21 a professional service corporation pursuant to paragraph (h) of section
22 1503 of this article may issue shares to individuals who are authorized
23 by law to practice in this state the profession which such corporation
24 is authorized to practice or who will engage in the practice of such
25 profession in such corporation within thirty days of the date such
26 shares are issued and may also issue shares to employees of the corpo-

33 accountants, and

34 (iv) the president, the chairperson of the board of directors and the
35 chief executive officer or officers are certified public accountants.
36 No shareholder of a professional service corporation established pursu-

38 voting trust agreement, proxy or any other type of agreement vesting in
39 another person, the authority to exercise voting power of any or all of

45 ness purpose of incorporating as a professional service corporation
46 pursuant to paragraph (h) of section 1503 of this article may include

48 state, provided however that at least a simple majority of the direc-
49 tors, at least a simple majority of the officers and the president, the
50 chairperson of the board of directors and the chief executive officer or
51 officers are authorized by law to practice in any state the profession
52 which such corporation is authorized to practice, and are either share-

55 § 4. Section 1509 of the business corporation law, as amended by chap-
56 ter 550 of the laws of 2011, is amended to read as follows:

1 § 1509. Disqualification of shareholders, directors, officers and
2 employees.

3 If any shareholder, director, officer or employee of a professional
4 service corporation, including a design professional service corpo-
5 ration, who has been rendering professional service to the public
6 becomes legally disqualified to practice his or her profession within
7 this state, he or she shall sever all employment with, and financial
8 interests (other than interests as a creditor) in, such corporation
9 forthwith or as otherwise provided in section 1510 of this article. All
10 provisions of law regulating the rendering of professional services by a
11 person elected or appointed to a public office shall be applicable to a
12 shareholder, director, officer and employee of such corporation in the
13 same manner and to the same extent as if fully set forth herein. Such
14 legal disqualification to practice his or her profession within this
15 state shall be deemed to constitute an irrevocable offer by the disqual-
16 ified shareholder to sell his or her shares to the corporation, pursuant
17 to the provisions of section 1510 of this article or of the certificate
18 of incorporation, by-laws or agreement among the corporation and all
19 shareholders, whichever is applicable. Compliance with the terms of such
20 offer shall be specifically enforceable in the courts of this state. A
21 professional service corporation's failure to enforce compliance with
22 this provision shall constitute a ground for forfeiture of its certif-
23 icate of incorporation and its dissolution.

24 § 5. Paragraph (a) of section 1511 of the business corporation law, as
25 amended by chapter 550 of the laws of 2011, is amended and a new para-
26 graph (c) is added to read as follows:

27 (a) No shareholder of a professional service corporation [~~ex~~], includ-
28 ing a design professional service corporation, may sell or transfer his
29 or her shares in such corporation except to another individual who is
30 eligible to have shares issued to him or her by such corporation or
31 except in trust to another individual who would be eligible to receive
32 shares if he or she were employed by the corporation. Nothing herein
33 contained shall be construed to prohibit the transfer of shares by oper-
34 ation of law or by court decree. No transferee of shares by operation
35 of law or court decree may vote the shares for any purpose whatsoever
36 except with respect to corporate action under sections 909 and 1001 of
37 this chapter. The restriction in the preceding sentence shall not apply,
38 however, where such transferee would be eligible to have shares issued
39 to him or her if he or she were an employee of the corporation and, if
40 there are other shareholders, a majority of such other shareholders
41 shall fail to redeem the shares so transferred, pursuant to section 1510
42 of this article, within sixty days of receiving written notice of such
43 transfer. Any sale or transfer, except by operation of law or court
44 decree or except for a corporation having only one shareholder, may be
45 made only after the same shall have been approved by the board of direc-
46 tors, or at a shareholders' meeting specially called for such purpose by
47 such proportion, not less than a majority, of the outstanding shares as
48 may be provided in the certificate of incorporation or in the by-laws of
49 such professional service corporation. At such shareholders' meeting the
50 shares held by the shareholder proposing to sell or transfer his or her
51 shares may not be voted or counted for any purpose, unless all share-
52 holders consent that such shares be voted or counted. The certificate of
53 incorporation or the by-laws of the professional service corporation, or
54 the professional service corporation and the shareholders by private
55 agreement, may provide, in lieu of or in addition to the foregoing
56 provisions, for the alienation of shares and may require the redemption

1 or purchase of such shares by such corporation at prices and in a manner
2 specifically set forth therein. The existence of the restrictions on the
3 sale or transfer of shares, as contained in this article and, if appli-
4 cable, in the certificate of incorporation, by-laws, stock purchase or
5 stock redemption agreement, shall be noted conspicuously on the face or
6 back of every certificate for shares issued by a professional service
7 corporation. Any sale or transfer in violation of such restrictions
8 shall be void.

9 (c) A firm established for the business purpose of incorporating as a
10 professional service corporation pursuant to paragraph (h) of section
11 1503 of this article, shall purchase or redeem the shares of a non-li-
12 censed professional shareholder in the case of his or her termination of
13 employment within thirty days after such termination. A firm estab-
14 lished for the business purpose of incorporating as a professional
15 service corporation pursuant to paragraph (h) of section 1503 of this
16 article, shall not be required to purchase or redeem the shares of a
17 terminated non-licensed professional share-holder if such shares, within
18 thirty days after such termination, are sold or transferred to another
19 employee of the corporation pursuant to this article.

25 the date prescribed by the licensing authority, furnish a statement to
26 the licensing authority listing the names and residence addresses of
27 each shareholder, director and officer of such corporation and certify
28 as the date of certification and at all times over the entire three year
29 period that:

31 the corporation are and were owned by certified public accountants,

32 (ii) at least a simple majority of the directors are and were certi-
33 fied public accountants,

34 (iii) at least a simple majority of the officers are and were certi-
35 fied public accountants, and

36 (iv) the president, the chairperson of the board of directors and the
37 chief executive officer or officers are and were certified public
38 accountants.

24 tice public accountancy in this state. With respect to a foreign profes-

26 ical social work services as such services are defined in article 154 of

28 limited liability company shall be licensed pursuant to article 154 of
29 the education law to practice clinical social work in this state. With

For purposes of this subdivision, "financial interest" means capital stock, capital accounts, capital contributions, capital interest, or interest in undistributed earnings of a business entity. Although firms registered with the education department may include non-licensee owners, a registered firm and its owners must comply with rules promulgated by the state board of regents. PART F

Section 1. Short title. This article shall be known and cited as the "new homes targets and production incentives act".

§ 2. Article 20 of the general municipal law, as renumbered by chapter 84 of the laws of 1981, is renumbered to be article 21, sections 1000 and 1001 are renumbered to be sections 1020 and 1021, and a new article 20 is added to read as follows:

ARTICLE 20

NEW HOMES TARGETS AND PRODUCTION INCENTIVES

Section 1000. Legislative findings and declarations.

1001. Definitions.

1002. Applicability.

1003. Growth targets.

1004. Housing production incentives.

1005. Land use advisory council.

1 § 1000. Legislative findings and declarations. The legislature hereby
2 finds, determines, and declares that:

3 1. The lack of housing, especially affordable and supportive housing,
4 is a critical problem that threatens the economic, environmental, and
5 social quality of life throughout New York state and disproportionately
6 burdens various vulnerable populations that disproportionately need more
7 affordable housing options including, but not limited to, low- and
8 moderate-income, racial and ethnic minority, and elderly households.

9 2. Housing in the state of New York is among the most expensive in the
10 nation. The excessive cost of the state's housing supply is partially
11 caused by a lack of new housing production due to the prevalence of
12 local governmental land use policies that limit the opportunities for
13 and place procedural impediments on the approval of housing developments
14 and thereby increase development costs and restrict the housing supply.

15 3. Local governmental limitations on and barriers to housing develop-
16 ment are especially common for multi-family housing development, which
17 constrains the supply of affordable and supportive housing that often
18 require multi-family development to be economically feasible.

19 4. Among the consequences of the prevalence of local restrictions on
20 housing development are the lack of housing to support employment
21 growth; imbalance in number of jobs and housing supply, with the former
22 outstripping the latter; sprawl; excessive commuting; and the potential
23 for discrimination against low-income and minority households who
24 disproportionately require affordable housing opportunities.

25 5. Many local governments do not give adequate attention to the local
26 and broader regional economic, environmental, and social costs of local
27 policies and actions that have the effect of stagnating or reducing the
28 supply of housing, including affordable and supportive housing, or how
29 such policies and actions thereby produce threats to the public health,
30 safety, and general welfare.

31 6. Additionally, many local governments do not give adequate attention
32 to the local and broader regional economic, environmental, and social
33 costs of local policies and actions that result in disapprovals or inhi-
34 bition of proposals for housing development projects that would benefit
35 the public health, safety, and general welfare; a reduction in density
36 of such housing projects; and creation of excessive land use and other
37 barriers for such housing developments to be built.

38 7. Legislation is necessary to forestall restrictive land use prac-
39 tices that inhibit and limit housing development, and to forestall undue
40 local disapprovals of housing development projects, especially afforda-
41 ble and supportive housing, given that such practices and disapprovals
42 produce threats to the public health, safety, and general welfare.

43 8. The state of New York must ensure that local governments give
44 adequate attention to the local and broader regional economic, environ-
45 mental, and social costs of land use zoning and planning policies and
46 actions, as well as the denial of applications to build new housing,
47 which collectively and individually may result in a dearth of appropri-
48 ate housing to meet the needs of all residents in the community or
49 region.

