35	and section two hundred twenty-four-d of the labor law.
36	§ 3. This act shall take effect immediately.
