For each regional group reduction, if the reduction factor for a particular year shall be zero, there shall be no state share reduction amount for such year.

31 ~~[2023]~~ 2024; provided, however, that notwithstanding any other provision
32 of law, the superintendent shall not establish or approve any increase
33 in rates for the period commencing July 1, 2009 and ending June 30,
34 2010. The superintendent shall direct insurers to establish segregated
35 accounts for premiums, payments, reserves and investment income attrib-
36 utable to such premium periods and shall require periodic reports by the
37 insurers regarding claims and expenses attributable to such periods to
38 monitor whether such accounts will be sufficient to meet incurred claims
39 and expenses. On or after July 1, 1989, the superintendent shall impose
40 a surcharge on premiums to satisfy a projected deficiency that is
41 attributable to the premium levels established pursuant to this section
42 for such periods; provided, however, that such annual surcharge shall

53 surgeons were insured by another insurer during such periods, all or a
54 pro rata share of the surcharge, as the case may be, shall be remitted
55 to such other insurer in accordance with rules and regulations to be
56 promulgated by the superintendent. Surcharges collected from physicians

1 and surgeons who were not insured during such policy periods shall be
2 apportioned among all insurers in proportion to the premium written by
3 each insurer during such policy periods; if a physician or surgeon was
4 insured by an insurer subject to rates established by the superintendent
5 during such policy periods, and at any time thereafter a hospital,
6 health maintenance organization, employer or institution is responsible
7 for responding in damages for liability arising out of such physician's

26 1986, by this act and at any other time. Notwithstanding any provision
27 of the insurance law, rates already established and to be established by
28 the superintendent pursuant to this section are deemed adequate if such
29 rates would be adequate when taken together with the maximum authorized
30 annual surcharges to be imposed for a reasonable period of time whether
31 or not any such annual surcharge has been actually imposed as of the
32 establishment of such rates.

(d) effective immediately, the commissioner of health shall promulgate any rules and regulations and take such steps, including requiring the submission of reports or surveys by fiscal intermediaries under the consumer directed personal assistance program, as may be necessary for the timely implementation of this act on or before such effective date.

PART J

Section 1. Subsection (a) of section 3224-a of the insurance law, as amended by chapter 237 of the laws of 2009, is amended to read as follows:

(a) Except in a case where the obligation of an insurer or an organization or corporation licensed or certified pursuant to article forty-three or forty-seven of this chapter or article forty-four of the public health law to pay a claim submitted by a policyholder or person covered under such policy ("covered person") or make a payment to a health care provider is not reasonably clear, or when there is a reasonable basis supported by specific information available for review by the superintendent that such claim or bill for health care services rendered was submitted fraudulently, such insurer or organization or corporation shall pay the claim to a policyholder or covered person or make a payment to a health care provider within thirty days of receipt of a claim or bill for the services rendered that is transmitted via the internet or electronic mail[~~r~~] or forty-five days of receipt of a claim or bill for services rendered that is submitted by other means, such as paper or facsimile.

(1) Where the obligation of an insurer or an organization or corporation licensed or certified pursuant to article forty-three or forty-seven of this chapter or article forty-four of the public health law to pay such a claim is clear, except for the desire of the insurer or organization or corporation to review clinical documentation or, to the

1 extent agreed upon by a hospital and the insurer or organization or
2 corporation, electronic medical records, to confirm the medical necessi-
3 ty of emergency services or inpatient services following an emergency
4 department visit provided by a hospital that participates in the
5 network of the insurer or organization or corporation, which includes
6 whether the services provided were emergency services or that the site
7 of service or level of care billed was appropriate for the services
8 provided, the insurer or organization or corporation shall pay the claim
9 at the contracted rate for the services and site billed by the hospital
10 within the timeframes set forth in this subsection. The insurer or
11 organization or corporation may, within thirty days of paying the claim,
12 request that the hospital submit to the insurer or organization or
13 corporation only the clinical documentation or, to the extent agreed
14 upon by the hospital and the insurer or organization or corporation,
15 electronic medical records, necessary to confirm the medical necessity
16 of the emergency services or inpatient services following an emergency
17 department visit provided by the hospital, which includes whether the
18 services provided by the hospital were emergency services or that the
19 site of service or level of care billed was appropriate for the services
20 provided. The hospital shall provide the clinical documentation to the
21 insurer or organization or corporation within forty-five days of its
22 request.

23 (2) Unless otherwise agreed upon by the hospital and the insurer or
24 organization or corporation, an insurer or organization or corporation
25 may submit a claim, within ninety days of receipt of the clinical
26 documentation from the hospital, to a joint committee composed of clini-
27 cians from the insurer or organization or corporation and the hospital
28 for a post-payment audit. If the hospital fails to provide clinical
29 documentation to the insurer or organization or corporation within
30 forty-five days of the request, the insurer or organization or corpo-
31 ration may submit the claim to the joint committee for review within
32 ninety days after the end of the forty-five day period. The joint
33 committee shall meet at least quarterly to review such claims. Nothing
34 herein shall require the joint committee to be registered as a utiliza-
35 tion review agent under article forty-nine of the public health law or
36 file a utilization review report under article forty-nine of this chap-
37 ter.

38 (3) Within ninety days of the joint committee's receipt of the request
39 to review the claim from an insurer or organization or corporation, the
40 joint committee shall request the clinical documentation from the hospi-
41 tal, review the claim and information submitted by the parties, and make
42 a joint determination as to the medical necessity of the services
43 provided, which includes whether the services were emergency services or
44 that the site of service or level of care billed was appropriate for the
45 services; provided, however, the insurer or organization or corporation
46 and hospital may agree to meet more frequently than every ninety days,
47 so long as such frequency does not require the joint committee to meet
48 more frequently than every thirty days. Failure by the hospital to
49 provide the clinical documentation to the joint committee within sixty
50 days of request, or an alternative timeframe as may be agreed upon by
51 all parties, shall result in a final determination that the services
52 were not medically necessary by the joint committee, which shall not be
53 subject to review under article forty-nine of this chapter and article
54 forty-nine of the public health law.

55 (A) In the event a joint determination cannot be agreed upon within
56 the ninety-day period, the hospital or insurer or organization or corpo-

1 ration may refer the claim to a mutually agreed upon independent third-
2 party review agent within five business days from the end of the nine-
3 ty-day period, for a determination. The determination of the independent
4 third-party review agent shall be binding.

5 (B) The hospital and the insurer or organization or corporation shall
6 designate one or more mutually agreed upon independent third-party
7 review agents in the participating provider agreement. If the hospital
8 and the insurer or organization or corporation are unable to reach
9 agreement in the participating provider agreement on one or more inde-
10 pendent third-party review agents, then the insurer or organization or
11 corporation may select an independent third-party review agent that has
12 been certified by the superintendent as an external appeal agent pursu-
13 ant to article forty-nine of this chapter or as an independent dispute
14 resolution entity pursuant to article six of the financial services law.
15 If the independent third-party review agent determines that the services
16 provided were not medically necessary, in whole or in part, the insurer
17 or corporation or organization may recoup, offset, or otherwise require
18 the hospital to refund any overpayment resulting from its determination
19 consistent with subsection (b) of section three thousand two hundred
20 twenty-four-b of this article within thirty days. The insurer or organ-
21 ization or corporation shall provide written notification to the hospi-
22 tal of such recoup or offset, which shall include: (i) the claim number;
23 (ii) the amount of the overpayment; and (iii) the date of the joint
24 committee determination.

25 (C) During the entirety of the review process, the hospital shall pend
26 the imposition of any copayment, coinsurance or deductible until such
27 time as there is a final determination as to whether the services in
28 question were medically necessary. The hospital may thereafter bill the
29 insured for the amount of the copayment, coinsurance or deductible for
30 services determined to be medically necessary and shall hold the insured
31 harmless for any other amounts, including amounts for services deter-
32 mined to be not medically necessary.

33 (4) Nothing in this subsection shall in any way be deemed to limit the
34 ability of insurers or organizations or corporations and hospitals to
35 agree to establish parameters for referral or review of medical records,
36 including while the insured is in the hospital, or for insurers or
37 organizations or corporations to require preauthorization for services
38 that are not emergency services.

39 (5) For purposes of this subsection, "hospital" shall mean a general
40 hospital as defined in section two thousand eight hundred one of the
41 public health law.

42 (6) Nothing in this subsection shall preclude an insurer or organiza-
43 tion or corporation and a hospital from agreeing to other dispute resol-
44 ution mechanisms, provided that the parties may not negotiate away the
45 requirement that the insurer or organization or corporation pay the
46 claim as billed by the hospital prior to reviewing such claim for
47 medical necessity. When a hospital and an insurer or organization or
48 corporation are parties to a participating provider agreement applicable
49 to the inpatient hospital admission being reviewed by the joint commit-
50 tee, the definition of medical necessity set forth in such participating
51 provider agreement shall apply for purposes of joint committee and inde-
52 pendent third-party review.

53 § 2. Subsection (b) of section 3224-a of the insurance law, as amended
54 by chapter 694 of the laws of 2021, is amended to read as follows:

55 (b) In a case where the obligation of an insurer or an organization or
56 corporation licensed or certified pursuant to article forty-three or

1 forty-seven of this chapter or article forty-four of the public health
2 law to pay a claim or make a payment for health care services rendered
3 is not reasonably clear due to a good faith dispute regarding the eligi-
4 bility of a person for coverage, the liability of another insurer or
5 corporation or organization for all or part of the claim, the amount of
6 the claim, the benefits covered under a contract or agreement, or the
7 manner in which services were accessed or provided, an insurer or organ-
8 ization or corporation shall pay any undisputed portion of the claim in
9 accordance with this subsection and notify the policyholder, covered
10 person or health care provider in writing, and through the internet or
11 other electronic means for claims submitted in that manner, within thir-
12 ty calendar days of the receipt of the claim:

13 (1) whether the claim or bill has been denied or partially approved;

14 (2) which claim or medical payment that it is not obligated to pay the
15 claim, stating the specific reasons why it is not liable; and

16 (3) to request all additional information needed to determine liabil-
17 ity to pay the claim or make the health care payment; and

18 (4) of the specific type of plan or product the policyholder or
19 covered person is enrolled in; provided that nothing in this section
20 shall authorize discrimination based on the source of payment.

21 Upon receipt of the information requested in paragraph three of this
22 subsection or an appeal of a claim or bill for health care services
23 denied pursuant to this subsection, an insurer or organization or corpo-
24 ration licensed or certified pursuant to article forty-three or forty-
25 seven of this chapter or article forty-four of the public health law
26 shall comply with subsection (a) of this section; provided, that if the
27 insurer or organization or corporation licensed or certified pursuant to
28 article forty-three or forty-seven of this chapter or article forty-four
29 of the public health law determines that payment or additional payment
30 is due on ~~[the]~~ a claim~~[r]~~ as a result of an internal or external appeal
31 determination made pursuant to section four thousand nine hundred four
32 or title two of article forty-nine of this chapter or section four thou-
33 sand nine hundred four or title two of article forty-nine of the public
34 health law, such payment shall be made to the policyholder or covered
35 person or health care provider within fifteen days of the determination.
36 Any denial or partial approval of claim or payment and the specific
37 reasons for such denial or partial approval pursuant to this subsection
38 shall be prominently displayed on a written notice with at least twelve-
39 point type. A partial approval of claim or payment shall state at the
40 top of such written notice with at least fourteen-point type bold:
41 "NOTICE OF PARTIAL APPROVAL OF MEDICAL COVERAGE". A denial of claim or
42 payment shall state at the top of such written notice with at least
43 fourteen-point type bold: "NOTICE OF DENIAL OF MEDICAL COVERAGE". Any
44 additional terms or conditions included on such notice of partial
45 approval or such notice of denial, such as but not limited to time
46 restraints to file an appeal, shall be included with at least twelve-
47 point type.

48 § 3. Paragraphs 4 and 5 of subsection (b) of section 3224-b of the
49 insurance law are renumbered paragraphs 6 and 7 and two new paragraphs 4
50 and 5 are added to read as follows:

51 (4) A review or audit of claims by or on behalf of a health plan shall
52 not reverse or otherwise alter a medical necessity determination, which
53 includes, a site of service or level of care determination made by a
54 utilization review agent or external appeal agent pursuant to article
55 forty-nine of this chapter or article forty-nine of the public health
56 law.

(5) A review or audit of claims by or on behalf of a health plan shall not downgrade the coding of a claim if it has the effect of reversing or altering a medical necessity determination, which includes, a level of care determination made by or on behalf of the health plan; provided however, that nothing in this paragraph shall limit a health plan's ability to review or audit claims for fraud, waste or abuse.

§ 4. The opening paragraph of subsection (c) of section 4904 of the insurance law, as amended by section 18 of part YY of chapter 56 of the laws of 2020, is amended to read as follows:

A utilization review agent must establish a period of no less than forty-five days after receipt of notification by the insured of the initial utilization review determination and receipt of all necessary information to file the appeal from said determination. The utilization review agent must provide written acknowledgment of the filing of the appeal to the appealing party within fifteen days of such filing and shall make a determination with regard to the appeal within thirty days of the receipt of necessary information to conduct the appeal and, upon overturning the adverse decision, shall comply with subsection ~~[(a)]~~ (b) of section three thousand two hundred twenty-four-a of this chapter as applicable. The utilization review agent shall notify the insured, the insured's designee and, where appropriate, the insured's health care provider, in writing of the appeal determination within two business days of the rendering of such determination.

47 acting on behalf of the public health and health planning council during
48 the review period. Such transaction will be final upon completion of the
49 review period, which shall be no longer than ninety days from the date

23 public health and health planning council for that operator to own or
24 control, directly or indirectly, ten percent or more of the interest,
25 stock, or voting rights of any partnership, limited liability company,

41 § 5. The public health law is amended by adding a new article 45-A to
42 read as follows:

43 ARTICLE 45-A

44 REVIEW AND OVERSIGHT OF MATERIAL TRANSACTIONS

45 Section 4550. Legislative purpose and intent.

46 4551. Definitions.

47 4552. Review and oversight of material transactions.

48 4553. Notice of material transaction; requirements.

49 4554. Material transaction review.

50 4555. Penalty for noncompliance; injunctive relief.

51 4556. Rules and regulations.

52 4557. Separability.

53 § 4550. Legislative purpose and intent. While hospitals remain vital
54 to the health system, services are increasingly being delivered through
55 ambulatory care. This shift to ambulatory care is giving rise to new
56 health care delivery structures that are not subject to the same facili-

1 ty licensure and oversight requirements. In particular, there has been a
2 proliferation of large physician practices being managed by entities
3 that are investor-backed. As a general matter, physician practices are
4 subject to far less regulation and oversight than hospitals under arti-
5 cle twenty-eight of this chapter, home care agencies under article thir-
6 ty-six of this chapter, hospice providers, or providers of behavioral
7 health services under articles thirty-one and thirty-two of the mental
8 hygiene law, as well as managed care organizations or other insurers
9 authorized under this chapter or the insurance law. Even as these inve-
10 stor-backed entities increasingly take on the characteristics associated
11 with diagnostic and treatment centers under article twenty-eight of this
12 chapter or other licensed provider types, or may assume more risk from
13 managed care organizations and licensed insurers, they remain unregu-
14 lated by the state outside of the licensure of the individual practi-
15 tioners who practice at these sites and enrollment in Medicaid. More-
16 over, transactions involving the change of control, by virtue of a sale,
17 merger or acquisition of these providers, are not subject to any state
18 change of ownership or control review, such that the state is not able
19 to track or monitor the impact of these transactions on cost, quality,
20 access, equity, and competition.

21 This phenomenon may have a negative impact on patient care, health
22 care costs, and ultimately access to services. These large investor-
23 backed health care entities shift volume and business away from communi-
24 ty hospitals and their ambulatory care networks and other safety net
25 providers, undermining their financial sustainability, which must
26 continue to provide essential services to the community. In addition,
27 the concentration of these investor-backed physician practices is a
28 significant contributor to health care cost inflation, which has also
29 given rise to other legislation, including the no surprise billing
30 provisions in the financial services law.

31 § 4551. Definitions. For the purposes of this article, the following
32 terms shall have the following meanings:

33 1. "Control" means the possession, direct or indirect, of the power to
34 direct or cause the direction of the management and policies of a health
35 care entity, whether through the ownership of voting securities, by
36 contract (except a commercial contract for goods or non-management
37 services) or otherwise; but no person shall be deemed to control another
38 person solely by reason of being an officer or director of a health care
39 entity. "Control" shall be presumed to exist if any person directly or
40 indirectly owns, controls, or holds with the power to vote ten percent
41 or more of the voting securities of a health care entity.

42 2. "Health care entity" shall include but not be limited to a physi-
43 cian practice or management services organization or similar entity
44 providing all or substantially all administrative or management services
45 under contract with one or more physician practice, provider-sponsored
46 organization, health insurance plan, or any other kind of health care
47 facility, organization or plan providing health care services in this
48 state; provided, however, that a "health care entity" shall not include
49 an insurer directly authorized to do business in this state, or a phar-
50 macy benefit manager registered or licensed in this state. An "insurer"
51 shall not include non-insurance subsidiaries and affiliated entities of
52 insurance companies regulated under the insurance law or this chapter.

53 3. "Health equity" shall mean achieving the highest level of health
54 for all people and shall entail focused efforts to address avoidable
55 inequalities by equalizing those conditions for health for those that

1 have experienced injustices, socioeconomic disadvantages, and systemic
2 disadvantages.

3 4. "Material transaction" shall mean:

4 (a) any of the following, occurring during a single transaction or in
5 a series of related transactions, that take place within a time period
6 and meet or exceed thresholds, as determined by the commissioner in
7 regulation, for factors including but not limited to changes in revenue:

8 (i) a merger with a health care entity;

9 (ii) an acquisition of one or more health care entities, including but
10 not limited to the assignment, sale, or other conveyance of assets,
11 voting securities, membership, or partnership interest or the transfer
12 of control;

13 (iii) an affiliation or contract formed between a health care entity
14 and another person; or

15 (iv) the formation of a partnership, joint venture, accountable care
16 organization, parent organization, or management services organization
17 for the purpose of administering contracts with health plans, third-par-
18 ty administrators, pharmacy benefit managers, or health care providers
19 as prescribed by the commissioner by regulation.

20 (b) "Material transaction" shall not include a clinical affiliation of
21 health care entities formed for the purpose of collaborating on clinical
22 trials or graduate medical education programs and shall not include any
23 transaction that is already subject to review under article twenty-
24 eight, thirty, thirty-six, forty, forty-six, forty-six-A, or forty-six-B
25 of this chapter.

26 § 4552. Review and oversight of material transactions. 1. The depart-
27 ment shall have the authority to review and approve material trans-
28 actions, which may be further defined by the commissioner in regulation,
29 to assess such transactions' impact on cost, quality, access, health
30 equity and competition in the health care service market.

31 2. In accordance with this article, and with the rules and regulations
32 promulgated by the commissioner pursuant to section forty-five hundred
33 fifty-six of this article, the department shall adopt criteria for the
34 consideration of requests by health care entities to consummate a mate-
35 rial transaction. The criteria shall include the factors listed in
36 subdivision one of section forty-five hundred fifty-four of this arti-
37 cle.

38 3. Nothing in this article shall limit or restrict the authority of
39 the superintendent of financial services under article fifteen, sixteen,
40 seventeen, forty-two, forty-three, seventy-one, or seventy-three of the
41 insurance law, or regulations promulgated thereunder.

42 § 4553. Notice of material transaction; requirements. 1. A health care
43 entity shall not consummate a material transaction without obtaining
44 approval from the department for such material transaction.

45 2. In order to obtain approval of a material transaction by the
46 department, a health care entity shall submit to the department written
47 notice and application, with supporting documentation as described below
48 and further defined in regulation, which the department shall be in
49 receipt of at least thirty days before the desired closing date of the
50 transaction, in the form and manner prescribed by the department. Such
51 written notice shall include, but not be limited to:

52 (a) The names of the parties to the proposed material transaction and
53 their current addresses;

54 (b) Copies of any definitive agreements governing the terms of the
55 material transaction, including pre- and post-closing conditions;

1 (c) Identification of all locations where health care services are
2 currently provided by each party and the revenue generated in the state
3 from such locations;

4 (d) Any plans to reduce or eliminate services and/or participation in
5 specific plan networks;

6 (e) The desired closing date of the proposed material transaction;

7 (f) A brief description of the nature and purpose of the proposed
8 material transaction, which will be used to inform the review under
9 section forty-five hundred fifty-four of this article, including:

10 (i) the anticipated impact of the material transaction on cost, quali-
11 ty, access, health equity, and competition in the impacted markets,
12 which may be supported by data and a formal market impact analysis; and

13 (ii) any commitments by the health care entity to address anticipated
14 impacts; and

15 (g) a non-refundable application fee.

16 3. Except as provided in subdivision two of section forty-five hundred
17 fifty-four of this article, supporting documentation as described in
18 subdivision two of this section shall not be subject to disclosure under
19 article six of the public officers law.

20 § 4554. Material transaction review. 1. When reviewing a potential
21 material transaction, the department may consider the following:

22 (a) Whether the parties to the transaction can demonstrate that the
23 potential positive impacts of the material transaction outweigh the
24 potential negative impacts related to factors such as:

25 (i) patient costs;

26 (ii) access to services;

27 (iii) health equity; and

28 (iv) health outcomes;

29 (b) Whether there is a substantial likelihood of anticompetitive
30 effects from the transaction that outweigh the benefits of the trans-
31 action including by increasing or maintaining services to underserved
32 populations or stabilizing the operations of the existing delivery
33 system;

34 (c) The financial condition of the parties to the transaction;

35 (d) The character and competence of the parties or any officers or
36 directors thereof;

37 (e) The source of the funds or assets for the transaction;

38 (f) The fairness of any exchange of shares, assets, cash, or other
39 consideration for the shares or assets to be received; and

40 (g) Any other relevant information necessary to determine the impact
41 of the material transaction.

42 2. If the department does not act on the application as described in
43 subdivisions three and four of this section within thirty days of
44 receipt of written notice and application as described in subdivision
45 two of section forty-five hundred fifty-three of this article, then the
46 transaction shall be deemed approved. During such thirty-day period, the
47 department shall post in a manner determined by the department in regu-
48 lation for public notice and public comment which may help to inform
49 whether the department takes further actions as determined by this

1 (a) The standardized procedure or protocol shall require that the
2 patient use a self-screening tool that will identify patient risk
3 factors for use of self-administered hormonal contraceptives and emer-
4 gency contraceptive drug therapy, based on the current United States
5 Medical Eligibility Criteria (USMEC) for Contraceptive Use developed by
6 the federal Centers for Disease Control and Prevention, and that the
7 pharmacist refer the patient to the patient's primary care provider or,
8 if the patient does not have a primary care provider, to nearby clinics,
9 upon furnishing a self-administered hormonal contraceptive or emergency
10 contraceptive drug therapy pursuant to this subdivision, or if it is
11 determined that use of a self-administered hormonal contraceptive or

9 § 8860. Short title. This article shall be known and may be cited as
10 the "interstate medical licensure compact".

11 § 8861. Purpose. In order to strengthen access to health care, and in
12 recognition of the advances in the delivery of health care, the member
13 states of the interstate medical licensure compact have allied in common
14 purpose to develop a comprehensive process that complements the existing
15 licensing and regulatory authority of state medical boards, provides a
16 streamlined process that allows physicians to become licensed in multi-
17 ple states, thereby enhancing the portability of a medical license and
18 ensuring the safety of patients. The compact creates another pathway
19 for licensure and does not otherwise change a state's existing medical
20 practice act. The compact also adopts the prevailing standard for licen-
21 sure and affirms that the practice of medicine occurs where the patient
22 is located at the time of the physician-patient encounter, and there-
23 fore, requires the physician to be under the jurisdiction of the state
24 medical board where the patient is located. State medical boards that
25 participate in the compact retain the jurisdiction to impose an adverse
26 action against a license to practice medicine in that state issued to a
27 physician through the procedures in the compact.

2. A physician who does not meet the requirements of subdivision eleven of section eighty-eight hundred sixty-two of this article may obtain

1 a license to practice medicine in a member state if the individual
2 complies with all laws and requirements, other than the compact, relat-
3 ing to the issuance of a license to practice medicine in that state.

4 § 8864. Designation of state of principal license. 1. A physician
5 shall designate a member state as the state of principal license for

5. An expedited license shall be valid for a period consistent with the licensure period in the member state and in the same manner as required for other physicians holding a full and unrestricted license within the member state.

6. An expedited license obtained through the compact shall be terminated if a physician fails to maintain a license in the state of principal licensure for a non-disciplinary reason, without redesignation of a new state of principal licensure.

7. The interstate commission is authorized to develop rules regarding the application process, including payment of any applicable fees, and the issuance of an expedited license.

§ 8866. Fees for expedited licensure. 1. A member state issuing an expedited license authorizing the practice of medicine in that state may impose a fee for a license issued or renewed through the compact.

2. The interstate commission is authorized to develop rules regarding fees for expedited licenses.

§ 8868. Coordinated information system. 1. The interstate commission shall establish a database of all physicians licensed, or who have applied for licensure, under section eighty-eight hundred sixty-five of this article.

2. Notwithstanding any other provision of law, member boards shall report to the interstate commission any public action or complaints against a licensed physician who has applied or received an expedited license through the compact.

3. Member boards shall report disciplinary or investigatory information determined as necessary and proper by rule of the interstate commission.

1 4. Member boards may report any non-public complaint, disciplinary, or
2 investigatory information not required by subdivision three of this
3 section to the interstate commission.

4 5. Member boards shall share complaint or disciplinary information
5 about a physician upon request of another member board.

6 6. All information provided to the interstate commission or distrib-
7 uted by member boards shall be confidential, filed under seal, and used
8 only for investigatory or disciplinary matters.

9 7. The interstate commission is authorized to develop rules for
10 mandated or discretionary sharing of information by member boards.

11 § 8869. Joint investigations. 1. Licensure and disciplinary records of
12 physicians are deemed investigative.

24 state in which a physician holds a license to practice medicine.

25 § 8870. Disciplinary actions. 1. Any disciplinary action taken by any
26 member board against a physician licensed through the compact shall be
27 deemed unprofessional conduct which may be subject to discipline by
28 other member boards, in addition to any violation of the medical prac-
29 tice act or regulations in that state.

30 2. If a license granted to a physician by the member board in the
31 state of principal license is revoked, surrendered or relinquished in
32 lieu of discipline, or suspended, then all licenses issued to the physi-
33 cian by member boards shall automatically be placed, without further
34 action necessary by any member board, on the same status. If the member
35 board in the state of principal license subsequently reinstates the
36 physician's license, a license issued to the physician by any other
37 member board shall remain encumbered until that respective member board
38 takes action to reinstate the license in a manner consistent with the
39 medical practice act of that state.

40 3. If disciplinary action is taken against a physician by a member
41 board not in the state of principal license, any other member board may
42 deem the action conclusive as to matter of law and fact decided, and:

43 (a) impose the same or lesser sanction or sanctions against the physi-
44 cian so long as such sanctions are consistent with the medical practice
45 act of that state; or

46 (b) pursue separate disciplinary action against the physician under
47 its respective medical practice act, regardless of the action taken in
48 other member states.

49 4. If a license granted to a physician by a member board is revoked,
50 surrendered, or relinquished in lieu of discipline, or suspended, then
51 any license or licenses issued to the physician by any other member
52 board or boards shall be suspended, automatically and immediately with-
53 out further action necessary by the other member board or boards, for
54 ninety days upon entry of the order by the disciplining board, to permit
55 the member board or boards to investigate the basis for the action under
56 the medical practice act of that state. A member board may terminate the

1 automatic suspension of the license it issued prior to the completion of
2 the ninety day suspension period in a manner consistent with the medical
3 practice act of that state.

4 § 8871. Interstate medical licensure compact commission. 1. The member
5 states hereby create the "interstate medical licensure compact commis-
6 sion".

7 2. The purpose of the interstate commission is the administration of
8 the interstate medical licensure compact, which is a discretionary state
9 function.

10 3. The interstate commission shall be a body corporate and joint agen-
11 cy of the member states and shall have all the responsibilities, powers,
12 and duties set forth in the compact, and such additional powers as may
13 be conferred upon it by a subsequent concurrent action of the respective
14 legislatures of the member states in accordance with the terms of the
15 compact.

16 4. The interstate commission shall consist of two voting represen-
17 tatives appointed by each member state who shall serve as commissioners.
18 In states where allopathic and osteopathic physicians are regulated by
19 separate member boards, or if the licensing and disciplinary authority
20 is split between multiple member boards within a member state, the
21 member state shall appoint one representative from each member board. A
22 commissioner shall be a or an:

23 (a) Allopathic or osteopathic physician appointed to a member board;

24 (b) Executive director, executive secretary, or similar executive of a
25 member board; or

26 (c) Member of the public appointed to a member board.