50 9. In furtherance of overall housing production goals and to promote
51 the greatest efficiency and coordinated development efforts of localiti-
52 ties within the state, it is both a matter of state concern and the
53 policy of the state that local governments address their land use poli-
54 cies, practices, and decisions that make housing developments, and espe-
55 cially multi-family, affordable, and supportive housing developments,
56 impossible or infeasible.

10. In order to prevent housing insecurity, hardship, and dislocation, the provisions of this article are designed to protect the public health, safety, and general welfare of the residents of New York state.

§ 1001. Definitions. The following definitions apply for the purposes of this article:

1. "Accessory dwelling unit" shall mean an attached or a detached residential dwelling unit that provides housing for one or more persons which is located on a lot with a proposed or existing primary residential dwelling unit and shall include permanent provisions for living, sleeping, eating, cooking, and sanitation on the same lot as the primary single-family or multi-family dwelling.

2. "Affordable housing" shall mean any income restricted housing, whether intended for rental or homeownership, that is subject to a regulatory agreement with a local, state or federal governmental entity.

4. "Division" shall mean the division of housing and community renewal.

5. "Economically infeasible" shall mean any condition brought about by any single factor or combination of factors to the extent that it makes it substantially unlikely for an owner to proceed in building a residential housing project and still realize a reasonable return in building or operating such housing without substantially changing the rent levels, residential dwelling unit sizes, or residential dwelling unit counts proposed by the owner.

6. "Land use advisory council" shall mean the land use advisory council established pursuant to this article.

7. "Land use action" shall mean any enactment of or amendment to a provision of a zoning local law, ordinance, resolution, policy, program, procedure, comprehensive plan, site plan, subdivision plan, criteria, rule, regulation, or requirement of a local agency.

8. "Land use requirements" shall mean any and all local laws, ordinances, resolutions, or regulations, that shall be adopted or enacted under this chapter, the municipal home rule law, or any general, special or other law pertaining to land use, and shall include but not be limited to a locality's:

- a. written or other comprehensive plan or plans;
- b. zoning ordinance, local laws, resolutions, or regulations;
- c. special use permit, special exception permit, or special permit ordinance, local laws, resolutions, or regulations;
- d. subdivision ordinance, local laws, resolutions, or regulations;

- f. policies or procedures, or any planning, zoning, or other regulatory tool that controls or establishes standards for the use and occupancy of land, the area and dimensional requirements for the development of land, or the intensity of such development.

9. "Lead agency equivalent" shall be defined as any legislative body of a locality, planning board, zoning board of appeals, planning division, planning commission, board of standards and appeals, board of zoning appeals, or any official or employee, or any other agency, department, board or other entity related to a locality with the author-

1 ity to approve or disapprove of any specific project or amendment to any
2 land use requirements as defined in this article.

3 10. "Locality" shall refer to all cities, towns, or villages that
4 regulate land use pursuant to the general city law, the town law, the
5 village law, or other state law, as applicable. Provided further that in
6 a city with a population of one million or more, "locality" shall refer
7 to a community district as defined by chapter sixty-nine of the charter
8 of the city of New York. Provided further that "locality" shall refer to
9 any city, town, or village within a county, where such county regulates
10 or otherwise has approval authority over land use requirements.

11 11. "Metropolitan transportation commuter district" shall refer to the
12 counties of the Bronx, Kings (Brooklyn), New York, Richmond (Staten
13 Island), Queens, Westchester, Putnam, Dutchess, Rockland, Nassau, and
14 Suffolk.

15 12. "Objective standards" shall be defined as standards that involve
16 no personal or subjective judgment by a public official or employee and
17 are uniformly verifiable by reference to a publicly available and
18 uniform benchmark or criterion available and knowable by both the devel-
19 opment applicant and the public official or employee before submittal of
20 a residential land use application.

21 13. "Previously disturbed land" shall mean a parcel or lot of land
22 that was occupied or formerly occupied by a building or otherwise
23 improved or utilized that is not located in a 100-year floodplain or was
24 not being used for commercial agricultural purposes as of the effective
25 date of this article.

26 14. "Residential dwelling unit" shall mean any building or structure
27 or portion thereof which is legally occupied in whole or in part as the
28 home, residence or sleeping place of one or more human beings, however
29 the term does not include any class B multiple dwellings as defined in
30 section four of the multiple dwelling law or housing that is intended to
31 be used on a seasonal basis.

32 15. "Supportive housing" shall mean residential dwelling units with
33 supportive services for tenants.

34 16. "Exempted localities" shall mean localities containing lands
35 designated as forever wild by Article XIV of the New York state Consti-
36 tution and municipalities engaged in a watershed agreement with the
37 department of environmental protection of the city of New York.

38 § 1002. Applicability. This article shall apply to all localities,
39 excluding exempted localities, as defined in subdivision ten of section
40 one thousand one of this article.

41 § 1003. Growth targets. The following growth targets will be utilized
42 as a metric to allow a locality to access funding, subject to appropri-
43 ation, to incentivize increasing housing supply.

44 1. A locality located outside of the metropolitan transportation
45 commuter district has a growth target of an amount equal to one percent
46 of the amount of residential housing units existing in the locality as
47 reported in the most recently published United States decennial census.

48 2. A locality located inside of the metropolitan transportation commu-
49 ter district has a growth target of an amount equal to three percent of
50 the amount of residential housing units existing in the locality as
51 reported in the most recently published United States decennial census.

52 3. Subject to subdivision four of this section, the number of eligible
53 residential dwelling units shall be calculated using the following
54 formula:

55 a. a permitted new residential dwelling unit shall be counted as one
56 eligible residential dwelling unit, provided that a permitted new resi-

1 dential dwelling unit that is income restricted to households earning no
2 more than an amount that is determined pursuant to a regulatory agree-
3 ment with a federal, state, or local governmental entity shall be count-
4 ed as two eligible residential dwelling units; and

5 b. every permitted residential dwelling unit that became suitable for
6 occupancy and that previously had been deemed abandoned pursuant to
7 article nineteen-A of the real property actions and proceedings law
8 shall be counted as one and one-half eligible residential dwelling
9 units.

10 For the purposes of this subdivision, a project shall be considered to
11 be permitted if it has received all necessary local authorizations
12 required prior to requesting a building permit.

13 4. The following permitted residential dwelling units shall not be
14 counted as eligible residential dwelling units:

15 a. any permitted residential dwelling unit where more than twelve
16 months have passed between the authorization granting permission and the
17 commencement of construction; and

18 b. any permitted residential dwelling unit where more than twenty-four
19 months have passed between the authorization granting permission and the
20 issuance of a certificate of occupancy or temporary certificate of occu-
21 pancy.

22 5. In the event a permitted residential dwelling unit is not counted
23 as an eligible residential unit pursuant to subdivision four of this
24 section, such residential dwelling unit may be counted as an eligible
25 residential dwelling unit when the certificate of occupancy or temporary
26 certificate of occupancy is issued for such residential dwelling unit.
27 Provided, further, that in no event shall an eligible residential dwell-
28 ing unit be counted towards a locality's growth targets.

29 6. a. It shall be considered to be a preferred action pursuant to this
30 section if a locality enacts by local law the provisions of this subdi-
31 vision. For any locality within a city with a population of one million
32 or more, it shall be considered to be such a preferred action if such
33 city enacts by local law the provisions of this subdivision throughout
34 such locality. For any locality located within a county wherein such
35 county is empowered to approve or amend some or all of the land use
36 requirements applicable within the locality, to the extent the county is
37 so empowered, it shall be considered such a preferred action if such
38 county enacts by local law the provisions of this subdivision to be in
39 effect throughout such locality.

40 (i) For the purposes of this subdivision:

41 A. "Local government" shall mean a county, city, town or village.

42 B. "Nonconforming zoning condition" shall mean a physical improvement
43 on a property that does not conform with current zoning standards.

44 C. "Proposed dwelling" shall mean a dwelling that is the subject of a
45 permit application and that meets the requirements for permitting.

46 (ii) A local government shall, by local law, provide for the creation
47 of accessory dwelling units. Such local law shall:

48 A. designate areas within the jurisdiction of the local government
49 where accessory dwelling units shall be permitted. Designated areas
50 shall include all areas that permit single-family or multi-family resi-
51 dential use, and all lots with an existing residential use;

52 B. authorize the creation of at least one accessory dwelling unit per
53 lot;

54 C. provide reasonable standards for accessory dwelling units that may
55 include, but are not limited to, height, landscape, architectural review

1 and maximum size of a unit. In no case shall such standards unreasonably
2 restrict the creation of accessory dwelling units; and

3 D. require accessory dwelling units to comply with the following:

4 (1) such accessory dwelling unit may be rented separate from the
5 primary residential dwelling unit, but shall not be sold or otherwise
6 conveyed separate from the primary residential dwelling unit;

7 (2) such accessory dwelling unit shall be located on a lot that
8 includes a proposed dwelling or existing residential dwelling unit;

9 (3) such accessory dwelling unit shall not be rented for a term of
10 less than thirty days; and

11 (4) if there is an existing primary residential dwelling unit, the
12 total floor area of an accessory dwelling unit shall not exceed fifty
13 percent of the existing primary residential dwelling unit, unless such
14 limit would prevent the creation of an accessory dwelling unit that is
15 no greater than six hundred square feet.

