AN ACT to amend the general business law, in relation to the management and oversight of personal data

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1 Section 1. Short title. This act shall be known and may be cited as  
2 the "New York privacy act".  
3 § 2. Legislative intent. 1. Privacy is a fundamental right and an  
4 essential element of freedom. Advances in technology have produced ramp-  
5 ant growth in the amount and categories of personal data being gener-  
6 ated, collected, stored, analyzed, and potentially shared, which  
7 presents both promise and peril. Companies collect, use and share our  
8 personal data in ways that can be difficult for ordinary consumers to  
9 understand. Opaque data processing policies make it impossible to evalu-  
10 ate risks and compare privacy-related protections across services,  
11 stifling competition. Algorithms quietly make decisions with critical  
12 consequences for New York consumers, often with no human accountability.  
13 Behavioral advertising generates profits by turning people into products  
14 and their activity into assets. New York consumers deserve more notice  
15 and more control over their data and their digital privacy.  
16 2. This act seeks to help New York consumers regain their privacy. It  
17 gives New York consumers the ability to exercise more control over their

1 personal data and requires businesses to be responsible, thoughtful, and  
2 accountable managers of that information. To achieve this, this act  
3 provides New York consumers a number of new rights, including clear  
4 notice of how their data is being used, processed and shared; the abili-  
5 ty to access and obtain a copy of their data in a commonly used elec-  
6 tronic format, with the ability to transfer it between services; the  
7 ability to correct inaccurate data and to delete their data. This act  
8 also imposes obligations upon businesses to maintain reasonable data  
9 security for personal data, to notify New York consumers of foreseeable  
10 harms arising from use of their data and to obtain specific consent for  
11 that use, and to conduct regular assessments to ensure that data is not  
12 being used for unacceptable purposes. These data assessments can be  
13 obtained and evaluated by the New York State Attorney General, who is  
14 empowered to obtain penalties for violations of this act and prevent  
15 future violations.

16 § 3. The general business law is amended by adding a new article 42 to  
17 read as follows:

18 ARTICLE 42

19 NEW YORK PRIVACY ACT

25 1105. Limitations.

26 1106. Enforcement.

28 § 1100. Definitions. The following definitions apply for the purposes  
29 of this article unless the context clearly requires otherwise:

30 1. "Biometric information" means any personal data generated from the  
31 measurement or specific technological processing of a natural person's  
32 biological, physical, or physiological characteristics that allows or  
33 confirms the unique identification of a natural person, including fing-  
34 erprints, voice prints, iris or retina scans, facial scans or templates,  
35 and gait. "Biometric information" does not include a digital or phys-  
36 ical photograph, an audio or video recording, or any data generated from  
37 a digital or physical photograph, or an audio or video recording, unless  
38 such data is generated to identify a specific individual.

41 and Accountability Act of 1996.

42 3. "Consent" means a clear affirmative act signifying a freely given,  
43 specific, informed, and unambiguous indication of a consumer's agreement  
44 to the processing of data relating to the consumer. Consent may be  
45 withdrawn at any time, and a controller must provide clear, conspicuous,  
46 and consumer-friendly means to withdraw consent. The burden of estab-  
47 lishing consent is on the controller. Consent does not include: (a) an  
48 agreement of general terms of use or a similar document that references  
49 unrelated information in addition to personal data processing; (b) an  
50 agreement obtained through fraud, deceit or deception; (c) any act that  
51 does not constitute a user's intent to interact with another party such  
52 as hovering over, pausing or closing any content; or (d) a pre-checked  
53 box or similar default.

54 4. "Consumer" means a natural person who is a New York resident acting  
55 only in an individual or household context. It does not include a

1 natural person known to be acting in a professional or employment  
2 context.

3 5. "Controller" means the person who, alone or jointly with others,  
4 determines the purposes and means of the processing of personal data.

6 established pursuant to the federal Health Insurance Portability and  
7 Accountability Act of 1996.

8 7. "Data broker" means a person, or unit or units of a legal entity,  
9 separately or together, that does business in the state of New York and  
10 knowingly collects, and sells to other controllers or third parties, the  
11 personal data of a consumer with whom it does not have a direct  
12 relationship. "Data broker" does not include any of the following:

13 (a) a consumer reporting agency to the extent that it is covered by  
14 the federal Fair Credit Reporting Act (15 U.S.C. Sec. 1681 et seq.); or

16 Gramm-Leach-Bliley Act (Public Law 106-102) and implementing regu-  
17 lations.

18 8. "Decisions that produce legal or similarly significant effects"  
19 means decisions made by the controller that result in the provision or  
20 denial by the controller of financial or lending services, housing,

22 employment opportunities, health care services or access to essential  
23 goods or services.

24 9. "Deidentified data" means data that cannot reasonably be used to  
25 infer information about, or otherwise be linked to a particular consum-  
26 er, household or device, provided that the processor or controller that  
27 possesses the data:

28 (a) implements reasonable technical safeguards to ensure that the data  
29 cannot be associated with a consumer, household or device;

30 (b) publicly commits to process the data only as deidentified data and  
31 not attempt to reidentify the data, except that the controller or  
32 processor may attempt to reidentify the information solely for the  
33 purpose of determining whether its deidentification processes satisfy  
34 the requirements of this subdivision; and

35 (c) contractually obligates any recipients of the data to comply with  
36 all provisions of this article.

37 10. "Device" means any physical object that is capable of connecting  
38 to the internet, directly or indirectly, or to another device and is  
39 intended for use by a natural person or household or, if used outside  
40 the home, for use by the general public.

41 11. "Genetic information" means any data, regardless of its format,  
42 that concerns a consumer's genetic characteristics. "Genetic data"  
43 includes but is not limited to (a) raw sequence data that result from  
44 sequencing of a consumer's complete extracted or a portion of the  
45 extracted deoxyribonucleic acid (DNA) information; (b) genotype and  
46 phenotypic information that results from analyzing the raw sequence  
47 data; and (c) self-reported health information that a consumer submits

7 not limited to a proprietorship, partnership, limited partnership,  
8 corporation, company, limited liability company or corporation, associ-  
9 ation, or other firm or similar body, or any unit, division, agency,  
10 department, or similar subdivision thereof.

11 16. "Personal data" means any data that identifies or could reasonably  
12 be linked, directly or indirectly, with a specific natural person, or  
13 household. Personal data does not include deidentified data, informa-  
14 tion that is lawfully made publicly available from federal, state or  
15 local government records, or information that a controller has a reason-  
16 able basis to believe is lawfully made available to the general public  
17 by the consumer or from widely distributed media.

