establish and continue title IV-E eligibility for all title IV-E eligible chil-2 3 dren within the required time frames; claim title IV-E funding only for cases 4 5 that meet all of the title IV-E eligibilб ity criteria; and fully implement the 7 social services payment system on before April 1, 2005 for all direct and 8 9 voluntary agency foster care services. 10 Notwithstanding any law to the contrary, the 11 office of children and family services 12 shall impose on social services districts 13 any federal disallowance issued against the state as a result of a federal title 14 15 IV-E secondary eligibility review regard-16 less of the date the children may have 17 entered foster care, the date the eligi-18 bility or payment errors occurred, or the 19 filing date of any federal claims for 20 reimbursement; provided, however, that the state shall be responsible for the disal-21 22 lowed costs and expenditures related to 23 the placement of children in a facility operated by the office of children and 24 family services, which shall be determined 25 26 in the same manner as the disallowed costs 27 expenditures for social services 28 districts other than the city of New York. 29 In order to reimburse the federal govern-30 ment for the full amount of any disallowance imposed on the state by the federal 31 32 administration for children and families 33 within the timeframes necessary to avoid 34 any potential interest payments on such 35 amount, the office of children and family 36 is authorized to immediately services 37 offset funds otherwise due to 38 district for a pro rata share of the total disallowed costs based on the percentage 39 40 of applicable federal title IV-E claims 41 made by that district for the relevant 42 time period as compared to the total 43 applicable statewide title IV-E claims. 44 The amount of the offset against each 45 district will be adjusted, if necessary, 46 upon completion of the disallowance allo-47 cation process. The final allocation of 48 the amount of any federal disallowance 49 resulting from a title IV-E secondary eligibility review shall be 50 allocated among the districts so that each district 51

shall be responsible for the 2 attributable to each of the district's 3 children or cases that are determined by 4 the federal review to be unallowable. Each 5 district shall also be responsible for a б portion of the federal extrapolated disal-7 lowance amount based on the relative error 8 rate for the district. The city of New York's error rate will be based on the 9 federal sample and federal statistics. For 10 11 all social services districts other than 12 the city of New York, the error rate will 13 be based on a review conducted by the district of a sample of children and/or 14 15 cases determined by the office of children 16 and family services and a re-review of a 17 sub-sample by the office of those children 18 and/or cases determined by the office. The office of children and family services will determine what is reasonable in 19 20 establishing the size of the sample and 21 22 sub-sample for each district. The office 23 of children and family services shall 24 notify each social services district of 25 the sample of children and/or cases from 26 the federal audit period that the social 27 services district must review. Any child 28 or case from the social services district 29 that was included in the federal sample will automatically be included in the 30 social services district's review sample 31 32 and the determination made at the federal 33 review regarding that child or case will 34 govern for the purposes of the social services district's review. The social 35 36 services district must complete and submit 37 the results of its review to the office of 38 children and family services within 60 39 days of receipt of the sample. The error 40 rate for the district will be based on the 41 findings of the district's review and the 42 office of children and family services' 43 re-review. If a social services district 44 does not complete its review within 60 45 days of receiving the sample from the 46 office of children and family services, 47 the office of children and family services 48 shall assign an error rate to the social 49 services district based on the relative 50 percentage of the district's applicable 51 title IV-E claims for the relevant period

DEPARTMENT OF FAMILY ASSISTANCE OFFICE OF CHILDREN AND FAMILY SERVICES

AID TO LOCALITIES 2023-24

as compared to applicable statewide title 2 IV-E claims for that period and other circumstances that the office of children 3 4 and family services may consider in order 5 to allocate 100 percent of the federal б disallowance. The office of children and 7 family services shall apply each social services district's error rate to the 8 total amount of the district's applicable 9 10 title IV-E claims including associated 11 administrative expenses. The resulting 12 dollar amounts for all of the social 13 services districts will be summed derive the total amount of title IV-E 14 15 claims deemed to be in error statewide. To 16 establish a disallowance percentage for 17 each social services district, the amount 18 of the district's title IV-E claims deemed to be in error will be divided by the 19 20 amount of statewide title IV-E claims 21 deemed to be in error. The resulting 22 disallowance percentage for each district 23 will be applied to the entire title IV-E 24 extrapolated disallowance calculated by 25 the federal review to determine the amount 26 of the extrapolated disallowance for which 27 the district is responsible. Each district 28 will be credited for the amount already 29 disallowed for any individual children or cases found to be in error during the 30 31 federal review. The exclusive appeal 32 rights for the review of the amount of the 33 federal disallowance assigned to 34 social services district shall be pursuant 35 to article 78 of the civil practice law 36 and rules; provided, however, that in any 37 such action all of the social services 38 districts shall be joined as necessary 39 parties and the venue of any such action 40 shall be in Rensselaer county. Any social 41 services district that fails to complete 42 its sample review in the required time 43 frames shall have no right to appeal and 44 shall not be a necessary party to any 45 action brought by another social services 46 district. 47