16 (iii) A local government shall not establish by local law any of the
17 following:

18 A. in a local government having a population of one million or more, a
19 minimum square footage requirement for an accessory dwelling unit great-
20 er than two hundred square feet, or in a local government having a popu-
21 lation of less than one million, a minimum square footage requirement
22 for an accessory dwelling unit that is greater than five hundred fifty
23 square feet;

24 B. a maximum square footage requirement for an accessory dwelling unit
25 that is less than fifteen hundred square feet;

26 C. any other minimum or maximum size for or other limits on an acces-
27 sory dwelling unit that does not permit at least an eight hundred square
28 foot accessory dwelling unit with four-foot side and rear yard setbacks
29 to be constructed in compliance with other local standards, including
30 any such minimum or maximum size based upon a percentage of the proposed
31 dwelling or existing primary residential dwelling unit, or any such
32 other limits on lot coverage, floor area ratio, open space, and minimum
33 lot size. Notwithstanding any other provision of this section, a local
34 government may provide, where a lot contains an existing residential
35 dwelling unit, that an accessory dwelling unit located within and/or
36 attached to the primary residential dwelling unit shall not exceed the
37 buildable envelope for the existing residential dwelling unit, and that
38 an accessory dwelling unit that is detached from an existing residential
39 dwelling unit shall be constructed in the same location and to the same
40 dimensions as an existing structure, if such structure exists;

41 D. a ceiling height requirement greater than seven feet, unless the
42 local government can demonstrate that such a requirement is necessary
43 for the preservation of health and safety;

44 E. any requirement that a pathway exist or be constructed in conjunc-
45 tion with the creation of an accessory dwelling unit, unless the local
46 government can demonstrate that such requirement is necessary for the
47 preservation of health and safety;

48 F. any setback for an existing residential dwelling unit or accessory
49 structure or a structure constructed in the same location and to the
50 same dimensions as an existing structure that is converted to an acces-
51 sory dwelling unit or to a portion of an accessory dwelling unit, or any
52 setback of more than four feet from the side and rear lot lines for an
53 accessory dwelling unit that is not converted from an existing structure
54 or a new structure constructed in the same location and to the same
55 dimensions as an existing structure;

1 G. any health or safety requirements on accessory dwelling units that
2 are not necessary to protect health and safety. Nothing in this
3 provision shall be construed to prevent a local government from requir-
4 ing that accessory dwelling units are, where applicable, supported by
5 septic capacity necessary to meet state health, safety and sanitary
6 standards, that the creation of such accessory dwelling units comports
7 with flood resiliency policies or efforts, and that such accessory
8 dwelling units are consistent with the protection of wetlands and
9 watersheds; or

10 H. any requirement for owner occupancy in either the primary or acces-
11 sory dwelling unit.

12 (iv) No parking requirement shall be imposed on an accessory dwelling
13 unit; provided, however, that where no adjacent public street permits
14 year-round on-street parking and the accessory dwelling unit is greater
15 than one-half mile from access to public transportation, a local govern-
16 ment may require up to one off-street parking space per accessory unit.

17 (v) A local government shall not require that off-street parking spac-
18 es be replaced if a garage, carport, or covered parking structure is
19 demolished in conjunction with the construction of an accessory dwelling
20 unit or converted to an accessory dwelling unit.

21 (vi) Notwithstanding any local law, ordinance, resolution, or regu-
22 lations, a permit application to create an accessory dwelling unit in
23 conformance with a local law adopted pursuant to this paragraph shall be
24 considered ministerially, without discretionary review or a hearing. If
25 there is an existing single-family or multi-family residential dwelling
26 unit on the lot, the permitting local government shall act on the appli-
27 cation to create an accessory dwelling unit within ninety days from the
28 date the local agency receives a completed application or, in a local
29 government having a population of one million or more, within sixty
30 days. If the permit application to create an accessory dwelling unit is
31 submitted with a permit application to create a new primary residential
32 dwelling unit on the lot, the permitting local government may delay
33 acting on the permit application for the accessory dwelling unit until
34 the permitting local government acts on the permit application to create
35 the new primary residential dwelling unit, but the application to create
36 the accessory dwelling unit shall be considered without discretionary
37 review or hearing. If the applicant requests a delay, the time period
38 for review shall be tolled for the period of the delay. Such review
39 shall include all necessary permits and approvals including, without
40 limitation, those related to health and safety. A local government shall
41 not require an additional or amended certificate of occupancy in
42 connection with an accessory dwelling unit. A local government may
43 charge a fee not to exceed one thousand dollars per application for the
44 reimbursement of the actual costs such local agency incurs pursuant to
45 the local law enacted pursuant to this paragraph.

46 (vii) Local governments shall establish an administrative appeal proc-
47 ess to a local agency for applications to create accessory dwelling
48 units. The jurisdiction of the local agency to decide such appeals shall
49 be limited to reviewing any order, requirement, decision, interpreta-
50 tion, or determination issued under the local law adopted pursuant to
51 this paragraph and deciding the matter from which any such appeal was
52 taken. When a permit to create an accessory dwelling unit pursuant to a
53 local law adopted pursuant to this paragraph is denied, the local agency
54 that denied the permit shall issue a notice of denial which shall
55 contain the reason or reasons such permit application was denied and
56 instructions on how the applicant may appeal such denial. Such notice

1 shall be made part of the record of appeals. All appeals shall be
2 submitted to the local agency authorized by the governing body of the
3 local government to decide such appeals, in writing within thirty days
4 of any order, requirement, decision, interpretation, or determination
5 related to the creation of accessory dwelling units.

6 (viii) No other local law, ordinance, policy, or regulation shall be
7 the basis for the denial of a building permit or a use permit under this
8 paragraph except to the extent necessary to protect health and safety
9 and provided such law, policy, or regulation is consistent with the
10 requirements of this paragraph.

11 (ix) A local government shall not require, as a condition for minis-
12 terial approval of a permit application for the creation of an accessory
13 dwelling unit, the correction of nonconforming zoning conditions,
14 noncomplying zoning conditions, or other minor violations of any local
15 law.

16 (x) Where an accessory dwelling unit requires a new or separate utili-
17 ty connection directly between the accessory dwelling unit and the util-
18 ity, the connection may be subject to a connection fee or capacity
19 charge that shall be proportionate to the burden of the proposed acces-
20 sory dwelling unit, based upon either its size or the number of its
21 plumbing fixtures upon the water or sewer system. Such fee or charge
22 shall not exceed the reasonable cost of providing such utility
23 connection. A local government shall not impose any other fee in
24 connection with an accessory dwelling unit.

25 (xi) A property owner who is denied a permit by a local government in
26 violation of this paragraph shall have a private cause of action in a
27 court of competent jurisdiction.

28 (xii) Any amendment undertaken pursuant to this paragraph shall be
29 exempt from any environmental review requirements pursuant to article
30 eight of the environmental conservation law and any rules and regu-
31 lations promulgated pursuant thereto, and any substantially equivalent
32 local law, regulation or rule to article eight of the environmental
33 conservation law, including, but not limited to, in a city with a popu-
34 lation greater than one million people, city environmental quality
35 review, but must meet the following criteria:

36 A. be located in a census tract defined as an urbanized area or an
37 urban cluster by the federal Census Bureau; and

38 B. complete a Phase I Environmental Site Assessment (ESA) pursuant to
39 the federal Comprehensive Environmental Response, Compensation and
40 Liability Act (42 U.S.C. Chapter 103), and complete testing for lead
41 water and paint, asbestos, and radon, the results of which shall be
42 submitted by the proposed developer of such action to the local agency
43 responsible for approving or denying the application for such action;

44 C. receive certification from a qualified environmental professional,
45 as such term is defined by the commissioner pursuant to regulation, that
46 such action, as proposed, will not violate any state wetland laws or
47 drinking water laws under article eleven of the public health law, or
48 any rules or regulations promulgated thereto; or

49 D. have been subject to a general environmental impact analysis
50 through an environmental impact statement.

51 (xiii) A court shall not intervene with an environmental review
52 conducted pursuant to this article or rules or regulations promulgated
53 thereto unless there is substantial information missing that is material
54 to the decision makers' review.

55 b. It shall be considered to be a preferred action pursuant to this
56 section if a locality enacts by local law the provisions of this para-

graph. For any locality within a city with a population of one million or more, it shall be considered to be such a preferred action if such city enacts by local law the provisions of this paragraph throughout such locality. For any locality located within a county wherein such county is empowered to approve or amend some or all of the land use requirements applicable within the locality, to the extent the county is so empowered, it shall be considered such a preferred action if such county enacts by local law the provisions of this paragraph to be in effect throughout such locality.

(i) Notwithstanding any other provision of state or local law, rule or regulation, a lead agency equivalent shall ministerially approve, as set forth by the local law adopted to establish a preferred action in accordance with this paragraph, a lot to be split if the lead agency equivalent determines that the lot meets all of the following requirements:

A. the lot to be split creates no more than two new lots of approximately equal lot area, provided that one lot shall not be smaller than forty percent of the lot area of the original lot proposed for the subdivision;

B. the lot to be split is located in an area where single-family residential use is permitted;

C. the lot was not created from a previous lot split permitted pursuant to the local law that was enacted pursuant to this paragraph; and

D. the proposed lot split would not require demolition or alteration of any of the following types of housing:

(1) housing that is subject to a recorded covenant, ordinance, law or regulatory agreement that restricts rents to levels affordable to persons and families of a set income;

(2) housing that is subject to the emergency rent stabilization law or the emergency tenant protection act; or

(3) housing that is listed on the state registry of historic places or had an application pending to be listed on such registry as of the effective date of this article.

(ii) An application for a lot split shall be approved in accordance with the following requirements:

A. A lead agency equivalent shall approve or deny an application for a lot split ministerially without discretionary review.

B. A lead agency equivalent shall not require dedications of rights-of-way or the construction of offsite improvements for the lots being created as a condition of approving a lot split pursuant to a local law adopted pursuant to this paragraph.