27 5. The interstate commission shall meet at least once each calendar
28 year. A portion of this meeting shall be a business meeting to address
29 such matters as may properly come before the commission, including the
30 election of officers. The chairperson may call additional meetings and
31 shall call for a meeting upon the request of a majority of the member
32 states.

33 6. The bylaws may provide for meetings of the interstate commission to
34 be conducted by telecommunication or electronic communication.

35 7. Each commissioner participating at a meeting of the interstate
36 commission is entitled to one vote. A majority of commissioners shall
37 constitute a quorum for the transaction of business, unless a larger
38 quorum is required by the bylaws of the interstate commission. A commis-
39 sioner shall not delegate a vote to another commissioner. In the absence
40 of its commissioner, a member state may delegate voting authority for a
41 specified meeting to another person from that state who shall meet the
42 requirements of subdivision four of this section.

43 8. The interstate commission shall provide public notice of all meet-
44 ings and all meetings shall be open to the public. The interstate
45 commission may close a meeting, in full or in portion, where it deter-
46 mines by a two-thirds vote of the commissioners present that an open
47 meeting would be likely to:

48 (a) Relate solely to the internal personnel practices and procedures
49 of the interstate commission;

50 (b) Discuss matters specifically exempted from disclosure by federal
51 statute;

52 (c) Discuss trade secrets, commercial, or financial information that
53 is privileged or confidential;

54 (d) Involve accusing a person of a crime, or formally censuring a
55 person;

1 (e) Discuss information of a personal nature where disclosure would
2 constitute a clearly unwarranted invasion of personal privacy;

3 (f) Discuss investigative records compiled for law enforcement
4 purposes; or

5 (g) Specifically relate to the participation in a civil action or
6 other legal proceeding.

7 9. The interstate commission shall keep minutes which shall fully
8 describe all matters discussed in a meeting and shall provide a full and
9 accurate summary of actions taken, including record of any roll call
10 votes.

11 10. The interstate commission shall make its information and official
12 records, to the extent not otherwise designated in the compact or by its
13 rules, available to the public for inspection.

14 11. The interstate commission shall establish an executive committee,
15 which shall include officers, members, and others as determined by the
16 bylaws. The executive committee shall have the power to act on behalf of
17 the interstate commission, with the exception of rulemaking, during
18 periods when the interstate commission is not in session. When acting on
19 behalf of the interstate commission, the executive committee shall over-
20 see the administration of the compact including enforcement and compli-
21 ance with the provisions of the compact, its bylaws and rules, and other
22 such duties as necessary.

23 12. The interstate commission may establish other committees for
24 governance and administration of the compact.

25 § 8872. Powers and duties of the interstate commission. The interstate
26 commission shall have the duty and power to:

27 1. Oversee and maintain the administration of the compact;

28 2. Promulgate rules which shall be binding to the extent and in the
29 manner provided for in the compact;

30 3. Issue, upon the request of a member state or member board, advisory
31 opinions concerning the meaning or interpretation of the compact, its
32 bylaws, rules, and actions;

34 by the interstate commission, and the bylaws, using all necessary and
35 proper means, including but not limited to the use of judicial process;

36 5. Establish and appoint committees including, but not limited to, an
37 executive committee as required by section eighty-eight hundred seven-
38 ty-one of this article, which shall have the power to act on behalf of
39 the interstate commission in carrying out its powers and duties;

40 6. Pay, or provide for the payment of the expenses related to the
41 establishment, organization, and ongoing activities of the interstate
42 commission;

43 7. Establish and maintain one or more offices;

44 8. Borrow, accept, hire, or contract for services of personnel;

45 9. Purchase and maintain insurance and bonds;

46 10. Employ an executive director who shall have such powers to employ,
47 select or appoint employees, agents, or consultants, and to determine
48 their qualifications, define their duties, and fix their compensation;

49 11. Establish personnel policies and programs relating to conflicts of
50 interest, rates of compensation, and qualifications of personnel;

51 12. Accept donations and grants of money, equipment, supplies, materi-
52 als and services, and to receive, utilize, and dispose of it in a manner
53 consistent with the conflict of interest policies established by the
54 interstate commission;

1 13. Lease, purchase, accept contributions or donations of, or other-
2 wise to own, hold, improve, or use, any property, real, personal, or

5 otherwise dispose of any property, real, personal, or mixed;

6 15. Establish a budget and make expenditures;

7 16. Adopt a seal and bylaws governing the management and operation of
8 the interstate commission;

9 17. Report annually to the legislatures and governors of the member
10 states concerning the activities of the interstate commission during the
11 preceding year. Such reports shall also include reports of financial
12 audits and any recommendations that may have been adopted by the inter-
13 state commission;

14 18. Coordinate education, training, and public awareness regarding the
15 compact, its implementation, and its operation;

16 19. Maintain records in accordance with the bylaws;

17 20. Seek and obtain trademarks, copyrights, and patents; and

18 21. Perform such functions as may be necessary or appropriate to
19 achieve the purposes of the compact.

20 § 8873. Finance powers. 1. The interstate commission may levy on and
21 collect an annual assessment from each member state to cover the cost of
22 the operations and activities of the interstate commission and its
23 staff. The total assessment must be sufficient to cover the annual budg-
24 et approved each year for which revenue is not provided by other sourc-
25 es. The aggregate annual assessment amount shall be allocated upon a
26 formula to be determined by the interstate commission, which shall
27 promulgate a rule binding upon all member states.

28 2. The interstate commission shall not incur obligations of any kind
29 prior to securing the funds adequate to meet the same.

30 3. The interstate commission shall not pledge the credit of any of the
31 member states, except by, and with the authority of, the member state.

32 4. The interstate commission shall be subject to a yearly financial
33 audit conducted by a certified or licensed public accountant and the
34 report of the audit shall be included in the annual report of the inter-
35 state commission.

36 § 8874. Organization and operation of the interstate commission. 1.
37 The interstate commission shall, by a majority of commissioners present
38 and voting, adopt bylaws to govern its conduct as may be necessary or
39 appropriate to carry out the purposes of the compact within twelve
40 months of the first interstate commission meeting.

41 2. The interstate commission shall elect or appoint annually from
42 among its commissioners a chairperson, a vice-chairperson, and a treas-
43 urer, each of whom shall have such authority and duties as may be speci-
44 fied in the bylaws. The chairperson, or in the chairperson's absence or
45 disability, the vice-chairperson, shall preside at all meetings of the
46 interstate commission.

47 3. Officers selected pursuant to subdivision two of this section shall
48 serve without remuneration from the interstate commission.

49 4. The officers and employees of the interstate commission shall be
50 immune from suit and liability, either personally or in their official
51 capacity, for a claim for damage to or loss of property or personal
52 injury or other civil liability caused or arising out of, or relating
53 to, an actual or alleged act, error, or omission that occurred, or that
54 such person had a reasonable basis for believing occurred, within the
55 scope of interstate commission employment, duties, or responsibilities;
56 provided that such person shall not be protected from suit or liability

1 for damage, loss, injury, or liability caused by the intentional or
2 willful and wanton misconduct of such person.

3 (a) The liability of the executive director and employees of the
4 interstate commission or representatives of the interstate commission,
5 acting within the scope of such person's employment or duties for acts,
6 errors, or omissions occurring within such person's state, may not
7 exceed the limits of liability set forth under the constitution and laws
8 of that state for state officials, employees, and agents. The interstate
9 commission is considered to be an instrumentality of the states for the
10 purposes of any such action. Nothing in this paragraph shall be
11 construed to protect such person from suit or liability for damage,
12 loss, injury, or liability caused by the intentional or willful and
13 wanton misconduct of such person.

14 (b) The interstate commission shall defend the executive director, its
15 employees, and subject to the approval of the attorney general or other
16 appropriate legal counsel of the member state represented by an inter-
17 state commission representative, shall defend such interstate commission
18 representative in any civil action seeking to impose liability arising
19 out of an actual or alleged act, error or omission that occurred within
20 the scope of interstate commission employment, duties or responsibil-
21 ities, or that the defendant had a reasonable basis for believing
22 occurred within the scope of interstate commission employment, duties,
23 or responsibilities, provided that the actual or alleged act, error, or
24 omission did not result from intentional or willful and wanton miscon-
25 duct on the part of such person.

26 (c) To the extent not covered by the state involved, member state, or
27 the interstate commission, the representatives or employees of the
28 interstate commission shall be held harmless in the amount of a settle-
29 ment or judgment, including attorney's fees and costs, obtained against
30 such persons arising out of an actual or alleged act, error, or omission
31 that occurred within the scope of interstate commission employment,
32 duties, or responsibilities, or that such persons had a reasonable basis
33 for believing occurred within the scope of interstate commission employ-
34 ment, duties, or responsibilities, provided that the actual or alleged
35 act, error, or omission did not result from intentional or willful and
36 wanton misconduct on the part of such persons.

37 § 8875. Rulemaking functions of the interstate commission. 1. The
38 interstate commission shall promulgate reasonable rules in order to
39 effectively and efficiently achieve the purposes of the compact.
40 Notwithstanding the foregoing, in the event the interstate commission
41 exercises its rulemaking authority in a manner that is beyond the scope
42 of the purposes of the compact, or the powers granted hereunder, then
43 such an action by the interstate commission shall be invalid and have no
44 force or effect.

45 2. Rules deemed appropriate for the operations of the interstate
46 commission shall be made pursuant to a rulemaking process that substan-
47 tially conforms to the federal Model State Administrative Procedure Act
48 of 2010, and subsequent amendments thereto.

49 3. Not later than thirty days after a rule is promulgated, any person
50 may file a petition for judicial review of the rule in the United States
51 District Court for the District of Columbia or the federal district
52 where the interstate commission has its principal offices, provided that
53 the filing of such a petition shall not stay or otherwise prevent the
54 rule from becoming effective unless the court finds that the petitioner
55 has a substantial likelihood of success. The court shall give deference
56 to the actions of the interstate commission consistent with applicable

1 law and shall not find the rule to be unlawful if the rule represents a
2 reasonable exercise of the authority granted to the interstate commis-
3 sion.

4 § 8876. Oversight of interstate compact. 1. The executive, legisla-
5 tive, and judicial branches of state government in each member state
6 shall enforce the compact and shall take all actions necessary and
7 appropriate to effectuate the compact's purposes and intent. The
8 provisions of the compact and the rules promulgated hereunder shall have
9 standing as statutory law but shall not override existing state authori-
10 ty to regulate the practice of medicine.

11 2. All courts shall take judicial notice of the compact and the rules
12 in any judicial or administrative proceeding in a member state pertain-
13 ing to the subject matter of the compact which may affect the powers,
14 responsibilities or actions of the interstate commission.

15 3. The interstate commission shall be entitled to receive all service
16 of process in any such proceeding, and shall have standing to intervene
17 in the proceeding for all purposes. Failure to provide service of proc-
18 ess to the interstate commission shall render a judgment or order void
19 as to the interstate commission, the compact, or promulgated rules.

20 § 8877. Enforcement of interstate compact. 1. The interstate commis-
21 sion, in the reasonable exercise of its discretion, shall enforce the
22 provisions and rules of the compact.

23 2. The interstate commission may, by majority vote of the commis-
24 sioners, initiate legal action in the United States District Court for the
25 District of Columbia, or, at the discretion of the interstate commis-
26 sion, in the federal district where the interstate commission has its
27 principal offices, to enforce compliance with the provisions of the
28 compact, and its promulgated rules and bylaws, against a member state in
29 default. The relief sought may include both injunctive relief and
30 damages. In the event judicial enforcement is necessary, the prevailing
31 party shall be awarded all costs of such litigation including reasonable
32 attorney's fees.

33 3. The remedies herein shall not be the exclusive remedies of the
34 interstate commission. The interstate commission may avail itself of
35 any other remedies available under state law or the regulation of a
36 profession.

37 § 8878. Default procedures. 1. The grounds for default include, but
38 are not limited to, failure of a member state to perform such obli-
39 gations or responsibilities imposed upon it by the compact, or the rules
40 and bylaws of the interstate commission promulgated under the compact.

41 2. If the interstate commission determines that a member state has
42 defaulted in the performance of its obligations or responsibilities
43 under the compact, or the bylaws or promulgated rules, the interstate
44 commission shall:

45 (a) Provide written notice to the defaulting state and other member
46 states, of the nature of the default, the means of curing the default,
47 and any action taken by the interstate commission. The interstate
48 commission shall specify the conditions by which the defaulting state
49 must cure its default; and

50 (b) Provide remedial training and specific technical assistance
51 regarding the default.

52 3. If the defaulting state fails to cure the default, the defaulting
53 state shall be terminated from the compact upon an affirmative vote of a
54 majority of the commissioners and all rights, privileges, and benefits
55 conferred by the compact shall terminate on the effective date of termi-

1 nation. A cure of the default does not relieve the offending state of
2 obligations or liabilities incurred during the period of the default.

3 4. Termination of membership in the compact shall be imposed only
4 after all other means of securing compliance have been exhausted. Notice
5 of intent to terminate shall be given by the interstate commission to
6 the governor, the majority and minority leaders of the defaulting
7 state's legislature, and each of the member states.

8 5. The interstate commission shall establish rules and procedures to
9 address licenses and physicians that are materially impacted by the
10 termination of a member state, or the withdrawal of a member state.

11 6. The member state which has been terminated is responsible for all
12 dues, obligations, and liabilities incurred through the effective date
13 of termination including obligations, the performance of which extends
14 beyond the effective date of termination.

15 7. The interstate commission shall not bear any costs relating to any
16 state that has been found to be in default or which has been terminated
17 from the compact, unless otherwise mutually agreed upon in writing
18 between the interstate commission and the defaulting state.

19 8. The defaulting state may appeal the action of the interstate
20 commission by petitioning the United States District Court for the
21 District of Columbia or the federal district where the interstate
22 commission has its principal offices. The prevailing party shall be
23 awarded all costs of such litigation including reasonable attorney's
24 fees.

25 § 8879. Dispute resolution. 1. The interstate commission shall
26 attempt, upon the request of a member state, to resolve disputes which
27 are subject to the compact and which may arise among member states or
28 member boards.

29 2. The interstate commission shall promulgate rules providing for both
30 mediation and binding dispute resolution as appropriate.

31 § 8880. Member states, effective date and amendment. 1. Any state is
32 eligible to become a member state of the compact.

33 2. The compact shall become effective and binding upon legislative
34 enactment of the compact into law by no less than seven states. There-
35 after, it shall become effective and binding on a state upon enactment
36 of the compact into law by that state.

37 3. The governors of non-member states, or their designees, shall be
38 invited to participate in the activities of the interstate commission on
39 a non-voting basis prior to adoption of the compact by all states.

40 4. The interstate commission may propose amendments to the compact for
41 enactment by the member states. No amendment shall become effective and
42 binding upon the interstate commission and the member states unless and
43 until it is enacted into law by unanimous consent of the member states.

44 § 8881. Withdrawal. 1. Once effective, the compact shall continue in
45 force and remain binding upon each and every member state; provided that
46 a member state may withdraw from the compact by specifically repealing
47 the statute which enacted the compact into law.

48 2. Withdrawal from the compact shall be by the enactment of a statute
49 repealing the same, but shall not take effect until one year after the
50 effective date of such statute and until written notice of the with-
51 drawal has been given by the withdrawing state to the governor of each
52 other member state.

53 3. The withdrawing state shall immediately notify the chairperson of
54 the interstate commission in writing upon the introduction of legis-
55 lation repealing the compact in the withdrawing state.

1 4. The interstate commission shall notify the other member states of
2 the withdrawing state's intent to withdraw within sixty days of its
3 receipt of notice provided under subdivision three of this section.

4 5. The withdrawing state is responsible for all dues, obligations and
5 liabilities incurred through the effective date of withdrawal, including
6 obligations, the performance of which extend beyond the effective date
7 of withdrawal.

8 6. Reinstatement following withdrawal of a member state shall occur
9 upon the withdrawing state reenacting the compact or upon such later
10 date as determined by the interstate commission.

11 7. The interstate commission is authorized to develop rules to address
12 the impact of the withdrawal of a member state on licenses granted in
13 other member states to physicians who designated the withdrawing member
14 state as the state of principal license.

15 § 8882. Dissolution. 1. The compact shall dissolve effective upon the
16 date of the withdrawal or default of the member state which reduces the
17 membership in the compact to one member state.

18 2. Upon the dissolution of the compact, the compact becomes null and
19 void and shall be of no further force or effect, and the business and
20 affairs of the interstate commission shall be concluded and surplus
21 funds shall be distributed in accordance with the bylaws.

22 § 8883. Severability and construction. 1. The provisions of the
23 compact shall be severable, and if any phrase, clause, sentence, or
24 provision is deemed unenforceable, the remaining provisions of the
25 compact shall be enforceable.

26 2. The provisions of the compact shall be liberally construed to
27 effectuate its purposes.

28 3. Nothing in the compact shall be construed to prohibit the applica-
29 bility of other interstate compacts to which the states are members.

30 § 8884. Binding effect of compact and other laws. 1. Nothing contained
31 in this article shall prevent the enforcement of any other law of a
32 member state that is not inconsistent with the compact.

33 2. All laws in a member state in conflict with the compact are super-
34 seded to the extent of the conflict.

35 3. All lawful actions of the interstate commission, including all
36 rules and bylaws promulgated by the commission, are binding upon the
37 member states.

38 4. All agreements between the interstate commission and the member
39 states are binding in accordance with their terms.

40 5. In the event any provision of the compact exceeds the constitu-
41 tional limits imposed on the legislature of any member state, such
42 provision shall be ineffective to the extent of the conflict with the
43 constitutional provision in question in that member state.

44 § 31. Article 170 of the education law is renumbered article 171 and a
45 new article 170 is added to title 8 of the education law to read as
46 follows:

53 8904. Applications for licensure in a party state.

54 8905. Additional authorities invested in party state licensing
55 boards.

8906. Coordinated licensure information system and exchange of information.

8907. Establishment of the interstate commission of nurse licensure compact administrators.

8908. Rulemaking.

8909. Oversight, dispute resolution and enforcement.

8910. Effective date, withdrawal and amendment.

§ 8900. Nurse licensure compact. The nurse license compact as set forth in the article is hereby adopted and entered into with all party states joining therein.

§ 8901. Findings and declaration of purpose 1. Findings. The party states find that:

a. The health and safety of the public are affected by the degree of compliance with and the effectiveness of enforcement activities related to state nurse licensure laws;

b. Violations of nurse licensure and other laws regulating the practice of nursing may result in injury or harm to the public;

c. The expanded mobility of nurses and the use of advanced communication technologies as part of our nation's health care delivery system require greater coordination and cooperation among states in the areas of nurse licensure and regulation;

d. New practice modalities and technology make compliance with individual state nurse licensure laws difficult and complex;

e. The current system of duplicative licensure for nurses practicing in multiple states is cumbersome and redundant for both nurses and states; and

f. Uniformity of nurse licensure requirements throughout the states promotes public safety and public health benefits.

2. Declaration of purpose. The general purposes of this compact are to:

a. Facilitate the states' responsibility to protect the public's health and safety;

b. Ensure and encourage the cooperation of party states in the areas of nurse licensure and regulation;

c. Facilitate the exchange of information between party states in the areas of nurse regulation, investigation and adverse actions;

d. Promote compliance with the laws governing the practice of nursing in each jurisdiction;

e. Invest all party states with the authority to hold a nurse accountable for meeting all state practice laws in the state in which the patient is located at the time care is rendered through the mutual recognition of party state licenses;

f. Decrease redundancies in the consideration and issuance of nurse licenses; and

g. Provide opportunities for interstate practice by nurses who meet uniform licensure requirements.

§ 8902. Definitions. 1. Definitions. As used in this compact:

a. "Adverse action" means any administrative, civil, equitable or criminal action permitted by a state's laws which is imposed by a licensing board or other authority against a nurse, including actions against an individual's license or multistate licensure privilege such as revocation, suspension, probation, monitoring of the licensee, limitation on the licensee's practice, or any other encumbrance on licensure affecting a nurse's authorization to practice, including issuance of a cease and desist action.

1 b. "Alternative program" means a non-disciplinary monitoring program
2 approved by a licensing board.

3 c. "Coordinated licensure information system" means an integrated
4 process for collecting, storing and sharing information on nurse licen-
5 sure and enforcement activities related to nurse licensure laws that is
6 administered by a nonprofit organization composed of and controlled by
7 licensing boards.

8 d. "Commission" means the interstate commission of nurse licensure
9 compact administrators.

10 e. "Current significant investigative information" means:

11 1. Investigative information that a licensing board, after a prelimi-
12 nary inquiry that includes notification and an opportunity for the nurse
13 to respond, if required by state law, has reason to believe is not
14 groundless and, if proved true, would indicate more than a minor infrac-
15 tion; or

16 2. Investigative information that indicates that the nurse represents
17 an immediate threat to public health and safety regardless of whether
18 the nurse has been notified and had an opportunity to respond; or

19 3. Any information concerning a nurse reported to a licensing board by
20 a health care entity, health care professional, or any other person,
21 which indicates that the nurse demonstrated an impairment, gross incom-
22 petence, or unprofessional conduct that would present an imminent danger
23 to a patient or the public health, safety, or welfare.

24 f. "Encumbrance" means a revocation or suspension of, or any limita-
25 tion on, the full and unrestricted practice of nursing imposed by a
26 licensing board.

27 g. "Home state" means the party state which is the nurse's primary
28 state of residence.

29 h. "Licensing board" means a party state's regulatory body responsible
30 for issuing nurse licenses.

31 i. "Multistate license" means a license to practice as a registered
32 nurse (RN) or as a licensed practical/vocational nurse (LPN/VN), which
33 is issued by a home state licensing board, and which authorizes the
34 licensed nurse to practice in all party states under a multistate licen-
35 sure privilege.

36 j. "Multistate licensure privilege" means a legal authorization asso-
37 ciated with a multistate license permitting the practice of nursing as
38 either a RN or a LPN/VN in a remote state.

39 k. "Nurse" means RN or LPN/VN, as those terms are defined by each
40 party state's practice laws.

41 l. "Party state" means any state that has adopted this compact.

42 m. "Remote state" means a party state, other than the home state.

43 n. "Single-state license" means a nurse license issued by a party
44 state that authorizes practice only within the issuing state and does
45 not include a multistate licensure privilege to practice in any other
46 party state.

47 o. "State" means a state, territory or possession of the United States
48 and the District of Columbia.

49 p. "State practice laws" means a party state's laws, rules and regu-
50 lations that govern the practice of nursing, define the scope of nursing
51 practice, and create the methods and grounds for imposing discipline.
52 "State practice laws" shall not include requirements necessary to obtain
53 and retain a license, except for qualifications or requirements of the
54 home state.

55 § 8903. General provisions and jurisdiction. 1. General provisions and
56 jurisdiction. a. A multistate license to practice registered or licensed

1 practical/vocational nursing issued by a home state to a resident in
2 that state will be recognized by each party state as authorizing a nurse
3 to practice as a registered nurse (RN) or as a licensed
4 practical/vocational nurse (LPN/VN), under a multistate licensure privi-
5 lege, in each party state.

6 b. A state shall implement procedures for considering the criminal
7 history records of applicants for an initial multistate license or
8 licensure by endorsement. Such procedures shall include the submission
9 of fingerprints or other biometric-based information by applicants for
10 the purpose of obtaining an applicant's criminal history record informa-
11 tion from the federal bureau of investigation and the agency responsible
12 for retaining that state's criminal records.

13 c. Each party state shall require its licensing board to authorize an
14 applicant to obtain or retain a multistate license in the home state
15 only if the applicant:

16 i. Meets the home state's qualifications for licensure or renewal of
17 licensure, and complies with all other applicable state laws;

18 ii. (1) Has graduated or is eligible to graduate from a licensing
19 board-approved RN or LPN/VN prelicensure education program; or

20 (2) Has graduated from a foreign RN or LPN/VN prelicensure education
21 program that has been: (A) approved by the authorized accrediting body
22 in the applicable country, and (B) verified by an independent creden-
23 tials review agency to be comparable to a licensing board-approved prel-
24 icensure education program;

25 iii. Has, if a graduate of a foreign prelicensure education program
26 not taught in English or if English is not the individual's native
27 language, successfully passed an English proficiency examination that
28 includes the components of reading, speaking, writing and listening;

29 iv. Has successfully passed an NCLEX-RN or NCLEX-PN examination or
30 recognized predecessor, as applicable;

31 v. Is eligible for or holds an active, unencumbered license;

32 vi. Has submitted, in connection with an application for initial
33 licensure or licensure by endorsement, fingerprints or other biometric
34 data for the purpose of obtaining criminal history record information
35 from the federal bureau of investigation and the agency responsible for
36 retaining that state's criminal records;

37 vii. Has not been convicted or found guilty, or has entered into an
38 agreed disposition, of a felony offense under applicable state or feder-
39 al criminal law;

40 viii. Has not been convicted or found guilty, or has entered into an
41 agreed disposition, of a misdemeanor offense related to the practice of
42 nursing as determined on a case-by-case basis;

43 ix. Is not currently enrolled in an alternative program;

44 x. Is subject to self-disclosure requirements regarding current
45 participation in an alternative program; and

46 xi. Has a valid United States social security number.

47 d. All party states shall be authorized, in accordance with existing
48 state due process law, to take adverse action against a nurse's multi-
49 state licensure privilege such as revocation, suspension, probation or
50 any other action that affects a nurse's authorization to practice under
51 a multistate licensure privilege, including cease and desist actions. If
52 a party state takes such action, it shall promptly notify the adminis-
53 trator of the coordinated licensure information system. The administra-
54 tor of the coordinated licensure information system shall promptly noti-
55 fy the home state of any such actions by remote states.

1 e. A nurse practicing in a party state shall comply with the state
2 practice laws of the state in which the client is located at the time
3 service is provided. The practice of nursing is not limited to patient
4 care but shall include all nursing practice as defined by the state
5 practice laws of the party state in which the client is located. The
6 practice of nursing in a party state under a multistate licensure privi-
7 lege will subject a nurse to the jurisdiction of the licensing board,
8 the courts and the laws of the party state in which the client is
9 located at the time service is provided.

10 f. Individuals not residing in a party state shall continue to be able
11 to apply for a party state's single-state license as provided under the
12 laws of each party state. However, the single-state license granted to
13 these individuals will not be recognized as granting the privilege to
14 practice nursing in any other party state. Nothing in this compact shall
15 affect the requirements established by a party state for the issuance of
16 a single-state license.

17 g. Any nurse holding a home state multistate license, on the effective
18 date of this compact, may retain and renew the multistate license issued
19 by the nurse's then-current home state, provided that:

20 i. A nurse, who changes primary state of residence after this
21 compact's effective date, shall meet all applicable requirements set
22 forth in this article to obtain a multistate license from a new home
23 state.

24 ii. A nurse who fails to satisfy the multistate licensure requirements
25 set forth in this article due to a disqualifying event occurring after
26 this compact's effective date shall be ineligible to retain or renew a
27 multistate license, and the nurse's multistate license shall be revoked
28 or deactivated in accordance with applicable rules adopted by the
29 commission.

30 § 8904. Applications for licensure in a party state. 1. Applications
31 for licensure in a party state. a. Upon application for a multistate
32 license, the licensing board in the issuing party state shall ascertain,
33 through the coordinated licensure information system, whether the appli-
34 cant has ever held, or is the holder of, a license issued by any other
35 state, whether there are any encumbrances on any license or multistate
36 licensure privilege held by the applicant, whether any adverse action
37 has been taken against any license or multistate licensure privilege
38 held by the applicant and whether the applicant is currently participat-
39 ing in an alternative program.

40 b. A nurse may hold a multistate license, issued by the home state, in
41 only one party state at a time.

42 c. If a nurse changes primary state of residence by moving between two
43 party states, the nurse must apply for licensure in the new home state,
44 and the multistate license issued by the prior home state will be deac-
45 tivated in accordance with applicable rules adopted by the commission.

46 i. The nurse may apply for licensure in advance of a change in primary
47 state of residence.

48 ii. A multistate license shall not be issued by the new home state
49 until the nurse provides satisfactory evidence of a change in primary
50 state of residence to the new home state and satisfies all applicable
51 requirements to obtain a multistate license from the new home state.

52 d. If a nurse changes primary state of residence by moving from a
53 party state to a non-party state, the multistate license issued by the
54 prior home state will convert to a single-state license, valid only in
55 the former home state.