the maximum state aid rates established by the office of children and family services for the 2022-23 rate year pursuant to section 398-a of the social services law and sections 4003 and 4405 of the education law to reflect the continuation of the cost of living adjustments that became effective April 1, 2008 for payments made to foster parents and for salary and fringe benefit costs and critical nonpersonal services costs for foster care programs as determined by the office. Social services districts must adjust the amount of payments made for care provided by congregate care and foster boarding home programs and to foster parents to reflect the living adjustments in the manner specified by the office. Each authorized agency operating a congregate care or foster boarding home program in New York state for which the office sets a maximum state aid rate pursuant to section 398-a of the social services law or section 4003 or 4405 of the education law shall submit, at the time and in a manner to be determined by the office, a written certification, attesting that the funds received for the continuation of the cost of living adjustment to the maximum state aid rate that became effective April 1, 2008 for that program will be or were used solely in accordance with the requirements of the cost of living adjustment established by the office.

Notwithstanding any inconsistent provision of law except a chapter of the laws of 2022 authorizing a 5.4 percent cost of living adjustment increase for the period commencing on April 1, 2022 and ending March 31, 2023, the commissioner shall not apply any other cost of living adjustment for the purpose of establishing rates of payments, contracts or any other form of reimbursement.

Within the amounts appropriated herein, state reimbursement to each social services district for services identified herein that are otherwise reimbursable by the state from April 1, 2022 through March 31, 2023 shall be limited to a district allocation, hereinafter referred to as the district's block grant allocation. Notwithstanding any other provision of law, such block grant allocation shall be based, in part, on each district's claims for such costs, adjusted by the applicable cost allocation methodology and net of any retroactive payments for the 12 month period ending June 30, 2021 that are submitted on or before January 3, 2022 and, in part, on such other factors as determined by the office of children and family services and approved by the director of the budget. Any portion of a social services district's allocation from funds appropriated herein not claimed by such district during the state fiscal year may be used by such district for expenditures on preventive services provided pursuant to section 409-a of the social services law, independent living services and aftercare services provided pursuant to regulations of the department of family assistance, claimed by such district during the next state fiscal year up to the amount remaining from the district's foster care block grant allocation, provided however, that any claims for such services during the next state fiscal year in excess of such amount shall be subject to 62 percent state reimbursement exclusive of any federal funds made available for such purposes, in accordance with directives of the department

of family assistance and subject to the approval of the director of the budget. Any claims submitted by a social services district for reimbursement for a particular state fiscal year for which the social services district does not receive state or federal reimbursement during that state fiscal year may not be claimed against that district's block grant apportionment for the next state fiscal year.

The office of children and family services, with the approval of the director of the budget, may reduce a district's block grant allocation by the state share decrease related to federal retroactive reimbursement for such foster care services identified herein. The office, with the approval of the director of the budget, may reduce a district's block grant allocation by the state share of disallowances or sanctions taken against the district pursuant to the social services law or federal law.

Notwithstanding any other provision of law, the state shall not be responsible for reimbursing a social services district and a district shall not seek state reimbursement for any portion of any state disallowance or sanction taken against the social services district, or any federal disallowance attributable to final federal agency decisions or to settlement made, on or after July 1, 1995, when such disallowance or sanction results from the failure of the social services district to comply with federal or state requirements, including, but not limited to, failure to document eligibility for federal or state funds in the case record; provided, howevif the office determines that any federal disallowance for services provided between January 1, 1999 and May 31, 1999 results solely from the late enactment of the state legislation implementing the federal adoption and safe families act, the state shall be solely responsible for the full amount of the disallowance or sanction; provided, further, however, this provision shall be deemed to apply both prospectively and retroactively regardless of whether such sanctions or disallowances are for services provided or claims made prior to or after April 1, 2022.