C. A lead agency equivalent shall not impose land use standards, zoning standards, subdivision standards, design review standards, or other development standards that would have the effect of physically precluding the construction of two units, one on each of the resulting lots, or that would result in a unit size of less than eight hundred square feet, provided further that no setback shall be required for an existing structure or a structure constructed in the same location and to the same dimensions as an existing structure.

D. Notwithstanding clause C of this subparagraph, a lead agency equivalent may require a setback of up to four feet from the side and rear lot lines.

(iii) A lead agency equivalent may deny a lot split if the lead agency equivalent makes a written finding, based upon a preponderance of the evidence, that a proposed residential dwelling unit on one of the new lots would have a specific, adverse impact upon public health or safety

1 for which there is no feasible method to satisfactorily mitigate the
2 specific adverse impact.

3 (iv) A lead agency equivalent may require any of the following condi-
4 tions when considering an application to undertake a lot split:

5 A. easements required for the provision of public services and facili-
6 ties;

7 B. a requirement that the lots have access to, provide access to, or
8 adjoin the public right-of-way; and

9 C. off-street parking of up to one space per residential dwelling
10 unit, except that a lead agency equivalent shall not impose parking
11 requirements in either of the following instances:

12 (1) where year-round parking is permitted on an adjacent street; or

13 (2) where the split lot is within one-half mile of access to public
14 transportation.

15 (v) A lead agency equivalent shall not impose owner occupancy require-

17 to this paragraph.

18 (vi) A lead agency equivalent shall require that a rental of any unit
19 created pursuant to a local law adopted pursuant to this paragraph be
20 for a term longer than thirty days.

21 (vii) A lead agency equivalent shall not require, as a condition for
22 ministerial approval of a lot split pursuant to a local law adopted
23 pursuant to this paragraph, correction of nonconforming or noncomplying
24 zoning conditions.

25 (viii) A request for a lot split pursuant to a local law adopted
26 pursuant to this paragraph shall not be denied solely because it
27 proposed adjacent or connected structures, provided that the structures
28 meet building code safety standards and are sufficient to allow separate
29 conveyance.

30 (ix) Any amendment undertaken pursuant to this paragraph shall be
31 exempt from any environmental review requirements pursuant to article
32 eight of the environmental conservation law and any rules and regu-
33 lations promulgated pursuant thereto, and any substantially equivalent
34 local law, regulation or rule to article eight of the environmental
35 conservation law, including, but not limited to, in a city with a popu-
36 lation of one million or more, city environmental quality review, but
37 must meet the following criteria:

39 urban cluster by the federal Census Bureau; and

40 B. complete a Phase I Environmental Site Assessment (ESA) pursuant to
41 the federal Comprehensive Environmental Response, Compensation and
42 Liability Act (42 U.S.C. Chapter 103), and complete testing for lead
43 water and paint, asbestos, and radon, the results of which shall be
44 submitted by the proposed developer of such action to the local agency
45 responsible for approving or denying the application for such action;

46 C. receive certification from a qualified environmental professional,
47 as such term is defined by the commissioner pursuant to regulation, that
48 such action, as proposed, will not violate any state wetland laws or
49 drinking water laws under article eleven of the public health law, or
50 any rules or regulations promulgated thereto; or

51 D. have been subject to a general environmental impact analysis
52 through an environmental impact statement.

53 (x) A court shall not intervene with an environmental review conducted
54 pursuant to this article or rules or regulations promulgated thereto

56 decision makers' review.

1 c. It shall be considered to be a preferred action pursuant to this
2 section if a locality enacts by local law the provisions of this para-
3 graph. For any locality within a city with a population of one million
4 or more, it shall be considered to be such a preferred action if such
5 city enacts by local law the provisions of this paragraph throughout
6 such locality. For any locality located within a county wherein such
7 county is empowered to approve or amend some or all of the land use
8 requirements applicable within the locality, to the extent the county is

17 A. minimum lot size requirements for mixed-use or residential uses;

18 B. height limits that preclude or unduly restrict the ability to build
19 residential accommodations, including multi-family residential build-
20 ings;

21 C. lot coverage restrictions that preclude or unduly restrict the
22 ability to build residential accommodations, including multi-family
23 residential buildings; or

24 D. parking minimums on any site that exceed one parking space per
25 residential dwelling unit, provided, further, that no parking minimums
26 may be imposed for any site that includes residential dwelling units
27 when such site is located within one-half mile from access to public
28 transportation.

29 (ii) Any amendment undertaken pursuant to this paragraph shall be
30 exempt from any environmental review requirements pursuant to article
31 eight of the environmental conservation law and any rules and regu-
32 lations promulgated pursuant thereto, and any substantially equivalent
33 local law, regulation or rule to article eight of the environmental
34 conservation law, including, but not limited to, in a city with a popu-
35 lation of one million or more, city environmental quality review, but
36 must meet the following criteria:

49 any rules or regulations promulgated thereto; or

50 D. have been subject to a general environmental impact analysis
51 through an environmental impact statement.

52 (iii) A court shall not intervene with an environmental review
53 conducted pursuant to this article or rules or regulations promulgated
54 thereto unless there is substantial information missing that is material
55 to the decision makers' review.

d. It shall be considered to be a preferred action pursuant to this section if a locality enacts by local law the provisions of this paragraph. Such preferred action shall be designed and implemented in such a manner that it complies with federal and state fair housing laws, including the requirement to affirmatively further fair housing, which shall include compliance with the requirements set forth in subdivision three of section six hundred of the public housing law. For any locality within a city with a population of one million or more, it shall be considered to be such a preferred action if such city enacts by local law the provisions of this paragraph throughout such locality. For any locality located within a county wherein such county is empowered to approve or amend some or all of the land use requirements applicable within the locality, to the extent the county is so empowered, it shall be considered such a preferred action if such county enacts by local law the provisions of this paragraph to be in effect throughout such locality.

(i) A lead agency equivalent shall undertake a land use action to amend its land use requirements, as applicable, to permit the construction of residential housing with an aggregate density of at least twenty-five residential dwelling units per acre over an area or areas consisting solely of previously disturbed land that, in the aggregate, are equal to one-third of the previously disturbed land mass of the locality.

(ii) Such land use action shall not include any measure that makes the development of residential housing economically infeasible, including, but not limited to, unduly restrictive height limits, excessive yard or open space requirements, the imposition of minimum or maximum residential dwelling unit size limits, or restrictions on the total number of permitted residential dwelling units within a residential housing project based on lot size or other criteria other than the aggregate density.

(iii) Such land use action shall permit commercial uses on a reasonable percentage of the lots impacted by the amendment with the goal of granting residents access to amenities, goods, and services within walking distance of their residences.

(iv) Any amendment undertaken pursuant to this paragraph shall be exempt from any environmental review requirements pursuant to article eight of the environmental conservation law and any rules and regulations promulgated pursuant thereto, and any substantially equivalent local law, regulation or rule to article eight of the environmental conservation law, including, but not limited to, in a city with a population greater than one million people, city environmental quality review, but must meet the following criteria:

A. be located in a census tract defined as an urbanized area or an urban cluster by the federal Census Bureau; and

B. complete a Phase I Environmental Site Assessment (ESA) pursuant to the federal Comprehensive Environmental Response, Compensation and Liability Act (42 U.S.C. Chapter 103), and complete testing for lead water and paint, asbestos, and radon, the results of which shall be submitted by the proposed developer of such action to the local agency responsible for approving or denying the application for such action;

C. receive certification from a qualified environmental professional, as such term is defined by the commissioner pursuant to regulation, that such action, as proposed, will not violate any state wetland laws or drinking water laws under article eleven of the public health law, or any rules or regulations promulgated thereto; or

1 D. have been subject to a general environmental impact analysis
2 through an environmental impact statement.

3 (v) A court shall not intervene with an environmental review conducted
4 pursuant to this article or rules or regulations promulgated thereto
5 unless there is substantial information missing that is material to the
6 decision makers' review.

7 (vi) Any proposed project that provides residential housing and
8 complies with a locality's land use requirements, after such land use
9 requirements have been amended pursuant to this paragraph, shall be
10 exempt from review requirements pursuant to article eight of the envi-
11 ronmental conservation law and any rules and regulations promulgated
12 thereto, and any substantially equivalent local law, regulation or rule
13 to article eight of the environmental conservation law, including, but
14 not limited to, in a city with a population greater than one million
15 people, city environmental quality review, but must meet the following
16 criteria:

17 A. be located in a census tract defined as an urbanized area or an
18 urban cluster by the federal Census Bureau; and

19 B. complete a Phase I Environmental Site Assessment (ESA) pursuant to
20 the federal Comprehensive Environmental Response, Compensation and
21 Liability Act (42 U.S.C. Chapter 103), and complete testing for lead
22 water and paint, asbestos, and radon, the results of which shall be
23 submitted by the proposed developer of such action to the local agency
24 responsible for approving or denying the application for such action;

25 C. receive certification from a qualified environmental professional,
26 as such term is defined by the commissioner pursuant to regulation, that
27 such action, as proposed, will not violate any state wetland laws or
28 drinking water laws under article eleven of the public health law, or
29 any rules or regulations promulgated thereto; or

30 D. have been subject to a general environmental impact analysis
31 through an environmental impact statement.

32 (vii) A court shall not intervene with an environmental review
33 conducted pursuant to this article or rules or regulations promulgated
34 thereto unless there is substantial information missing that is material
35 to the decision makers' review.

36 (viii) Project specific review of any project that provides residen-
37 tial housing and complies with a locality's land use requirements, after
38 such requirements have been amended pursuant to this paragraph, shall:

39 A. be completed with written approval or denial being delivered to the
40 applying party within one hundred twenty days of the application being
41 submitted; and

42 B. be limited to a review of the following:

43 (1) the capacity of local infrastructure to provide adequate drinking
44 water and wastewater services to the proposed project;

45 (2) the capacity of local infrastructure to provide adequate utility
46 services to the proposed project; and

47 (3) the aesthetics of the proposed project, provided that any aesthet-
48 ic review must be based on published objective standards. If no objec-
49 tive standards are published, no project specific review may consider

52 infeasible.