1 § 8905. Additional authorities invested in party state licensing
2 boards. 1. Licensing board authority. In addition to the other powers
3 conferred by state law, a licensing board shall have the authority to:

4 a. Take adverse action against a nurse's multistate licensure privi-
5 lege to practice within that party state.

6 i. Only the home state shall have the power to take adverse action
7 against a nurse's license issued by the home state.

8 ii. For purposes of taking adverse action, the home state licensing
9 board shall give the same priority and effect to reported conduct
10 received from a remote state as it would if such conduct had occurred
11 within the home state. In so doing, the home state shall apply its own
12 state laws to determine appropriate action.

13 b. Issue cease and desist orders or impose an encumbrance on a nurse's
14 authority to practice within that party state.

15 c. Complete any pending investigations of a nurse who changes primary
16 state of residence during the course of such investigations. The licens-
17 ing board shall also have the authority to take appropriate action or
18 actions and shall promptly report the conclusions of such investigations
19 to the administrator of the coordinated licensure information system.
20 The administrator of the coordinated licensure information system shall
21 promptly notify the new home state of any such actions.

22 d. Issue subpoenas for both hearings and investigations that require
23 the attendance and testimony of witnesses, as well as the production of
24 evidence. Subpoenas issued by a licensing board in a party state for the
25 attendance and testimony of witnesses or the production of evidence from
26 another party state shall be enforced in the latter state by any court
27 of competent jurisdiction, according to the practice and procedure of
28 that court applicable to subpoenas issued in proceedings pending before
29 it. The issuing authority shall pay any witness fees, travel expenses,
30 mileage and other fees required by the service statutes of the state in
31 which the witnesses or evidence are located.

32 e. Obtain and submit, for each nurse licensure applicant, fingerprint
33 or other biometric-based information to the federal bureau of investi-
34 gation for criminal background checks, receive the results of the feder-
35 al bureau of investigation record search on criminal background checks
36 and use the results in making licensure decisions.

37 f. If otherwise permitted by state law, recover from the affected
38 nurse the costs of investigations and disposition of cases resulting
39 from any adverse action taken against that nurse.

40 g. Take adverse action based on the factual findings of the remote
41 state, provided that the licensing board follows its own procedures for
42 taking such adverse action.

43 2. Adverse actions. a. If adverse action is taken by the home state
44 against a nurse's multistate license, the nurse's multistate licensure
45 privilege to practice in all other party states shall be deactivated
46 until all encumbrances have been removed from the multistate license.
47 All home state disciplinary orders that impose adverse action against a
48 nurse's multistate license shall include a statement that the nurse's
49 multistate licensure privilege is deactivated in all party states during
50 the pendency of the order.

51 b. Nothing in this compact shall override a party state's decision
52 that participation in an alternative program may be used in lieu of
53 adverse action. The home state licensing board shall deactivate the
54 multistate licensure privilege under the multistate license of any nurse
55 for the duration of the nurse's participation in an alternative program.

1 § 8906. Coordinated licensure information system and exchange of
2 information. 1. Coordinated licensure information system and exchange
3 of information. a. All party states shall participate in a coordinated
4 licensure information system of all licensed registered nurses (RNs) and
5 licensed practical/vocational nurses (LPNs/VNs). This system will
6 include information on the licensure and disciplinary history of each
7 nurse, as submitted by party states, to assist in the coordination of
8 nurse licensure and enforcement efforts.

9 b. The commission, in consultation with the administrator of the coor-
10 ordinated licensure information system, shall formulate necessary and
11 proper procedures for the identification, collection and exchange of
12 information under this compact.

13 c. All licensing boards shall promptly report to the coordinated
14 licensure information system any adverse action, any current significant
15 investigative information, denials of applications with the reasons for
16 such denials and nurse participation in alternative programs known to
17 the licensing board regardless of whether such participation is deemed
18 nonpublic or confidential under state law.

19 d. Current significant investigative information and participation in
20 nonpublic or confidential alternative programs shall be transmitted
21 through the coordinated licensure information system only to party state
22 licensing boards.

23 e. Notwithstanding any other provision of law, all party state licens-
24 ing boards contributing information to the coordinated licensure infor-
25 mation system may designate information that may not be shared with
26 non-party states or disclosed to other entities or individuals without
27 the express permission of the contributing state.

28 f. Any personally identifiable information obtained from the coordi-
29 nated licensure information system by a party state licensing board
30 shall not be shared with non-party states or disclosed to other entities
31 or individuals except to the extent permitted by the laws of the party
32 state contributing the information.

33 g. Any information contributed to the coordinated licensure informa-
34 tion system that is subsequently required to be expunged by the laws of
35 the party state contributing that information shall also be expunged
36 from the coordinated licensure information system.

37 h. The compact administrator of each party state shall furnish a
38 uniform data set to the compact administrator of each other party state,
39 which shall include, at a minimum:

40 i. Identifying information;

41 ii. Licensure data;

42 iii. Information related to alternative program participation; and

43 iv. Other information that may facilitate the administration of this
44 compact, as determined by commission rules.

45 i. The compact administrator of a party state shall provide all inves-
46 tigative documents and information requested by another party state.

47 § 8907. Establishment of the interstate commission of nurse licensure
48 compact administrators. 1. Commission of nurse licensure compact admin-
49 istrators. The party states hereby create and establish a joint public
50 entity known as the interstate commission of nurse licensure compact
51 administrators. The commission is an instrumentality of the party
52 states.

53 2. Venue. Venue is proper, and judicial proceedings by or against the
54 commission shall be brought solely and exclusively, in a court of compe-
55 tent jurisdiction where the principal office of the commission is
56 located. The commission may waive venue and jurisdictional defenses to

1 the extent it adopts or consents to participate in alternative dispute
2 resolution proceedings.

3 3. Sovereign immunity. Nothing in this compact shall be construed to
4 be a waiver of sovereign immunity.

5 4. Membership, voting and meetings. a. Each party state shall have and
6 be limited to one administrator. The head of the state licensing board
7 or designee shall be the administrator of this compact for each party
8 state. Any administrator may be removed or suspended from office as
9 provided by the law of the state from which the administrator is
10 appointed. Any vacancy occurring in the commission shall be filled in
11 accordance with the laws of the party state in which the vacancy exists.

12 b. Each administrator shall be entitled to one vote with regard to the
13 promulgation of rules and creation of bylaws and shall otherwise have an
14 opportunity to participate in the business and affairs of the commis-
15 sion. An administrator shall vote in person or by such other means as
16 provided in the bylaws. The bylaws may provide for an administrator's
17 participation in meetings by telephone or other means of communication.

18 c. The commission shall meet at least once during each calendar year.
19 Additional meetings shall be held as set forth in the bylaws or rules of
20 the commission.

21 d. All meetings shall be open to the public, and public notice of
22 meetings shall be given in the same manner as required under the rule-
23 making provisions in section eighty-nine hundred three of this article.

24 5. Closed meetings. a. The commission may convene in a closed, nonpub-
25 lic meeting if the commission shall discuss:

26 i. Noncompliance of a party state with its obligations under this
27 compact;

54 that the person against whom the claim is made had a reasonable basis
55 for believing occurred, within the scope of the commission's employment,
56 duties or responsibilities; provided that nothing in this paragraph

1 shall be construed to protect any such person from suit or liability for
2 any damage, loss, injury or liability caused by the intentional, willful
3 or wanton misconduct of that person.

4 b. The commission shall defend any administrator, officer, executive
5 director, employee or representative of the commission in any civil

26 its rulemaking powers pursuant to the criteria set forth in this article
27 and the rules adopted thereunder. Rules and amendments shall become
28 binding as of the date specified in each rule or amendment and shall
29 have the same force and effect as provisions of this compact.

30 b. Rules or amendments to the rules shall be adopted at a regular or
31 special meeting of the commission.

32 2. Notice. a. Prior to promulgation and adoption of a final rule or
33 rules by the commission, and at least sixty days in advance of the meet-
34 ing at which the rule will be considered and voted upon, the commission
35 shall file a notice of proposed rulemaking:

36 i. On the website of the commission; and
37 ii. On the website of each licensing board or the publication in which
38 each state would otherwise publish proposed rules.

39 b. The notice of proposed rulemaking shall include:

55 uled public hearing.

1 i. Hearings shall be conducted in a manner providing each person who
2 wishes to comment a fair and reasonable opportunity to comment orally or
3 in writing. All hearings will be recorded, and a copy will be made
4 available upon request.

5 ii. Nothing in this section shall be construed as requiring a separate
6 hearing on each rule. Rules may be grouped for the convenience of the
7 commission at hearings required by this section.

8 c. If no one appears at the public hearing, the commission may proceed
9 with promulgation of the proposed rule.

10 d. Following the scheduled hearing date, or by the close of business
11 on the scheduled hearing date if the hearing was not held, the commis-
12 sion shall consider all written and oral comments received.

13 4. Voting on rules. The commission shall, by majority vote of all
14 administrators, take final action on the proposed rule and shall deter-
15 mine the effective date of the rule, if any, based on the rulemaking
16 record and the full text of the rule.

17 5. Emergency rules. Upon determination that an emergency exists, the
18 commission may consider and adopt an emergency rule without prior
19 notice, opportunity for comment or hearing, provided that the usual
20 rulemaking procedures provided in this compact and in this section shall
21 be retroactively applied to the rule as soon as reasonably possible, in
22 no event later than ninety days after the effective date of the rule.
23 For the purposes of this provision, an emergency rule is one that must
24 be adopted immediately in order to:

25 a. Meet an imminent threat to public health, safety or welfare;

26 b. Prevent a loss of the commission or party state funds; or

27 c. Meet a deadline for the promulgation of an administrative rule that
28 is required by federal law or rule.

29 6. Revisions. The commission may direct revisions to a previously
30 adopted rule or amendment for purposes of correcting typographical
31 errors, errors in format, errors in consistency or grammatical errors.
32 Public notice of any revisions shall be posted on the website of the
33 commission. The revision shall be subject to challenge by any person for
34 a period of thirty days after posting. The revision may be challenged
35 only on grounds that the revision results in a material change to a
36 rule. A challenge shall be made in writing, and delivered to the
37 commission, prior to the end of the notice period. If no challenge is
38 made, the revision will take effect without further action. If the
39 revision is challenged, the revision may not take effect without the
40 approval of the commission.

41 § 8909. Oversight, dispute resolution and enforcement. 1. Oversight.

42 a. Each party state shall enforce this compact and take all actions
43 necessary and appropriate to effectuate this compact's purposes and
44 intent.

45 b. The commission shall be entitled to receive service of process in
46 any proceeding that may affect the powers, responsibilities or actions
47 of the commission, and shall have standing to intervene in such a
48 proceeding for all purposes. Failure to provide service of process in
49 such proceeding to the commission shall render a judgment or order void
50 as to the commission, this compact or promulgated rules.

51 2. Default, technical assistance and termination. a. If the commission
52 determines that a party state has defaulted in the performance of its
53 obligations or responsibilities under this compact or the promulgated
54 rules, the commission shall:

1 i. Provide written notice to the defaulting state and other party
2 states of the nature of the default, the proposed means of curing the
3 default or any other action to be taken by the commission; and

4 ii. Provide remedial training and specific technical assistance
5 regarding the default.

6 b. If a state in default fails to cure the default, the defaulting
7 state's membership in this compact may be terminated upon an affirmative
8 vote of a majority of the administrators, and all rights, privileges and
9 benefits conferred by this compact may be terminated on the effective
10 date of termination. A cure of the default does not relieve the offend-
11 ing state of obligations or liabilities incurred during the period of
12 default.

13 c. Termination of membership in this compact shall be imposed only
14 after all other means of securing compliance have been exhausted. Notice
15 of intent to suspend or terminate shall be given by the commission to
16 the governor of the defaulting state and to the executive officer of the
17 defaulting state's licensing board and each of the party states.

18 d. A state whose membership in this compact has been terminated is
19 responsible for all assessments, obligations and liabilities incurred
20 through the effective date of termination, including obligations that
21 extend beyond the effective date of termination.

22 e. The commission shall not bear any costs related to a state that is
23 found to be in default or whose membership in this compact has been
24 terminated unless agreed upon in writing between the commission and the
25 defaulting state.

26 f. The defaulting state may appeal the action of the commission by
27 petitioning the U.S. District Court for the District of Columbia or the
28 federal district in which the commission has its principal offices. The
29 prevailing party shall be awarded all costs of such litigation, includ-
30 ing reasonable attorneys' fees.

31 3. Dispute resolution. a. Upon request by a party state, the commis-
32 sion shall attempt to resolve disputes related to the compact that arise
33 among party states and between party and non-party states.

34 b. The commission shall promulgate a rule providing for both mediation
35 and binding dispute resolution for disputes, as appropriate.

36 c. In the event the commission cannot resolve disputes among party
37 states arising under this compact:

38 i. The party states may submit the issues in dispute to an arbitration
39 panel, which will be comprised of individuals appointed by the compact
40 administrator in each of the affected party states, and an individual
41 mutually agreed upon by the compact administrators of all the party
42 states involved in the dispute.

43 ii. The decision of a majority of the arbitrators shall be final and
44 binding.

45 4. Enforcement. a. The commission, in the reasonable exercise of its
46 discretion, shall enforce the provisions and rules of this compact.

47 b. By majority vote, the commission may initiate legal action in the
48 U.S. District Court for the District of Columbia or the federal
49 district in which the commission has its principal offices against a
50 party state that is in default to enforce compliance with the provisions
51 of this compact and its promulgated rules and bylaws. The relief sought
52 may include both injunctive relief and damages. In the event judicial
53 enforcement is necessary, the prevailing party shall be awarded all
54 costs of such litigation, including reasonable attorneys' fees.

1 c. The remedies herein shall not be the exclusive remedies of the
2 commission. The commission may pursue any other remedies available under
3 federal or state law.

4 § 8910. Effective date, withdrawal and amendment. 1. Effective date.

5 a. This compact shall become effective and binding on the earlier of
6 the date of legislative enactment of this compact into law by no less
7 than twenty-six states or the effective date of the chapter of the laws
8 of two thousand twenty-three that enacted this compact. Thereafter, the
9 compact shall become effective and binding as to any other compacting
10 state upon enactment of the compact into law by that state. All party
11 states to this compact, that also were parties to the prior nurse licensure
12 compact, superseded by this compact, (herein referred to as "prior
13 compact"), shall be deemed to have withdrawn from said prior compact
14 within six months after the effective date of this compact.

15 b. Each party state to this compact shall continue to recognize a
16 nurse's multistate licensure privilege to practice in that party state
17 issued under the prior compact until such party state has withdrawn from
18 the prior compact.

19 2. Withdrawal. a. Any party state may withdraw from this compact by
20 enacting a statute repealing the same. A party state's withdrawal shall
21 not take effect until six months after enactment of the repealing stat-
22 ute.

23 b. A party state's withdrawal or termination shall not affect the
24 continuing requirement of the withdrawing or terminated state's licens-
25 ing board to report adverse actions and significant investigations
26 occurring prior to the effective date of such withdrawal or termination.

27 c. Nothing contained in this compact shall be construed to invalidate
28 or prevent any nurse licensure agreement or other cooperative arrange-
29 ment between a party state and a non-party state that is made in accord-
30 ance with the other provisions of this compact.

31 3. Amendment. a. This compact may be amended by the party states. No
32 amendment to this compact shall become effective and binding upon the
33 party states unless and until it is enacted into the laws of all party
34 states.

35 b. Representatives of non-party states to this compact shall be
36 invited to participate in the activities of the commission, on a nonvot-
37 ing basis, prior to the adoption of this compact by all states.

38 § 8911. Construction and severability. 1. Construction and severabil-
39 ity. This compact shall be liberally construed so as to effectuate the
40 purposes thereof. The provisions of this compact shall be severable, and
41 if any phrase, clause, sentence or provision of this compact is declared
42 to be contrary to the constitution of any party state or of the United
43 States, or if the applicability thereof to any government, agency,
44 person or circumstance is held to be invalid, the validity of the
45 remainder of this compact and the applicability thereof to any govern-
46 ment, agency, person or circumstance shall not be affected thereby. If
47 this compact shall be held to be contrary to the constitution of any
48 party state, this compact shall remain in full force and effect as to
49 the remaining party states and in full force and effect as to the party
50 state affected as to all severable matters.

51 § 32. Section 6501 of the education law is amended by adding a new
52 subdivision 3 to read as follows:

53 3. a. an applicant for licensure in a qualified high-need healthcare
54 profession who provides documentation and attestation that he or she
55 holds a license in good standing from another state, may request the
56 issuance of a temporary practice permit, which, if granted will permit

1 the applicant to work under the supervision of a New York state licensee
2 in accordance with regulations of the commissioner. The department may
3 grant such temporary practice permit when it appears based on the appli-
4 cation and supporting documentation received that the applicant will
5 meet the requirements for licensure in this state because he or she has
6 provided documentation and attestation that they hold a license in good
7 standing from another state with significantly comparable licensure
8 requirements to those of this state, except the department has not been
9 able to secure direct source verification of the applicant's underlying
10 credentials (e.g., license verification, receipt of original transcript,
11 experience verification). Such permit shall be valid for six months or
12 until ten days after notification that the applicant does not meet the
13 qualifications for licensure. An additional six months may be granted
14 upon a determination by the department that the applicant is expected to
15 qualify for the full license upon receipt of the remaining direct source
16 verification documents requested by the department in such time period
17 and that the delay in providing the necessary documentation for full
18 licensure was due to extenuating circumstances which the applicant could
19 not avoid.

20 b. a temporary practice permit issued under paragraph a of this subdivi-
21 vision shall be subject to the full disciplinary and regulatory authori-
22 ty of the board of regents and the department, pursuant to this title,
23 as if such authorization were a professional license issued under this
24 article.

25 c. for purposes of this subdivision "high-need healthcare profession"
26 means a licensed healthcare profession of which there are an insuffi-
27 cient number of licensees to serve in the state or a region of the
28 state, as determined by the commissioner of health, in consultation with
29 the commissioner of education. The commissioner of health shall main-
30 tain a list of such licensed professions, which shall be posted online
31 and updated from time to time as warranted.

32 § 33. This act shall take effect immediately; provided however, that:

33 a. section seven of this act shall take effect nine months after it
34 shall have become a law;

35 b. sections seventeen, eighteen, nineteen, twenty, twenty-one, twen-
36 ty-two and twenty-three of this act shall take effect one year after it
37 shall have become a law;

38 c. sections twenty-seven, twenty-eight and twenty-nine of this act
39 shall expire and be deemed repealed two years after they shall have
40 become a law;

41 d. sections thirty and thirty-one of this act shall be deemed to
42 have been in full force and effect on and after April 1, 2023;

43 e. section thirty-two of this act shall take effect on the ninetieth
44 day after it shall have become a law;

45 f. the amendments to section 6801-a of the education law made by
46 section nine of this act shall not affect the repeal of such section and
47 shall be deemed to be repealed therewith; and

48 g. the amendments to subdivision 2 of section 6908 of the education
49 law made by section twenty-four of this act shall not affect the repeal
50 of such subdivision and shall be deemed to be repealed therewith.

51 h. the amendments to subdivision 8 of section 6909 of the education
52 law made by section twenty-five of this act shall not affect the repeal
53 of such subdivision and shall be deemed repealed therewith.

54 Effective immediately, the addition, amendment and/or repeal of any
55 rule or regulation necessary for the implementation of this act on its

1 effective date are authorized and directed to be made and completed on
2 or before such effective date.

SUBPART D

Section 1. Legislative findings. The legislature finds that it is in the best interest of the people of this state to expand article 77 of the insurance law to protect insureds and health care providers against the failure or inability of a health or property/casualty insurer writing health insurance to perform its contractual obligations due to financial impairment or insolvency. The superintendent of financial services has the right and responsibility to enforce the insurance law and the authority to seek redress against any person responsible for the impairment or insolvency of the insurer, and nothing in this act is intended to restrict or limit such right, responsibility, or authority.

§ 2. The article heading of article 77 of the insurance law, as added by chapter 802 of the laws of 1985, is amended to read as follows:

THE LIFE AND HEALTH INSURANCE COMPANY
GUARANTY CORPORATION

11 companies, and property/casualty insurance companies, subject to certain
12 limitations, against failure in the performance of contractual obli-
13 gations due to the impairment or insolvency of the insurer issuing such
14 policies, contracts, or funding agreements. In the judgment of the
15 legislature, the foregoing objects and purposes not being capable of
16 accomplishment by a corporation created under general laws, the creation
17 of a not-for-profit corporation of insurers is provided for by this
18 article to enable the guarantee of payment of benefits and of continua-
19 tion of coverages, and members of the corporation are subject to assess-
20 ment to carry out the purposes of this article.

42 domiciled in this state; or

43 (bb) the insurer that issued the policy, contract, or agreement is

54 the year two thousand, shall show the annual activity for every year
55 commencing from nineteen hundred eighty-five through the most recently
56 completed year. Each statement furnished in each year after the year two

1 thousand shall reflect such assessments paid during the preceding

17 the covered policies;

18 (2) exercise, for the purposes of this article and to the extent
19 approved by the superintendent, the powers of a domestic life insurance
20 company, health insurance company, or property/casualty insurance compa-

22 annuity contracts, funding agreements, or supplemental contracts other
23 than those issued to perform the contractual obligations of the impaired
24 or insolvent insurer;

25 (3) assure payment of the contractual obligations of the insolvent
26 insurer; and

27 (4) provide such moneys, pledges, notes, guarantees, or other means as
28 are reasonably necessary to discharge its duties.

29 (g) (1) If the superintendent determines that the resolution facility
30 is not administering and disposing of the business of an insolvent
31 domestic life insurance company, health insurance company, or
32 property/casualty insurance company consistent with the resolution
33 facility's certificate of incorporation, plan of operation, or this
34 section, then the superintendent shall provide notice to the resolution
35 facility and the resolution facility shall have thirty days to respond
36 to the superintendent and cure the defect.

37 (2) If, after thirty days, the superintendent continues to believe
38 that the resolution facility is not administering and disposing of the
39 business of an insolvent domestic life insurance company, health insur-
40 ance company, or property/casualty insurance company consistent with the
41 resolution facility's certificate of incorporation, plan of operation,
42 or this section, then the superintendent may apply to the court for an
43 order directing the resolution facility to correct the defect or take
44 other appropriate actions.

45 § 13. The insurance law is amended by adding a new section 7720 to
46 read as follows:

47 § 7720. Penalties. (a) If any member insurer fails to make any payment
48 required by this article, or if the superintendent has cause to believe
49 that any other statement filed is false or inaccurate in any particular,
50 or that any payment made is incorrect, the superintendent may examine
51 all the books and records of the member insurer to ascertain the facts
52 and determine the correct amount to be paid. Based on such finding, the
53 corporation may proceed in any court of competent jurisdiction to
54 recover for the benefit of the fund any sums shown to be due upon such
55 examination and determination.

(b) Any member insurer that fails to make any such required statement, or to make any payment to the fund when due, shall forfeit to the corporation for deposit in the fund a penalty of five percent of the amount determined to be due plus one percent of such amount for each month of delay, or fraction thereof, after the expiration of the first month of such delay. If satisfied that the delay was excusable, the corporation may remit all or any part of the penalty.

(c) The superintendent, in the superintendent's discretion, may revoke the certificate of authority to do business in this state of any foreign member insurer that fails to comply with this article or to pay any penalty imposed hereunder.

§ 14. The insurance law is amended by adding a new section 3245 to read as follows:

§ 3245. Liability to providers in the event of an insolvency. No provider of health care services or any representative of such provider shall collect or attempt to collect from the insured sums owed by such insurance company, and no provider or representative of such provider may maintain any action at law against an insured to collect sums owed to such provider by such insurance company.

§ 15. This act shall take effect immediately.

§ 2. Severability clause. If any clause, sentence, paragraph, subdivision, section or part of this act shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair, or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, subdivision, section or part thereof directly involved in the controversy in which such judgment shall have been rendered. It is hereby declared to be the intent of the legislature that this act would have been enacted even if such invalid provisions had not been included herein.

§ 3. This act shall take effect immediately; provided, however, that the applicable effective date of Subparts A through D of this act shall be as specifically set forth in the last section of such Subparts.

§ 6500. Introduction. This article provides for the regulation of the admission to and the practice of certain professions. This first title applies to all the professions included in this article, except that prehearing procedures and hearing procedures in connection with the regulation of professional conduct of the profession of medicine and physician's assistants and specialist's assistants shall be conducted pursuant to the provisions of title two-A of article two of this chapter. Each of the remaining titles applies to a particular profession.

§ 6501. Admission to a profession (licensing). 1. Admission to practice of a profession in this state is accomplished by a license being issued to a qualified applicant by the health department. To qualify for a license an applicant shall meet the requirements prescribed in the title for the particular profession and shall meet the requirements prescribed in section 3-503 of the general obligations law.

2. a. Notwithstanding any provision of law to the contrary, any applicant seeking to qualify for a license pursuant to this article who is the spouse of an active duty member of the armed forces of the United States, national guard or reserves as defined in 10 U.S.C. sections 1209 and 1211, and such spouse is transferred by the military to this state shall be afforded an expedited review of his or her application for licensure. Such application shall be on a form prescribed by the department and shall include an attestation by the applicant of the military status of his or her spouse and any other such supporting documentation that the department may require. Upon review of such application, the department shall issue a license to the applicant if the applicant holds a license in good standing in another state and in the opinion of the department, the requirements for licensure of such other state are substantially equivalent to the requirements for licensure in this state.

b. In addition to the expedited review granted in paragraph a of this subdivision, an applicant who provides satisfactory documentation that he or she holds a license in good standing from another state, may request the issuance of a temporary practice permit, which, if granted

1 will permit the applicant to work under the supervision of a New York
2 state licensee in accordance with regulations of the commissioner. The
3 department may grant such temporary practice permit when it appears
4 based on the application and supporting documentation received that the
5 applicant will meet the requirements for licensure in this state because
6 he or she holds a license in good standing from another state with
7 significantly comparable licensure requirements to those of this state,
8 except the department has not been able to secure direct source verifi-
9 cation of the applicant's underlying credentials (e.g., receipt of
10 original transcript, experience verification). Such permit shall be
11 valid for six months or until ten days after notification that the
12 applicant does not meet the qualifications for licensure. An additional
13 six months may be granted upon a determination by the department that
14 the applicant is expected to qualify for the full license upon receipt
15 of the remaining direct source verification documents requested by the
16 department in such time period and that the delay in providing the
17 necessary documentation for full licensure was due to extenuating
18 circumstances which the military spouse could not avoid.

19 c. A temporary practice permit issued under paragraph b of this subdivi-
20 vision shall be subject to the full disciplinary and regulatory authori-
21 ty of the department, pursuant to this article, as if such authorization
22 were a professional license issued under this article.

23 d. The department shall reduce the initial licensure application fee
24 by one-half for any application submitted by a military spouse under
25 this subdivision.

26 § 6501-a. Affirmation of applications. Notwithstanding any other
27 provision of law to the contrary, any application required by this arti-
28 cle to be filed with the department may, in lieu of being certified or
29 sworn under oath, be subscribed by the applicant and affirmed by the
30 applicant as true under penalties of perjury.

31 § 6502. Duration and registration of a license. 1. A license shall be
32 valid during the life of the holder unless revoked, annulled or
33 suspended by commissioner or in the case of physicians, physicians prac-
34 ticing under a limited permit, physician's assistants, specialist's
35 assistants and medical residents, the licensee is stricken from the
36 roster of such licensees by the commissioner on the order of the state
37 board for professional medical conduct. A licensee must register with
38 the department and meet the requirements prescribed in section 3-503 of
39 the general obligations law to practice in this state.

40 2. The department shall establish the beginning dates of the registra-
41 tion periods for each profession and mail an application for registra-
42 tion conforming to the requirements of section 3-503 of the general
43 obligations law to every licensee currently registered at least four
44 months prior to the beginning of the registration period for the respec-
45 tive profession.

46 3. An application for registration and the required registration fee
47 shall be submitted together with or as a part of the application for a
48 license. A person initially licensed or a licensee resuming practice
49 after a lapse of registration during the last two years of a triennial
50 registration period shall receive a prorated refund of one-third of the
51 total registration fee for each full year of the triennial period that
52 has elapsed prior to the date of registration. Except as provided in
53 subdivision three-a of this section, the department shall renew the
54 registration of each licensee upon receipt of a proper application, on a
55 form prescribed by the department and conforming to the requirements of
56 section 3-503 of the general obligations law, and the registration fee.

1 Any licensee who fails to register by the beginning of the appropriate
2 registration period shall be required to pay an additional fee for late
3 filing of ten dollars for each month that registration has been delayed.
4 No licensee resuming practice after a lapse of registration shall be
5 permitted to practice without actual possession of the registration
6 certificate.