19 ogy, including, but not limited to, global position system level lati-  
20 tude and longitude coordinates or other mechanisms, that directly iden-  
21 tifies the specific location of an individual with precision and  
22 accuracy within a radius of one thousand seven hundred fifty feet,  
23 except as prescribed by regulations. Precise geolocation data does not  
24 include the content of communications or any data generated by or  
25 connected to advance utility metering infrastructure systems or equip-  
26 ment for use by a utility.

27 18. "Process", "processes" or "processing" means an operation or set  
28 of operations which are performed on data or on sets of data, including  
29 but not limited to the collection, use, access, sharing, monetization,  
30 analysis, retention, creation, generation, derivation, recording, organ-  
31 ization, structuring, storage, disclosure, transmission, analysis,  
32 disposal, licensing, destruction, deletion, modification, or deidenti-  
33 fication of data.

34 19. "Processor" means a person that processes data on behalf of the  
35 controller.

36 20. "Profiling" means any form of automated processing performed on  
37 personal data to evaluate, analyze, or predict personal aspects related  
38 to an identified or identifiable natural person's economic situation,  
39 health, personal preferences, interests, reliability, behavior,  
40 location, or movements. Profiling does not include evaluation, analy-  
41 sis, or prediction based solely upon a natural person's current search  
42 query or activities on, or current visit to, the controller's website or  
43 online application.

44 21. "Protected health information" has the same meaning as in Title 45

49 permission or authorization to process, or other exchange of personal  
50 data, or providing access to personal data for monetary or other valu-

4 ler's assets; or

5 (c) the disclosure of personal data to a third party necessary for

22 may also be a controller if the third party, alone or jointly with  
23 others, determines the purposes and means of the processing of personal  
24 data.

25 26. "Verified request" means a request by a consumer or their agent to  
26 exercise a right authorized by this article, the authenticity of which  
27 has been ascertained by the controller in accordance with paragraph (c)  
28 of subdivision eight of section eleven hundred two of this article.

27 who provides information for use in a consumer report, as defined in  
28 Title 15 U.S.C. Sec. 1861a(d), and by a user of a consumer report, as

34 1681 et seq., and the data is not collected, maintained, used, communi-  
35 cated, disclosed, or sold except as authorized by the Fair Credit  
36 Reporting Act.

37 § 1102. Consumer rights. 1. Right to notice. (a) Notice. Each control-  
38 ler that processes a consumer's personal data must make publicly and  
39 consistently available, in a conspicuous and readily accessible manner,  
40 a notice containing the following:

41 (i) a description of the consumer's rights under subdivisions two  
42 through seven of this section and how a consumer may exercise those  
43 rights, including how to withdraw consent;

44 (ii) the categories of personal data processed by the controller and  
45 by any processor who processes personal data on behalf of the control-  
46 ler;

47 (iii) the sources from which personal data is collected;

48 (iv) the purposes for processing personal data;

49 (v) the categories of third parties to whom the controller disclosed,  
50 shared, transferred or sold personal data and, for each category of  
51 third party, (A) the categories of personal data being shared,  
52 disclosed, transferred, or sold to the third party, (B) the purposes for  
53 which personal data is being shared, disclosed, transferred, or sold to  
54 the third party, (C) any applicable retention periods for each category  
55 of personal data processed by the third parties or processed on their  
56 behalf, or if that is not possible, the criteria used to determine the

1 period, and (D) whether the third parties may use the personal data for  
2 targeted advertising; and

3 (vi) the controller's retention period for each category of personal  
4 data that they process or is processed on their behalf, or if that is  
5 not possible, the criteria used to determine that period.

6 (b) Notice requirements.

7 (i) The notice must be written in easy-to-understand language and  
8 format at an eighth grade reading level or below and in at least twelve  
9 point font.

10 (ii) The categories of personal data processed and purposes for which  
11 each category of personal data is processed must be described in a clear  
12 and conspicuous manner, at a level specific enough to enable a consumer  
13 to exercise meaningful control over their personal data but not so  
14 specific as to render the notice unhelpful to a consumer.

15 (iii) The notice must be dated with its effective date and updated at  
16 least annually. When the information required to be disclosed to a  
17 consumer pursuant to paragraph (a) of this subdivision has not changed  
18 since the immediately previous notice (whether initial, annual, or  
19 revised) provided to the consumer, a controller may issue a statement  
20 that no changes have been made.

21 (iv) The notice, as well as each version of the notice in effect in  
22 the preceding six years, must be easily accessible to consumers and  
23 capable of being viewed by consumers at any time.

24 2. Right to opt out. (a) A controller must allow consumers the right  
25 to opt out, at any time, of processing personal data concerning the  
26 consumer for the purposes of:

27 (i) targeted advertising;

28 (ii) the sale of personal data; and

29 (iii) profiling in furtherance of decisions that produce legal or  
30 similarly significant effects concerning a consumer.

31 (b) A controller must provide clear and conspicuous means for the  
32 consumer or their agent to opt out of processing and clearly present as  
33 the most conspicuous choice an option to simultaneously opt out of all  
34 processing purposes set forth in paragraph (a) of this subdivision.

35 (c) A controller must not process personal data for any purpose from  
36 which the consumer has opted out.

37 (d) A controller must not request that a consumer who has opted out of  
38 certain purposes of processing personal data opt back in, unless those  
39 purposes subsequently become necessary to provide the services or goods  
40 requested by a consumer. Targeted advertising and sale of personal data  
41 shall not be considered processing purposes that are necessary to  
42 provide service or goods requested by a consumer.

43 (e) Controllers must treat user-enabled privacy controls in a browser,  
44 browser plug-in, smartphone application, operating system, device  
45 setting, or other mechanism that communicates or signals the consumer's  
46 choice not to opt out of the processing of personal data in furtherance  
47 of targeted advertising, the sale of their personal data, or profiling  
48 in furtherance of decisions that produce legal or similarly significant  
49 effects concerning the consumer as an opt out under this article. To the  
50 extent that the privacy control conflicts with a consumer's consent, the  
51 controller shall comply with the privacy control but may notify the  
52 consumer of such conflict and provide to such consumer the choice to  
53 give controller specific consent to such processing.

54 3. Sensitive data. (a) A controller must obtain freely given, specif-  
55 ic, informed, and unambiguous opt-in consent from a consumer to:

1 (i) process the consumer's sensitive data related to that consumer for  
2 any purpose other than those in subdivision two of section eleven  
3 hundred five of this article; or

4 (ii) make any changes to the existing processing or processing  
5 purpose, including those regarding the method and scope of collection,  
6 of the consumer's sensitive data that may be less protective of the  
7 consumer's sensitive data than the processing to which the consumer has  
8 previously given their freely given, specific, informed, and unambiguous  
9 opt-in consent.