Notwithstanding any other provision of law, any federal disallowance resulting from a federal title IV-E eligibility review or audit that uses extrapolated statistic techniques shall be passed along by the state to any and all social services districts that the office of children and family services has determined have not complied with the title IV-E eligibility requirements or have not taken the necessary actions to ensure compliance with such requirements including, but not limited to, failing to: assess and fully document all the criteria and have readily available all the necessary documents to establish and continue title IV-E eligibility for all title IV-E eligible children within the required time frames; claim title IV-E funding only for cases that meet all of the title IV-E eligibility criteria; and fully implement the social services payment system on or before April 1, 2005 for all direct and voluntary agency foster care services.

al disallowance issued against the state as a result of a federal title IV-E secondary eligibility review regardless of the date the children may have entered foster care, the date the eligibility or payment errors occurred, or the filing date of any federal claims for reimbursement; provided, however, that the state shall be responsible for the disallowed costs and expenditures related to the placement of children in a facility operated by the office of children and family services, which shall be determined in the same manner as the disallowed costs and expenditures for social services districts other than the city of New York. In order to reimburse the federal government for the full amount of any disallowance imposed on the state by the federal administration for children and families within the timeframes necessary to avoid any potential interest payments on such amount, the office of children and family services is authorized to immediately offset funds otherwise due to each district for a pro rata share of the total disallowed costs based on the percentage of applicable federal title IV-E claims made by that district for the relevant time period as compared to the total applicable statewide title IV-E claims. The amount of the offset district will be adjusted, if necessary, upon each completion of the disallowance allocation process. The final allocation of the amount of any federal disallowance resulting from a title IV-E secondary eligibility review shall be allocated among the districts so that each district shall be responsible for the amount attributable to each of the district's children or cases that are determined by the federal review to be unallowable. Each district shall also be responsible for a portion of the federal extrapolated disallowance amount based on the relative error rate for the district. The city of New York's error rate will be based on the federal sample and federal statistics. For all social services districts other than the city of New York, the error rate will be based on a review conducted by the district of a sample of children and/or cases determined by the office of children and family services and a re-review of a sub-sample by the office of those children and/or cases determined by the office. The office of children and family services will determine what is reasonable in establishing the size of the sample and sub-sample for each district. The office of children and family services shall notify each social services district of the sample of children and/or cases from the federal audit period that the social services district must review. child or case from the social services district that was included in the federal sample will automatically be included in the social services district's review sample and the determination made at the federal review regarding that child or case will govern for the purposes of the social services district's review. The social services district must complete and submit the results of its review to the office of children and family services within 60 days of receipt of the sample. The error rate for the district will be based on the findings of the district's review and the office of children and family services' re-review. If a social services district does not complete its review within 60 days of receiving the sample from

the office of children and family services, the office of children and family services shall assign an error rate to the social services district based on the relative percentage of the district's applicable title IV-E claims for the relevant period as compared to applicable statewide title IV-E claims for that period and other circumstances that the office of children and family services may consider in order to allocate 100 percent of the federal disallowance. The office of children and family services shall apply each social services district's error rate to the total amount of the district's applicable title IV-E claims including associated administrative expenses. The resulting dollar amounts for all of social services districts will be summed to derive the total amount of title IV-E claims deemed to be in error statewide. To establish a disallowance percentage for each social services district, the amount of the district's title IV-E claims deemed to be in error will be divided by the amount of statewide title IV-E claims deemed to be in error. The resulting disallowance percentage for each district will be applied to the entire title IV-E extrapolated disallowance calculated by the federal review to determine the amount of the extrapolated disallowance for which the district is responsible. Each district will be credited for the amount already disallowed for any individual children or cases found to be in error during the federal review. The exclusive appeal rights for the review of the amount of the federal disallowance assigned to each social services district shall be pursuant to article 78 of the civil practice law and rules; provided, however, that in any such action all of the social services districts shall be joined as necessary parties and the venue of any such action shall be in Rensselaer county. Any social services district that fails to complete its sample review in the required time frames shall have no right to appeal and shall not be a necessary party to any action brought by another social services district.