7 3-a. Prior to issuing any registration pursuant to this section and
8 section sixty-five hundred twenty-four of this article, the department
9 shall request and review any information relating to an applicant which
10 reasonably appears to relate to professional misconduct in his or her
11 professional practice in this and any other jurisdiction. The department
12 shall advise the director of the office of professional medical conduct
13 in the department of any information about an applicant which reasonably
14 appears to be professional misconduct as defined in sections sixty-five
15 hundred thirty and sixty-five hundred thirty-one of this article, within
16 seven days of its discovery. The registration or re-registration of such
17 applicant shall not be delayed for a period exceeding thirty days unless
18 the director finds a basis for recommending summary action pursuant to
19 subdivision twelve of section two hundred thirty of this chapter after
20 consultation with a committee on professional conduct of the state board
21 for professional medical conduct, if warranted. Re-registration shall be
22 issued if the commissioner of health fails to issue a summary order
23 pursuant to subdivision twelve of section two hundred thirty of this
24 chapter within ninety days of notice by the department pursuant to this
25 subdivision. Re-registration shall be denied if the commissioner issues
26 a summary order pursuant to subdivision twelve of section two hundred
27 thirty of this chapter.

28 4. Any licensee who is not engaging in the practice of his profession
29 in this state and does not desire to register shall so advise the
30 department. Such licensee shall not be required to pay an additional fee
31 for failure to register at the beginning of the registration period.

32 5. Licensees shall notify the department of any change of name or
33 mailing address within thirty days of such change. Failure to register
34 or provide such notice within one hundred eighty days of such change
35 shall be willful failure under section sixty-five hundred thirty of this
36 article.

37 6. The fee for replacement of a lost registration certificate or
38 license or for registration of an additional office shall be ten
39 dollars.

40 7. An additional fee of twenty-five dollars shall be charged for the
41 licensure or registration of any applicant who submits a bad check to
42 the department.

43 § 6502-a. Renewal of professional license, certification, or registra-
44 tion. 1. This section shall apply to healthcare professionals licensed,
45 certified, registered or authorized pursuant to this article other than
46 those licensed or registered pursuant to title two of this article.

47 2. In conjunction with and as a condition of each registration
48 renewal, the professionals described in subdivision one of this section
49 shall provide to the department, and the department shall collect, such
50 information and documentation required by the department as is necessary
51 to enable the department to evaluate access to needed services in this
52 state, including, but not limited to, the location and type of setting
53 in which the professional practices and other relevant information. The
54 department shall make such data available in aggregate, de-identified
55 form on a publicly accessible website.

3. The dates by which the professionals described in subdivision one of this section must comply with the requirements of subdivision two of this section shall be determined by the department and may vary by profession, to allow the development and refinement of necessary program features and to allow sufficient advanced notice to be provided to affected professionals. The provisions of this section shall be effective only if and for so long as an appropriation is made for the purposes of its implementation.

§ 6503. Practice of a profession. Admission to the practice of a profession entitles the licensee to: 1. practice the profession as defined in the title for the particular profession;

2. entitles the individual licensee to use the professional title as provided in the title for the particular profession; and

3. subjects the licensee to the procedures and penalties for professional misconduct as prescribed in this article.

§ 6503-a. Waiver for entities providing certain professional services.

1. a. Notwithstanding any laws to the contrary, except as provided in subdivision two of this section, a not-for-profit corporation formed for charitable, educational, or religious purposes or other similar purposes deemed acceptable by the department; or an education corporation as defined in subdivision one of section two hundred sixteen-a of the education law may provide the following services, provided that, except as otherwise provided in paragraph b of this subdivision, the entity was in existence prior to the effective date of this section and has applied to the department for a waiver pursuant to this section by no later than February first, two thousand twenty-four:

b. The department may issue a waiver on or after July first, two thousand twenty-four to an entity which was created before, on, or after the effective date of this section if there is a demonstration of need of the entity's services satisfactory to the department.

c. After the commissioner prescribes the application form and posts notice of its availability on the department's website, any entity described in paragraph a of this subdivision providing services on the effective date of this section, must apply for a waiver no later than February first, two thousand twenty-four. Upon submission of an application, an entity may continue to operate and provide services until the department shall either deny or approve the entity's application. After the department renders a timely initial determination that the applicant has submitted the information necessary to verify that the requirements of paragraphs d, e, and f of this subdivision are satisfied, applications for waivers shall be approved or denied within ninety days; provided however, that if the waiver application is denied the entity shall cease providing professional services, pursuant to paragraph a of this subdivision, in the state of New York.

d. Such waiver shall provide that services rendered pursuant to this section, directly or indirectly, shall be provided only by a person

1 appropriately licensed to provide such services pursuant to title two,
2 twelve, seventeen, eighteen or twenty-five of this article, or by a
3 person otherwise authorized to provide such services under such titles,
4 or by a professional entity authorized by law to provide such services.

15 professional services will be provided by such entity; includes a state-
16 ment that, unless otherwise authorized by law, the entity shall only
17 provide professional services authorized under this section; includes a
18 statement that only a licensed professional, a person otherwise author-

20 law to provide such services shall provide such professional services as
21 authorized under this section; and attests to the adequacy of the enti-
22 ty's fiscal and financial resources to provide such services. Such
23 application shall also include any other information related to the
24 application as may be required by the department.

25 f. Each officer and director of such entity shall provide an attesta-
26 tion regarding his or her good moral character as required pursuant to
27 paragraph h of this subdivision. The commissioner shall be further
28 authorized to promulgate rules or regulations relating to the standards
29 of the waiver for entities pursuant to this section. Such regulations
30 shall include standards relating to the entity's ability to provide
31 services, the entity's maintenance of patient and business records, the
32 entity's fiscal policies, and such other standards as may be prescribed
33 by the commissioner.

34 g. The entity operating pursuant to a waiver shall display, at each
35 site where professional services are provided to the public, a certif-

37 which shall contain the name of the entity and the address of the site.
38 Such entities shall obtain from the department additional certificates
39 for each site at which professional services are provided to the public.
40 Each entity shall be required to re-apply for a waiver every three
41 years. If any information supplied to the department regarding the enti-
42 ty shall change, the entity shall be required to provide such updated
43 information to the department within sixty days.

44 h. Entities operating under a waiver pursuant to this section shall be
45 under the supervision of the department and shall be subject to disci-
46 plinary proceedings and penalties. The waivers for such entities shall
47 be subject to suspension, revocation or annulment for cause in the same
48 manner and to the same extent as individuals and professional services
49 corporations with respect to their licenses, certificates, and registra-
50 tions, as applicable, as provided in this article relating to the appli-
51 cable profession. All officers and directors of such entities shall be
52 of good moral character. Entities operating pursuant to a waiver and
53 their officers and directors shall be entitled to the same due process

4 profession licensed pursuant to this article or hold itself out to the
5 public as authorized to provide professional services pursuant to this
6 article except as specifically authorized by this section or as other-
7 wise authorized by law.

8 2. No waiver pursuant to this section shall be required of:

9 a. any entity operated under an operating certificate appropriately
10 issued in accordance with article sixteen, thirty-one or thirty-two of
11 the mental hygiene law, article twenty-eight of this chapter, or compa-
12 rable procedures by a New York state or federal agency, political subdi-
13 vision, municipal corporation, or local government agency or unit, in
14 accordance with the scope of the authority of such operating certif-
15 icate; or

16 b. a university faculty practice corporation duly incorporated pursu-
17 ant to the not-for-profit corporation law; or

18 c. an institution of higher education authorized to provide a program
19 leading to licensure in a profession defined under title two, twelve,
20 seventeen, eighteen, or twenty-five of this article, to the extent that
21 the scope of such services is limited to the services authorized to be
22 provided within such registered program; or

23 d. an institution of higher education providing counseling only to the
24 students, staff, or family members of students and staff of such insti-
25 tution; or

26 e. any other entity as may be defined in the regulations of the
27 commissioner, provided that such entity is otherwise authorized to
28 provide such services pursuant to law and only to the extent such
29 services are authorized under any certificates of incorporation or such
30 other organizing documents as may be applicable.

31 3. Nothing in this section shall be construed to limit the authority
32 of another state agency to certify, license, contract or otherwise
33 authorize an entity applying for a waiver pursuant to this section, if
34 such state agency is otherwise authorized under another provision of law
35 to certify, license, contract or authorize such an entity, nor shall a
36 waiver pursuant to this section be construed to provide an exemption of
37 such entity from any certification, licensure, need to contract or any
38 other such requirement established by such state agency or under any
39 other provision of law. If a state agency determines that such certif-
40 ication, licensure, contract or other authorization is required, a waiv-
41 er pursuant to this section shall not have the effect of authorizing the
42 provision of professional services under the jurisdiction of such agency
43 in the absence of certification, licensure, a contract or other authori-
44 zation from such state agency, and the department shall consult with
45 such agency regarding the need for licensure, contracting, certification
46 or authorization. In determining an application for a waiver pursuant to
47 this section, the department shall consider as a factor in such determi-
48 nation any denial of an operating certificate or other authority to
49 provide the services authorized pursuant to this section by a New York
50 state or federal agency, political subdivision, municipal corporation,
51 or local government agency or unit, and shall not approve a waiver
52 application authorizing an entity to provide a program or services where
53 the entity operated such a program or provided such services for which
54 an operating certificate or license is pending, was disapproved or was
55 revoked, or a written authorization or contract was terminated for
56 cause, by one of such agencies, except upon approval of such action by

1 the appropriate state agency. Such state agencies shall notify the
2 department, upon request and within a fifteen day period, whether a
3 waiver applicant has been subject to such disapproval, revocation or
4 termination for cause or has a pending application for a license or
5 operating certificate.

6 4. Nothing in this section shall be construed to limit the authority
7 of the following entities to provide professional services they are
8 authorized by law to provide:

9 a. any appropriately organized professional entity, including, but not
10 limited to, those established under the business corporation law, the
11 limited liability company law or the partnership law; or

12 b. any entity operated by a New York state or federal agency, poli-
13 tical subdivision, municipal corporation, or local government agency or
14 unit pursuant to authority granted by law, including but not limited to
15 any entity operated by the office of mental health, the office for
16 people with developmental disabilities, or the office of alcoholism and
17 substance abuse services under articles seven, thirteen, and nineteen of
18 the mental hygiene law, respectively.

19 5. For the purposes of this section, "professional entity" shall mean
20 and include sole proprietorships and any professional services organiza-
21 tion established pursuant to article fifteen of the business corporation
22 law, article twelve of the limited liability company law and section two
23 and article eight-B of the partnership law.

45 school district, board of cooperative educational services, munici-
46 pality, state agency or other public entity. Nothing in this section
47 shall be construed to require a child care institution that conducts

50 institution to obtain a waiver, provided that such school obtains a
51 waiver pursuant to this section.

12 school means a multi-disciplinary evaluation of a preschool child
13 suspected of having a disability or a preschool child with a disability
14 that is conducted pursuant to section forty-four hundred ten of the
15 education law or an evaluation of a school-age child suspected of having
16 a disability or with a disability which is conducted by a child care
17 institution that operates a special education school or the special
18 education school operated by such institution pursuant to subdivision

20 tution for the deaf or blind operating pursuant to article eighty-five
21 of the education law or an evaluation of a school-age child suspected of
22 having a disability or with a disability that is authorized to be
23 conducted by a special education school pursuant to any other provision
24 of the education law and the regulations of the commissioner of educa-
25 tion for purposes of identification of the child as a child with a disa-

37 to a child with a disability pursuant to such child's individualized
38 education program.

39 2. Waiver. a. No special education school may employ individuals
40 licensed pursuant to this title to conduct components of a multi-disci-
41 plinary evaluation of a child with a disability or a child suspected of
42 having a disability or to provide related services to children with
43 disabilities enrolled in the school, and no special education school may
44 provide such an evaluation component or related services by contract
45 with an individual licensed or otherwise authorized to practice pursuant
46 to this title or with an entity authorized by law to provide such
47 professional services, unless such school obtains a waiver pursuant to
48 this section. All special education schools approved by the commissioner
49 as of the effective date of this section shall be deemed operating under
50 a waiver pursuant to this section for a period commencing on such effec-
51 tive date and ending on July first, two thousand thirteen.

52 b. No early intervention agency may employ or contract with individ-
53 uals licensed pursuant to this title or with a not-for-profit corpo-
54 ration, education corporation, business corporation, limited liability
55 company, or a professional services organization established pursuant to
56 article fifteen of the business corporation law, article twelve or thir-

1 teen of the limited liability company law or article eight-B of the
2 partnership law, to conduct an early intervention program multi-disci-
3 plinary evaluation, provide service coordination services or early
4 intervention program services unless such agency has obtained a waiver
5 pursuant to this section and has been approved in accordance with title
6 two-A of article twenty-five of this chapter as an early intervention
7 program provider. All early intervention agencies approved as of the
8 effective date of this section shall be deemed to be operating under a
9 waiver pursuant to this section for a period commencing on such effec-
10 tive date and ending on July first, two thousand thirteen. Nothing in
11 this section shall be construed to require an early intervention agency
12 to operate under a waiver in accordance with this section provided that
13 it is otherwise authorized by law to provide the applicable professional
14 services.

15 3. Obtaining a waiver. a. A special education school and early inter-
16 vention agency shall obtain an application for a waiver on a form
17 prescribed by the department. The department may issue a waiver on or
18 after July first, two thousand thirteen to an entity which was created
19 before, on or after the effective date of this section if there is
20 demonstration of need of the entity's services satisfactory to the
21 department. The application for an initial waiver shall be accompanied
22 by a fee of three hundred forty-five dollars. Where the applicant simul-
23 taneously applies for a waiver as a special education school and early
24 intervention agency the total waiver fee shall be three hundred forty-
25 five dollars.

26 b. Within one hundred twenty days after the commissioner prescribes
27 the application form and posts notice of its availability on the depart-
28 ment's website, a special education school or early intervention agency
29 must apply for a waiver. Upon submission of such application, the school
30 or agency may continue to operate and provide services until the depart-
31 ment shall either deny or approve the application. After the department
32 renders a timely initial determination that the applicant has submitted
33 the information necessary to verify that the requirements of paragraphs
34 c, d and e of this subdivision are satisfied, applications for waivers
35 shall be approved or denied within ninety days, provided however that if
36 the waiver application is denied the school or agency shall cease
37 providing services pursuant to this subdivision in the state of New
38 York.

39 c. Such waiver shall provide that services rendered pursuant to this
40 section, directly or indirectly, shall be provided only by a person
41 appropriately licensed to provide such services, except as otherwise
42 provided in law, to provide such services or by a professional services
43 entity authorized by law to provide such services.

44 d. An application for a waiver to provide professional services pursu-
45 ant to this section shall be on a form prescribed by the commissioner.
46 Such application shall include: (i) the name of the special education
47 school or early intervention agency; (ii) the names of the directors or
48 trustees and officers of such school or agency; (iii) a listing of any
49 other jurisdictions where such school or agency may provide services;
50 and (iv) an attestation made by an officer authorized by such school or
51 agency to make such attestation that identifies the scope of services to
52 be provided; includes a list of professions under this article in which
53 professional services will be provided by such school or agency;
54 includes a statement that, unless otherwise authorized by law, the
55 school or agency shall only provide services authorized under this
56 section; includes a statement that only a licensed professional, a

1 person otherwise authorized to provide such services, or a professional
2 services entity authorized by law to provide such services shall provide
3 such services as authorized under this section; and attests to the
4 adequacy of the school's or agency's fiscal and financial resources to
5 provide such services. Such application shall also include any other
6 information related to the application as may be required by the depart-
7 ment. A school or agency with an approved waiver may apply, on a form
8 prescribed by the commissioner, to amend the waiver to add additional
9 professional services.

10 e. Each officer, trustee and director of such school or agency shall
11 provide an attestation regarding his or her good moral character as
12 required pursuant to paragraph g of this subdivision. The commissioner
13 shall be further authorized to promulgate rules or regulations relating
14 to the standards of the waiver for special education schools and early
15 intervention agencies pursuant to this section. Such regulations shall
16 include standards relating to the school's or agency's ability to
17 provide services, the school's or agency's maintenance of student or
18 client and business records, the school's or agency's fiscal policies,
19 and such other standards as may be prescribed by the commissioner.

20 f. The special education school or early intervention agency operating
21 pursuant to a waiver shall display, at each site where services are
22 provided to the public, a certificate of such waiver issued by the
23 department pursuant to this section, which shall contain the name of the
24 school or agency and the address of the site. Such schools or agencies
25 shall obtain from the department additional certificates for each site
26 at which professional services are provided to the public. Each school
27 or agency shall be required to re-apply for a waiver every three years.
28 An early intervention agency's waiver shall not be renewed unless the
29 agency is approved to provide early intervention program multi-discipli-
30 nary evaluations, service coordination or early intervention program
31 services in accordance with title two-A of article twenty-five of this
32 chapter. Except as otherwise provided in subdivision four of this
33 section, if any information supplied to the department regarding the
34 school or agency shall change, the school or agency shall be required to
35 provide such updated information to the department within sixty days.

36 g. All officers, trustees and directors of such schools or agencies
37 shall be of good moral character. Schools or agencies operating pursuant
38 to a waiver and their officers and directors shall be entitled to the
39 same due process procedures as are provided to such individuals and
40 professional services corporations. No waiver issued under this section
41 shall be transferable or assignable; as such terms are defined in the
42 regulations of the commissioner.

43 4. Renewal of waiver. All special education school and early inter-
44 vention agency waivers shall be renewed on dates set by the department.
45 The triennial waiver fee shall be two hundred sixty dollars or a pro-
46 rated portion thereof as determined by the department. An early inter-
47 vention agency's waiver shall not be renewed unless the agency is
48 approved to provide early intervention program multi-disciplinary evalu-
49 ations, service coordination nor early intervention program services in
50 accordance with title two-A of article twenty-five of this chapter.

51 5. Change of location. In the event that a change in the location of
52 the chief administrative offices of a special education school or early
53 intervention agency is contemplated, the owner shall notify the office
54 of professions of the department of the change of location at least
55 thirty days prior to relocation.

1 6. Professional practice. a. Notwithstanding any other provision of
2 law to the contrary, a special education school operating under a waiver
3 may employ individuals licensed or otherwise authorized to practice any
4 profession pursuant to this title to conduct components of a multi-dis-
5 ciplinary evaluation of a child with a disability or a child suspected
6 of having a disability or to provide related services to children with
7 disabilities enrolled in the school or may provide components of such an
8 evaluation or such related services by contract with an individual
9 licensed or otherwise authorized to practice pursuant to this title or a
10 not-for-profit corporation, education corporation, business corporation,
11 limited liability company or professional services organization estab-
12 lished pursuant to article fifteen of the business corporation law,
13 article twelve or thirteen of the limited liability company law or arti-
14 cle eight-B of the partnership law authorized by law to provide the
15 applicable professional services.

16 b. Notwithstanding any other provision of law to the contrary, an
17 early intervention agency operating under a waiver that is approved in
18 accordance with title two-A of article twenty-five of this chapter may
19 employ or contract with individuals licensed or otherwise authorized to
20 practice any profession pursuant to this title or with a not-for-profit
21 corporation, education corporation, business corporation, limited
22 liability company or professional services organization established
23 pursuant to article fifteen of the business corporation law, article
24 twelve or thirteen of the limited liability company law or article
25 eight-B of the partnership law authorized to conduct early intervention
26 program multi-disciplinary evaluations, provide service coordination
27 services and early intervention program services.

28 c. A special education school or early intervention agency operating
29 under a waiver shall not practice any profession licensed pursuant to
30 this article or hold itself out to the public as authorized to provide
31 professional services pursuant to this article except as authorized by
32 this section or otherwise authorized by law.

33 7. Supervision of professional practice. A special education school or
34 early intervention agency shall be under the supervision of the depart-
35 ment and be subject to disciplinary proceedings and penalties. A special
36 education school or early intervention agency operating under a waiver
37 shall be subject to suspension, revocation or annulment of the waiver
38 for cause, in the same manner and to the same extent as is provided with
39 respect to individuals and their licenses, certificates, and registra-
40 tions in the provisions of this article relating to the applicable
41 profession. Notwithstanding the provisions of this subdivision, a
42 special education school or early intervention agency that conducts or
43 contracts for a component of a multi-disciplinary evaluation that
44 involves the practice of medicine shall be subject to the pre-hearing
45 procedures and hearing procedures as is provided with respect to indi-
46 vidual physicians and their licenses in title two-A of article two of
47 this chapter. Notwithstanding any other provision of law to the contra-
48 ry, upon revocation or other termination by the commissioner of approval
49 of the special education school pursuant to article eighty-nine of the
50 education law and the regulations of the commissioner implementing such
51 article or termination of the early intervention agency pursuant to
52 title two-A of article twenty-five of this chapter and implementing
53 regulations by the commissioner pursuant to subdivision eighteen of
54 section forty-four hundred three of the education law, the school's or
55 early intervention agency's waiver pursuant to this section shall be
56 deemed revoked and annulled.

1 § 6504. Regulation of the professions. Admission to the practice of
2 the professions, licensing and regulation of such practice shall be
3 supervised and administered by the department, assisted by a state board
4 for each profession.

5 § 6505. Construction. No definition of the practice of a profession
6 shall be construed to restrain or restrict the performance of similar
7 acts authorized in the definition of other professions.

8 § 6505-a. Professional referrals. There shall be no monetary liability
9 on the part of, and no cause of action for damages shall arise against,
10 any association or society of professionals authorized to practice under
11 this article, or any employee, agent, or member thereof, for referring
12 any person to a member of the profession represented by such association
13 or society provided that such referral was made without charge as a
14 service to the public, and without malice, and in the reasonable belief
15 that such referral was warranted, based upon the facts disclosed.

16 § 6505-b. Course work or training in infection control practices. 1.
17 Every dentist, registered nurse, licensed practical nurse, podiatrist,
18 optometrist and dental hygienist practicing in the state shall, on or
19 before July first, nineteen hundred ninety-four and every four years
20 thereafter, complete course work or training appropriate to the profes-
21 sional's practice approved by the department regarding infection
22 control, which shall include sepsis, and barrier precautions, including
23 engineering and work practice controls, in accordance with regulatory
24 standards promulgated by the department, in consultation with the
25 department of education, which shall be consistent, as far as appropri-
26 ate, with such standards adopted by the department pursuant to section
27 two hundred thirty-nine of this chapter to prevent the transmission of
28 HIV, HBV, HCV and infections that could lead to sepsis in the course of
29 professional practice. Each such professional shall document to the
30 department at the time of registration commencing with the first regis-
31 tration after July first, nineteen hundred ninety-four that the profes-
32 sional has completed course work or training in accordance with this
33 section, provided, however that a professional subject to the provisions
34 of paragraph (f) of subdivision one of section twenty-eight hundred
35 five-k of this chapter shall not be required to so document. The
36 department shall provide an exemption from this requirement to anyone
37 who requests such an exemption and who:

38 a. clearly demonstrates to the department's satisfaction that there
39 would be no need for him or her to complete such course work or training
40 because of the nature of his or her practice; or

41 b. that he or she has completed course work or training deemed by the
42 department to be equivalent to the course work or training approved by
43 the department pursuant to this section.

44 2. The department shall consult with organizations representative of
45 professions, institutions and those with expertise in infection control
46 and HIV, HBV, HCV and infections that could lead to sepsis with respect

49 careers. 1. The commissioner shall develop, jointly with the director of
50 the division of veterans' services, a program to facilitate articulation
51 between participation in the military service of the United States or
52 the military service of the state and admission to practice of a profes-
53 sion. The commissioner and the director of the division of veterans'
54 services shall identify, review and evaluate professional training
55 programs offered through either the military service of the United
56 States or the military service of the state which may, where applicable,

1 be accepted by the department as equivalent education and training in
2 lieu of all or part of an approved program. Particular emphasis shall
3 be placed on the identification of military programs which have previ-
4 ously been deemed acceptable by the department as equivalent education
5 and training, programs which may provide, where applicable, equivalent
6 education and training for those professions which are critical to
7 public health and safety and programs which may provide, where applica-
8 ble, equivalent education and training for those professions for which
9 shortages exist in the state of New York.

10 2. The commissioner and the director of the division of veterans'
11 services shall prepare a list of those military programs which have
12 previously been deemed acceptable by the department as equivalent educa-
13 tion and training in lieu of all or part of an approved program no later
14 than the thirtieth of August, two thousand three. On and after such
15 date, such list shall be made available to the public and applicants for
16 admission to practice of a profession.

17 3. The commissioner and the director of the division of veterans'
18 services shall prepare a list of those military programs which may
19 provide, where applicable, equivalent education and training for those
20 professions which are critical to public health and safety, programs
21 which may provide, where applicable, equivalent education and training
22 for those professions for which shortages exist in the state of New York
23 and any other military programs which may, where applicable, be accepted
24 by the department as equivalent education and training in lieu of all or
25 part of an approved program no later than the thirty-first of October,
26 two thousand three. On and after such date, such list shall be made
27 available to the public and applicants for admission to practice of a
28 profession.

29 4. Such lists shall be prepared annually no later than the thirtieth
30 of June thereafter with additions and deletions made jointly by the
31 commissioner and the director of the division of veterans' services and
32 made available to the public and applicants for admission to practice of
33 a profession on such date.

48 c. Charges. In all disciplinary proceedings other than those termi-
49 nated by an administrative warning pursuant to paragraph a of subdivi-
50 sion two of this section, the department shall prepare the charges. The
51 charges shall state the alleged professional misconduct and shall state
52 concisely the material facts but not the evidence by which the charges
53 are to be proved.

54 d. Records and reports as public information. In all disciplinary
55 proceedings brought pursuant to this section or in any voluntary settle-
56 ment of a complaint between the licensee and the department, the depart-

1 ment shall notify the licensee in writing that the record and reports of
2 such disciplinary proceeding or of such voluntary settlement shall be
3 considered matters of public information unless specifically excepted in
4 this title, or in any other law or applicable rule or regulation.

5 e. Service of charges and notice of hearing. In order to commence
6 disciplinary proceedings under this article, service of a copy of the
7 charges and notice of hearing must be completed twenty days before the
8 date of the hearing if by personal delivery, and must be completed twen-
9 ty-five days before the date of the hearing if by any other method.

10 f. Service of charges and of notice of hearing upon a natural person.
11 Personal service of the charges and notice of any hearing pursuant to
12 subdivision two or three of this section upon a natural person shall be
13 made by any of the following methods:

14 (i) by delivery within the state to the person to be served;

15 (ii) by delivery within the state to a person of suitable age and
16 discretion at the actual place of business, dwelling place or usual
17 place of abode of the person to be served and either: (A) by mailing by
18 certified mail, return receipt requested, to the person to be served at
19 his or her last known residence, or (B) by mailing by certified mail,
20 return receipt requested, to the person to be served at his or her last
21 address on file with the division of licensing services of the depart-
22 ment in an envelope bearing the legend "personal and confidential,"
23 provided that, in either case: such delivery and mailing shall be
24 effected within twenty days of each other; service pursuant to this
25 subparagraph shall be complete ten days after either the delivery, or
26 the mailing, whichever is later; and proof of service shall, among other
27 things, identify such person of suitable age and discretion and state
28 the date, time and place of such service; or

29 (iii) where service under subparagraphs (i) and (ii) of this paragraph
30 cannot be made with due diligence, a copy of the charges and the notice
31 of hearing shall be served by certified mail, return receipt requested,
32 to the person's last known address on file with the division of licens-
33 ing services of the department or by affixing the charges and the notice
34 of hearing to the door of either the actual place of business, dwelling
35 place or usual place of abode of the person to be served; provided that:
36 service pursuant to this subparagraph shall be complete ten days after
37 such mailing, and proof of service shall set forth the department's
38 efforts of due diligence.

39 g. Service of charges and notice of hearing outside of the state. A
40 natural person subject to the jurisdiction of the department may be
41 served with a copy of the charges and the notice of hearing outside of
42 the state in the same manner as service is made within the state, by any
43 person authorized to make service within the state of New York or by any
44 person authorized to make service by the laws of the state, territory,
45 possession or country in which service is made or by any duly qualified
46 attorney or equivalent in such jurisdiction.

47 2. Expedited procedures.