10 (b) Any request for consent to process sensitive data must be provided  
11 to the consumer, prior to processing their sensitive data, in a stand-  
12 alone disclosure that is separate and apart from any contract or privacy  
13 policy. The request for consent must:

14 (i) be written in a twelve point font or greater and include a clear  
15 and conspicuous description of each category of data and processing  
16 purpose for which consent is sought;

17 (ii) clearly identify and distinguish between categories of data and  
18 processing purposes that are necessary to provide the services or goods  
19 requested by the consumer and categories of data and processing purposes  
20 that are not necessary to provide the services or goods requested by the  
21 consumer;

22 (iii) enable a reasonable consumer to easily identify the categories  
23 of data and processing purposes for which consent is sought;

24 (iv) clearly present as the most conspicuous choice an option to  
25 provide only the consent necessary to provide the services or goods  
26 requested by the consumer;

27 (v) clearly present an option to deny consent; and

28 (vi) where the request seeks consent to sharing, disclosure, transfer,  
29 or sale of sensitive data to third parties, identify the categories of  
30 such third parties, the categories of data sold or shared with them, the  
31 processing purposes, the retention period, or if that is not possible,  
32 the criteria used to determine the period, and state if such sharing,  
33 disclosure, transfer, or sale enables or involves targeted advertising.  
34 The details of the categories of such third parties, and the categories  
35 of data, processing purposes, and the retention period, may be set forth  
36 in a different disclosure, provided that the request for consent  
37 contains a conspicuous and directly accessible link to that disclosure.

38 (c) Targeted advertising and sale of personal data shall not be  
39 considered processing purposes that are necessary to provide services or  
40 goods requested by a consumer.

41 (d) Once a consumer has provided freely given, specific, informed, and  
42 unambiguous opt-in consent to process their sensitive data for a proc-  
43 essing purpose, a controller may rely on such consent until it is with-  
44 drawn.

45 (e) A controller must provide a mechanism for a consumer to withdraw  
46 previously given consent at any time. Such mechanism shall make it as  
47 easy for a consumer to withdraw their consent as it is for such consumer  
48 to provide consent.

49 (f) A controller must not infer that a consumer has provided freely  
50 given, specific, informed, and unambiguous opt-in consent from the  
51 consumer's inaction or the consumer's continued use of a service or  
52 product provided by the controller.

53 (g) Controllers must not request consent from a consumer who has  
54 previously withheld or denied consent to process sensitive data, until  
55 at least twelve months after a denial, unless consent is necessary to  
56 provide the services or goods requested by the consumer.

1 (h) Controllers must treat user-enabled privacy controllers in a browser,  
2 browser plug-in, smartphone application, operating system, device  
3 setting, or other mechanism that communicates or signals the consumer's  
4 choices to opt out of the processing of personal data in furtherance of  
5 targeted advertising, the sale of their personal data, or profiling in  
6 furtherance of decisions that produce legal or similarly significant  
7 effects concerning the consumer as a denial of consent to process sensi-  
8 tive data under this article. To the extent that the privacy control  
9 conflicts with a consumer's consent, the privacy control settings  
10 govern, unless the consumer provides freely given, specific, informed,  
11 and unambiguous opt-in consent to override the privacy control, however,  
12 the controller may notify such consumer of such conflict and provide to  
13 the consumer the choice to give controller-specific consent to such  
14 processing.

15 (i) (i) A controller must not discriminate against a consumer for  
16 withholding or denying consent, including, but not limited to, by:

17 (A) denying services or goods to the consumer, unless the consumer  
18 does not consent to processing necessary to provide the services or  
19 goods requested by the consumer;

20 (B) charging different prices for goods or services, including through  
21 the use of discounts or other benefits, imposing penalties, or providing  
22 a different level or quality of services or goods to the consumer; or

23 (C) suggesting that the consumer will receive a different price or  
24 rate for goods or services or a different level or quality of services  
25 or goods.

26 (ii) A controller shall not be prohibited from offering a different  
27 price, rate, level, quality, or selection of goods or services to a  
28 consumer, including offering goods or services for no fee, if the offer-  
29 ing is in connection with a consumer's voluntary participation in bona  
30 fade loyalty, rewards, premium features, discounts, or club card  
31 program. If a consumer exercises their right pursuant to paragraph (a)  
32 of subdivision two of this section, a controller may not sell personal  
33 data to a third party controller as part of such a program unless: (A)  
34 the sale is reasonably necessary to enable the third party to provide a  
35 benefit to which the consumer is entitled; (B) the sale of personal data  
36 to third parties is clearly disclosed in the terms of the program; and  
37 (C) the third party uses the personal data only for purposes of facili-  
38 tating such a benefit to which the consumer is entitled and does not  
39 retain or otherwise use or disclose the personal data for any other  
40 purpose.

41 (j) A controller may, with the consumer's freely given, specific,  
42 informed, and unambiguous opt-in consent given pursuant to this section,  
43 operate a program in which information, products, or services sold to  
44 the consumer are discounted based solely on such consumer's prior  
45 purchases from the controller, provided that any sensitive data used to  
46 operate such program is processed solely for the purpose of operating  
47 such program.

48 (k) In the event of a merger, acquisition, bankruptcy, or other trans-  
49 action in which another entity assumes control or ownership of all or  
50 majority of the controller's assets, any consent provided to the  
51 controller by a consumer relating to sensitive data prior to such trans-  
52 action other than consent to processing necessary to provide services or  
53 goods requested by the consumer, shall be deemed withdrawn.

54 4. Right to access. Upon the verified request of a consumer, a  
55 controller shall:

1 (a) confirm whether or not the controller is processing or has proc-  
2 essed personal data of that consumer, and provide access to a copy of  
3 any such personal data in a manner understandable to a reasonable  
4 consumer when requested; and

5 (b) provide the category of each processor or third party to whom the  
6 controller disclosed, transferred, or sold the consumer's personal data  
7 and, for each category of processor or third party, (i) the categories  
8 of the consumer's personal data disclosed, transferred, or sold to each  
9 processor or third party and (ii) the purposes for which each category  
10 of the consumer's personal data was disclosed, transferred, or sold to  
11 each processor or third party.

12 5. Right to portable data. Upon a verified request, and to the extent  
13 technically feasible, the controller must: (a) provide to the consumer a  
14 copy of all of, or a portion of, as designated in a verified request,  
15 the consumer's personal data in a structured, commonly used and  
16 machine-readable format and (b) transmit the data to another person of  
17 the consumer's or their agent's designation without hindrance.