53 C. Unless specifically set forth by this paragraph, nothing set forth
54 in this subparagraph shall be interpreted to override or otherwise waive
55 any permitting required pursuant to state or federal laws or regu-

1 e. It shall be considered to be a preferred action pursuant to this
2 section if a locality enacts by local law the provisions of this para-

15 enacts by local law the provisions of this paragraph to be in effect
16 throughout such locality.

17 (i) A lead agency equivalent shall undertake a land use action to
18 amend its land use requirements to permit the construction and occupancy
19 of residential housing with an aggregate density of at least twenty-five
20 residential dwelling units per acre in an area that, prior to such
21 amendment, permitted only commercial use.

22 A. Such land use action must encompass an area of at least one hundred
23 acres.

24 B. Such land use action shall not include any measure that makes the
25 development of residential housing economically infeasible, including,
26 but not limited to, unduly restrictive height limits, excessive yard or
27 open space requirements, the imposition of minimum or maximum unit size
28 limits, or restrictions on the total number of permitted residential
29 dwelling units within a residential housing project based on lot size or
30 other criteria other than the aggregate density.

31 C. Such land use action shall permit commercial uses on a reasonable
32 percentage of the lots impacted by the amendment with the goal of grant-
33 ing residents access to amenities, goods, and services within walking
34 distance of their residences.

35 (ii) Any amendment undertaken pursuant to this paragraph shall be
36 exempt from any environmental review requirements pursuant to article
37 eight of the environmental conservation law and any rules and regu-
38 lations promulgated pursuant thereto, and any substantially equivalent
39 local law, regulation or rule to article eight of the environmental
40 conservation law, including, but not limited to, in a city with a popu-

47 Liability Act (42 U.S.C. Chapter 103), and complete testing for lead
48 water and paint, asbestos, and radon, the results of which shall be
49 submitted by the proposed developer of such action to the local agency
50 responsible for approving or denying the application for such action;

51 C. receive certification from a qualified environmental professional,
52 as such term is defined by the commissioner pursuant to regulation, that
53 such action, as proposed, will not violate any state wetland laws or

15 people, city environmental quality review.

16 (v) Any project that provides residential housing and complies with
17 applicable land use requirements, after such land use requirements have
18 been amended pursuant to this paragraph, shall be buildable as of right,
19 and any project specific review relating to such project shall:

20 A. be completed with written approval or denial being delivered to the
21 applying party within one hundred twenty days of the application being

23 B. be limited to a review of the following:

24 (1) the capacity of local infrastructure to provide adequate drinking
25 water and wastewater services to the proposed project;

26 (2) the capacity of local infrastructure to provide adequate utility
27 services to the proposed project; and

28 (3) the aesthetics of the proposed project, provided that any aesthet-
29 ic review must be based on published objective standards. If no objec-
30 tive standards are published, no project specific review may consider
31 aesthetics. Provided further that no aesthetic requirements may increase
32 the cost of a project to make such project as proposed economically
33 infeasible.

8 this act", when used in connection with that particular component, shall

10 in which it is found. Section three of this Part sets forth the general
11 effective date of this Part.

12 SUBPART A

13 Section 1. Subdivision 11 of section 3 of the multiple dwelling law,
14 as amended by chapter 806 of the laws of 1972, is amended to read as
15 follows:

16 11. Notwithstanding any other provision of this section, the following
17 enumerated articles, sections and subdivisions of sections of this chap-
18 ter shall not apply to the construction or alteration of multiple dwell-
19 ings for which an application for a permit is made to the department
20 after December sixth, nineteen hundred sixty-nine in a city having a
21 population of one million or more [~~which adopts or has adopted local~~
22 ~~laws, ordinances, resolutions or regulations providing protection from~~
23 ~~fire hazards and making provision for escape from fire in the~~
24 ~~construction and alteration of multiple dwellings and in other respects~~
25 ~~as protective as local law seventy six of the laws of the city of New~~
26 ~~York for nineteen hundred sixty eight and covering the same subject~~
27 ~~matter as the following~~]: subdivisions twenty-five, twenty-seven, twen-
28 ty-eight, thirty-five-c, thirty-six and thirty-nine of section four,
29 subdivision three of section twenty-eight, sections thirty-six, thirty-
30 seven, fifty, fifty-one, fifty-two, fifty-three, fifty-five, sixty,
31 sixty-one, sixty-seven, subdivisions one, two, four and five of section
32 seventy-five, article four, article five, article five-A[~~7~~] and article
33 six [~~and article seven-B~~]; except that after December sixth, nineteen
34 hundred sixty-nine where a multiple dwelling erected prior to December
35 sixth, nineteen hundred sixty-nine is altered, or a building erected
36 prior to December sixth, nineteen hundred sixty-nine is converted to a
37 multiple dwelling pursuant to a permit applied for to the department
38 having jurisdiction, the foregoing articles, sections and subdivisions
39 of sections shall remain applicable where a local law of such city
40 authorizes such alteration or conversion to be made, at the option of
41 the owner, either in accordance with the requirements of the building
42 law and regulations in effect in such city prior to December sixth,
43 nineteen hundred sixty-eight or the requirements of the building law and
44 regulations in effect after such date, and the owner elects to comply
45 with the requirements of the building law and regulations in effect
46 prior to December sixth, nineteen hundred sixty-eight.

47 § 2. Section 275 of the multiple dwelling law, as added by chapter 734
48 of the laws of 1985, is amended to read as follows:

49 § 275. Legislative findings. It is hereby declared and found that in
50 cities with a population in excess of one million, large numbers of
51 loft, manufacturing, commercial, institutional, public and community
52 facility buildings have lost, and continue to lose, their tenants to
53 more modern premises; and that the untenanted portions of such buildings
54 constitute a potential housing stock within such cities which is capa-

ble, when appropriately altered, of accommodating general residential use, thereby contributing to an alleviation of the housing shortage most severely affecting moderate and middle income families, and of accommodating joint living-work quarters for artists by making readily available space which is physically and economically suitable for use by persons regularly engaged in the arts.

There is a public purpose to be served by making accommodations readily available for joint living-work quarters for artists for the following reasons: persons regularly engaged in the arts require larger amounts of space for the pursuit of their artistic endeavors and for the storage of the materials therefor and of the products thereof than are regularly to be found in dwellings subject to this article; that the financial remunerations to be obtained from pursuit of a career in the arts are generally small; that as a result of such limited financial remuneration persons regularly engaged in the arts generally find it financially impossible to maintain quarters for the pursuit of their artistic endeavors separate and apart from their places of residence; that the cultural life of cities of more than one million persons within this state and of the state as a whole is enhanced by the residence in such cities of large numbers of persons regularly engaged in the arts; that the high cost of land within such cities makes it particularly difficult for persons regularly engaged in the arts to obtain the use of the amounts of space required for their work as aforesaid; and that the residential use of the space is secondary or accessory to the primary use as a place of work.

It is further declared that the legislation governing the alteration of such buildings to accommodate general residential use must of necessity be more restrictive than statutes heretofore in effect, which affected only joint living-work quarters for artists.

It is the intention of this legislation to promulgate statewide minimum standards for all alterations of non-residential buildings to residential use, but the legislature is cognizant that the use of such buildings for residential purposes must be consistent with local zoning ordinances. The legislature further recognizes that it is the role of localities to adopt regulations which will define in further detail the manner in which alterations should be carried out where building types and conditions are peculiar to their local environment. It is hereby additionally declared and found that in cities with a population in excess of one million, large numbers of commercial buildings have lost, and continue to lose, their tenants to more modern premises and to the changing nature of remote office work in the wake of the COVID-19 pandemic; and that the untenanted portions of such buildings constitute a potential housing stock within such cities which is capable, when appropriately altered, of accommodating general residential use, thereby contributing to an alleviation of the housing shortage.

§ 3. Section 276 of the multiple dwelling law, as amended by chapter 420 of the laws of 2022, is amended to read as follows:

§ 276. [~~Definition of an artist~~] Definitions. As used in this article, the following terms shall have the following meanings:

1. The word "artist" means a person who is regularly engaged in the fine arts, such as painting and sculpture or in the performing or creative arts, including choreography and filmmaking, or in the composition of music on a professional basis, and is so certified by the city department of cultural affairs and/or state council on the arts. For joint living-work quarters for artists limited to artists' occupancy by local zoning resolution, any permanent occupant whose residence therein

1 began on or before December fifteenth, two thousand twenty-one shall be
2 deemed to meet such occupancy requirements under the same rights as an
3 artist so certified in accordance with applicable law.

4 2. The term "general residential purposes" means use of a building as
5 a class A multiple dwelling, except that such term shall not include a
6 rooming unit as defined in section 27-2004 of the administrative code of
7 the city of New York other than a rooming unit in a class A or class B
8 multiple dwelling that is authorized pursuant to section 27-2077 of such
9 administrative code.

10 § 4. The multiple dwelling law is amended by adding a new section 279
11 to read as follows:

12 § 279. Occupancy of commercial buildings. 1. Any building in a city
13 with a population of one million or more persons which was occupied for
14 loft, commercial, institutional, public, community facility or manufac-
15 turing purposes at any time prior to December thirty-first, nineteen
16 hundred ninety, may be occupied, in whole or in part, for general resi-
17 dential purposes if such occupancy is in compliance with this article,
18 notwithstanding any other article of this chapter, or any provision of
19 law covering the same subject matter, except as otherwise required by
20 the zoning resolution of such city.