48 a. Violations. Violations involving professional misconduct of a minor
49 or technical nature may be resolved by expedited procedures as provided
50 in paragraph b or c of this subdivision. For purposes of this subdivi-
51 sion, violations of a minor or technical nature shall include, but shall
52 not be limited to, isolated instances of violations concerning profes-
53 sional advertising or record keeping, and other isolated violations
54 which do not directly affect or impair the public health, welfare or
55 safety. The department shall make recommendations to the legislature on
56 or before June first, nineteen hundred eighty-one, for the further defi-

1 nition of violations of a minor or technical nature. The initial
2 instance of any violation of a minor or technical nature may be resolved
3 by the issuance of an administrative warning pursuant to paragraph b of
4 this subdivision. Subsequent instances of similar violations of a minor
5 or technical nature within a period of three years may be resolved by
6 the procedure set forth in paragraph c of this subdivision.

7 b. Administrative warning. If a professional conduct officer, after
8 consultation with a professional member of the state board, determines
9 that there is substantial evidence of professional misconduct but that
10 it is an initial violation of a minor or technical nature which would
11 not justify the imposition of a more severe disciplinary penalty, the
12 matter may be terminated by the issuance of an administrative warning.
13 Such warnings shall be confidential and shall not constitute an adjudi-
14 cation of guilt or be used as evidence that the licensee is guilty of
15 the alleged misconduct. However, in the event of a further allegation of
16 similar misconduct by the same licensee, the matter may be reopened and
17 further proceedings instituted as provided in this section.

18 c. Determination of penalty on uncontested minor violations. If a
19 professional conduct officer, after consultation with a professional
20 member of the state board, determines that there is substantial evidence
21 of a violation of a minor or technical nature, and of a nature justify-
22 ing a penalty as specified in this paragraph, the department may prepare
23 and serve charges either by personal service or by certified mail,
24 return receipt requested. Such charges shall include a statement that
25 unless an answer is received within twenty days denying the charges, the
26 matter shall be referred to a violations committee consisting of at
27 least three members of the state board for the profession, at least one
28 of whom shall be a public representative, for determination. The
29 violations panel shall be appointed by the executive secretary of the
30 state board. The licensee shall be given at least fifteen days notice of
31 the time and place of the meeting of the violations committee and shall
32 have the right to appear in person and by an attorney and to make a
33 statement to the committee in mitigation or explanation of the miscon-
34 duct. The department may appear and make a statement in support of its
35 position. The violations committee may issue a censure and reprimand,
36 and in addition, or in the alternative, may impose a fine not to exceed
37 five hundred dollars for each specification of minor, or technical
38 misconduct. If the fine is not paid within three months the matter may
39 be reopened and shall be subject to the hearing and regents decision
40 procedures of this section. The determination of the panel shall be
41 final and shall not be subject to the regents decision procedures of
42 this section. If an answer is filed denying the charges, the matter
43 shall be processed as provided in subdivision three of this section.

44 d. Convictions of crimes or administrative violations. In cases of
45 professional misconduct based solely upon a violation of subdivision
46 five of section sixty-five hundred nine of this subtitle, the profes-
47 sional conduct officer may prepare and serve the charges and may refer
48 the matter directly to a regents review committee for its review and
49 report of its findings, determination as to guilt, and recommendation as
50 to the measure of discipline to be imposed. In such cases the notice of
51 hearing shall state that the licensee may file a written answer, brief
52 and affidavits; that the licensee may appear personally before the
53 regents review committee, may be represented by counsel and may present
54 evidence or sworn testimony on behalf of the licensee, and the notice
55 may contain such other information as may be considered appropriate by
56 the department. The department may also present evidence or sworn testi-

1 mony at the hearing. A stenographic record of the hearing shall be made.
2 Such evidence or sworn testimony offered at the meeting of the regents
3 review committee shall be limited to evidence and testimony relating to
4 the nature and severity of the penalty to be imposed upon the licensee.
5 The presiding officer at the meeting of the regents review committee
6 may, in his or her discretion, reasonably limit the number of witnesses
7 whose testimony will be received and the length of time any witness will
8 be permitted to testify. In lieu of referring the matter to the depart-
9 ment, the regents review committee may refer any such matter for further
10 proceedings pursuant to paragraph b or c of this subdivision or subdivi-
11 sion three of this section.

12 3. Adversary proceedings. Contested disciplinary proceedings and other
13 disciplinary proceedings not resolved pursuant to subdivision two of
14 this section shall be tried before a hearing panel of the appropriate
15 state board as provided in this subdivision.

16 a. Notice of hearing. The department shall set the time and place of
17 the hearing and shall prepare the notice of hearing. The notice of hear-
18 ing shall state (i) the time and place of the hearing, (ii) that the
19 licensee may file a written answer to the charges prior to the hearing,
20 (iii) that the licensee may appear personally at the hearing and may be
21 represented by counsel, (iv) that the licensee shall have the right to
22 produce witnesses and evidence in his behalf, to cross-examine witnesses
23 and examine evidence produced against him, and to issue subpoenas in
24 accordance with the provisions of the civil practice law and rules, (v)
25 that a stenographic record of the hearing will be made, and (vi) such
26 other information as may be considered appropriate by the department.

27 b. Hearing panel. The hearing shall be conducted by a panel of three
28 or more members, at least two of whom shall be members of the applicable
29 state board for the profession, and at least one of whom shall be a
30 public representative who is a member of the applicable state board or
31 of the state board for another profession licensed pursuant to this
32 article. The executive secretary for the applicable state board shall
33 appoint the panel and shall designate its chairperson. After the
34 commencement of a hearing, no panel member shall be replaced. A determi-
35 nation by the administrative officer of a need to disqualify or remove
36 any panel member will result in the disqualification or removal of the
37 panel and cause a new panel to be appointed. In addition to said panel
38 members, the department shall designate an administrative officer,
39 admitted to practice as an attorney in the state of New York, who shall
40 have the authority to rule on all motions, procedures and other legal
41 objections and shall draft a report for the hearing panel which shall be
42 subject to the approval of and signature by the panel chairperson on
43 behalf of the panel. The administrative officer shall not be entitled to
44 a vote.

45 c. Conduct of hearing. The evidence in support of the charges shall be
46 presented by an attorney for the department. The licensee shall have the
47 rights required to be stated in the notice of hearing. The panel shall
48 not be bound by the rules of evidence, but its determination of guilt
49 shall be based on a preponderance of the evidence. A hearing which has
50 been initiated shall not be discontinued because of the death or inca-
51 pacity to serve of one member of the hearing panel.

52 d. Results of hearing. The hearing panel shall render a written report
53 which shall include (i) findings of fact, (ii) a determination of guilty
54 or not guilty on each charge, and (iii) in the event of a determination
55 of guilty, a recommendation of the penalty to be imposed. For the panel
56 to make a determination of guilty, a minimum of two of the voting

1 members of the panel must vote for such a determination. A copy of the
2 report of the hearing panel shall be transmitted to the licensee.

3 4. Regents decision procedures.

4 a. Regents review committee. The transcript and report of the hearing
5 panel shall be reviewed at a meeting by a regents review committee
6 appointed by the department. The regents review committee shall consist
7 of three members, at least one of whom shall be a regent pursuant to
8 section two hundred two of the education law.

9 b. Regents review committee meetings. The review shall be based on the
10 transcript and the report of the hearing panel. The licensee may appear
11 at the meeting, and the regents review committee may require the licen-
12 see to appear. The licensee may be represented by counsel. The depart-
13 ment shall notify the licensee at least seven days before the meeting
14 (i) of the time and place of the meeting, (ii) of his right to appear,
15 (iii) of his or her right to be represented by counsel, (iv) whether or
16 not he or she is required to appear, and (v) of such other information
17 as may be considered appropriate. After the meeting, the regents review
18 committee shall transmit a written report of its review to the depart-
19 ment. In cases referred directly to the regents review committee pursu-
20 ant to paragraph d of subdivision two of this section, the review shall
21 be based upon the charges, the documentary evidence submitted by the
22 department, any answer, affidavits or brief the licensee may wish to
23 submit, and any evidence or sworn testimony presented by the licensee or
24 the department at the hearing, pursuant to the procedures described by
25 paragraph d of subdivision two of this section.

26 c. Regents decision and order. The department (i) shall consider the
27 transcript, the report of the hearing panel, and the report of the
28 regents review committee, (ii) shall decide whether the licensee is
29 guilty or not guilty on each charge, (iii) shall decide what penalties,
30 if any, to impose as prescribed in section sixty-five hundred eleven of
31 this subtitle, and (iv) shall issue an order to carry out its decisions.
32 Such decisions shall require the affirmative vote of a majority of the
33 members of the department. If the department disagrees with the hearing
34 panel's determination of not guilty, it shall remand the matter to the
35 original panel for reconsideration or to a new panel for a new hearing.
36 The panel's determination of not guilty on reconsideration or a new
37 hearing shall be final. The order shall be served upon the licensee
38 personally or by certified mail to the licensee's last known address and
39 such service shall be effective as of the date of the personal service
40 or five days after mailing by certified mail. The licensee shall deliver
41 to the department the license and registration certificate which has
42 been revoked, annulled, suspended, or surrendered within five days after
43 the effective date of the service of the order. If the license or regis-
44 tration certificate is lost, misplaced or its whereabouts is otherwise
45 unknown, the licensee shall submit an affidavit to that effect, and
46 shall deliver such license or certificate to the department when
47 located.

48 5. Court review procedures. The decisions of the department may be
49 reviewed pursuant to the proceedings under article seventy-eight of the
50 civil practice law and rules. Such proceedings shall be returnable
51 before the appellate division of the third judicial department, and such
52 decisions shall not be stayed or enjoined except upon application to
53 such appellate division after notice to the department and to the attor-
54 ney general and upon a showing that the petitioner has a substantial
55 likelihood of success.

1 5-a. At any time, if the professional conduct officer or his or her
2 designee designated to investigate a complaint of professional miscon-
3 duct of a licensed health care provider or licensed mental health care
4 provider determines that there is a reasonable belief that an act that
5 constitutes a sex offense identified in paragraph (h) of subdivision
6 three of section 130.05 of the penal law has been committed by the
7 licensee against a client or patient during a treatment session, consul-
8 tation, interview, or examination, the professional conduct officer or
9 the office of professional discipline shall notify the appropriate law
10 enforcement official or authority.

11 6. The provisions of subdivisions one, two, three and four of this
12 section shall not be applicable to proceedings in cases of professional
13 misconduct involving the medical profession, except as provided in para-
14 graph (m) of subdivision ten of section two hundred thirty of this chap-
15 ter.

16 7. Notwithstanding any other provision of law, persons who assist the
17 department as consultants or expert witnesses in the investigation or
18 prosecution of alleged professional misconduct, licensure matters,
19 restoration proceedings, or criminal prosecutions for unauthorized prac-
20 tice, shall not be liable for damages in any civil action or proceeding
21 as a result of such assistance, except upon proof of actual malice. The
22 attorney general shall defend such persons in any such action or
23 proceeding, in accordance with section seventeen of the public officers
24 law.

25 8. The files of the department relating to the investigation of possi-
26 ble instances of professional misconduct, or the unlawful practice of
27 any profession licensed by the department, or the unlawful use of a
28 professional title or the moral fitness of an applicant for a profes-
29 sional license or permit, shall be confidential and not subject to
30 disclosure at the request of any person, except upon the order of a
31 court in a pending action or proceeding. The provisions of this subdi-
32 vision shall not apply to documents introduced in evidence at a hearing
33 held pursuant to this chapter and shall not prevent the department from
34 sharing information concerning investigations with other duly authorized
35 public agencies responsible for professional regulation or criminal
36 prosecution.

37 9. A disciplinary proceeding under subdivision three or four of this
38 section shall be treated in the same manner as an action or proceeding
39 in supreme court for the purpose of any claim by counsel of actual
40 engagement.

41 § 6510-a. Temporary surrender of licenses during treatment for drug or
42 alcohol abuse. 1. The license and registration of a licensee who may be
43 temporarily incapacitated for the active practice of a profession
44 licensed pursuant to this article, except professionals licensed pursu-
45 ant to title two or four of this article, and whose alleged incapacity
46 is the result of a problem of drug or alcohol abuse which has not
47 resulted in harm to a patient or client, may be voluntarily surrendered
48 to the department, which may accept and hold such license during the
49 period of such alleged incapacity or the department may accept the
50 surrender of such license after agreement to conditions to be met prior
51 to the restoration of the license. The department shall give written
52 notification of such surrender to the licensing authorities of any other
53 state or country in which the licensee is authorized to practice. In
54 addition to the foregoing, the department shall also give written
55 notification of such surrender, for professionals licensed pursuant to
56 titles six, seven, ten, or twelve of this article to the commissioner or

1 his or her designee, and where appropriate to each hospital at which the
2 professional has privileges, is affiliated, or is employed. The licensee
3 whose license is so surrendered shall notify all persons who request
4 professional services that he or she has temporarily withdrawn from the
5 practice of the profession. The department may provide for similar
6 notification of patients or clients and of other interested parties, as
7 appropriate under the circumstances of the professional practice and
8 responsibilities of the licensee. The licensure status of such licensee
9 shall be "inactive" and he or she shall not be authorized to practice
10 the profession and shall refrain from practice in this state or in any
11 other state or country. The voluntary surrender shall not be deemed to
12 be an admission of disability or of professional misconduct and shall
13 not be used as evidence of a violation of subdivision three or four of
14 section sixty-five hundred nine of this subtitle, unless the licensee
15 practices while the license is "inactive"; and any such practice shall
16 constitute a violation of subdivision eight of such section. The surren-
17 der of a license under this subdivision shall not bar any disciplinary
18 action except action based solely upon the provisions of subdivision
19 three or four of section sixty-five hundred nine of this subtitle, and
20 only if no harm to a patient has resulted; and shall not bar any civil
21 or criminal action or proceeding which might be brought without regard
22 to such surrender. A surrendered license shall be restored upon a show-
23 ing to the satisfaction of the department that the licensee is not inca-
24 pacitated for the active practice of the profession, provided that the
25 department may, by order of the commissioner, impose reasonable condi-
26 tions on the licensee, if it determines that because of the nature and
27 extent of the licensee's former incapacity, such conditions are neces-
28 sary to protect the health, safety and welfare of the public. Prompt
29 written notification of such restoration shall be given to all licensing
30 bodies which were notified of the temporary surrender of the license.

31 2. There shall be appointed within the department, by the department,
32 a committee on drug and alcohol abuse, which shall advise the department
33 on matters relating to practice by professional licensees with drug or
34 alcohol abuse problems, and which shall administer the provisions of
35 this section. The department shall determine the size, composition, and
36 terms of office of such committee, a majority of the members of which
37 shall be persons with expertise in problems of drug or alcohol abuse.
38 The committee shall recommend to the department such rules as are neces-
39 sary to carry out the purposes of this section, including but not limit-
40 ed to procedures for the submission of applications for the surrender of
41 a license and for the referral of cases for investigation or prosecution
42 pursuant to section sixty-five hundred ten of this subtitle if a licen-
43 see fails to comply with the conditions of an approved program of treat-
44 ment. There shall be an executive secretary appointed by the department
45 to assist the committee. The executive secretary shall employ, or other-
46 wise retain, the services of a registered professional nurse with appro-
47 priate qualifications in substance abuse and addiction to assist in the
48 implementation of the program authorized by section six thousand five
49 hundred ten-c of this subtitle. Determinations by the committee relating
50 to licensees shall be made by panels of at least three members of the
51 committee designated by the executive secretary, who shall also desig-
52 nate a member of the state board for the licensee's profession as the
53 ex-officio non-voting member of each panel. In the case of a determi-
54 nation relating to a licensed nurse, at least one panel member must be a
55 registered professional nurse licensed by the state.

1 3. Application for the surrender of a license pursuant to this section
2 shall be submitted to the committee, and shall identify a proposed
3 treatment or rehabilitation program, and shall include a consent to the
4 release of all information concerning the licensee's treatment to the
5 committee. All information concerning an application, other than the
6 fact of the surrender of the license and the participation in the
7 program and the successful completion or failure of or withdrawal from
8 the program, shall be strictly confidential, and may not be released by
9 the committee to any person or body without the consent of the licensee.
10 The immunity from disciplinary action conferred by this section shall be
11 conditioned upon the approval of the treatment or rehabilitation program
12 by the committee and its successful completion by the applicant and the
13 elimination of the incapacity to practice. Approval of a treatment or
14 rehabilitation program by the committee shall not constitute a represen-
15 tation as to the probability of success of the program or any assumption
16 of financial responsibility for its costs.

17 4. The immunity from disciplinary action conferred by this section may
18 be revoked by the committee upon a finding that the licensee has failed
19 to successfully complete the program or that the incapacity to practice
20 has not been eliminated. Such revocation shall be made only after notice
21 and an opportunity to be heard, but no adjudicatory hearing shall be
22 required. The matter shall be referred for appropriate proceedings
23 pursuant to section sixty-five hundred ten of this subtitle. The license
24 shall be returned unless charges are served pursuant to section sixty-
25 five hundred ten of this subtitle within thirty days after the revoca-
26 tion of the approval of the special treatment afforded by this section.

27 5. The commissioner is authorized to adopt regulations to carry out
28 the purposes of this section, including but not limited to the notice of
29 temporary inactive status to be required in different professions and
30 practice situations and the measures required upon temporary withdrawal
31 from practice.

32 6. No individual who serves as a member of a committee whose purpose
33 is to confront and refer either to treatment or to the department licen-
34 sees who are thought to be suffering from alcoholism or drug abuse shall
35 be liable for damages to any person for any action taken by such indi-
36 vidual provided such action was taken without malice and within the
37 scope of such individual's function as a member of such committee, and
38 provided further that such committee has been established by and func-
39 tions under the auspices of an association or society of professionals
40 authorized to practice under this article.

41 7. In addition to the provisions of section two thousand eight hundred
42 three-e of this chapter, any entity licensed pursuant to articles thir-
43 ty-six, forty and forty-four of this chapter, and any mental hygiene
44 facilities, and correctional, occupational, school and college health
45 services shall provide a report to the office of professional discipline
46 when there is a suspension, restriction, termination, curtailment or
47 resignation of employment or privileges in any way related to a licensed
48 nurse that is impaired when the impairment is alleged to have been
49 caused by a drug-related problem. Any person, facility, or corporation
50 which makes a report pursuant to this section in good faith shall have
51 immunity from any liability, civil or criminal, for having made such a
52 report except where the conduct constitutes negligence, gross negligence
53 or intentional misconduct. For the purpose of any proceeding, civil or
54 criminal, the good faith of any person, facility or corporation required
55 to make a report shall be presumed. Such presumption may be rebutted by
56 any competent evidence.

1 8. Notwithstanding any other provision of law, the license and regis-
2 tration of a licensed dentist or pharmacist who may be temporarily inca-
3 pacitated for the active practice of their profession licensed pursuant
4 to titles seven and ten of this article and whose alleged incapacity is
5 the result of a problem of drug or alcohol abuse which has not resulted
6 in harm to a patient or client, may be voluntarily surrendered to, or
7 voluntarily offered for any alternative disposition with the department,
8 which may accept and hold such license or make any other disposition
9 regarding such license deemed appropriate under the circumstances, if
10 the department determines the health and safety of the public will be
11 adequately protected thereby, during the period of such alleged incapac-
12 ity. The department may accept the surrender of such license after
13 agreement to conditions to be met prior to the restoration of the
14 license or the department may treat the license as not surrendered and
15 may impose conditions to allow the licensee to retain the license. All
16 other provisions of this section shall be applied to the professions of
17 dentistry and pharmacy in conformity with this subdivision.

18 § 6510-b. Nurse peer assistance programs. 1. As used in this section:

19 a. "Drug-related problem" means a problem or problems that are related
20 to the use, misuse or addiction to drugs or alcohol.

21 b. "Participant" means an individual licensed pursuant to title twelve
22 of this article who has or may have a drug-related problem.

23 c. "Approved nurse peer assistance program" means a program operated
24 by the New York state nurses association or a statewide professional
25 association of nurses which has experience in providing peer assistance
26 services to nurses who have drug-related problems which are designed to
27 help a participant or a licensee's employer and has been approved by the
28 department in accordance with criteria established in regulations of the
29 commissioner.

30 d. "Peer assistance services" includes assessing the needs of a
31 participant, including early identification of drug-related problems,
32 and providing information, support, and advice as requested by a partic-
33 ipant.

34 2. a. The department shall provide funds, including but not limited to
35 a portion of the funds made available pursuant to the provisions of this
36 section, for services provided by an approved nurse peer assistance
37 program. Funds used to provide services shall not be used for the treat-
38 ment of participants. Funded services shall include, but not be limited
39 to:

40 (i) providing peer assistance services for nurses with drug-related
41 problems;

42 (ii) maintaining a toll-free telephone information line for anonymous
43 nurses, their employers, and others to provide assistance in the iden-
44 tification of services and information for nurses dealing with drug-re-
45 lated problems;

46 (iii) training monitors for the professional assistance program;

47 (iv) arranging for mental health consultants to assess nurses for the
48 professional assistance program, as needed; and

49 (v) preparing written assessments of nurses who have been referred
50 from the professional assistance program.

51 b. An additional fee of fifteen dollars shall be paid at the time of
52 application for licensure and first registration and every registration
53 by those licensed pursuant to title twelve of this article for the
54 purpose of implementing this program. The funds made available under
55 this provision shall be deposited in the office of professions special
56 revenue account for its purposes in implementing this section. The

1 department may use a portion of this amount for its administrative
2 expenses incurred in implementing this program including, but not limit-
3 ed to, employment of personnel, the costs of approving and contracting
4 with a peer assistance program as required by this section and outreach
5 activities to promote this program.

6 3. No approved nurse peer assistance program or individual who serves
7 in an approved nurse peer assistance program shall be liable in damages
8 to any person for any action taken or not taken or recommendations made
9 unless, based on the facts disclosed by a participant, the conduct of
10 the program or person with respect to the person asserting liability
11 constituted negligence, gross negligence, or intentional misconduct.

12 4. All information concerning a participant gathered by the approved
13 nurse peer assistance program shall be strictly confidential and may not
14 be released to any person or body without the consent of the partic-
15 ipant, except upon the order of a court in a pending action or proceed-
16 ing. Aggregate data may be released to the committee on drug and alcohol
17 abuse.

18 § 6510-c. Voluntary non-disciplinary surrender of a license. A profes-
19 sional who is licensed pursuant to title twelve of this article may
20 voluntarily surrender a license to the committee on drug and alcohol
21 abuse when such licensee requests to be monitored and/or receive peer
22 support services in relation to the use, misuse or addiction to drugs.
23 The committee shall accept such voluntary non-disciplinary surrender of
24 a license and provide for expedited reinstatement of the license if the
25 licensee meets criteria set by the committee. Such criteria will
26 include, but not be limited to, confidence that the licensee's use of
27 drugs and/or alcohol has not resulted in harm to a patient or client and
28 the licensee is not incapacitated, unfit for practice or a threat to the
29 health, safety and welfare of the public. Such voluntary surrender, if
30 accepted by the committee, shall result in an immediate reinstatement of
31 the license and shall provide immunity from a violation of subdivision
32 three or four of section sixty-five hundred nine of this subtitle and
33 cannot be deemed an admission or used as evidence in professional
34 misconduct. Acceptance by the committee shall not require a report to
35 the department of health or to any employer or licensing authority of
36 another jurisdiction, nor require any disclosure to patients or to the
37 public that such license has been temporarily surrendered, except if it
38 is subsequently determined by the department that a participant being
39 monitored by the department is found to have used drugs and/or alcohol
40 which has resulted in harm to a patient or client.

41 § 6510-d. Nurses' refusal of overtime work. The refusal of a licensed
42 practical nurse or a registered professional nurse to work beyond said
43 nurse's regularly scheduled hours of work shall not solely constitute
44 patient abandonment or neglect except under the circumstances provided
45 for under subdivision three of section one hundred sixty-seven of the
46 labor law.

47 § 6511. Penalties for professional misconduct. The penalties which may
48 be imposed by the department on a present or former licensee found quil-
49 ty of professional misconduct, pursuant to the definitions and
50 proceedings prescribed in sections sixty-five hundred nine and sixty-
51 five hundred ten of this subtitle, are:

52 1. censure and reprimand;

53 2. suspension of license: (a) wholly, for a fixed period of time; (b)
54 partially, until the licensee successfully completes a course of
55 retraining in the area to which the suspension applies; or (c) wholly,

1 until the licensee successfully completes a course of therapy or treat-
2 ment prescribed by the regents;

3 3. revocation of license;

4 4. annulment of license or registration;

5 5. limitation on registration or issuance of any further license;

6 6. a fine not to exceed ten thousand dollars, upon each specification
7 of charges of which the respondent is determined to be guilty;

8 7. a requirement that a licensee pursue a course of health or train-
9 ing; and

10 8. a requirement that a licensee perform up to one hundred hours of
11 public service, in a manner and at a time and place as directed by the
12 state board for the professions as prescribed in the title relating to
13 each profession.

14 The department may stay such penalties in whole or in part, may place
15 the licensee on probation and may restore a license which has been
16 revoked, provided, in the case of licensees subject to section two
17 hundred thirty of this chapter, notice that such state board for the
18 profession as prescribed in the title relating to such profession is
19 considering such restoration is given to the office of professional
20 medical conduct at least thirty days before the date on which such
21 restoration shall be considered. Upon the recommendation of the office
22 of professional medical conduct, the department may deny such restora-
23 tion. Any fine imposed pursuant to this section or pursuant to subdivi-
24 sion two of section sixty-five hundred ten of this subtitle may be sued
25 for and recovered in the name of the people of the state of New York in
26 an action brought by the attorney general. In such action the findings
27 and determination of the department or of the violations committee shall
28 be admissible evidence and shall be conclusive proof of the violation
29 and the penalty assessed.

11 § 6514. Criminal proceedings. 1. All alleged violations of sections
12 sixty-five hundred twelve or sixty-five hundred thirteen of this subti-
13 tle shall be reported to the department which shall cause an investi-
14 gation to be instituted. All alleged violations of section sixty-five
15 hundred thirty-one of this article shall be reported to the department
16 which shall cause an investigation to be instituted. If the investi-
17 gation substantiates that violations exist, such violations shall be
18 reported to the attorney general with a request for prosecution.

19 2. The attorney general shall prosecute such alleged offenses in the
20 name of the state.

21 3. All criminal courts having jurisdiction over misdemeanors are here-

27 of conduct.

28 4. A proceeding before a committee on professional conduct shall not
29 be deemed to be a criminal proceeding within the meaning of this
30 section.

31 § 6515. Restraint of unlawful acts. Where a violation of this article
32 is alleged to have occurred, the attorney general, the department or, in
33 the event of alleged violations of title nineteen of this article occur-
34 ring in cities having a population of one million or more, the corpo-
35 ration counsel may apply to the supreme court within the judicial
36 district in which such violation is alleged to have occurred for an
37 order enjoining or restraining commission or continuance of the unlawful
38 acts complained of. The remedy provided in this section shall be in
39 addition to any other remedy provided by law or to the proceedings
40 commenced against a licensee under this article.

41 § 6516. Civil enforcement proceedings and civil penalties. 1. Issu-
42 ance of cease and desist order. Whenever the department has reasonable
43 cause to believe that any person has violated any provision of section
44 sixty-five hundred twelve or sixty-five hundred thirteen of this subti-
45 tle, the department may issue and serve upon such person a notice to
46 cease and desist from such violation. Such cease and desist order shall
47 be served personally by the department. If personal service cannot be
48 made after due diligence and such fact is certified under oath, a copy
49 of the order shall be made by certified mail, return receipt requested,
50 to the person's last known address by the department.

51 2. Contents of cease and desist order. The cease and desist order
52 shall be in writing and shall describe with particularity the nature of
53 the violation, including a reference of the specific provision or
54 provisions of law alleged to have been violated and an order to the
55 respondent to cease any unlawful activity. The cease and desist order
56 shall advise the respondent:

1 a. of the right to contest the order by requesting a hearing within
2 thirty days of the service of the cease and desist order before a hear-
3 ing officer designated by the department;

4 b. of the right to request a stay of the cease and desist order at the
5 time a hearing is requested; and

6 c. shall set forth the respondent's rights at such a hearing pursuant
7 to subdivision five of this section.

8 3. Civil penalties. Civil penalties up to five thousand dollars may be
9 imposed for each violation and the respondent may be ordered to make
10 restitution to any person who has an interest in any money or property,
11 either real or personal, acquired by the respondent as a result of a
12 violation. Whenever the department concludes that civil penalties and/or
13 restitution may be warranted because of the egregiousness of the unlaw-
14 ful activity, it may serve, along with the cease and desist order, a
15 notice of a hearing on the allegations of unlawful activity and the
16 department's intention to order the respondent to make restitution
17 and/or impose a civil penalty. The notice should specify the civil
18 penalty sought for each violation.