18 6. Right to correct. (a) Upon the verified request of a consumer or  
19 their agent, a controller must conduct a reasonable investigation to  
20 determine whether personal data, the accuracy of which is disputed by  
21 the consumer, is inaccurate, with such investigation to be concluded  
22 within the time period set forth in paragraph (a) of subdivision eight  
23 of this section.

24 (b) Notwithstanding paragraph (a) of this subdivision, a controller  
25 may terminate an investigation initiated pursuant to such paragraph if  
26 the controller reasonably and in good faith determines that the dispute  
27 by the consumer is wholly without merit, including by reason of a fail-  
28 ure by a consumer to provide sufficient information to investigate the  
29 disputed personal data. Upon making any determination in accordance with  
30 this paragraph that a dispute is wholly without merit, a controller  
31 must, within the time period set forth in paragraph (a) of subdivision  
32 eight of this section, provide the affected consumer a statement in  
33 writing that includes, at a minimum, the specific reasons for the deter-  
34 mination, and identification of any information required to investigate  
35 the disputed personal data, which may consist of a standardized form  
36 describing the general nature of such information.

37 (c) If, after any investigation under paragraph (a) of this subdivi-  
38 sion of any personal data disputed by a consumer, an item of the  
39 personal data is found to be inaccurate or incomplete, or cannot be  
40 verified, the controller must:

41 (i) correct the inaccurate or incomplete personal data of the consum-  
42 er; and

43 (ii) unless it proves impossible or involves disproportionate effort,  
44 communicate such request to each processor or third party to whom the  
45 controller disclosed, transferred, or sold the personal data within one  
46 year preceding the consumer's request, and to require those processors  
47 or third parties to do the same for any further processors or third  
48 parties they disclosed, transferred, or sold the personal data to.

49 (d) If the investigation does not resolve the dispute, the consumer  
50 may file with the controller a brief statement setting forth the nature  
51 of the dispute. Whenever a statement of a dispute is filed, unless there  
52 exists reasonable grounds to believe that it is wholly without merit,  
53 the controller must note that it is disputed by the consumer and include  
54 either the consumer's statement or a clear and accurate codification or  
55 summary thereof with the disputed personal data whenever it is  
56 disclosed, transferred, or sold to any processor or third party.

1 7. Right to delete. (a) Upon the verified request of a consumer, a  
2 controller must:

3 (i) within forty-five days after receiving the verified request,  
4 delete any or all of the consumer's personal data, as directed by the  
5 consumer or their agent, that the controller possesses or controls; and

6 (ii) unless it proves impossible or involves disproportionate effort  
7 that is documented in writing by the controller, communicate such  
8 request to each processor or third party to whom the controller  
9 disclosed, transferred or sold the personal data within one year preced-  
10 ing the consumer's request and to require those processors or third  
11 parties to do the same for any further processors or third parties they  
12 disclosed, transferred, or sold the personal data to.

13 (b) For personal data that is not possessed by the controller but by a  
14 processor of the controller, the controller may choose to (i) communi-  
15 cate the consumer's request for deletion to the processor, or (ii)  
16 request that the processor return to the controller the personal data  
17 that is the subject of the consumer's request and delete such personal  
18 data upon receipt of the request.

19 (c) A consumer's deletion of their online account must be treated as a  
20 request to the controller to delete all of that consumer's personal data  
21 directly related to that account.

22 (d) A controller must maintain reasonable procedures designed to  
23 prevent the reappearance in its systems, and in any data it discloses,  
24 transfers, or sells to any processor or third party, the personal data  
25 that is deleted pursuant to this subdivision.

26 (e) A controller is not required to comply with a consumer's request  
27 to delete personal data if:

28 (i) complying with the request would prevent the controller from  
29 performing accounting functions, processing refunds, effectuating a  
30 product recall pursuant to federal or state law, or fulfilling warranty  
31 claims, provided that the personal data that is the subject of the  
32 request is not processed for any purpose other than such specific activ-  
33 ities; or

34 (ii) it is necessary for the controller to maintain the consumer's  
35 personal data to engage in public or peer-reviewed scientific, histor-  
36 ical, or statistical research in the public interest that adheres to all  
37 other applicable ethics and privacy laws, when the controller's deletion  
38 of the information is likely to render impossible or seriously impair  
39 the achievement of such research, provided that the consumer has given  
40 informed consent and the personal data is not processed for any purpose  
41 other than such research.

42 (f) Where a consumer's request for deletion is denied, the controller  
43 shall provide the consumer with a written justification for such denial.

44 8. Responding to requests. (a) A controller must take action under  
45 subdivisions four through seven of this section and inform the consumer  
46 of any actions taken without undue delay and in any event within forty-  
47 five days of receipt of the request. That period may be extended once by  
48 forty-five additional days where reasonably necessary, taking into  
49 account the complexity and number of the requests. The controller must  
50 inform the consumer of any such extension within forty-five days of  
51 receipt of the request, together with the reasons for the delay. When a  
52 controller denies any such request, it must within this period disclose  
53 to the consumer a statement in writing of the specific reasons for the  
54 denial and instructions for how to appeal the decision.

55 (b) A controller shall permit the exercise of rights and carry out its  
56 obligations set forth in subdivisions four through seven of this section

1 free of charge, at least twice annually to the consumer. Where requests  
2 from a consumer are manifestly unfounded or excessive, in particular  
3 because of their repetitive character, the controller may either (i)  
4 charge a reasonable fee to cover the administrative costs of complying  
5 with the request or (ii) refuse to act on the request and notify the  
6 consumer of the reason for refusing the request. The controller bears  
7 the burden of demonstrating the manifestly unfounded or excessive char-  
8 acter of the request.

9 (c) (i) A controller shall promptly attempt, using commercially  
10 reasonable efforts, to verify that all requests to exercise any rights  
11 set forth in any section of this article requiring a verified request  
12 were made by the consumer who is the subject of the data, or by a person  
13 lawfully exercising the right on behalf of the consumer who is the  
14 subject of the data. Commercially reasonable efforts shall be determined  
15 based on the totality of the circumstances, including the nature of the  
16 data implicated by the request.

17 (ii) A controller may require the consumer to provide additional  
18 information only if the request cannot reasonably be verified without  
19 the provision of such additional information. A controller must not  
20 transfer or process any such additional information provided pursuant to  
21 this section for any other purpose and must delete any such additional  
22 information without undue delay and in any event within forty-five days  
23 after the controller has notified the consumer that it has taken action  
24 on a request under subdivisions four through seven of this section as  
25 described in paragraph (a) of this subdivision.