21 2. Occupancy pursuant to this section shall be permitted only if the
22 conditions in subdivisions one through sixteen of section two hundred
23 seventy-seven of this article are complied with, except that the conver-
24 sion shall not be required to include joint living-work quarters for
25 artists, and provided further that conversions undertaken pursuant to
26 this section shall not be subject to subdivision three of section twen-
27 ty-six of this chapter.

28 3. Notwithstanding any state or local law, rule, or regulation,
29 including any other provision of this section or article to the contra-
30 ry, the provisions of this section shall apply to any building located
31 in a district that otherwise would have been subject to the provisions
32 of section 15-01 of the zoning resolution of a city with a population of
33 one million or more persons.

34 § 5. An application for conversion of a building pursuant to the
35 provisions of this act, which application for a permit containing
36 complete plans and specifications is filed prior to December 31, 2030,
37 shall be permitted to proceed as if subdivision 3 of section 279 of the
38 multiple dwelling law, as added by section four of this act, remained in
39 effect, so long as construction of such project begins within the earli-
40 er to occur of three years from December 31, 2030 or such time which the
41 permit otherwise expires.

42 § 6. This act shall take effect immediately; provided, however, that
43 subdivision 3 of section 279 of the multiple dwelling law as added by
44 section four of this act shall expire and be deemed repealed on December
45 31, 2030; provided further, however, that the repeal of subdivision 3 of
46 section 279 of the multiple dwelling law as added by section four of
47 this act shall not affect the use of any building for general residen-
48 tial purposes, as such term is defined in article 7-B of the multiple
49 dwelling law, permitted prior to such repeal.

50 SUBPART B

46 owner of an eligible multiple dwelling from requiring, upon initial
47 rental or upon any rental following a vacancy, the occupancy of any
48 affordable housing unit by such lower income individuals or families.

49 g. Following issuance of a temporary certificate of occupancy and upon
50 each vacancy thereafter, an affordable housing unit shall promptly be
51 offered for rental by individuals or families whose income does not
52 exceed the maximum percentage of the area median income or income band,
53 as applicable, adjusted for family size, specified for such affordable
54 housing unit pursuant to this section and who intend to occupy such
55 affordable housing unit as their primary residence. An affordable hous-
56 ing unit shall not be: (i) rented to a corporation, partnership or other

14 the establishment of marketing bands for affordable housing units. Such
15 requirements may include, but need not be limited to, retaining a moni-
16 tor approved by the agency and paid for by the owner of the eligible
17 multiple dwelling.

18 k. Notwithstanding any provision of this section to the contrary, a
19 market unit shall not be subject to rent stabilization unless, in the
20 absence of AHCC program benefits, the unit would be subject to rent
21 stabilization.

22 7. Public funds. Notwithstanding any law to the contrary, the incen-
23 tives provided for in paragraph a of subdivision three of section two
24 hundred twenty-four-a of the labor law shall be deemed "public funds"
25 pursuant to subdivision two of section two hundred twenty-four-a of the
26 labor law. As such, any project that meets the definition of a "covered

44 for the duration of the nineteen-year benefit period, regardless of
45 whether such benefits are revoked or terminated.

46 c. The fiscal officer shall have the power to enforce the provisions
47 of this subdivision. In enforcing such provisions, the fiscal officer
48 shall have the power: (i) to investigate or cause an investigation to be
49 made to determine the prevailing wages for building service employees,
50 and in making such investigation, the fiscal officer may utilize wage
51 and fringe benefit data from various sources, including, but not limited
52 to, data and determinations of federal, state or other governmental
53 agencies; provided, however, that the provision of a dwelling unit shall
54 not be considered wages or a fringe benefit; (ii) to institute and
55 conduct inspections at the site of the work or elsewhere; (iii) to exam-
56 ine the books, documents and records pertaining to the wages paid to,

1 and the hours of work performed by, building service employees; (iv) to
2 hold hearings and, in connection therewith, to issue subpoenas, the
3 enforcement of which shall be regulated by the civil practice law and
4 rules, administer oaths and examine witnesses; (v) to make a classifica-
5 tion by craft, trade or other generally recognized occupational category
6 of the building service employees and to determine whether such work has
7 been performed by the building service employees in such classification;
8 (vi) to require the applicant to file with the fiscal officer a record
9 of the wages actually paid by such applicant to the building service
10 employees and of their hours of work; (vii) to delegate any of the fore-
11 going powers to his or her deputy or other authorized representative;
12 (viii) to promulgate rules as he or she shall consider necessary for the
13 proper execution of the duties, responsibilities and powers conferred
14 upon him or her by the provisions of this subdivision; and (ix) to
15 prescribe appropriate sanctions for failure to comply with the
16 provisions of this subdivision. For each violation of paragraph b of
17 this subdivision, the fiscal officer may require the payment of (A) back
18 wages and fringe benefits; (B) liquidated damages up to three times the
19 amount of the back wages and fringe benefits for willful violations;
20 and/or (C) reasonable attorneys' fees. If the fiscal officer finds that
21 the applicant has failed to comply with the provisions of this subdivi-

23 agency.

24 d. Paragraph b of this subdivision shall not be applicable to: (i) an
25 eligible multiple dwelling containing less than thirty dwelling units;
26 or (ii) an eligible multiple dwelling whose eligible conversion is

29 instrumentality pursuant to a program for the development of affordable
30 housing.

31 e. The applicant shall submit a sworn affidavit with its application

37 shall comply with the requirements of this subdivision.

38 9. Concurrent exemptions or abatements. An eligible multiple dwelling
39 receiving AHCC program benefits shall not receive any exemption from or

41 10. Voluntary renunciation or termination. Notwithstanding the
42 provisions of any general, special or local law to the contrary, an
43 owner shall not be entitled to voluntarily renounce or terminate AHCC

45 termination in connection with the commencement of a tax exemption
46 pursuant to the private housing finance law or section four hundred
47 twenty-c of this title.

48 11. Termination or revocation. The agency may terminate or revoke AHCC
49 program benefits for noncompliance with this section. If an applicant
50 has committed three violations of the requirements of subdivision eight
51 of this section within a five-year period, the agency may revoke any
52 benefits under this section. For purposes of this subdivision, a
53 "violation" of subdivision eight of this section shall be deemed a find-
54 ing by the fiscal officer that the applicant has failed to comply with
55 subdivision eight of this section and has failed to cure the deficiency
56 within three months of such finding. Provided, however, that after a

1 second such violation, the applicant shall be notified that any further
2 violation may result in the revocation of benefits under this section
3 and that the fiscal officer shall publish on its website a list of all
4 applicants with two violations as defined in this subdivision. All of
5 the affordable housing units shall remain subject to rent stabilization
6 and all other requirements of this section for the duration of the
7 restriction period, regardless of whether such benefits have been termi-
8 nated or revoked.

9 12. Powers cumulative. The enforcement provisions of this section
10 shall not be exclusive, and are in addition to any other rights, reme-

12 law or in equity.

13 13. Multiple tax lots. If an eligible multiple dwelling contains
14 multiple tax lots, an application may be submitted with respect to one
15 or more of such tax lots. The agency shall determine eligibility for
16 AHCC program benefits based upon the tax lots included in such applica-
17 tion and benefits for each such eligible multiple dwelling shall be
18 based upon the completion date of each such multiple dwelling.

19 14. Applications. a. The application with respect to any eligible
20 multiple dwelling shall be filed with the agency no earlier than the
21 completion date and not later than one year after the completion date of
22 such eligible multiple dwelling.

23 b. Notwithstanding the provisions of any general, special, or local

25 filed electronically.

26 c. The agency may rely on certification by an architect or engineer
27 submitted by an applicant in connection with the filing of an applica-
28 tion. A false certification by such architect or engineer shall be
29 deemed to be professional misconduct pursuant to section sixty-five
30 hundred nine of the education law. Any architect or engineer found guil-

45 eligible conversion is carried out with the substantial assistance of
46 grants, loans or subsidies provided by a federal, state or local govern-
47 mental agency or instrumentality pursuant to a program for the develop-
48 ment of affordable housing; and

49 b. requiring a portion of the filing fee to be paid upon the
50 submission of the information the agency requires in advance of approv-
51 ing the commencement of the marketing process for such eligible conver-
52 sion.

53 16. Rules. Except as provided in subdivision eight of this section,
54 the agency shall have the sole authority to enforce the provisions of
55 this section and may promulgate rules to carry out the provisions of
56 this section.

17. Penalties for violations of affordability requirements. a. On or after the expiration date of the nineteen-year benefit, the agency may impose, after notice and an opportunity to be heard, a penalty for any violation by an eligible multiple dwelling of the affordability requirements of subdivision six of this section.

b. A penalty imposed under this subdivision shall be computed as a percentage of the capitalized value of all AHCC program benefits on the eligible multiple dwelling, calculated as of the first year that benefits were granted, not to exceed one thousand percent. The agency shall establish a schedule and method of calculation of such penalties pursuant to subdivision sixteen of this section.

c. A penalty imposed under this subdivision shall be imposed against the owner of the eligible multiple dwelling at the time the violation occurred, even if such owner no longer owns such eligible multiple dwelling at the time of the agency's determination.

d. A person or entity who fails to pay a penalty imposed pursuant to this subdivision shall be guilty of a misdemeanor punishable by imprisonment not to exceed six months.

§ 3. This act shall take effect immediately.

10 of an eligible building with the provisions of this section.

11 § 3. This act shall take effect immediately.