19 4. Request for hearing. If the respondent to a cease and desist order
20 contests the cease and desist order, the respondent shall request a
21 hearing conducted by the department within thirty days of the receipt of
22 the cease and desist order. Such a hearing shall be scheduled, and the
23 requesting party notified of the date, within fifteen days of the
24 receipt of the request for a hearing. If the respondent requests a stay
25 of the cease and desist order, the hearing officer shall determine
26 whether the cease and desist order should be stayed in whole or in part
27 within five working days of the request for a stay. The respondent may
28 file a written answer to the cease and desist order prior to the hear-
29 ing. A stenographic record of the hearing shall be made.

30 5. Conduct of hearing. The evidence in support of the cease and desist
31 order shall be presented by an attorney for the department. The respond-
32 ent may appear personally and may be represented by counsel at the hear-
33 ing, may produce witnesses and evidence in his or her behalf at the
34 hearing, may cross-examine witnesses and examine evidence produced
35 against him or her at the hearing, and may issue subpoenas in accordance
36 with section three hundred four of the state administrative procedure
37 act. The hearing officer shall not be bound by the rules of evidence,
38 but his or her determination that a violation of section sixty-five
39 hundred twelve or sixty-five hundred thirteen of this subtitle has
40 occurred shall be based on a preponderance of the evidence. A hearing
41 which has been initiated shall not be discontinued because of the death
42 or incapacity of the hearing officer. In the event of a hearing offi-
43 cer's death or incapacity to serve, a new hearing officer shall be
44 designated by the department to continue the hearing. The new hearing
45 officer shall affirm in writing that he or she has read and considered
46 evidence and transcripts of the prior proceedings.

47 6. Results of hearing. The hearing officer designated by the depart-
48 ment shall render a written report which shall include:

49 a. findings of fact;

50 b. a determination on each violation alleged in the cease and desist
51 order;

52 c. a determination as to whether to accept, reject, or modify any of
53 the terms of the cease and desist order in whole or in part; and

54 d. the civil penalty imposed, if any. A copy of the hearing officer's
55 written report shall be served upon the respondent with a notice setting

1 forth the respondent's rights to an administrative appeal within ten
2 days of the conclusion of the hearing.

3 7. Appeals. a. The decision of the hearing officer shall be final,
4 except that it may be appealed to a regents review committee within
5 twenty days of the receipt of the hearing officer's report. The initi-
6 ation of an appeal shall not in and of itself affect the validity or
7 terms of the cease and desist order. The regents review committee shall
8 consist of three members, at least one of whom shall be a regent. The
9 review shall be based on the transcript and the report of the hearing
10 officer. The respondent may appear at the meeting, and the regents
11 review committee may require the respondent to appear. The respondent
12 may be represented by counsel. The department shall notify the respond-
13 ent at least ten days before the meeting (i) of the time and place of
14 the meeting, (ii) of the right to appear; (iii) of the right to be
15 represented by counsel; (iv) whether or not the respondent is required
16 to appear; and (iii) of such other information as may be considered
17 appropriate.

18 b. After the meeting, the regents review committee shall transmit a
19 written report of its review to the department. The department (i) shall
20 consider the transcript, the report of the hearing officer, and the
21 report of the regents review committee, (ii) shall decide whether the
22 respondent has violated each charge in the cease and desist order, (iii)
23 shall decide what penalties, if any, to impose as prescribed in this
24 section, and (iv) shall issue an order to carry out its decisions. Such
25 decisions shall require the affirmative vote of a majority of the
26 members of the department. The order shall be served upon the respondent
27 personally or by certified mail to the respondent's last known address
28 and such service shall be effective as of the date of the personal
29 service or five days after mailing by certified mail. The decisions of
30 the department under this section may be reviewed in a proceeding pursu-
31 ant to article seventy-eight of the civil practice law and rules brought
32 in the supreme court, Albany county. Such decisions shall not be stayed
33 or enjoined except upon application to such supreme court pursuant to
34 article sixty-three of the civil practice law and rules with notice to
35 the department and to the attorney general.

36 8. General enforcement of cease and desist order. In any case where
37 the cease and desist order is confirmed by the department or where the
38 respondent does not request an administrative hearing within the allot-
39 ted time or does not appeal the decision of the hearing officer within
40 the allotted time, an action or proceeding may be filed in the name of
41 the state of New York seeking a restraining order, injunction, appropri-
42 ate writ, or judgment against any person who violates the terms of the
43 cease and desist order.

44 9. a. Special enforcement of civil monetary penalties. Provided that
45 no appeal is pending on the imposition of such civil penalty, in the
46 event such civil penalty imposed by the department remains unpaid, in
47 whole or in part, more than forty-five days after written demand for
48 payment has been sent by first class mail to the address of the respond-
49 ent, a notice of impending default judgment shall be sent by first class
50 mail to the respondent. The notice of impending default judgment shall
51 advise the respondent:

52 (i) that a civil penalty was imposed on the respondent;
53 (ii) the date the penalty was imposed;
54 (iii) the amount of the civil penalty;
55 (iv) the amount of the civil penalty that remains unpaid as of the
56 date of the notice;

(v) the violations for which the civil penalty was imposed; and
(vi) that a judgment by default will be entered in the supreme court, Albany county unless the department receives full payment of all civil penalties due within twenty days of the date of the notice of impending default judgment.

b. If full payment shall not have been received by the department within thirty days of mailing of the notice of impending default judgment, the department shall proceed to enter with such court a statement of the default judgment containing the amount of the penalty or penalties remaining due and unpaid, along with proof of mailing of the notice of impending default judgment. The filing of such judgment shall have the full force and effect of a default judgment duly docketed with such court pursuant to the civil practice law and rules and shall in all respects be governed by that chapter and may be enforced in the same manner and with the same effect as that provided by law in respect to execution issued against property upon judgments of a court of record. A judgment entered pursuant to this subdivision shall remain in full force and effect for eight years notwithstanding any other provision of law.

6 having satisfied the mandatory continuing education requirements of this
7 section, shall maintain adequate documentation of completion of accepta-
8 ble formal continuing education to support such certification and shall
9 provide such documentation to the department upon request. Failure to
10 provide such documentation upon request of the department shall be an
11 act of misconduct subject to disciplinary proceedings pursuant to
12 section sixty-five hundred ten of this article.

13 6. The mandatory continuing education fee shall be forty-five dollars,
14 shall be payable on or before the first day of each triennial registra-
15 tion period, and shall be in addition to the triennial registration fee
16 required by section sixty-five hundred fifty-four of this title.

17 § 6555. Exempt persons. Nothing in this title shall be construed to
18 affect or prevent a student enrolled in a college of chiropractic in
19 this state from engaging in all phases of clinical practice under super-
20 vision of a licensed chiropractor or physician in a curriculum regis-
21 tered by the department.

22 § 6556. Special provisions. 1. Any chiropractor who holds a license
23 stating that the holder is not authorized to use x-ray in his or her
24 practice shall, on each registration, continue to obtain a license so
25 marked. Any chiropractor holding such a license may obtain a license
26 permitting the use of x-ray provided he or she first passes an examina-
27 tion in the use and effect of x-ray satisfactory to the board and the
28 department.

29 2. An applicant who graduated from a school of chiropractic prior to
30 January first, nineteen hundred sixty-eight need not meet the two-year

21 § 6602. Practice of dentistry and use of title "dentist". Only a
22 person licensed or otherwise authorized to practice under this title
23 shall practice dentistry or use the title "dentist".

24 § 6603. State board for dentistry. A state board for dentistry shall
25 be appointed by the department on recommendation of the commissioner for
26 the purpose of assisting the department on matters of professional
27 licensing and professional conduct in accordance with section sixty-five
28 hundred eight of this article. The board shall be composed of not less
29 than thirteen dentists licensed in this state for at least five years,
30 not less than three dental hygienists licensed in this state for at
31 least five years, and not less than one registered dental assistant
32 licensed in this state for at least one year. An executive secretary to
33 the board shall be appointed by the department on recommendation of the

50 4. Examination: pass a written examination satisfactory to the board
51 and in accordance with the commissioner's regulations;

52 5. Age: be at least twenty-one years of age;

53 6. Citizenship or immigration status: be a United States citizen or an
54 alien lawfully admitted for permanent residence in the United States;
55 provided, however, that the department may grant a three-year waiver for
56 an alien to practice in an area which has been designated a federal

2 grant an additional extension not to exceed six years to an alien to
3 enable him or her to secure citizenship or permanent resident status,
4 provided such status is being actively pursued;

5 7. Character: be of good moral character as determined by the depart-

11 persons not requiring admission to a department conducted examination,
12 and a fee of two hundred ten dollars for each triennial registration
13 period.

14 § 6604-a. Mandatory continuing education for dentists. 1. a. Each
15 dentist, licensed pursuant to this title, required to register trienni-
16 ally with the department to practice in this state shall comply with the
17 provisions of the mandatory continuing education requirements, except as
18 set forth in paragraphs b and c of this subdivision. Dentists who do not
19 satisfy the mandatory continuing education requirements shall not prac-
20 tice until they have met such requirements and have been issued a regis-
21 tration or conditional registration certificate.

22 b. Dentists shall be exempt from the mandatory continuing education
23 requirement for the triennial registration period during which they are
24 first licensed. In accordance with the intent of this section, adjust-
25 ments to the mandatory continuing education requirement may be granted
26 by the department for reasons of health, certified by a physician, for
27 extended active duty with the armed forces of the United States, or for
28 other good cause acceptable to the department which may prevent compli-
29 ance.

30 c. A licensed dentist not engaged in public practice as an individual
31 practitioner, a partner of a partnership, a shareholder of a profes-
32 sional service corporation, or an employee of such practice units, shall
33 be exempt from the mandatory continuing education requirement upon the
34 filing of a statement with the department declaring such status. Any
35 licensee who returns to the public practice of dentistry during the
36 triennial registration period shall notify the department prior to reen-
37 tering the profession and shall meet such mandatory continuing education
38 requirements as shall be prescribed by regulation of the commissioner.

39 2. During each triennial registration period an applicant for regis-
40 tration shall complete a minimum of sixty hours of acceptable formal
41 continuing education, a maximum of eighteen hours of which may be self-
42 instructional coursework as approved by the department. Beginning with
43 the first registration renewal period for any dentist occurring on or
44 after January first, two thousand two, and before the occurrence of the
45 second registration renewal period following that date, a dentist shall
46 have completed on a one-time basis, as part of the sixty hours of
47 acceptable formal continuing education required by this section, no
48 fewer than two hours of coursework and training regarding the chemical
49 and related effects and usage of tobacco and tobacco products and the
50 recognition, diagnosis, and treatment of the oral health effects,
51 including but not limited to cancers and other diseases, caused by
52 tobacco and tobacco products, provided that any dentist who provides
53 written proof satisfactory to the department that the dentist has
54 completed, at any time subsequent to the effective date of this section,
55 an approved mandatory continuing education course of not less than two
56 hours in the same or substantially similar subject matter shall be

1 deemed to have met this requirement, and further provided that dentists
2 who are exempt from the mandatory continuing education requirement for
3 the triennial registration period during which they are first licensed
4 shall also be exempt from this requirement for that period. Any dentist
5 whose first registration date following the effective date of this
6 section occurs less than three years from such effective date, but on or
7 after January first, nineteen hundred ninety-eight and before July
8 first, two thousand eight, shall complete continuing education hours on
9 a prorated basis at the rate of one and one-quarter hours per month for
10 the period beginning January first, nineteen hundred ninety-seven up to
11 the first registration date thereafter. For any registration period
12 beginning before July first, two thousand eight and ending on or after
13 such date, each dentist shall complete continuing education hours on a
14 pro rata basis at a rate of one and one-quarter hours per month for the
15 period ending June thirtieth, two thousand eight and at a rate of one
16 and two-thirds hours per month for the period beginning July first, two
17 thousand eight up to the first registration date thereafter. A licensee
18 who has not satisfied the mandatory continuing education requirements
19 shall not be issued a triennial registration certificate by the depart-
20 ment and shall not practice unless and until a conditional registration
21 certificate is issued as provided in subdivision three of this section.
22 The individual licensee shall determine the selection of courses or
23 programs of study pursuant to subdivision four of this section.

24 3. The department, in its discretion, may issue a conditional regis-
25 tration to a licensee who fails to meet the continuing education
26 requirements established in subdivision two of this section but who
27 agrees to make up any deficiencies and take any additional education
28 which the department may require. The fee for such a conditional regis-
29 tration shall be the same as, and in addition to, the fee for the trien-
30 niennial registration. The duration of such conditional registration shall
31 be determined by the department. Any licensee who is notified of the
32 denial of registration for failure to submit evidence, satisfactory to
33 the department, of completion of required continuing education and who
34 practices dentistry without such registration, may be subject to disci-
35 plinary proceedings pursuant to section sixty-five hundred ten of this
36 article.

37 4. As used in this section, "acceptable formal continuing education"
38 shall mean formal programs of learning which contribute to professional
39 practice and which meet the standards prescribed by regulations of the
40 commissioner. To fulfill the mandatory continuing education requirement,
41 programs must be taken from sponsors having at least one full-time
42 employee and the facilities, equipment, and financial and physical
43 resources to provide continuing education courses, approved by the
44 department, pursuant to the regulations of the commissioner.

45 5. The mandatory continuing education fee shall be forty-five dollars,
46 shall be payable on or before the first day of each triennial registra-
47 tion period, and shall be paid in addition to the triennial registration
48 fee required by section sixty-six hundred four of this title.

49 6. On or after the effective date of this subdivision, and no later
50 than the end of the first registration period commencing on or after
51 such date during which he or she is required to comply with the continu-
52 ing education requirements of this section, each dentist shall have
53 completed on a one-time basis, as part of the mandatory hours of accept-
54 able formal continuing education required by this section, no fewer than
55 three hours in a course approved by the department in dental jurispru-
56 dence and ethics, which shall include the laws, rules, regulations and

1 ethical principles relating to the practice of dentistry in New York
2 state, provided that postgraduate dental students enrolled in New York
3 state dental residency programs may satisfy the requirements of this
4 subdivision by taking such an approved course during the period of their
5 dental residency prior to their initial licensure.

6 § 6604-b. Restricted dental faculty license. 1. The department may
7 issue a restricted dental faculty license to a full-time faculty member
8 employed at an approved New York state school of dentistry. The holder
9 of such restricted dental faculty license shall have the authority to
10 practice dentistry, as defined in this title, but such practice of
11 dentistry shall be limited to the school's facilities or the school's
12 clinics, or facilities or clinics with relationships to the school
13 confirmed by formal affiliation agreements. Nothing in this section
14 shall be construed to authorize such holder of a restricted dental
15 faculty license to engage in the private practice of dentistry at any
16 other site.

17 2. To qualify for a restricted dental faculty license the applicant
18 shall present satisfactory evidence of the following:

19 a. The completion of a total of no less than six academic years of
20 pre-professional and professional education, including:

21 (i) courses in general chemistry, organic chemistry, biology or zoolo-
22 gy and physics; and

23 (ii) not less than four academic years of professional dental educa-
24 tion satisfactory to the department culminating in a degree, diploma or
25 certificate in dentistry recognized by the appropriate civil authorities
26 of the jurisdiction in which the school is located as acceptable for
27 entry into practice in the jurisdiction in which the school is located.

28 b. Within the last five years, have two years of satisfactory practice
29 as a dentist or have satisfactorily completed an advanced education
30 program in general dentistry or in a dental specialty, provided such
31 program is accredited by an organization accepted by the department as a
32 reliable authority for the purpose of accrediting such programs (such as
33 the commission on dental accreditation); and

34 c. Possesses good moral character as determined by the department.

35 3. The dean of the dental school shall notify the department in writ-
36 ing upon the submission of an initial license application and yearly
37 thereafter that the holder of the dental faculty license is employed
38 full-time at the dental school. Full-time employment means the holder
39 of such dental faculty license devotes at least four full working days
40 per week in teaching or patient care, research or administrative duties
41 at the dental school where employed. The dean of the dental school and
42 the holder of such dental faculty license shall each notify the depart-
43 ment in writing within thirty days of the termination of full-time
44 employment.

45 4. In order to continue to practice dentistry, the holder of a
46 restricted dental faculty license shall apply for and hold a current
47 triennial registration which shall be subject to the same registration
48 requirements as apply to holders of unrestricted dental licenses, except
49 that such registration shall be issued only upon the submission of
50 documentation satisfactory to the department of the holder's continued
51 status as a full-time dental faculty member, provided that such regis-
52 tration shall immediately terminate and the holder shall no longer be
53 authorized to practice if the holder ceases to be a full-time dental
54 faculty member at an approved New York state school of dentistry.

55 5. The holder of this restricted dental faculty license shall be
56 subject to the professional misconduct provisions set forth in subtitle

1 three of title one of this article and in the regulations and rules of
2 the department.

3 6. The fee for each restricted dental faculty license shall be three
4 hundred dollars, and the fee for initial registration and each subse-
5 quent re-registration shall be three hundred dollars.

6 7. In order to be eligible for a restricted dental faculty license an
7 applicant must be a United States citizen or an alien lawfully admitted
8 for permanent residence in the United States; provided, however, that
9 the department may grant a three-year waiver for an alien who otherwise
10 meets all other requirements for a restricted dental faculty license
11 except that the department may grant an additional extension not to
12 exceed six years to an alien to enable him or her to secure citizenship
13 or permanent resident status, provided such status is being actively
14 pursued. No current faculty member shall be displaced by the holder of a
15 restricted dental faculty license.

16 § 6605. Limited permits. 1. On recommendation of the board, the
17 department may issue a limited permit to a graduate of a dental college
18 who meets the educational qualifications for admission to the licensing
19 examination in dentistry for employment in a hospital or dental facility
20 approved by an appropriate agency, while under the direction or super-
21 vision of a licensed dentist. No such permit shall be issued or renewed
22 unless such graduate has a bona fide offer of a position in such a
23 hospital or dental facility.

24 2. On recommendation of the board, the department may issue a limited
25 permit for instructing in dentistry to a dentist not licensed under this
26 title to be employed by a registered school of dentistry or dental
27 hygiene to instruct and supervise clinical dentistry or dental hygiene
28 for students in such a registered school in the state, and in so doing
29 to practice dentistry as defined in this title, but only on the premises
30 of such registered school or such other premises as may be used for
31 instruction in the program of health conducted by such institution. No
32 person shall be permitted or authorized to instruct and supervise clin-
33 ical dentistry for students unless such person is licensed in this state
34 or holds the foregoing limited permit for instructing in dentistry.

35 3. The holder of a limited permit under this section may practice
36 dentistry, as defined in this title, but only in the performance of
37 duties required by the position for which the limited permit is issued.
38 Nothing in this section shall be construed to authorize such unlicensed
39 dentist to engage in the private practice of dentistry.

40 4. A limited permit under this section shall be valid for one year or
41 until ten days after notification of denial of an application for
42 license. A limited permit may be renewed for one year, except if the
43 applicant is serving in a residency program in a hospital or school of
44 dentistry in this state. A limited permit may be renewed annually for
45 the duration of such residency program. The fee for each limited permit
46 and for each renewal shall be one hundred five dollars.

47 5. Notwithstanding subdivision one of this section, dental school
48 graduates who meet the license requirement for education pursuant to
49 subdivision two of section sixty-six hundred four of this title shall be
50 deemed to be exempt persons pursuant to section sixty-six hundred ten of
51 this title and shall not be required to obtain a limited permit,
52 provided that they are employed in an approved residency program for the
53 purpose of fulfilling initial licensure requirements pursuant to section
54 sixty-six hundred four of this title. Not later than sixty days after
55 entry into an approved residency program, the dental resident shall
56 register on a form acceptable to the commissioner and pay to the depart-

1 ment a residency registration fee established by the department, which
2 residency registration fee shall be reasonable and shall not exceed the
3 limited permit fee specified in subdivision four of this section. All
4 persons deemed exempt pursuant to this section shall be subject to all
5 provisions of title one of this article, including but not limited to
6 having disciplinary action taken against their residency registration
7 status.

8 § 6605-a. Dental anesthesia certificate. 1. A licensed dentist shall
9 not employ conscious sedation, deep sedation or general anesthesia in
10 the practice of dentistry, at any location other than a general hospi-
11 tal, without a dental anesthesia certificate issued by the department.

12 2. The commissioner shall promulgate regulations, establishing stand-
13 ards and procedures for the issuance of certificates. Such standards
14 shall require completion of an educational program and/or course of
15 training or experience sufficient to ensure that a dentist is specif-
16 ically trained in the use and administration of conscious sedation, deep
17 sedation or general anesthesia and in the possible effects of such use,
18 and in the recognition of and response to possible emergency situations.
19 Such regulations may also establish standards and safeguards for the use
20 of conscious sedation, deep sedation or general anesthesia.

21 3. Nothing in this section shall limit a dentist's use of local anes-
22 thesia, a dentist's use of nitrous oxide, or a dentist's use of any
23 other substance or agent for a purpose other than achieving deep
24 sedation, conscious sedation, or general anesthesia.

25 4. The fee for a dental anesthesia certificate shall be one hundred
26 dollars and shall be paid on a triennial basis upon renewal of such
27 certificate. A certificate may be suspended or revoked in the same
28 manner as a license to practice dentistry.

29 § 6605-b. Dental hygiene restricted local infiltration
30 anesthesia/nitrous oxide analgesia certificate. 1. A dental hygienist
31 shall not administer or monitor nitrous oxide analgesia or local infil-
32 tration anesthesia in the practice of dental hygiene without a dental
33 hygiene restricted local infiltration anesthesia/nitrous oxide analgesia
34 certificate and except under the personal supervision of a dentist and
35 in conjunction with the performance of dental hygiene procedures author-
36 ized by law and in accordance with regulations promulgated by the
37 commissioner. Personal supervision, for purposes of this section, means
38 that the supervising dentist remains in the dental office where the
39 local infiltration anesthesia or nitrous oxide analgesia services are
40 being performed, personally authorizes and prescribes the use of local
41 infiltration anesthesia or nitrous oxide analgesia for the patient and,
42 before dismissal of the patient, personally examines the condition of
43 the patient after the use of local infiltration anesthesia or nitrous
44 oxide analgesia is completed. It is professional misconduct for a
45 dentist to fail to provide the supervision required by this section, and
46 any dentist found guilty of such misconduct under the procedures
47 prescribed in section sixty-five hundred ten of this article shall be
48 subject to the penalties prescribed in section sixty-five hundred eleven
49 of this article.

50 2. The commissioner shall promulgate regulations establishing stand-
51 ards and procedures for the issuance of such certificate. Such standards
52 shall require completion of an educational program and/or course of
53 training or experience sufficient to ensure that a dental hygienist is
54 specifically trained in the administration and monitoring of nitrous
55 oxide analgesia and local infiltration anesthesia, the possible effects

1 of such use, and in the recognition of and response to possible emergen-
2 cy situations.

3 3. The fee for a dental hygiene restricted local infiltration
4 anesthesia/nitrous oxide analgesia certificate shall be twenty-five
5 dollars and shall be paid on a triennial basis upon renewal of such
6 certificate. A certificate may be suspended or revoked in the same
7 manner as a license to practice dental hygiene.

8 § 6606. Definition of practice of dental hygiene. 1. The practice of
9 the profession of dental hygiene is defined as the performance of dental
10 services which shall include removing calcareous deposits, accretions
11 and stains from the exposed surfaces of the teeth which begin at the
12 epithelial attachment and applying topical agents indicated for a
13 complete dental prophylaxis, removing cement, placing or removing rubber
14 dam, removing sutures, placing matrix band, providing patient education,
15 applying topical medication, placing and exposing diagnostic dental
16 x-ray films, performing topical fluoride applications and topical anes-
17 thetic applications, polishing teeth, taking medical history, charting
18 caries, taking impressions for study casts, placing and removing tempo-
19 rary restorations, administering and monitoring nitrous oxide analgesia
20 and administering and monitoring local infiltration anesthesia, subject
21 to certification in accordance with section sixty-six hundred five-b of
22 this title, and any other function in the definition of the practice of
23 dentistry as may be delegated by a licensed dentist in accordance with
24 regulations promulgated by the commissioner. The practice of dental
25 hygiene may be conducted in the office of any licensed dentist or in any
26 appropriately equipped school or public institution but must be done
27 either under the supervision of a licensed dentist or, in the case of a
28 registered dental hygienist working for a hospital as defined in article
29 twenty-eight of this chapter, pursuant to a collaborative arrangement
30 with a licensed and registered dentist who has a formal relationship
31 with the same hospital in accordance with regulations promulgated by the
32 department. Such collaborative arrangement shall not obviate or super-
33 sede any law or regulation which requires identified services to be
34 performed under the personal supervision of a dentist. When dental
35 hygiene services are provided pursuant to a collaborative agreement,
36 such dental hygienist shall instruct individuals to visit a licensed
37 dentist for comprehensive examination or treatment.

38 2. The commissioner shall promulgate regulations defining the func-
39 tions a dental hygienist may perform that are consistent with the train-
40 ing and qualifications for a license as a dental hygienist.

41 § 6607. Practice of dental hygiene and use of title "dental hygien-
42 ist". Only a person licensed under section sixty-six hundred nine of
43 this title or exempt shall practice dental hygiene or use the title
44 "dental hygienist".

45 § 6608. Definition of practice of registered dental assisting. The
46 practice of registered dental assisting is defined as providing support-
47 ive services to a dentist in his or her performance of dental services
48 authorized under this title. Such support shall include providing
49 patient education, taking preliminary medical histories and vital signs
50 to be reviewed by the dentist, placing and removing rubber dams, select-
51 ing and prefittting provisional crowns, selecting and prefittting ortho-
52 dontic bands, removing orthodontic arch wires and ligature ties, placing
53 and removing matrix bands, taking impressions for study casts or diag-
54 nostic casts, removing periodontal dressings, and such other dental
55 supportive services authorized by the dentist consistent with regu-
56 lations promulgated by the commissioner, provided that such functions

1 are performed under the direct personal supervision of a licensed
2 dentist in the course of the performance of dental services. Such
3 services shall not include diagnosing and/or performing surgical proce-
4 dures, irreversible procedures or procedures that would alter the hard
5 or soft tissue of the oral and maxillofacial area or any other proce-
6 dures determined by the department. The practice of registered dental
7 assisting may be conducted in the office of any licensed dentist or in
8 any appropriately equipped school or public institution but must be done
9 under the direct personal supervision of a licensed dentist. Direct
10 personal supervision, for purposes of this section, means supervision of
11 dental procedures based on instructions given by a licensed dentist in
12 the course of a procedure who remains in the dental office where the
13 supportive services are being performed, personally diagnoses the condi-
14 tion to be treated, personally authorizes the procedures, and before
15 dismissal of the patient, who remains the responsibility of the licensed
16 dentist, evaluates the services performed by the registered dental
17 assistant. Nothing herein authorizes a registered dental assistant to
18 perform any of the services or functions defined as part of the practice
19 of dental hygiene in accordance with the provisions of subdivision one
20 of section sixty-six hundred six of this title, except those functions
21 authorized pursuant to this section. All dental supportive services
22 provided in this section may be performed by currently registered dental
23 hygienists either under a dentist's supervision, as defined in regu-
24 lations of the commissioner, or, in the case of a registered dental
25 hygienist working for a hospital as defined in article twenty-eight of
26 this chapter, pursuant to a collaborative arrangement with a licensed
27 dentist in accordance with subdivision one of section sixty-six hundred
28 six of this title. Such collaborative arrangement shall not obviate or
29 supersede any law or regulation which requires identified services to be
30 performed under the personal supervision of a dentist.

31 § 6608-a. Practice of registered dental assisting and use of title
32 "registered dental assistant". Only a person certified under section
33 sixty-six hundred eight-b of this title or exempt pursuant to section
34 sixty-six hundred ten of this title shall practice registered dental
35 assisting. Only a person certified pursuant to section sixty-six hundred
36 eight-b of this title shall use the title "registered dental assistant".

37 § 6608-b. Requirements for certification as a registered dental
38 assistant. To qualify for certification as a registered dental assist-
39 ant, an applicant shall fulfill the following requirements:

- 40 1. Application: file an application with the department;
- 41 2. Age: be at least eighteen years of age;

7 States, or for other good cause acceptable to the department which may
8 prevent compliance.

9 c. A licensed dental hygienist not engaged in the practice of dental

35 of this section.

36 3. The department, in its discretion, may issue a conditional regis-

38 requirements established in subdivision two of this section but who
39 agrees to make up any deficiencies and take any additional education
40 which the department may require. The fee for such a conditional regis-

42 niennial registration. The duration of such conditional registration shall
43 be determined by the department. Any licensee who is notified of the
44 denial of registration for failure to submit evidence, satisfactory to
45 the department, of completion of required continuing education and who
46 practices dental hygiene without such registration, may be subject to
47 disciplinary proceedings pursuant to section sixty-five hundred ten of
48 this article.