26 (iii) If a controller discloses this additional information to any  
27 processor or third party for the purpose of verifying a consumer  
28 request, it must notify the receiving processor or third party at the  
29 time of such disclosure, or as close in time to the disclosure as is  
30 reasonably practicable, that such information was provided by the  
31 consumer for the sole purpose of verification and cannot be processed  
32 for any purpose other than verification.

33 9. Implementation of rights. Controllers must provide easily accessi-  
34 ble and convenient means for consumers to exercise their rights under  
35 this article.

36 10. Non-waiver of rights. Any provision of a contract or agreement of  
37 any kind that purports to waive or limit in any way a consumer's rights  
38 under this article is contrary to public policy and is void and unen-  
39 forceable.

40 § 1103. Controller, processor, and third party responsibilities. 1.  
41 Controller responsibilities. (a) Data protection assessments. (i) A  
42 controller shall regularly conduct and document a data protection  
43 assessment for each of the controller's processing activities that  
44 presents a heightened risk of harm to a consumer. For the purposes of  
45 this section, processing that presents a heightened risk of harm to a  
46 consumer includes: (A) the processing of personal data for the purposes  
47 of targeting advertising, (B) the sale of personal data, (C) the proc-  
48 essing of personal data for the purposes of profiling, where such  
49 profiling presents a reasonably foreseeable risk of (I) unfair or decep-  
50 tive treatment of, or unlawful disparate impact on consumers, (II)  
51 financial, physical or reputational injury to consumers, (III) a phys-  
52 ical or other intrusion upon the solitude or seclusion, or the private  
53 affairs or concerns of consumers where such intrusion would be offensive  
54 to a reasonable person, or (IV) other substantial injury to consumers;  
55 and (D) the processing of sensitive data.

1 (ii) Data protection assessments conducted pursuant to subparagraph  
2 (i) of this paragraph shall identify and weigh the benefits that may  
3 flow, directly and indirectly, from the processing to the controller,  
4 the consumer, other stakeholders and the public against the potential  
5 risks to the rights of the consumer associated with such processing, as  
6 mitigated by safeguards that can be employed by the controller to reduce  
7 such risks. The controller shall factor into any such data protection  
8 assessment that use of deidentified data and the reasonable expectations  
9 of consumers, as well as the context of the processing and the relation-  
10 ship between the controller and the consumer whose personal data will be  
11 processed.

12 (iii) The attorney general may require that a controller disclose any  
13 data protection assessment that is relevant to an investigation  
14 conducted by the attorney general, and the controller shall make the  
15 data protection assessment available to the attorney general. The attor-  
16 ney general may evaluate the data protection assessment to assess  
17 compliance with the provisions of this article. Data protection assess-  
18 ments shall be confidential and shall be exempt from disclosure under  
19 the freedom of information law. To the extent any information contained  
20 in a data protection assessment disclosure to the attorney general  
21 includes information subject to attorney-client privilege or work prod-  
22 uct protection, such disclosure shall not constitute a waiver of such  
23 privilege or protection.

24 (iv) A single data protection assessment may address a comparable set  
25 of processing operations that include similar activities.

26 (v) If a controller conducts a data protection assessment for the  
27 purpose of complying with another applicable law or regulation, the data  
28 protection assessment shall be deemed to satisfy the requirements estab-  
29 lished in this section if such data protection assessment is reasonably  
30 similar in scope and effect to the data protection assessment that would  
31 otherwise be conducted pursuant to this section.

32 (vi) Data protection assessment requirements shall apply to processing  
33 activities created or generated after the effective date of this arti-  
34 cle.

35 (b) Controllers must not engage in unfair, deceptive, or abusive acts  
36 or practices with respect to obtaining consumer consent, the processing  
37 of personal data, and a consumer's exercise of any rights under this  
38 article, including without limitation:

39 (i) designing a user interface with the purpose or substantial effect  
40 of deceiving consumers, obscuring consumers' rights under this article,  
41 or subverting or impairing user autonomy, decision-making, or choice; or

42 (ii) obtaining consent in a manner designed to overpower a consumer's  
43 resistance; for example, by making excessive requests for consent.

44 (c) Controllers must develop, implement, and maintain reasonable safe-  
45 guards to protect the security, confidentiality and integrity of the  
46 personal data of consumers including adopting reasonable administrative,  
47 technical and physical safeguards appropriate to the volume and nature  
48 of the personal data at issue.

49 (d) (i) A controller shall limit the use and retention of a consumer's  
50 personal data to what is (A) necessary to provide the services or goods  
51 requested by the consumer, (B) necessary for the internal business oper-  
52 ations of the controller and consistent with the disclosures made to the  
53 consumer pursuant to section eleven hundred two of this article, or (C)  
54 necessary to comply with the legal obligations of the controller.

55 (ii) At least annually, a controller shall review its retention prac-  
56 tices for the purpose of ensuring that it is maintaining the minimum

1 amount of personal data as is necessary for the operation of its busi-  
2 ness. A controller must securely dispose of all personal data that is no  
3 longer (A) necessary to provide the services or goods requested by the  
4 consumer, (B) necessary for the internal business operations of the  
5 controller and consistent with the disclosures made to the consumer  
6 pursuant to section eleven hundred two of this article, or (C) necessary  
7 to comply with the legal obligations of the controller.

8 (e) Non-discrimination. (i) (A) A controller must not discriminate  
9 against a consumer for exercising rights under this article, including  
10 but not limited to, by:

11 (I) denying services or goods to consumers;

12 (II) charging different prices for services or goods, including  
13 through the use of discounts or other benefits; imposing penalties; or  
14 providing a different level or quality of services or goods to the  
15 consumer; or

16 (III) suggesting that the consumer will receive a different price or  
17 rate for services or goods or a different level or quality of services  
18 or goods.

19 (B) A controller shall not be prohibited from offering a different  
20 price, rate, level, quality, or selection of goods or services to a  
21 consumer, including offering goods or services for no fee, if the offer-  
22 ing is in connection with a consumer's voluntary participation in bona  
23 fide loyalty, rewards, premium features, discounts, or club card  
24 program. If a consumer exercises their right pursuant to paragraph (a)  
25 of subdivision two of section eleven hundred two of this article, a  
26 controller may not sell personal data to a third party controller as  
27 part of such a program unless: (I) the sale is reasonably necessary to  
28 enable the third party to provide a benefit to which the consumer is  
29 entitled; (II) the sale of personal data to third parties is clearly  
30 disclosed in the terms of the program; and (III) the third party uses  
31 the personal data only for purposes of facilitating such a benefit to  
32 which the consumer is entitled and does not retain or otherwise use or  
33 disclose the personal data for any other purpose.