12 § 2. Severability clause. If any clause, sentence, paragraph, subdivi-
13 sion, section or part of this act shall be adjudged by any court of
14 competent jurisdiction to be invalid, such judgment shall not affect,
15 impair, or invalidate the remainder thereof, but shall be confined in
16 its operation to the clause, sentence, paragraph, subdivision, section
17 or part thereof directly involved in the controversy in which such judg-
18 ment shall have been rendered. It is hereby declared to be the intent of
19 the legislature that this act would have been enacted even if such
20 invalid provisions had not been included herein.

11 article shall only be occupied by the individual or family designated in
12 said contract and shall be the designated individual or family's primary
13 residence. Contracts shall not be transferable between units and shall
14 not be transferable between recipients. A family or individual may
15 transfer their voucher to a different unit under a new contract pursuant
16 to this article;

17 4. that an owner shall not charge more than a reasonable rent as
18 defined in section six hundred six of this article.

19 § 612. Rental obligation. The monthly rental obligation for an indi-
20 vidual or family receiving housing assistance pursuant to the housing
21 access voucher program shall be the greater of:

22 1. thirty percent of the monthly adjusted income of the family or
23 individual; or

24 2. If the family or individual is receiving payments for welfare
25 assistance from a public agency and a part of those payments, adjusted
26 in accordance with the actual housing costs of the family, is specif-
27 ically designated by that agency to meet the housing costs of the fami-
28 ly, the portion of those payments that is so designated. These payments
29 include, but are not limited to any shelter assistance or housing
30 assistance administered by any federal, state or local agency.

31 § 613. Monthly assistance payment. 1. The amount of the monthly
32 assistance payment with respect to any dwelling unit shall be the
33 difference between the maximum monthly rent which the contract provides
34 that the owner is to receive for the unit and the rent the individual or
35 family is required to pay under section six hundred twelve of this arti-
36 cle.

37 2. The commissioner shall establish maximum rent levels for different
38 sized rentals in each rental area in a manner that promotes the use of
39 the program in all localities based on the fair market rent of the
40 rental area. Rental areas shall be determined by the commissioner. The
41 commissioner may rely on data or other information promulgated by any
42 other state or federal agency in determining the rental areas and fair
43 market rent.

44 3. The payment standard for each size of dwelling unit in a rental
45 area shall not be less than ninety percent and shall not exceed one
46 hundred twenty percent of the fair market rent established in section
47 six hundred six of this article for the same size of dwelling unit in
48 the same rental area, except that the commissioner shall not be required
49 as a result of a reduction in the fair market rent to reduce the payment
50 standard applied to a family continuing to reside in a unit for which
51 the family was receiving assistance under this article at the time the
52 fair market rent was reduced.

53 § 614. Inspection of units. Inspection of units shall be conducted
54 pursuant to the procedures and standards of the Federal Housing Choice
55 voucher program, as set forth in the applicable sections of Part 982 of
56 Title 24 of the Code of Federal Regulations.

1 § 615. Rent. 1. The rent for dwelling units for which a housing
2 assistance payment contract is established under this article shall be
3 reasonable in comparison with rents charged for comparable dwelling
4 units in the private, unassisted local market.

5 2. A housing access voucher local administrator (or other entity, as
6 provided in section six hundred seventeen of this article) may, at the
7 request of an individual or family receiving assistance under this arti-
8 cle, assist that individual or family in negotiating a reasonable rent
9 with a dwelling unit owner. A housing access voucher local administrator
10 (or other such entity) shall review the rent for a unit under consider-
11 ation by the individual or family (and all rent increases for units
12 under lease by the individual or family) to determine whether the rent
13 (or rent increase) requested by the owner is reasonable. If a housing
14 access voucher local administrator (or other such entity) determines
15 that the rent (or rent increase) for a dwelling unit is not reasonable,
16 the housing access voucher local administrator (or other such entity)
17 shall not make housing assistance payments to the owner under this
18 subdivision with respect to that unit.

19 3. If a dwelling unit for which a housing assistance payment contract
20 is established under this article is exempt from local rent control
21 provisions during the term of that contract, the rent for that unit
22 shall be reasonable in comparison with other units in the rental area
23 that are exempt from local rent control provisions.

24 4. Each housing access voucher local administrator shall make timely
25 payment of any amounts due to a dwelling unit owner under this section,
26 subject to appropriation of funds for this purpose.

27 § 616. Vacated units. If an assisted family vacates a dwelling unit
28 for which rental assistance is provided under a housing assistance
29 payment contract before the expiration of the term of the lease for the
30 unit, rental assistance pursuant to such contract may not be provided
31 for the unit after the month during which the unit was vacated.

32 § 617. Leasing of units owned by a housing access voucher local admin-
33 istrator. 1. If an eligible individual or family assisted under this
34 article leases a dwelling unit (other than a public housing dwelling
35 unit) that is owned by a housing access voucher local administrator
36 administering assistance to that individual or family under this
37 section, the commissioner shall require the unit of general local
38 government or another entity approved by the commissioner, to make
39 inspections required under section six hundred fourteen of this article
40 and rent determinations required under section six hundred fifteen of
41 this article. The housing access voucher local administrator shall be
42 responsible for any expenses of such inspections and determinations,
43 subject to the appropriation of funds for this purpose.

44 2. For purposes of this section, the term "owned by a housing access
45 voucher local administrator" means, with respect to a dwelling unit,
46 that the dwelling unit is in a project that is owned by such administra-
47 tor, by an entity wholly controlled by such administrator, or by a
48 limited liability company or limited partnership in which such adminis-
49 trator (or an entity wholly controlled by such administrator) holds a
50 controlling interest in the managing member or general partner. A dwell-
51 ing unit shall not be deemed to be owned by a housing access voucher
52 local administrator for purposes of this section because such adminis-
53 trator holds a fee interest as ground lessor in the property on which
54 the unit is situated, holds a security interest under a mortgage or deed
55 of trust on the unit, or holds a non-controlling interest in an entity

1 which owns the unit or in the managing member or general partner of an
2 entity which owns the unit.

3 § 618. Verification of income. The commissioner shall establish proce-
4 dures which are appropriate and necessary to assure that income data
5 provided to the housing access voucher local administrator and owners by
6 individuals and families applying for or receiving assistance under this
7 article is complete and accurate. In establishing such procedures, the
8 commissioner shall randomly, regularly, and periodically select a sample
9 of families to authorize the commissioner to obtain information on these
10 families for the purpose of income verification, or to allow those fami-
11 lies to provide such information themselves. Such information may
12 include, but is not limited to, data concerning unemployment compen-
13 sation and federal income taxation and data relating to benefits made
14 available under the social security act, 42 U.S.C. 301 et seq., the food
15 and nutrition act of 2008, 7 U.S.C. 2011 et seq., or title 38 of the
16 United States Code. Any such information received pursuant to this
17 section shall remain confidential and shall be used only for the purpose
18 of verifying incomes in order to determine eligibility of individuals
19 and families for benefits (and the amount of such benefits, if any)
20 under this article.

21 § 619. Division of an assisted family. 1. In those instances where a
22 family assisted under this article becomes divided into two otherwise
23 eligible individuals or families due to divorce, legal separation or the
24 division of the family, where such individuals or families cannot agree
25 as to which such individual or family should continue to receive the
26 assistance, and where there is no determination by a court, the housing
27 access voucher local administrator shall consider the following factors
28 to determine which of the individuals or families will continue to be
29 assisted:

30 (a) which of such individuals or families has custody of dependent
31 children;

32 (b) which such individual was the head of household when the voucher
33 was initially issued as listed on the initial application;

34 (c) the composition of such individuals and families and which such
35 family includes elderly or disabled members;

36 (d) whether domestic violence was involved in the breakup of such
37 family;

38 (e) which family members remain in the unit; and

39 (f) recommendations of social services professionals.

40 2. Documentation of these factors will be the responsibility of the
41 requesting parties. If documentation is not provided, the housing access
42 voucher local administrator will terminate assistance on the basis of
43 failure to provide information necessary for a recertification.

44 § 620. Maintenance of effort. Any funds made available pursuant to
45 this article shall not be used to offset or reduce the amount of funds
46 previously expended for the same or similar programs in a prior year in
47 any county or in the city of New York, but shall be used to supplement
48 any prior year's expenditures. The commissioner may grant an exception
49 to this requirement if any county, municipality, or other governmental
50 entity or public body can affirmatively show that such amount of funds
51 previously expended is in excess of the amount necessary to provide
52 assistance to all individuals and families within the area in which the
53 funds were previously expended who are homeless or facing an imminent
54 loss of housing.

55 § 621. Vouchers statewide. Notwithstanding section six hundred eleven
56 of this article, any voucher issued pursuant to this article may be used

1 for housing anywhere in the state. The commissioner shall inform voucher
2 holders that a voucher may be used anywhere in the state and, to the
3 extent practicable, the commissioner shall assist voucher holders in
4 finding housing in the area of their choice. Provided further, however,
5 that a voucher must be used in the county in which it was issued, or
6 within the city of New York, if the voucher was issued within the city
7 of New York, for no less than one year before it can be used in a
8 different jurisdiction, unless the issuing housing access voucher local
9 administrator grants a waiver, or the voucher holder, or a family member
10 thereof, is or has been the victim of domestic violence, dating
11 violence, sexual assault, or stalking.

12 § 622. Applicable codes. Housing eligible for participation in the
13 housing access voucher program shall comply with applicable state and
14 local health, housing, building and safety codes.

15 § 623. Housing choice. 1. The commissioner shall administer the hous-
16 ing access voucher program under this article to promote housing choice
17 for voucher holders. The commissioner shall affirmatively promote fair
18 housing to the extent possible under this program.