No fee may be charged for the practice of dentistry authorized by this subdivision.

7. A dentist licensed in another state or country who is visiting an approved dental school or any other entity operating a residency program that has been accredited by a national accrediting body approved by the department to receive dental instruction for a period not to exceed ninety days from engaging in clinical practice, provided such practice is limited to such instruction and is under the direct supervision of a licensed dentist.

8. Any student matriculated in an accredited dental school located outside New York state from engaging in appropriately supervised clinical practice as part of the school's dental program in a teaching hospital which has a teaching affiliation agreement with the student's dental school.

1 § 6611. Special provisions. 1. Except upon the written dental labora-
2 tory prescription of a licensed dentist and except by the use of
3 impressions or casts made by a licensed dentist, no dental laboratory
4 shall furnish, supply, construct, reproduce, place, adjust, or repair
5 any dental prosthesis, device, or appliance. A dental laboratory
6 prescription shall be made out in duplicate. It shall contain such data
7 as may be prescribed by the commissioner's regulations. One copy shall
8 be retained by the practitioner of dentistry for a period of one year.
9 The other copy shall be issued to the person, firm or corporation
10 engaged in filling dental laboratory prescriptions, who or which shall
11 each retain and file in their respective offices or places of business
12 their respective copies for a period of one year.

13 2. The department is empowered to inspect and to have access to all
14 places, including the office or offices of a licensed dentist, where
15 copies of dental laboratory prescriptions issued by him or her are
16 retained as required by this section, and to all places where dental
17 laboratory prescriptions are filled or to any workroom or workrooms in
18 which prosthetic restorations, prosthetic dentures, bridges, orthodontic
19 or other appliances or structures to be used as substitutes for natural
20 teeth or tissue or for the correction of malocclusion or deformities are
21 made, repaired or altered, with power to subpoena and examine records of
22 dental laboratory prescriptions. A person who fails to grant access to
23 such places or who fails to maintain prescriptions as required by this
24 section shall be guilty of a class A misdemeanor.

25 3. The department may arrange for the conduct of clinical examinations
26 in the clinic of any school of dentistry or dental hygiene within or
27 outside the state for dental or dental hygiene candidates.

28 4. A not-for-profit dental or medical expense indemnity corporation or
29 hospital service corporation organized under the insurance law or pursu-

31 partnerships of dentists to provide dental care on its behalf for
32 persons insured under its contracts or policies.

33 5. Legally incorporated dental corporations existing and in operation
34 prior to January first, nineteen hundred sixteen, may continue to oper-

36 title. Any such corporation which shall be dissolved or cease to exist
37 or operate for any reason whatsoever shall not be permitted to resume
38 operations. No such corporation shall change its name or sell its fran-

43 rights without such permission shall be deemed to have forfeited its
44 rights to exist and may be dissolved by an action brought by the attor-

46 6. Notwithstanding any inconsistent provision of any general, special
47 or local law, any licensed dentist who voluntarily and without the

50 hospital or any other place having proper and necessary medical equip-
51 ment, to a person who is unconscious, ill or injured shall not be liable
52 for damages for injuries alleged to have been sustained by such person
53 or for damages for the death of such person alleged to have occurred by
54 reason of an act or omission in the rendering of such first aid or emer-
55 gency treatment unless it is established that such injuries were or such
56 death was caused by gross negligence on the part of such dentist. Noth-

1 ing in this subdivision shall be deemed or construed to relieve a
2 licensed dentist from liability for damages for injuries or death caused
3 by an act or omission on the part of a dentist while rendering profes-
4 sional services in the normal and ordinary course of practice.

5 7. Any dentist or dental hygienist, who in the performance of dental
6 services, x-rays the mouth or teeth of a patient shall during the
7 performance of such x-rays shield the torso and thyroid area of such
8 patient including but not limited to the gonads and other reproductive
9 organs with a lead apron thyroid collar, or other similar protective
10 garment or device. Notwithstanding the provisions of this subdivision,
11 if in the dentist's professional judgment the use of a thyroid collar
12 would be inappropriate under the circumstances, because of the nature of
13 the patient, the type of x-ray being taken, or other factors, the
14 dentist or dental hygienist need not shield the thyroid area.

15 8. An unlicensed person may provide supportive services to a dentist
16 incidental to and concurrent with such dentist personally performing a
17 service or procedure. Nothing in this subdivision shall be construed to
18 allow an unlicensed person to provide any service which constitutes the

20 9. There shall be no monetary liability on the part of, and no cause
21 of action for damages shall arise against, any person, partnership,
22 corporation, firm, society, or other entity on account of the communi-

24 account of any recommendation or evaluation, regarding the qualifica-
25 tions, fitness, or professional conduct or practices of a dentist, to
26 any governmental agency, dental or specialists society, or hospital as
27 defined in article twenty-eight of this chapter. The foregoing shall
28 not apply to information which is untrue and communicated with malicious
29 intent.

31 tal as defined in article twenty-eight of this chapter who practices in
32 collaboration with a licensed dentist shall become certified in cardiop-
33 ulmonary resuscitation (CPR) from an approved provider and thereafter
34 maintain current certification, which shall be included in the mandatory
35 hours of continuing education acceptable for dentists to the extent
36 provided in the commissioner's regulations. In the event the dentist or
37 registered dental hygienist cannot physically perform CPR, the commis-
38 sioner's regulations shall allow the dentist or registered dental
39 hygienist to make arrangements for another individual in the office to
40 administer CPR. All dental facilities shall have an automatic external

46 for natural teeth, shall offer to the patient for whom the prosthesis is
47 intended the opportunity to have such prosthesis marked with the
48 patient's name or initials. Such markings shall be accomplished at the
49 time the prosthesis is made and the location and methods used to apply
50 or implant them shall be determined by the dentist or the person acting
51 on behalf of the dentist. Such marking shall be permanent, legible and
52 cosmetically acceptable.

53 2. Notwithstanding the foregoing, if in the judgment of the dentist or
54 the person making the prosthesis, such identification is not practicable
55 or clinically safe, the identification marks may be omitted entirely.

31 care services setting by a licensed physical therapist shall not exceed
32 the ratio of two physical therapist assistants to one licensed physical
33 therapist.

12 hospital, nursing home or extended care facility which does not meet all
13 of the requirements for registration as a pharmacy, the department may
14 waive any requirements pertaining to full-time operation by a licensed
15 pharmacist, minimum equipment, minimum space and waiting area, provided
16 that when the waiver of any of the above requirements is granted by the
17 board, the pharmaceutical services to be rendered by the pharmacy shall
18 be limited to furnishing drugs to patients registered for treatment by
19 the hospital, and to in-patients for treatment by the nursing home or
20 extended care facility.

21 (ii) When in the opinion of the department, a high standard of patient
22 safety, consistent with good patient care, can be provided by the regis-
23 tering of a pharmacy within a facility distributing dialysis solutions
24 for patients suffering from end stage renal disease and where the phar-
25 maceutical services to be rendered by the pharmacy shall be limited to
26 furnishing dialysis solutions to patients for whom such has been
27 prescribed by a duly authorized prescriber, the department may waive
28 certain requirements, including, but not limited to, full-time operation
29 by a licensed pharmacist, minimum equipment, and minimum space and wait-
30 ing area. Such solutions shall only be dispensed by employees who have
31 completed an approved training program and who have demonstrated profi-

35 record keeping, labeling and delivery of all dialysis solutions
36 dispensed by the distributor as required by the department.

37 (iii) The department shall promulgate such rules or regulations
38 consistent with this paragraph as are necessary to ensure the safe

48 greater interest in the corporation.

53 (ii) The application shall be accompanied by a fee of eight hundred
54 twenty-five dollars.

55 b. Renewal of registration. All wholesalers' and manufacturers' regis-

1 registration fee shall be five hundred twenty dollars, or a prorated
2 portion thereof as determined by the department.

3 c. Display of registration. The registration shall be displayed
4 conspicuously at all times in the place of business.

5 d. Change of location. In the event that the location of such place of
6 business shall be changed, the owner shall apply to the department for
7 inspection of the new location and endorsement of the registration for
8 the new location. The fee for inspection and endorsement shall be one
9 hundred seventy dollars, unless it appears to the satisfaction of the
10 department that the change in location is of a temporary nature due to
11 fire, flood or other disaster.

12 4. Outsourcing facility's registration. a. Obtaining a registration.
13 An outsourcing facility shall be registered as follows:

14 (i) An application for initial registration or renewal of registration
15 shall be made on a form prescribed by the department.

16 (ii) An application for initial registration shall be accompanied by a
17 fee of eight hundred twenty-five dollars.

21 thereof as determined by the department.

22 c. Display of registration. The registration shall be displayed
23 conspicuously in the place of business.

24 d. Change of location. In the event that the location of such place of
25 business shall be changed, the owner shall apply to the department for
26 inspection of the new location and endorsement of the registration for
27 the new location. The fee for inspection and endorsement shall be one
28 hundred seventy-five dollars, unless it appears to the satisfaction of
29 the department that the change in location is of a temporary nature due
30 to fire, flood or other disaster.

31 e. Report. Upon initially registering as an outsourcing facility and
32 every six months thereafter, each outsourcing facility shall submit to
33 the executive secretary of the state board of pharmacy a report:

34 (i) identifying the drugs compounded by such outsourcing facility
35 during the previous six-month period; and

36 (ii) with respect to each drug identified under subparagraph (i) of
37 this paragraph, providing the active ingredient; the source of such
38 active ingredient; the National Drug Code number of the source drug or
39 bulk active ingredient, if available; the strength of the active ingre-
40 dient per unit; the dosage form and route of administration; the package
41 description; the number of individual units produced; and the National
42 Drug Code number of the final product, if assigned.

43 f. Conduct of outsourcing facility. Every owner of an outsourcing
44 facility is responsible for the strength, quality, purity and labeling
45 thereof of all compounded drugs, subject to the guaranty provisions of
46 this title and this chapter. Every outsourcing facility shall be under
47 the immediate supervision and management of a pharmacist licensed to
48 practice in New York state.

49 g. Applicant for registration. An applicant for registration of an
50 outsourcing facility shall be of good moral character, as determined by
51 the department. In the case of a corporate applicant, the requirement
52 shall extend to all officers and directors and stakeholders having a ten
53 percent or greater interest in the corporation.

54 5. Inspection. The state board of pharmacy and the department, and
55 their employees designated by the commissioner, shall have the right to
56 enter any pharmacy, wholesaler, manufacturer, outsourcing facility or

1 vehicle and to inspect, at reasonable times, such factory, warehouse,
2 establishment or vehicle and all records required by this title, perti-
3 nent equipment, finished and unfinished materials, containers, and
4 labels.

5 6. Penalties. A pharmacy, wholesaler, manufacturer or outsourcing
6 facility registered under this section shall be under the supervision of
7 the department and shall be subject to disciplinary proceedings and
8 penalties in accordance with subtitle three of title one of this article
9 in the same manner and to the same extent as individuals and profes-
10 sional service corporations with respect to their licenses and registra-
11 tions, provided that failure to comply with the requirements of this
12 section shall constitute professional misconduct.

13 7. Sale of drugs at auction. No controlled substance or substances and
14 no poisonous or deleterious drugs or drugs in bulk or in opened contain-
15 ers shall be sold at auction unless the place where such drugs are sold
16 at auction shall have been registered by the board, and unless such sale
17 shall be under the personal supervision of a licensed pharmacist. Drugs
18 in open containers shall not be sold at auction unless the seller shall
19 have in his or her possession a certificate of the board showing that
20 such drugs have been inspected and meet the requirements of this title.
21 In the event that the drug so sold is one as to which this title or any
22 federal statute or any regulation adopted pursuant to this title or an
23 applicable federal statute require that the expiration date be stated on
24 each package, such drug may not be sold at auction after such expiration
25 date or when such expiration date will occur within a period of thirty
26 days or less from the date of sale.

27 § 6809. Identification of pharmacists. Every pharmacist on duty shall
28 be identified by a badge designed by the state board of pharmacy, which
29 shall contain his or her name and title.

30 § 6809-a. Registration of nonresident establishments. 1. Definition.
31 The term "nonresident establishment" shall mean any pharmacy, manufac-
32 turer, wholesaler, or outsourcing facility located outside of the state
33 that ships, mails or delivers prescription drugs or devices to other
34 establishments, authorized prescribers and/or patients residing in this
35 state. Such establishments shall include, but not be limited to, pharma-
36 cies that transact business through the use of the internet.

37 2. Registration. All nonresident establishments that ship, mail, or
38 deliver prescription drugs and/or devices to other registered establish-
39 ments, authorized prescribers, and/or patients into this state shall be
40 registered with the department; except that such registration shall not
41 apply to intra-company transfers between any division, affiliate,
42 subsidiaries, parent or other entities under complete common ownership
43 and control. The provisions of this subdivision shall apply solely to
44 nonresident establishments and shall not affect any other provision of
45 this title.

46 3. Agent of record. Each nonresident establishment that ships, mails
47 or delivers drugs and/or devices into this state shall designate a resi-
48 dent agent in this state for service of process pursuant to rule three
49 hundred eighteen of the civil practice law and rules.

50 4. Conditions of registration. As a condition of registration, a
51 nonresident establishment shall comply with the following requirements:

52 a. Be licensed and/or registered and in good standing with the state
53 of residence;

54 b. Maintain, in readily retrievable form, records of drugs and/or
55 devices shipped into this state;

1 c. Supply, upon request, all information needed by the department to
2 carry out the department's responsibilities under the laws and rules and
3 regulations pertaining to nonresident establishments;

4 d. Comply with all statutory and regulatory requirements of the state
5 where the nonresident establishment is located, for prescription drugs
6 or devices shipped, mailed or delivered into this state, except that for
7 controlled substances shipped, mailed or delivered into this state, the
8 nonresident pharmacy shall follow federal law and New York law relating
9 to controlled substances;

10 e. The application shall be made in the manner and form prescribed by
11 the department;

12 f. The application of establishments to be registered as a manufactur-
13 er, wholesaler or outsourcing facility of drugs and/or devices shall be
14 accompanied by a fee as provided in section sixty-eight hundred eight of
15 this title; and

16 g. The application of establishments to be registered as a nonresident
17 pharmacy shall be accompanied by a fee of three hundred forty-five
18 dollars and shall be renewed triennially at a fee of two hundred sixty
19 dollars.

20 5. Additional requirements. Nonresident pharmacies registered pursuant
21 to this section shall:

22 a. Provide a toll-free telephone number that is available during
23 normal business hours and at least forty hours per week, to enable
24 communication between a patient in this state and a pharmacist at the
25 pharmacy who has access to the patient's records; and

26 b. Place such toll-free telephone number on a label affixed to each
27 drug or device container.

28 6. Disciplinary action. Except in emergencies that constitute an imme-
29 diat threat to public health, the department shall not prosecute a
30 complaint or otherwise take formal action against a nonresident estab-
31 lishment based upon delivery of a drug into this state or a violation of
32 law, rule, or regulation of this state if the agency having jurisdiction
33 in the state where the nonresident establishment is based commences
34 action on the violation complained of within one hundred twenty days
35 from the date that the violation was reported; provided however, that
36 the department may prosecute a complaint or take formal action against a
37 nonresident establishment if it determines that the agency having juris-
38 isdiction in the state where the nonresident establishment is based has
39 unreasonably delayed or otherwise failed to take prompt and appropriate
40 action on a reported violation.

41 7. Revocation or suspension. A nonresident establishment that fails to
42 comply with the requirements of this section shall be subject to revoca-
43 tion or suspension of its registration and other applicable penalties in
44 accordance with the provisions of subtitle three of title one of this
45 article.

46 8. Exception. The department may grant an exception from the registra-
47 tion requirements of this section on the application of a nonresident
48 establishment that restricts its sale or dispensing of drugs and/or
49 devices to residents of this state to isolated transactions.

50 9. Rules and regulations. The department shall promulgate rules and
51 regulations to implement the provisions of this section.

52 § 6810. Prescriptions. 1. No drug for which a prescription is required
53 by the provisions of the Federal Food, Drug and Cosmetic Act or by the
54 commissioner shall be distributed or dispensed to any person except upon
55 a prescription written by a person legally authorized to issue such
56 prescription. Such drug shall be compounded or dispensed by a licensed

1 pharmacist, and no such drug shall be dispensed without affixing to the
2 immediate container in which the drug is sold or dispensed a label bear-
3 ing the name and address of the owner of the establishment in which it
4 was dispensed, the date compounded, the number of the prescription under
5 which it is recorded in the pharmacist's prescription files, the name of
6 the prescriber, the name and address of the patient, and the directions
7 for the use of the drug by the patient as given upon the prescription.
8 All labels shall conform to such rules and regulations as promulgated by
9 the commissioner pursuant to section sixty-eight hundred twenty-nine of
10 this title. The prescribing and dispensing of a drug which is a
11 controlled substance shall be subject to additional requirements
12 provided in article thirty-three of this chapter. The words "drug" and
13 "prescription required drug" within the meaning of this title shall not
14 be construed to include soft or hard contact lenses, eyeglasses, or any
15 other device for the aid or correction of vision. Nothing in this subdi-
16 vision shall prevent a pharmacy from furnishing a drug to another phar-
17 macy which does not have such drug in stock for the purpose of filling a
18 prescription.

19 2. a. A prescription may not be refilled unless it bears a contrary
20 instruction and indicates on its face the number of times it may be
21 refilled. A prescription may not be refilled more times than allowed on
22 the prescription. The date of each refilling must be indicated on the
23 original prescription. Prescriptions for controlled substances shall be
24 refilled only pursuant to article thirty-three of this chapter.

25 b. A pharmacy registered with the department pursuant to section
26 sixty-eight hundred eight or sixty-eight hundred nine-a of this title
27 may not deliver a new or refilled prescription off premises without the
28 consent of the patient or an individual authorized to consent on the
29 patient's behalf. For the purposes of this section, consent may be
30 obtained in the same manner and process by which consent is deemed
31 acceptable under the federal Medicare Part D program.

32 c. Pharmacy providers who deliver medication without patient or
33 authorized individual consent will be required to accept the return of
34 the medication from the patient, provide that patient credit for any
35 charges they may have paid, and will be required to destroy those medi-
36 cations sent without consent on delivery in accordance with applicable
37 state and federal law. Nothing in this section shall be deemed to inter-
38 fere with the requirements for refill reminder or medication adherence
39 programs. Nothing in this section is intended to apply to long-term
40 care pharmacy dispensing and delivery.

41 3. A copy of a prescription for a controlled substance shall not be
42 furnished to the patient but may be furnished to any licensed practi-
43 titioner authorized to write such prescription. Copies of other
44 prescriptions shall be furnished to the patient at his or her request,
45 but such copies are issued for the informational purposes of the pres-
46 cribers only, and shall be so worded.

47 4. a. Oral prescriptions for controlled substances shall be filled
48 pursuant to article thirty-three of this chapter. A pharmacist may fill
49 an oral prescription for a drug, other than a controlled substance, made
50 by a practitioner legally authorized to prescribe drugs. An oral
51 authorization for the refill of a prescription, other than a
52 prescription for a controlled substance, may be made by a practitioner
53 legally authorized to prescribe drugs. The pharmacist receiving such
54 oral authorization for the refill of a prescription shall write on the
55 reverse side of the original prescription the date, time, and name of
56 the practitioner authorizing the refill of the prescription. An oral

1 prescription or an oral authorization for the refill of a prescription
2 for the drug, other than a controlled substance, may be communicated by
3 an employee of the prescribing practitioner; provided, however, the
4 pharmacist shall:

- 5 (i) contemporaneously reduce such prescription to writing;
6 (ii) dispense the substance in conformity with the labeling require-
7 ments applicable to a written prescription; and
8 (iii) make a good faith effort to verify the employee's identity if
9 the employee is unknown to the pharmacist.

10 b. Oral prescriptions for patients in general hospitals, nursing
11 homes, residential health care facilities as defined in section twenty-
12 eight hundred one of this chapter, hospitals as defined in subdivision
13 ten of section 1.03 of the mental hygiene law, or facilities operated by
14 the office for people with developmental disabilities, may be communi-
15 cated to a pharmacist serving as a vendor of pharmaceutical services
16 based upon a contractual arrangement by an agent designated by and under
17 the direction of the prescriber or the institution. Such agent shall be
18 a health care practitioner currently licensed and registered under this
19 article.

20 5. Records of all prescriptions filled or refilled shall be maintained
21 for a period of at least five years and upon request made available for
22 inspection and copying by a representative of the department. Such
23 records shall indicate date of filling or refilling, doctor's name,
24 patient's name and address and the name or initials of the pharmacist
25 who prepared, compounded, or dispensed the prescription. Records of
26 prescriptions for controlled substances shall be maintained pursuant to
27 requirements of article thirty-three of this chapter.

28 6. a. Every prescription written in this state by a person authorized
29 to issue such prescription shall be on prescription forms containing one
30 line for the prescriber's signature. The prescriber's signature shall
31 validate the prescription. Every electronic prescription shall provide
32 for the prescriber's electronic signature, which shall validate the
33 electronic prescription. Imprinted conspicuously on every prescription
34 written in this state in eight-point upper case type immediately below
35 the signature line shall be the words: "THIS PRESCRIPTION WILL BE
36 FILLED GENERICALLY UNLESS PRESCRIBER WRITES 'd a w' IN THE BOX BELOW".
37 Unless the prescriber writes d a w in such box in the prescriber's own
38 handwriting or, in the case of electronic prescriptions, inserts an
39 electronic direction to dispense the drug as written, the prescriber's
40 signature or electronic signature shall designate approval of substi-
41 tution by a pharmacist of a drug product pursuant to paragraph (o) of
42 subdivision one of section two hundred six of this chapter. No other
43 letters or marks in such box shall prohibit substitution. No
44 prescription forms used or intended to be used by a person authorized to
45 issue a prescription shall have 'd a w' preprinted in such box. Such box
46 shall be placed directly under the signature line and shall be three-
47 quarters inch in length and one-half inch in height, or in comparable
48 form for an electronic prescription as may be specified by regulation of
49 the commissioner. Immediately below such box shall be imprinted in six
50 point type the words "Dispense As Written". Notwithstanding any other
51 provision of law, no state official, agency, board or other entity shall
52 promulgate any regulation or guideline modifying those elements of the
53 prescription form's contents specified in this subdivision. To the
54 extent otherwise permitted by law, a prescriber may modify only those
55 elements of the prescription form's contents not specified in this
56 subdivision. Notwithstanding any other provision of this section or any

1 other law, when a generic drug is not available and the brand name drug
2 originally prescribed is available and the pharmacist agrees to dispense
3 the brand name product for a price that will not exceed the price that
4 would have been charged for the generic substitute had it been avail-
5 able, substitution of a generic drug product will not be required. If
6 the generic drug product is not available and a medical emergency situ-
7 ation, which for purposes of this section is defined as any condition
8 requiring alleviation of severe pain or which threatens to cause disa-
9 bility or take life if not promptly treated, exists, then the pharmacist
10 may dispense the brand name product at his or her regular price. In such
11 instances the pharmacist must record the date, hour and nature of the
12 medical emergency on the back of the prescription and keep a copy of all
13 such prescriptions.

14 b. The prescriber shall inform the patient whether he or she has
15 prescribed a brand name or its generic equivalent drug product.

16 c. The provisions of this subdivision shall not apply to a hospital as
17 defined in article twenty-eight of this chapter.

18 d. No prescriber shall be subjected to civil liability arising solely
19 from authorizing, in accordance with this subdivision, the substitution
20 by a pharmacist of a drug product pursuant to paragraph (o) of subdivi-
21 sion one of section two hundred six of this chapter.

22 7. a. No prescription for a drug written in this state by a person
23 authorized to issue such prescription shall be on a prescription form
24 which authorizes the dispensing or compounding of any other drug. No
25 drug shall be dispensed by a pharmacist when such prescription form
26 includes any other drug.

27 b. With respect to drugs other than controlled substances, the
28 provisions of this subdivision shall not apply to pharmacists employed
29 by or providing services under contract to general hospitals, nursing
30 homes, residential health care facilities as defined in section twenty-
31 eight hundred one of this chapter, hospitals as defined in subdivision
32 ten of section 1.03 of the mental hygiene law, or facilities operated by
33 the office for people with developmental disabilities, who dispense
34 drugs in the course of said employment or in the course of providing
35 such services under contract. With respect to such pharmacists, each
36 prescription shall be transcribed on a patient specific prescription
37 form.

38 8. Every prescription, whether or not for a controlled substance,
39 written in this state by a person authorized to issue such prescription
40 and containing the prescriber's signature shall, in addition to such
41 signature, be imprinted or stamped legibly and conspicuously with the
42 printed name of the prescriber who has signed the prescription. The
43 imprinted or stamped name of the signing prescriber shall appear in an
44 appropriate location on the prescription form and shall not be entered
45 in or upon any space or line reserved for the prescriber's signature.
46 The imprinted or stamped name shall not be employed as a substitute for,
47 or fulfill any legal requirement otherwise mandating that the
48 prescription be signed by the prescriber.

49 9. No person, corporation, association or other entity, not licensed
50 to issue a prescription pursuant to this article, shall willfully cause
51 prescription forms, blanks or facsimiles thereof to be disseminated to
52 any person other than a person who is licensed to issue a prescription
53 pursuant to this article. A violation of this subdivision shall be a
54 class B misdemeanor punishable in accordance with the provisions of the
55 penal law.

10. Notwithstanding any other provision of this section or any other law to the contrary, effective three years subsequent to the date on which regulations establishing standards for electronic prescriptions are promulgated by the commissioner pursuant to subdivision three of section two hundred eighty-one of this chapter, no practitioner shall issue any prescription in this state, unless such prescription is made by electronic prescription from the practitioner to a pharmacy, except for prescriptions: a. issued by veterinarians; b. issued or dispensed in circumstances where electronic prescribing is not available due to temporary technological or electrical failure, as set forth in regulation; c. issued by practitioners who have received a waiver or a renewal thereof for a specified period determined by the commissioner, not to exceed one year, from the requirement to use electronic prescribing, pursuant to a process established in regulation by the commissioner due to economic hardship, technological limitations that are not reasonably within the control of the practitioner, or other exceptional circumstance demonstrated by the practitioner; d. issued by a practitioner under circumstances where, notwithstanding the practitioner's present ability to make an electronic prescription as required by this subdivision, such practitioner reasonably determines that it would be impractical for the patient to obtain substances prescribed by electronic prescription in a timely manner, and such delay would adversely impact the patient's medical condition, provided that if such prescription is for a controlled substance, the quantity that does not exceed a five-day supply if the controlled substance was used in accordance with the directions for use; or e. issued by a practitioner to be dispensed by a pharmacy located outside the state, as set forth in regulation.

10-a. A pharmacy that receives an electronic prescription from the person issuing the prescription may, if the prescription has not been dispensed and at the request of the patient or a person authorized to make the request on behalf of the patient, immediately transfer or forward such prescription to an alternative pharmacy designated by the requesting party.

11. In the case of a prescription issued by a practitioner under paragraph b of subdivision ten of this section, the practitioner shall be required to indicate in the patient's health record that the prescription was issued other than electronically due to temporary technological or electrical failure.

12. In the case of a prescription issued by a practitioner under paragraph d or e of subdivision ten of this section, the practitioner shall, upon issuing such prescription, indicate in the patient's health record either that the prescription was issued other than electronically because it: a. was impractical to issue an electronic prescription in a timely manner and such delay would have adversely impacted the patient's medical condition, or b. was to be dispensed by a pharmacy located outside the state.

13. The waiver process established in regulation pursuant to paragraph c of subdivision ten of this section shall provide that a practitioner prescribing under a waiver must notify the department in writing promptly upon gaining the capability to use electronic prescribing, and that a waiver shall terminate within a specified period of time after the practitioner gains such capability.

14. Notwithstanding any other provision of law to the contrary, no outsourcing facility may distribute or dispense any drug to any person pursuant to a prescription unless it is also registered as a pharmacy in

1 this state and meets all other applicable requirements of federal and
2 state law.

3 15. Notwithstanding any other provisions of this section or any other
4 law to the contrary, a practitioner shall not be required to issue
5 prescriptions electronically if he or she certifies to the department,
6 in a manner specified by the department, that he or she will not issue
7 more than twenty-five prescriptions during a twelve-month period.
8 Prescriptions in both oral and written form for both controlled
9 substances and non-controlled substances shall be included in determin-
10 ing whether the practitioner will reach the limit of twenty-five
11 prescriptions.