34 (ii) This paragraph does not apply to a controller's conduct with  
35 respect to opt-in consent, in which case paragraph (j) of subdivision  
36 three of section eleven hundred two of this article governs.

37 (f) Agreements with processors. (i) Before making any disclosure,  
38 transfer, or sale of personal data to any processor, the controller must  
39 enter into a written, signed contract with that processor. Such contract  
40 must be binding and clearly set forth instructions for processing data,  
41 the nature and purpose of processing, the type of data subject to proc-  
42 essing, the duration of processing, and the rights and obligations of  
43 both parties. The contract must also include requirements that the  
44 processor must:

45 (A) ensure that each person processing personal data is subject to a  
46 duty of confidentiality with respect to the data;

47 (B) protect the data in a manner consistent with the requirements of  
48 this article and at least equal to the security requirements of the  
49 controller set forth in their publicly available policies, notices, or  
50 similar statements;

51 (C) process the data only when and to the extent necessary to comply  
52 with its legal obligations to the controller unless otherwise explicitly  
53 authorized by the controller;

54 (D) not combine the personal data which the processor receives from or  
55 on behalf of the controller with personal data which the processor

1 receives from or on behalf of another person or collects from its own  
2 interaction with consumers;

3 (E) comply with any exercises of a consumer's rights under section  
4 eleven hundred two of this article upon the request of the controller,  
5 subject to the limitations set forth in section eleven hundred five of  
6 this article;

7 (F) at the controller's direction, delete or return all personal data  
8 to the controller as requested at the end of the provision of services,  
9 unless retention of the personal data is required by law;

10 (G) upon the reasonable request of the controller, make available to  
11 the controller all data in its possession necessary to demonstrate the  
12 processor's compliance with the obligations in this article;

13 (H) allow, and cooperate with, reasonable assessments by the control-  
14 ler or the controller's designated assessor; alternatively, the process-  
15 or may arrange for a qualified and independent assessor to conduct an  
16 assessment of the processor's policies and technical and organizational  
17 measures in support of the obligations under this article using an  
18 appropriate and accepted control standard or framework and assessment  
19 procedure for such assessments. The processor shall provide a report of  
20 such assessment to the controller upon request;

21 (I) a reasonable time in advance before disclosing or transferring the  
22 data to any further processors, notify the controller of such a proposed  
23 disclosure or transfer and provide the controller an opportunity to  
24 approve or reject the proposal; and

25 (J) engage any further processor pursuant to a written, signed  
26 contract that includes the contractual requirements provided in this  
27 paragraph, containing at minimum the same obligations that the processor  
28 has entered into with regard to the data.

29 (ii) A controller must not agree to indemnify, defend, or hold a  
30 processor harmless, or agree to a provision that has the effect of  
31 indemnifying, defending, or holding the processor harmless, from claims  
32 or liability arising from the processor's breach of the contract  
33 required by clause (A) of subparagraph (i) of this paragraph or a  
34 violation of this article. Any provision of an agreement that violates  
35 this subparagraph is contrary to public policy and is void and unen-  
36 forceable.

37 (iii) Nothing in this paragraph relieves a controller or a processor  
38 from the liabilities imposed on it by virtue of its role in the process-  
39 ing relationship as defined by this article.

40 (iv) Determining whether a person is acting as a controller or proces-  
41 sor with respect to a specific processing of data is a fact-based deter-  
42 mination that depends upon the context in which personal data is to be  
43 processed. A processor that continues to adhere to a controller's  
44 instructions with respect to a specific processing of personal data  
45 remains a processor.

46 (g) Third parties. (i) A controller must not share, disclose, trans-  
47 fer, or sell personal data, or facilitate or enable the processing,  
48 disclosure, transfer, or sale to a third party of personal data for  
49 which a consumer has exercised their opt-out rights pursuant to subdivi-  
50 sion two of section eleven hundred two of this article, or for which  
51 consent of the consumer pursuant to subdivision three of section eleven  
52 hundred two of this article, has not been obtained or is not currently  
53 in effect. Any request for consent to share, disclose, transfer, or sell  
54 personal data, or to facilitate or enable the processing, disclosure,  
55 transfer, or sale of personal data to a third party of personal data to  
56 a third party must clearly include the category of the third party and

1 the processing purposes for which the third party may use the personal  
2 data.

3 (ii) A controller must not share, disclose, transfer, or sell personal  
4 data, or facilitate or enable the processing, disclosure, transfer, or  
5 sale to a third party of personal data if it can reasonably expect the  
6 personal data of a consumer to be used for purposes for which a consumer  
7 has exercised their opt-out rights pursuant to subdivision two of  
8 section eleven hundred two of this article, or for which the consumer  
9 has not consented to pursuant to subdivision three of section eleven  
10 hundred two of this article, or if it can reasonably expect that any  
11 rights of the consumer provided in this article would be compromised as  
12 a result of such transaction.

13 (iii) Before making any disclosure, transfer, or sale of personal data  
14 to any third party, the controller must enter into a written, signed  
15 contract. Such contract must be binding and the scope, nature, and  
16 purpose of processing, the type of data subject to processing, the dura-  
17 tion of processing, and the rights and obligations of both parties.  
18 Such contract must include requirements that the third party:

19 (A) Process that data only to the extent permitted by the agreement  
20 entered into with the controller; and

21 (B) Provide a mechanism to comply with any exercises of a consumer's  
22 rights under section eleven hundred two of this article upon the request  
23 of the controller, subject to any limitations thereon as authorized by  
24 this article; and

25 (C) To the extent the disclosure, transfer, or sale of the personal  
26 data causes the third party to become a controller, comply with all  
27 obligations imposed on controllers under this article.

28 2. Processor responsibilities. (a) For any personal data that is  
29 obtained, received, purchased, or otherwise acquired by a processor,  
30 whether directly from a controller or indirectly from another processor,  
31 the processor must comply with the requirements set forth in clauses (A)  
32 through (J) of subparagraph (i) of paragraph (f) of subdivision one of  
33 this section.

34 (b) A processor is not required to comply with a request submitted  
35 pursuant to this article if (i) the consumer submits the request direct-  
36 ly to the processor; and (ii) the processor has processed the consumer's  
37 personal data solely in its role as a processor for a controller.