19 2. Nothing in this article shall lessen or abridge any fair housing
20 obligations promulgated by municipalities, localities, or any other
21 applicable jurisdiction.

22 § 2. This act shall take effect on the ninetieth day after it shall
23 have become a law. Effective immediately, the addition, amendment and/or
24 repeal of any rule, regulation, plan or guidance document necessary for
25 the implementation of this act on its effective date are authorized to
26 be made and completed on or before such effective date; provided further
27 that any rule, regulation, plan or guidance document shall apply only to
28 those counties located outside of the city of New York. The New York
29 city department of housing preservation and development and the New York
30 city housing authority, as applicable, shall promulgate or release
31 rules, regulations, plans or guidance documents as necessary for the
32 implementation of this act within the city of New York.

33 PART HH

35 to read as follows:

36 § 210-d. Registration of curricula. 1. Notwithstanding any law, rule
37 or regulation to the contrary, any new curriculum or program of study
38 offered by any not-for-profit college or university chartered by the
39 regents or incorporated by special act of the legislature that does not
40 require a master plan amendment pursuant to section two hundred thirty-
41 seven of this part, charter amendment pursuant to section two hundred
42 sixteen of this part, or lead to professional licensure, and that is
43 approved by the state university board of trustees, the city university
44 board of trustees, or the trustees or governing body of any other not-
45 for-profit college or university chartered by the regents which (a) has
46 maintained a physical presence in the state for the immediately preced-
47 ing ten years and has been operated continuously by the same governing
48 body during the same immediately preceding ten-year period, and (b) is
49 accredited and has continued its accreditation by the Middle States
50 Commission on Higher Education or another institutional accrediting
51 agency recognized by the secretary of the United States department of
52 education or the department for the immediately preceding ten years,
53 shall be deemed registered with the department forty-five days after
54 notification of approval by such college or university's governing body

1 and submission of a complete application for review. If within forty-
2 five days of submission, the department determines the new curriculum or
3 program of study to be incomplete or insufficient, a written explanation
4 shall be provided to the institution. Upon curing, the new curriculum or
5 program of study shall be deemed registered with the department thirty
6 days after resubmission, or earlier upon the department's approval.

7 2. Any not-for-profit college or university that meets the criteria
8 set forth in subdivision one of this section which has received curric-
9 ulum or program approval from the department and seeks to offer the same
10 curriculum or program in a distance learning format shall not need to
11 have such curriculum or program re-approved by the department, but shall
12 inform the department of such college's or university's intent to offer
13 such program in such format within thirty days prior to providing
14 distance learning.

15 3. If a college or university is placed on probation or has its
16 accreditation terminated by the institutional accrediting agency, such
17 college or university shall notify the regents in writing no later than
18 thirty days after receiving notice of its probationary status or loss of
19 accreditation by the institutional accrediting agency.

20 4. Any college or university which has its accreditation placed on
21 probation or terminated by the institutional accrediting agency or the
22 education department shall be subject to the commissioner's program
23 approval until it has been removed from probation or regained accredi-
24 tation by the institutional accrediting agency or the education depart-
25 ment, and shall further remain subject to such commissioner's program
26 approval until it has continued without probation for a period of not
27 less than six years.

28 5. If a college or university subject to this section intends to offer

32 commissioner with copies of any reports or other documents filed with
33 the institutional accrediting agency as part of the institutional
34 accrediting agency's substantive change review process and shall inform
35 the commissioner when the substantive change is approved.

36 6. Any such college or university that does not satisfy all of the
37 provisions of this section shall comply with the procedures and criteria
38 established by the regents and commissioner for academic program
39 approval. Nothing in this section shall be deemed to limit the depart-
40 ment's existing authority to investigate a complaint concerning the
41 institution, or any program offered, including the authority to deregis-
42 ter the program.

43 7. The commissioner shall establish and maintain a database, accessi-
44 ble to institutions seeking curriculum or program approval, which shall
45 provide updated information on the current status of an institution's
46 submitted requests. To the extent practicable, the database shall
47 include, but is not limited to, the following information:

48 (a) acknowledgement and date of receipt of submission;

49 (b) the initial review by an office of college and university evalu-
50 ation;

51 (c) questions from the department to the specific institution and
52 receipt of answers provided by the institution in response; and

53 (d) any remarks and the final decision made by the department regard-
54 ing a curriculum's or program's approval or disapproval.

55 8. The commissioner is hereby authorized to promulgate rules and regu-
56 lations necessary for the implementation of this section.

§ 2. This act shall take effect on the ninetieth day after it shall have become a law. Effective immediately, the addition, amendment and/or repeal of any rule or regulation necessary for the implementation of this act on its effective date are authorized to be made and completed on or before such effective date.

PART 00

Section 1. Short title. This act shall be known and may be cited as the "special joint legislative commission on affordable housing act".

§ 2. Legislative findings and intent. 4. The members of the commission, except those who serve ex officio, shall be allowed their actual and necessary expenses incurred in the performance of their duties under this act but shall receive no additional compensation for services rendered pursuant to this act.

5. The commission, on call of the chair, shall meet in-person or via electronic means at least monthly and at such other times as may be necessary. 7. Appointments to the commission shall be made no later than thirty days after the effective date of this act.

PART PP

Section 1. Legislative intent. The State University of New York ("SUNY") has committed to becoming the most inclusive university system in the country, where all students, faculty, and staff feel welcome and supported. To meet this goal, SUNY must employ, in addition to faculty and staff, leaders at the highest levels who share common experiences and culture with those who comprise the fastest-growing segment of its student population: diverse students who will become the nation's next generation of leaders.

SUNY has seen a steady increase of Black students in recent years, reaching nearly 11 percent, or over 42,000 students, in the 2019-2020 academic year. While SUNY continues its efforts to ensure that campus leadership and faculty reflect the students they serve by hiring faculty

1 who are more representative of the diverse student population at SUNY
2 campuses, the diversity within executive leadership teams on many
3 campuses can be expanded further with support from the legislature.

4 It is, therefore, the intention of the legislature to create a Black
5 Leadership Institute ("the Institute") as an initiative for Black lead-
6 ers in higher education with a mission to retain and grow from within
7 SUNY a greater proportion of Black professionals at SUNY campuses. The
8 Institute shall offer support and foster professional development for
9 candidates for senior leadership roles on SUNY campuses, which will, in
10 turn, create a more diverse SUNY culture that represents New York state
11 and the SUNY student population.

12 The legislature further intends that the Institute would be designed
13 to open doors to executive-level positions and strengthen the Universi-
14 ty's pool of Black leaders. The Institute will identify, develop, and
15 recruit, and ultimately support, retain, and foster the success of Black
16 leaders across the SUNY system.

17 § 2. The education law is amended by adding a new section 362 to read
18 as follows:

19 § 362. Black leadership institute. 1. Subject to an appropriation for
20 this purpose, the chancellor of the state university of New York, in
21 consultation with the board of trustees of the state university of New
22 York, shall create a Black Leadership Institute within the state univer-
23 sity of New York to foster the success of Black leaders at the universi-
24 ty president and president's cabinet level. Such institute shall develop
25 candidate identification and recruitment efforts, search committee
26 training, professional development and individualized support measures
27 for institute participants, professional assistance programming,
28 services, research and resource identification activities, and any other
29 programs deemed necessary to effectuate the intent of this institute.

30 2. The chancellor shall appoint an executive director and an eight
31 member advisory council, to provide guidance and advice to further the
32 development and growth of the institute. The director and the members of
33 the advisory council shall serve for three-year terms, with the director
34 and three advisory council members appointed in the first year of the
35 institute's existence, three other members appointed in the second year,
36 and two members appointed in the third year. The director and advisory
37 council members may be reappointed at the end of each term in the manner
38 of the original appointment. The director and advisory council shall
39 receive no compensation for their work in conjunction with the insti-
40 tute.

41 3. In considering measures and programming for effectuating the
42 purpose of the institute, the institute shall consider such factors as
43 program cost-effectiveness; the ability of such programs to offer
44 programmatically appropriate, long-term, training, and support services;
45 the ability of such programs to enable individuals to participate in the
46 institute to receive rewarding training, services, and supports; and
47 current and projected employment data at campuses within the state
48 university system.

49 4. The executive director shall prepare and present to the governor,
50 the speaker of the assembly, and the majority leader of the senate at
51 the beginning of each regular session of the legislature a separate
52 report covering, in summary, and in detail, all phases of activity of
53 the institute for the immediately preceding fiscal year.

54 § 3. This act shall take effect on the first of April next succeeding
55 the date on which it shall have become a law.

18 event shall a student lose his or her scholarship based upon legislative
19 reapportionment or changes in legislative composition or membership.

21 vacancies available to the general population.

22 (b) To be eligible to receive such nomination and [~~tuition~~] scholar-

26 to the time of nomination, is a graduate or within one year of gradu-
27 ation from an approved high school or has attained a New York state high
28 school equivalency diploma or its equivalent as determined by the
29 commissioner.

30 5. The [~~tuition~~] scholarships authorized by this section shall be made
31 available so long as funds are made available for such purposes.

32 6. Any individual receiving a [~~tuition~~] scholarship pursuant to this
33 section shall apply for all other available state, federal, or other
34 educational grant aid at the time of enrollment. Any grant aid or finan-
35 cial assistance received shall be utilized to offset the cost of tuition
36 to the maximum extent possible[~~, except that nothing shall require that~~
37 ~~aid or assistance received which~~]. Maritime admissions scholarships may
38 be used towards educational costs other than that of tuition [~~shall be~~
39 ~~applied toward the cost of tuition~~].

40 § 2. This act shall take effect immediately.