The money hereby appropriated is to be available for payment of state aid heretofore accrued or hereafter to accrue to municipalities. Subject to the approval of the director of the budget, such funds shall be available to the office net of disallowances, refunds, reimbursements, and credits.

Notwithstanding any inconsistent provision of law, the amount herein appropriated may be transferred to any other appropriation within the office of children and family services and/or the office of temporary and disability assistance and/or suballocated to the office of temporary and disability assistance for the purpose of paying local social services districts' costs of the above program and may be increased or decreased by interchange with any other appropriation or with any other item or items within the amounts appropriated within the office of children and family services general fund - local assistance account with the approval of the director of the budget who shall file such approval with the department of audit and control and copies thereof with the chairman of the senate finance committee and the chairman of the assembly ways and means committee.

The director of the budget, in consultation with the commissioner of health, shall assess on a quarterly basis known and projected medicaid expenditures by category of service and by geographic region, as determined by the commissioner of health, incurred both prior to and subsequent to such assessment for each such period, and if the director of the budget determines that such expenditures are expected to cause medicaid spending for such period to exceed the aggregate limit specified herein for such period, the state medicaid director, in consultation with the director of the budget and the commissioner of health, shall develop a medicaid savings allocation adjustment to limit such spending to the aggregate limit specified herein for such period.

Such medicaid savings allocation adjustment shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Reconciliation Act of 2010, Education Public Law No. 111-152 (collectively "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federcenters for medicare and medicaid services, provided, however, that commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation adjustment that meets the other criteria set forth

AID TO LOCALITIES 2023-24

herein; (3) reductions shall be made in a 1 manner that maximizes federal financial 2 3 participation, to the extent practicable, including any federal financial partic-4 5 ipation that is available or is reasonably 6 expected to become available, in 7 discretion of the commissioner, under the 8 Affordable Care Act; (4) reductions shall be made uniformly among categories of 9 10 services and geographic regions of the 11 state, to the extent practicable, 12 shall be made uniformly within a category 13 service, to the extent practicable, except where the commissioner determines 14 that there are sufficient grounds for 15 non-uniformity, including but not limited 16 17 to: the extent to which specific catego-18 ries of services contributed to department 19 of health medicaid state funds spending in 20 excess of the limits specified herein; the 21 need to maintain safety net services in 22 underserved communities; or the potential 23 benefits of pursuing innovative payment models contemplated by the Affordable Care 24 25 Act, in which case such grounds shall be 26 set forth in the medicaid savings allo-27 cation adjustment; and (5) reductions 28 shall be made in a manner that does not 29 unnecessarily create administrative 30 burdens to medicaid applicants and recipi-31 ents or providers.

The commissioner shall seek the input of the legislature, as well as organizations representing health care providers, consumers, businesses, workers, health insurers, and others with relevant expertise, in developing such medicaid savings allocation adjustment, to the extent that all or part of such adjustment, in the discretion of the commissioner, is likely to have a material impact on the overall medicaid program, particular categories of service or particular geographic regions of the state.

Such medicaid savings allocation adjustment shall be designed, to reduce the expenditures authorized by the appropriations herein in compliance with the following guidelines: (1) reductions shall be made in compliance with applicable federal law, including the provisions of the Patient Protection and Affordable Care Act, Public Law No. 111-148, and the Health Care and Education Reconciliation Act of No. 111-152 (collectively Public Law "Affordable Care Act") and any subsequent amendments thereto or regulations promulgated thereunder; (2) reductions shall be made in a manner that complies with the state medicaid plan approved by the federal centers for medicare and medicaid services, provided, however, that the commissioner of health is authorized to submit any state plan amendment or seek other federal approval, including waiver authority, to implement the provisions of the medicaid savings allocation adjustment

The department of health shall prepare a quarterly report that sets forth: (a) known and projected department of health medicaid expenditures as described in subdivision (1) of this section, and factors that could result in medicaid disbursements for the relevant state fiscal year to exceed the projected department of health state funds disbursements in the enacted budget financial plan pursuant to subdivision 3 of section 23 of the state finance law, including spending increases or decreases due to: enrollment fluctuations, rate changes, utilization changes, MRT investments, and shift of beneficiaries to managed care; and variations in offline medicaid payments; and (b) the actions taken to implement any medicaid savings allocation adjustment implemented pursuant to subdivision (4) of this section, including information concerning the impact of such actions on each category of service and each geographic region of the state.