38 (c) Processors shall be under a continuing obligation to engage in  
39 reasonable measures to review their activities for circumstances that  
40 may have altered their ability to identify a specific natural person and  
41 to update their classifications of data as identified or identifiable  
42 accordingly.

43 (d) A processor shall not engage in any sale of personal data other  
44 than on behalf of the controller pursuant to any agreement entered into  
45 with the controller.

46 3. Third party responsibilities. For any personal data that is  
47 obtained, received, purchased, or otherwise acquired or accessed by a  
48 third party from a controller or processor, the third party must:

49 (a) Process that data only to the extent permitted by any agreements  
50 entered into with the controller;

51 (b) Comply with any exercises of a consumer's rights under section  
52 eleven hundred two of this article upon the request of the controller or  
53 processor, subject to any limitations thereon as authorized by this  
54 article; and

1 (c) To the extent the third party becomes a controller for personal  
2 data, comply with all obligations imposed on controllers under this  
3 article.

4 4. Exceptions. The requirements of this section shall not apply where:

5 (a) The processing is required by law;

6 (b) The processing is made pursuant to a request by a federal, state,  
7 or local government or government entity; or

8 (c) The processing significantly advances protection against criminal  
9 or tortious activity.

10 § 1104. Data brokers. 1. A data broker, as defined under this article,  
11 must annually, on or before January thirty-first following a year in  
12 which a person meets the definition of data broker in this article:

13 (a) Register with the attorney general;

14 (b) Pay a registration fee of one hundred dollars or as otherwise  
15 determined by the attorney general pursuant to the regulatory authority  
16 granted to the attorney general under this article, not to exceed the  
17 reasonable cost of establishing and maintaining the database and infor-  
18 mational website described in this section; and

19 (c) Provide the following information:

20 (i) the name and primary physical, email, and internet website address  
21 of the data broker;

22 (ii) the name and business address of an officer or registered agent  
23 of the data broker authorized to accept legal process on behalf of the  
24 data broker;

25 (iii) a statement describing the method for exercising consumers  
26 rights under section eleven hundred two of this article;

27 (iv) a statement whether the data broker implements a purchaser  
28 credentialing process; and

29 (v) any additional information or explanation the data broker chooses  
30 to provide concerning its data collection practices.

31 2. Notwithstanding any other provision of this article, any controller  
32 that conducts business in the state of New York must:

33 (a) annually, on or before January thirty-first following a year in  
34 which a person meets the definition of controller in this act, provide  
35 to the attorney general a list of all data brokers or persons reasonably  
36 believed to be data brokers to which the controller provided personal  
37 data in the preceding year; and

38 (b) not sell a consumer's personal data to an entity reasonably  
39 believed to be a data broker that is not registered with the attorney  
40 general.

41 3. The attorney general shall establish, manage and maintain a state-  
42 wide registry on its internet website, which shall list all registered  
43 data brokers and make accessible to the public all the information  
44 provided by data brokers pursuant to this section. Printed hard copies  
45 of such registry shall be made available upon request and payment of a  
46 reasonable fee to be determined by the attorney general.

47 4. A data broker that fails to register as required by this section or  
48 submits false information in its registration is, in addition to any  
49 other injunction, penalty, or liability that may be imposed under this  
50 article, liable for civil penalties, fees, and costs in an action  
51 brought by the attorney general as follows: (a) a civil penalty of one  
52 thousand dollars for each day the data broker fails to register as  
53 required by this section or fails to correct false information, (b) an  
54 amount equal to the fees that were due during the period it failed to  
55 register, and (c) expenses incurred by the attorney general in the

1 investigation and prosecution of the action as the court deems appropri-  
2 ate.

3 § 1105. Limitations. 1. This article does not require a controller or  
4 processor to do any of the following solely for purposes of complying  
5 with this article:

6 (a) Reidentify deidentified data;

7 (b) Comply with a verified consumer request to access, correct, or  
8 delete personal data pursuant to this article if all of the following  
9 are true:

10 (i) The controller is not reasonably capable of associating the  
11 request with the personal data;

12 (ii) The controller does not associate the personal data with other  
13 personal data about the same specific consumer as part of its normal  
14 business practice; and

15 (iii) The controller does not sell the personal data to any third  
16 party or otherwise voluntarily disclose or transfer the personal data to  
17 any processor or third party, except as otherwise permitted in this  
18 article; or

19 (c) Maintain personal data in identifiable form, or collect, obtain,  
20 retain, or access any personal data or technology, in order to be capa-  
21 ble of associating a verified consumer request with personal data.

22 2. The obligations imposed on controllers and processors under this  
23 article do not restrict a controller's or processor's ability to do any  
24 of the following, to the extent that the use of the consumer's personal  
25 data is reasonably necessary and proportionate for these purposes:

26 (a) Comply with federal, state, or local laws, rules, or regulations,  
27 provided that no law enforcement agency or officer thereof shall access  
28 personal data without a subpoena or a lawfully executed search warrant,  
29 except for the attorney general for the purposes of enforcing this  
30 article, except where otherwise provided specifically in federal law;

31 (b) Investigate, establish, exercise, prepare for, or defend legal  
32 claims;

33 (c) Process personal data necessary to provide the services or goods  
34 requested by a consumer; perform a contract to which the consumer is a  
35 party; or take steps at the request of the consumer prior to entering  
36 into a contract;

37 (d) Take immediate steps to protect the life or physical safety of the  
38 consumer or of another natural person, and where the processing cannot  
39 be manifestly based on another legal basis;

40 (e) Prevent, detect, protect against, or respond to security inci-  
41 dents, identity theft, fraud, harassment, malicious or deceptive activ-  
42 ities, or any illegal activity; preserve the integrity or security of  
43 systems; or investigate, report, or prosecute those responsible for any  
44 such action;

45 (f) Identify and repair technical errors that impair existing or  
46 intended functionality; or

47 (g) Process business contact information, including a natural person's  
48 name, position name or title, business telephone number, business  
49 address, business electronic mail address, business fax number, or qual-  
50 ifications and any other similar information about the natural person.

51 3. The obligations imposed on controllers or processors under this  
52 article do not apply where compliance by the controller or processor  
53 with this article would violate an evidentiary privilege under New York  
54 law and do not prevent a controller or processor from providing personal  
55 data concerning a consumer to a person covered by an evidentiary privi-  
56 lege under New York law as part of a privileged communication.

1 4. A controller that receives a request pursuant to subdivisions four  
2 through seven of section eleven hundred two of this article, or a  
3 processor or third party to whom a controller communicates such a  
4 request, may decline to fulfill the relevant part of such request if:

5 (a) the controller, processor, or third party is unable to verify the  
6 request using commercially reasonable efforts, as described in paragraph  
7 (c) of subdivision eight of section eleven hundred two of this article;

8 (b) complying with the request would be demonstrably impossible (for  
9 purposes of this paragraph, the receipt of a large number of verified  
10 requests, on its own, is not sufficient to render compliance with a  
11 request demonstrably impossible);

12 (c) complying with the request would impair the privacy of another  
13 individual or the rights of another to exercise free speech; or

14 (d) the personal data was created by a natural person other than the  
15 consumer making the request and is being processed for the purpose of  
16 facilitating interpersonal relationships or public discussion.

17 § 1106. Enforcement. 1. Whenever it appears to the attorney general,  
18 either upon complaint or otherwise, that any person or persons has  
19 engaged in or is about to engage in any of the acts or practices stated  
20 to be unlawful under this article, the attorney general may bring an  
21 action or special proceeding in the name and on behalf of the people of  
22 the state of New York to enjoin any violation of this article, to obtain  
23 restitution of any moneys or property obtained directly or indirectly by  
24 any such violation, to obtain disgorgement of any profits obtained  
25 directly or indirectly by any such violation, to obtain civil penalties  
26 of not more than twenty thousand dollars per violation, and to obtain  
27 any such other and further relief as the court may deem proper, includ-  
28 ing preliminary relief.

29 (a) Any action or special proceeding brought by the attorney general  
30 pursuant to this section must be commenced within six years.

31 (b) Each instance of unlawful processing counts as a separate  
32 violation. Unlawful processing of the personal data of more than one  
33 consumer counts as a separate violation as to each consumer. Each  
34 provision of this article that is violated counts as a separate  
35 violation.

36 (c) In assessing the amount of penalties, the court must consider any  
37 one or more of the relevant circumstances presented by any of the  
38 parties, including, but not limited to, the nature and seriousness of  
39 the misconduct, the number of violations, the persistence of the miscon-  
40 duct, the length of time over which the misconduct occurred, the will-  
41 fulness of the violator's misconduct, and the violator's financial  
42 condition.

43 2. In connection with any proposed action or special proceeding under  
44 this section, the attorney general is authorized to take proof and make  
45 a determination of the relevant facts, and to issue subpoenas in accord-  
46 ance with the civil practice law and rules. The attorney general may  
47 also require such other data and information as he or she may deem rele-  
48 vant and may require written responses to questions under oath. Such  
49 power of subpoena and examination shall not abate or terminate by reason  
50 of any action or special proceeding brought by the attorney general  
51 under this article.

52 3. Any person, within or outside the state, who the attorney general  
53 believes may be in possession, custody, or control of any books, papers,  
54 or other things, or may have information, relevant to acts or practices  
55 stated to be unlawful in this article is subject to the service of a  
56 subpoena issued by the attorney general pursuant to this section.

1 Service may be made in any manner that is authorized for service of a  
2 subpoena or a summons by the state in which service is made.

3 4. (a) Failure to comply with a subpoena issued pursuant to this  
4 section without reasonable cause tolls the applicable statutes of limi-  
5 tations in any action or special proceeding brought by the attorney  
6 general against the noncompliant person that arises out of the attorney  
7 general's investigation.

8 (b) If a person fails to comply with a subpoena issued pursuant to  
9 this section, the attorney general may move in the supreme court to  
10 compel compliance. If the court finds that the subpoena was authorized,  
11 it shall order compliance and may impose a civil penalty of up to one  
12 thousand dollars per day of noncompliance.

13 (c) Such tolling and civil penalty shall be in addition to any other  
14 penalties or remedies provided by law for noncompliance with a subpoena.

15 5. This section shall apply to all acts declared to be unlawful under  
16 this article, whether or not subject to any other law of this state, and  
17 shall not supersede, amend or repeal any other law of this state under  
18 which the attorney general is authorized to take any action or conduct  
19 any inquiry.

20 § 1107. Miscellaneous. 1. Preemption: This article does not annul,  
21 alter, or affect the laws, ordinances, regulations, or the equivalent  
22 adopted by any local entity regarding the processing, collection, trans-  
23 fer, disclosure, and sale of consumers' personal data by a controller or  
24 processor subject to this article, except to the extent those laws,  
25 ordinances, regulations, or the equivalent create requirements or obli-  
26 gations that conflict with or reduce the protections afforded to consum-  
27 ers under this article.

28 2. Impact report: The attorney general shall issue a report evaluating  
29 this article, its scope, any complaints from consumers or persons, the  
30 liability and enforcement provisions of this article including, but not  
31 limited to, the effectiveness of its efforts to enforce this article,  
32 and any recommendations for changes to such provisions. The attorney  
33 general shall submit the report to the governor, the temporary president  
34 of the senate, the speaker of the assembly, and the appropriate commit-  
35 tees of the legislature within two years of the effective date of this  
36 section.

37 3. Regulatory authority: (a) The attorney general is hereby authorized  
38 and empowered to adopt, promulgate, amend and rescind suitable rules and  
39 regulations to carry out the provisions of this article, including rules  
40 governing the form and content of any disclosures or communications  
41 required by this article.

42 (b) The attorney general may request, and shall receive, data and  
43 information from controllers conducting business in New York state,  
44 other New York state government entities administering notice and  
45 consent regimes, consumer protection and privacy advocates and research-  
46 ers, internet standards setting bodies, such as the internet engineering  
47 taskforce and the institute of electrical and electronics engineers, and  
48 other relevant sources, to conduct studies to inform suitable rules and  
49 regulations. The attorney general shall receive, upon request, data  
50 from other New York state governmental entities.

51 4. Exercise of rights: Any consumer right set forth in this article  
52 may be exercised at any time by the consumer who is the subject of the  
53 data or by a parent or guardian authorized by law to take actions of  
54 legal consequence on behalf of the consumer who is the subject of the  
55 data. An agent authorized by a consumer may exercise the consumer rights

1 set forth in subdivisions four through seven of section eleven hundred  
2 two of this article on the consumers behalf.

3 § 4. Severability. If any provision of this act, or any application of  
4 any provision of this act, is held to be invalid, that shall not affect  
5 the validity or effectiveness of any other provision of this act, or of  
6 any other application of any provision of this act, which can be given  
7 effect without that provision or application; and to that end, the  
8 provisions and applications of this act are severable.

9 § 5. This act shall take effect immediately; provided, however, that  
10 sections 1101, 1102, 1103, 1105, 1106 and 1107 of the general business  
11 law, as added by section three of this act, shall take effect one year  
12 after it shall have become a law.