12 a. A certification shall be submitted in advance of the twelve-month
13 certification period, except that a twelve-month certification submitted
14 on or before July first, two thousand sixteen, may begin March twenty-
15 seventh, two thousand sixteen.

16 b. A practitioner who has made a certification under this subdivision
17 may submit an additional certification on or before the expiration of
18 the current twelve-month certification period, for a maximum of three
19 twelve-month certifications.

20 c. A practitioner may make a certification under this subdivision
21 regardless of whether he or she has previously received a waiver under
22 paragraph c of subdivision ten of this section.

23 § 6811. Misdemeanors. It shall be a class A misdemeanor for:

24 1. Any person knowingly or intentionally to prevent or refuse to
25 permit any board member or department representative to enter a pharmacy
26 or any other establishment for the purpose of lawful inspection;

27 2. Any person whose license has been revoked to refuse to deliver the
28 license;

29 3. Any pharmacist to display his or her license or permit it to be
30 displayed in a pharmacy of which he or she is not the owner or in which
31 he or she is not employed, or any owner to fail to display in his or her
32 pharmacy the license of the pharmacist employed in such pharmacy;

33 4. Any holder of a license to fail to display the license;

34 5. Any owner of a pharmacy to display or permit to be displayed in his
35 or her pharmacy the license of any pharmacist not employed in such phar-
36 macy;

37 6. Any person to carry on, conduct or transact business under a name
38 which contains as a part thereof the words "drugs", "medicines", "drug
39 store", "apothecary", or "pharmacy", or similar terms or combination of
40 terms, or in any manner by advertisement, circular, poster, sign or
41 otherwise describe or refer to the place of business conducted by such
42 person, or describe the type of service or class of products sold by
43 such person, by the terms "drugs", "medicine", "drug store", "apothecary",
44 or "pharmacy", unless the place of business so conducted is a
45 pharmacy licensed by the department;

46 7. Any person to enter into an agreement with a physician, dentist,
47 podiatrist or veterinarian for the compounding or dispensing of secret
48 formula (coded) prescriptions;

49 8. Any person to manufacture, sell, deliver for sale, hold for sale or
50 offer for sale of any drug, device or cosmetic that is adulterated or
51 misbranded;

52 9. Any person to adulterate or misbrand any drug, device or cosmetic;

53 10. Any person to receive in commerce any drug, device or cosmetic
54 that is adulterated or misbranded, and to deliver or proffer delivery
55 thereof for pay or otherwise;

1 11. Any person to sell, deliver for sale, hold for sale, or offer for
2 sale any drug, device or cosmetic in violation of this title;

3 12. Any person to disseminate any false advertisement;

4 13. Any person to refuse to permit entry or inspection as authorized
5 by this title;

6 14. Any person to forge, counterfeit, simulate, or falsely represent,
7 or without proper authority using any mark, stamp, tag, label or other
8 identification device authorized or required by rules and regulations
9 promulgated under the provisions of this title;

10 15. Any person to use for his or her own advantage, or reveal, other
11 than to the commissioner or his or her duly authorized representative,
12 or to the courts when relevant in any judicial proceedings under this
13 title, any information acquired under authority of this title or
14 concerning any method or process, which is a trade secret;

15 16. Any person to alter, mutilate, destroy, obliterate or remove the
16 whole or any part of the labeling of, or the doing of any other act with
17 respect to a drug, device, or cosmetic, if such act is done while such
18 article is held for sale and results in such article being misbranded;

19 17. Any person to violate any of the provisions of section sixty-eight
20 hundred ten of this title;

21 18. Any person to violate any of the provisions of section sixty-eight
22 hundred sixteen of this title;

23 19. Any person, to sell at retail or give away in tablet form bichlo-
24 ride of mercury, mercuric chloride or corrosive sublimate, unless such
25 bichloride of mercury, mercuric chloride or corrosive sublimate, when so
26 sold, or given away, shall conform to the provisions of national formu-
27 lary XII. Nothing contained in this paragraph shall be construed to
28 prohibit the sale and dispensing of bichloride of mercury in any form,
29 shape, or color, when combined or compounded with one or more other
30 drugs or excipients, for the purposes of internal medication only, or
31 when sold in bulk in powder form, or to any preparation containing one-
32 tenth of a grain or less of bichloride of mercury;

33 20. Any pharmacy to fail to properly post the list required by section
34 sixty-eight hundred twenty-six of this title;

35 21. Any pharmacy to change its current selling price without changing
36 the listed price as provided by section sixty-eight hundred twenty-six
37 of this title;

38 22. Any person to refuse to permit access to or copying of any record
39 as required by this title;

40 23. Any manufacturer to sell or offer for sale any drug not manufac-
41 tured, prepared or compounded under the personal supervision of a chem-
42 ist or licensed pharmacist or not labeled with the full name of the
43 manufacturer or seller; or

44 24. Any outsourcing facility to sell or offer to sell any drug that is
45 not both compounded under the personal supervision of a licensed pharma-
46 cist and labeled with the full name of the outsourcing facility.

47 § 6812. Special provisions. 1. Where any pharmacy, manufacturer,
48 wholesaler or outsourcing facility registered by the department is
49 damaged by fire the board shall be notified within a period of forty-
50 eight hours, and the board shall have power to impound all drugs for
51 analysis and condemnation, if found unfit for use. Where a pharmacy is
52 discontinued, the owner of its prescription records shall notify the
53 department as to the disposition of said prescription records, and in no
54 case shall records be sold or given away to a person who does not
55 currently possess a registration to operate a pharmacy.

1 2. Nothing in this title shall be construed as requiring the prose-
2 cution or the institution of injunction proceedings for minor violations
3 of this title whenever the public interest will be adequately served by
4 a suitable written notice of warning.

5 3. The executive secretary of the state board of pharmacy is author-
6 ized to conduct examinations and investigations for the purposes of this
7 title through officers and employees of the United States, or through
8 any health, food, or drug officer or employee of any city, county or
9 other political subdivision of this state.

10 § 6813. Seizure. 1. Any drug, device or cosmetic that is adulterated,
11 misbranded or may not be sold under the provisions of this chapter, may
12 be seized on petition or complaint of the board and condemned in the
13 supreme court of any county in which it is found. Seizure shall be made:

14 a. by process pursuant to the petition or complaint, or
15 b. if the secretary or other officer designated by him or her has
16 probable cause to believe that the article:

17 (i) is adulterated; or
18 (ii) is so misbranded as to be dangerous to health. The article shall
19 be seized by order of such officer. The order shall describe the article
20 to be seized, the place where the article is located, and the officer or
21 employee making the seizure. The officer, in lieu of taking actual
22 possession, may affix a tag or other appropriate marking to the article
23 giving notice that the article has been quarantined and warning all
24 persons not to remove or dispose of it by sale or otherwise until
25 permission for removal or disposal is given by the officer or the court.
26 In case of seizures or quarantine, pursuant to such order, the jurisdic-
27 tion of such court shall attach upon such seizure or quarantine, and a
28 petition or complaint for condemnation shall be filed promptly.

29 2. The procedure for cases under this section shall conform as much as
30 possible to the procedure for attachment. Any issue of fact joined in
31 any case under this section shall be tried by jury on the demand of
32 either party. The court at any time after seizure and up to the time of
33 trial shall allow by order any party or his or her agent or attorney to
34 obtain a representative sample of the condemned material, a true copy of
35 the analysis on which the proceeding was based, and the identifying
36 marks or numbers, if any, on the packages from which the samples
37 analyzed were obtained.

38 3. Any drug, device or cosmetic condemned under this section shall be
39 disposed of by destruction or sale as the court may direct after the
40 decree in accordance with the provisions of this section. The proceeds
41 of the sale, if any, shall be paid into the state treasury after
42 deduction for legal costs and charges. However, the drug, device or
43 cosmetic shall not be sold contrary to the provisions of this title.
44 After entry of the decree, if the owner of the condemned articles pays
45 the costs of the proceeding and posts a sufficient bond as security that
46 the articles will not be disposed of contrary to the provisions of this
47 title, the court may by order direct that the seized articles be deliv-
48 ered to the owner to be destroyed or brought into conformance with this
49 title under supervision of the secretary. The expenses of the super-
50 vision shall be borne by the person obtaining the release under bond.
51 Any drug condemned by reason of its being a new drug which may not be
52 sold under this title shall be disposed of by destruction.

53 4. When the decree of condemnation is entered, court costs and fees,
54 storage and other expense shall be awarded against the person, if any,
55 intervening as claimant of the condemned articles.

1 5. In any proceeding against the board, or the secretary, or an agent
2 of either, because of seizure, or quarantine, under this section, the
3 board, or the secretary, or such agent shall not be liable if the court
4 finds that there was probable cause for the acts done by them.

5 § 6814. Records of shipment. For the purpose of enforcing provisions
6 of this title, carriers engaged in commerce, and persons receiving
7 drugs, devices or cosmetics in commerce or holding such articles so
8 received, shall, upon the request of an officer duly assigned by the
9 secretary, permit such officer, at reasonable times, to have access to
10 and to copy all records showing the movement in commerce of any drug,
11 device or cosmetic, or the holding thereof during or after such move-
12 ment, and the quantity, shipper, and consignee thereof; and it shall be
13 unlawful for any such carrier or person to fail to permit such access to
14 and copying of any such record so requested when such request is accom-
15 panied by a statement in writing specifying the nature or kind of drug,
16 device or cosmetic to which such request relates; provided, that
17 evidence obtained under this section shall not be used in a criminal
18 prosecution of the person from whom obtained; provided further, that
19 carriers shall not be subject to the other provisions of this title by
20 reason of their receipt, carriage, holding or delivery of drugs, devices
21 or cosmetics in the usual course of business as carriers.

22 § 6815. Adulterating, misbranding and substituting. 1. Adulterated
23 drugs. A drug or device shall be deemed to be adulterated:

24 a. (i) If it consists in whole or in part of any filthy, putrid, or
25 decomposed substance; or (ii) if it has been prepared, packed, or held
26 under insanitary conditions whereby it may have been contaminated with
27 filth, or whereby it may have been rendered injurious to health; or
28 (iii) if it is a drug and its container is composed, in whole or in
29 part, of any poisonous or deleterious substance which may render the
30 contents injurious to health; or (iv) if it is a drug and it bears or
31 contains, for purposes of coloring only, a coal-tar color other than one
32 from a batch that has been certified in accordance with regulations
33 provided in this title.

34 b. If it purports to be, or is represented as, a drug the name of
35 which is recognized in an official compendium, and its strength differs
36 from, or its quality or purity falls below, the standard set forth in
37 such compendium. Such determination as to strength, quality or purity
38 shall be made in accordance with the tests or methods of assay set forth
39 in such compendium, or, in the absence or inadequacy of such tests or
40 methods of assay, then in accordance with tests or methods of assay
41 prescribed by regulations of the board of pharmacy as promulgated under
42 this title. Deviations from the official assays may be made in the quan-
43 tities of samples and reagents employed, provided they are in proportion
44 to the quantities stated in the official compendium. No drug defined in
45 an official compendium shall be deemed to be adulterated under this
46 paragraph because (i) it exceeds the standard of strength therefor set
47 forth in such compendium, if such difference is plainly stated on its
48 label; or (ii) it falls below the standard of strength, quality, or
49 purity therefor set forth in such compendium if such difference is
50 plainly stated on its label, except that this subparagraph shall apply
51 only to such drugs, or classes of drugs, as are specified in regulations
52 which the board shall promulgate when, as applied to any drug, or class
53 of drugs, the prohibition of such difference is not necessary for the
54 protection of the public health. Whenever a drug is recognized in both
55 the United States pharmacopoeia and the homeopathic pharmacopoeia of the
56 United States, it shall be subject to the requirements of the United

1 States pharmacopoeia unless it is labeled and offered for sale as a
2 homeopathic drug, in which case it shall be subject to the provisions of
3 the homeopathic pharmacopoeia of the United States and not to those of
4 the United States pharmacopoeia.

5 c. If it is not subject to the provisions of paragraph b of this
6 subdivision and its strength differs from, or its purity or quality
7 falls below, that which it purports or is represented to possess.

8 d. If it is a drug and any substance has been (i) mixed or packed
9 therewith so as to reduce its quality or strength or (ii) substituted
10 wholly or in part therefor.

11 e. If it is sold under or by a name not recognized in or according to
12 a formula not given in the United States pharmacopoeia or the national
13 formulary but that is found in some other standard work on pharmacology
14 recognized by the board, and it differs in strength, quality or purity
15 from the strength, quality or purity required, or the formula prescribed
16 in, the standard work.

17 2. Misbranded and substituted drugs and devices. A drug or device
18 shall be deemed to be misbranded:

19 a. If its labeling is false or misleading in any particular.

20 b. If in package form, unless it bears a label containing: (i) the
21 name and place of business of the manufacturer, packer, or distributor,
22 and (ii) an accurate statement of the quantity of the contents in terms
23 of weight, measure, or numerical count; provided, that under subpara-
24 graph (ii) of this paragraph the board may establish reasonable vari-
25 ations as to quantity and exemptions as to small packages.

26 c. If any word, statement, or other information required by or under
27 authority of this title to appear on the label or labeling is not promi-
28 nently placed thereon with such conspicuousness, as compared with other
29 words, statements, designs, or devices, in the labeling, and in such
30 terms as to render it likely to be read and understood by the ordinary
31 individual under customary conditions of purchase and use.

32 d. If it is for use by man and contains any quantity of the narcotic
33 or hypnotic substance alpha eucaine, barbituric acid, beta eucaine,
34 bromal, cannabis, carbromal, chloral, coca, cocaine, codeine, heroin,
35 marihuana, morphine, opium, paraldehyde, peyote, or sulphonmethane; or
36 any chemical derivative of such substance, which derivative has been by
37 the secretary, after investigation, found to be, and by regulations
38 under this title, or by regulations promulgated by the board, designated
39 as, habit forming; unless its label bears the name and quantity, or
40 proportion, of such substance or derivative and in juxtaposition there-
41 with the statement "Warning--May be habit forming".

42 e. If it is a drug and is not designated solely by a name recognized
43 in an official compendium unless its label bears: (i) the common or
44 usual name of the drug, if such there be, and (ii) in case it is fabri-
45 cated from two or more ingredients, the common or usual name of each
46 active ingredient, including the kind and quantity by percentage or
47 amount of any alcohol, and also including, whether active or not, the
48 name and quantity or proportion of any bromides, ether, chloroform,
49 acetanilid, acetphenetidin, amidopyrine, antipyrine, atropine, hyoscyne,
50 hyoscyamine, arsenic, digitalis, digitalis glucosides, mercury, ouabain,
51 strophanthin, strychnine, thyroid, or any derivative or preparation of
52 any such substances, contained therein; provided that, to the extent
53 that compliance with the requirements of subparagraph (ii) of this para-
54 graph is impracticable, exemptions shall be established by regulations
55 promulgated by the board.

56 f. Unless its labeling bears: (i) adequate directions for use, and

1 (ii) such adequate warnings against use in those pathological condi-
2 tions or by children where its use may be dangerous to health, or
3 against unsafe dosage or methods or duration of administration or appli-
4 cation, in such manner and form, as are necessary for the protection of
5 users; provided, that, where any requirement of subparagraph (i) of this
6 paragraph, as applied to any drug or device, is not necessary for the
7 protection of the public health, the board shall promulgate regulations
8 exempting such drug or device from such requirement.

9 g. If it purports to be a drug the name of which is recognized in an
10 official compendium, unless it is packaged and labeled as prescribed
11 therein; provided, that, the method of packing may be modified with the
12 consent of the secretary in accordance with regulations promulgated by
13 the board. Whenever a drug is recognized in both the United States phar-
14 macopoeia and the homeopathic pharmacopoeia of the United States, it
15 shall be subject to the requirements of the United States pharmacopoeia
16 with respect to packaging and labeling unless it is labeled and offered
17 for sale as a homeopathic drug, in which case it shall be subject to the
18 provisions of the homeopathic pharmacopoeia of the United States, and
19 not to those of the United States pharmacopoeia.

20 h. (i) If it is a drug and its container is so made, formed or filled
21 as to be misleading; (ii) if it is an imitation of another drug; (iii)
22 if it is offered for sale under the name of another drug; or (iv) if it
23 bears a copy, counterfeit, or colorable imitation of the trademark,
24 label, container or identifying name or design of another drug.

25 i. If it is dangerous to health when used in the dosage, or with the
26 frequency or duration prescribed, recommended or suggested in the label-
27 ing thereof.

28 j. Except as required by article thirty-three of this chapter, the
29 labeling provisions of this title shall not apply to the compounding and
30 dispensing of drugs on the written prescription of a physician, a
31 dentist, a podiatrist or a veterinarian, which prescription when filled
32 shall be kept on file for at least five years by the pharmacist or drug-
33 gist. Such drug shall bear a label containing the name and place of
34 business of the dispenser, the serial number and date of the
35 prescription, directions for use as may be stated in the prescription,
36 name and address of the patient and the name of the physician or other
37 practitioner authorized by law to issue the prescription. In addition,
38 such label shall contain the proprietary or brand name of the drug and,
39 if applicable, the strength of the contents, unless the person issuing
40 the prescription explicitly states on the prescription, in his or her
41 own handwriting, that the name of the drug and the strength thereof
42 should not appear on the label.

43 § 6816. Omitting to label drugs, or labeling them wrongly. 1. a. Any
44 person, who, in putting up any drug, medicine, or food or preparation
45 used in medical practice, or making up any prescription, or filling any
46 order for drugs, medicines, food or preparation puts any untrue label,
47 stamp or other designation of contents upon any box, bottle or other
48 package containing a drug, medicine, food or preparation used in medical
49 practice, or substitutes or dispenses a different article for or in lieu
50 of any article prescribed, ordered, or demanded, except where required
51 pursuant to section sixty-eight hundred sixteen-a of this title, or puts
52 up a greater or lesser quantity of any ingredient specified in any such
53 prescription, order or demand than that prescribed, ordered or demanded,
54 except where required pursuant to paragraph (g) of subdivision two of
55 section three hundred sixty-five-a of the social services law, or other-
56 wise deviates from the terms of the prescription, order or demand by

1 substituting one drug for another, except where required pursuant to
2 section sixty-eight hundred sixteen-a of this title, is guilty of a
3 misdemeanor; provided, however, that except in the case of physicians'
4 prescriptions, nothing herein contained shall be deemed or construed to
5 prevent or impair or in any manner affect the right of an apothecary,
6 druggist, pharmacist or other person to recommend the purchase of an
7 article other than that ordered, required or demanded, but of a similar
8 nature, or to sell such other article in place or in lieu of an article
9 ordered, required or demanded, with the knowledge and consent of the
10 purchaser. Upon a second conviction for a violation of this section the
11 offender must be sentenced to the payment of a fine not to exceed one
12 thousand dollars and may be sentenced to imprisonment for a term not to
13 exceed one year. The third conviction of a violation of any of the
14 provisions of this section, in addition to rendering the offender liable
15 to the penalty prescribed by law for a second conviction, shall forfeit
16 any right which he or she may possess under the law of this state at the
17 time of such conviction, to engage as proprietor, agent, employee or
18 otherwise, in the business of an apothecary, pharmacist, or druggist, or
19 to compound, prepare or dispense prescriptions or orders for drugs,
20 medicines or foods or preparations used in medical practice; and the
21 offender shall be by reason of such conviction disqualified from engag-
22 ing in any such business as proprietor, agent, employee or otherwise or
23 compounding, preparing or dispensing medical prescriptions or orders for
24 drugs, medicines, or foods or preparations used in medical practice.

25 b. The provisions of this section shall not apply to the practice of a
26 practitioner who is not the proprietor of a store for the dispensing or
27 retailing of drugs, medicines and poisons, or who is not in the employ
28 of such a proprietor, and shall not prevent practitioners from supplying
29 their patients with such articles as they may deem proper, and except as
30 to the labeling of poisons shall not apply to the sale of medicines or
31 poisons at wholesale when not for the use or consumption by the purcha-
32 ser; provided, however, that the sale of medicines or poisons at whole-
33 sale shall continue to be subject to such regulations as from time to
34 time may be lawfully made by the board of pharmacy or by any competent
35 board of health.

36 c. The provisions of this section shall not apply to a limited pharma-
37 cy which prepares a formulary containing the brand names and the generic
38 names of drugs and of manufacturers which it stocks, provided that it
39 furnishes a copy of such formulary to each physician on its staff and
40 the physician signs a statement authorizing the hospital to supply the
41 drug under any generic or non-proprietary name listed therein and in
42 conformity with the regulations of the commissioner.

43 2. For the purposes set forth in this section, the terms prescription,
44 order or demand shall apply only to those items subject to provisions of
45 subdivision one of section sixty-eight hundred ten of this title. The
46 written order of a physician for items not subject to provisions of
47 subdivision one of section sixty-eight hundred ten of this title shall
48 be construed to be a direction, a fiscal order or a voucher.

49 § 6816-a. When substitution is required. 1. A pharmacist shall substi-
50 tute a less expensive drug product containing the same active ingredi-
51 ents, dosage form and strength as the drug product prescribed, ordered
52 or demanded, provided that the following conditions are met:

53 a. The prescription is written on a form which meets the requirements
54 of subdivision six of section sixty-eight hundred ten of this title and
55 the prescriber does not prohibit substitution, or in the case of oral
56 prescriptions, the prescriber must expressly state whether substitution

1 is to be permitted or prohibited. Any oral prescription that does not
2 include such an express statement shall not be filled; and

3 b. The substituted drug product is contained in the list of drug
4 products established pursuant to paragraph (o) of subdivision one of
5 section two hundred six of this chapter; and

6 c. The pharmacist shall indicate on the label affixed to the immediate
7 container in which the drug is sold or dispensed the name and strength
8 of the drug product and its manufacturer unless the prescriber specif-
9 ically states otherwise. The pharmacist shall record on the prescription
10 form the brand name or the name of the manufacturer of the drug product
11 dispensed.

12 2. In the event a patient chooses to have a prescription filled by an
13 out of state dispenser, the laws of that state shall prevail.

14 3. A pharmacist shall substitute a less expensive biological product
15 for a prescribed biological product provided that all of the following
16 conditions are met:

17 a. the substituted biological product is either an interchangeable
18 biological product for the prescribed product or the substituted biolog-
19 ical product is one for which the prescribed product is an interchangea-
20 ble biological product;

21 b. the prescriber does not designate that a substitution is prohibited
22 as described in subdivision six of section sixty-eight hundred ten of
23 this title; and

24 c. the pharmacist indicates on the label affixed to the immediate
25 container in which the biological product is sold or distributed the
26 name and strength of the product and its manufacturer unless the pres-
27 criber specifically states otherwise.

28 4. a. Within five business days following the dispensing of a substi-
29 tuted biological product, the dispensing pharmacist or the pharmacist's
30 designee shall communicate to the prescriber the specific product
31 provided to the patient, including the name of the product and the
32 manufacturer. The communication shall be conveyed to the prescriber (i)
33 by making an entry that is electronically accessible to the prescriber
34 through an interoperable electronic medical records system, an electron-
35 ic prescribing technology or a pharmacy record; or (ii) by using facsim-
36 ile, electronic transmission or other electronic means. If an electronic
37 means described in this paragraph is not available to the pharmacist at
38 the time of communication, the dispensing pharmacist or the pharmacist's
39 designee may communicate the information by telephone.

40 b. Communication under paragraph a of this subdivision shall not be
41 required where:

42 (i) there is no FDA-approved interchangeable biological product for
43 the product prescribed; or

44 (ii) a refill prescription is not changed from the product dispensed
45 on the prior filling of the prescription.

46 5. The department shall maintain a link on its web site to the current
47 list of all biological products determined by the Federal Food and Drug
48 Administration to be an interchangeable biological product for a specif-
49 ic biological product.

50 § 6819. Regulations making exceptions. The board shall promulgate
51 regulations exempting from any labeling requirement of this title drugs,
52 devices and cosmetics which are, in accordance with the practice of the
53 trade, to be processed, labeled, or repacked in substantial quantities
54 at establishments other than those where originally processed or packed,
55 on condition that such drugs, devices and cosmetics are not adulterated

1 or misbranded under the provisions of this title upon removal from such
2 processing, labeling, or repacking establishment.

3 § 6820. Certification of coal-tar colors for drugs and cosmetics. The
4 board shall promulgate regulations providing for the listing of coal-tar
5 colors which are harmless and suitable for use in drugs for purposes of
6 coloring only and for use in cosmetics and for the certification of
7 batches of such colors, with or without harmless diluents.

8 § 6821. Poison schedules; register. 1. The following schedules shall
9 remain in force until revised by the board and approved by the depart-
10 ment.

11 Schedule A. Arsenic, atropine, corrosive sublimate, potassium cyanide,
12 chloral hydrate, hydrocyanic acid, strychnine and all other poisonous
13 vegetable alkaloids and their salts and oil of bitter almond containing
14 hydrocyanic acid.

15 Schedule B. Aconite, belladonna, cantharides, colchicum, conium cotton
16 root, digitalis, ergot, hellebore, henbane, phytolacca, strophanthus,
17 oil of savin, oil of tansy, veratrum viride and their pharmaceutical
18 preparations, arsenical solutions, carbolic acid, chloroform, creosote,
19 croton oil, white precipitate, methyl or wood alcohol, mineral acids,
20 oxalic acid, paris green, salts of lead, salts of zinc, or any drug,
21 chemical or preparation which is liable to be destructive to adult human
22 life in quantities of sixty grains or less.

23 2. It shall be unlawful for any person to sell at retail or to furnish
24 any of the poisons of schedules A and B without affixing or causing to
25 be affixed to the bottle, box, vessel or package, a label with the name
26 of the article and the word "poison" distinctly shown and with the name
27 and place of business of the seller all printed in red ink together with
28 the name of such poisons printed or written thereupon in plain, legible
29 characters.

30 3. Manufacturers and wholesale dealers in drugs, medicines, pharmaceu-
31 tical preparations, chemicals or poisons shall affix or cause to be
32 affixed to every bottle, box, parcel or outer enclosure of any original
33 package containing any of the articles of schedule A, a suitable label
34 or brand in red ink with the word "poison" upon it.

35 4. Every person who disposes of or sells at retail or furnishes any
36 poisons included in schedule A shall, before delivering the same, enter
37 in a book kept for that purpose the date of sale, the name and address
38 of the purchaser, the name and the quantity of the poison, the purpose
39 for which it is purchased and the name of the dispenser. The poison
40 register shall be always open for inspection by the proper authorities
41 and shall be preserved for at least five years after the last entry.
42 Such person shall not deliver any of the poisons of schedule A or sched-
43 ule B until he or she has satisfied himself or herself that the purchas-
44 er is aware of its poisonous character and that the poison is to be used
45 for a legitimate purpose. The provisions of this subdivision do not
46 apply to the dispensing of drugs or poisons on a doctor's prescription.

47 5. The board may add to or may delete from any of the schedules from
48 time to time as such action becomes necessary for the protection of the
49 public.

50 § 6822. Examinations and investigations. The secretary is authorized
51 to conduct examinations and investigations for the purposes of this
52 title through officers and employees of the United States, or through
53 any health, food, or drug officer or employee of any city, county or
54 other political subdivision of this state, duly commissioned by the
55 secretary as an officer of the board.

1 § 6823. Factory inspection. For purposes of enforcement of this title,
2 officers duly designated by the secretary are authorized:

3 1. to enter, at reasonable times, any factory, warehouse or establish-
4 ment in which drugs, devices or cosmetics are manufactured, processed,
5 packed, or held, for introduction into commerce or are held after such
6 introduction, or to enter any vehicle being used to transport or hold
7 such drugs, devices or cosmetics in commerce; and

8 2. to inspect, at reasonable times, such factory, warehouse, estab-

10 materials, containers, and labeling therein.

11 § 6824. Injunction proceedings. In addition to the remedies hereinaft-
12 er provided, the secretary is hereby authorized to apply to the court of
13 the proper venue for an injunction to restrain any person from:

14 1. introducing or causing to be introduced into commerce any adulter-
15 ated or misbranded drug, device or cosmetic; or

16 2. from introducing or causing to be introduced in commerce any new
17 drug which does not comply with the provisions of this title; or

18 3. from disseminating or causing to be disseminated a false advertise-
19 ment, without being compelled to allege or prove that an adequate remedy
20 at law does not exist.

21 § 6825. Proof required in prosecution for certain violations. 1. In an
22 action or proceeding, civil or criminal, against a person for violating
23 such provisions of this title which relate to the possession of,
24 compounding, retailing or dispensing of misbranded, substituted or
25 imitated drugs, poisons or cosmetics, when it shall be necessary that an
26 analysis be made for the purpose of establishing the quality of such
27 drug, poison or cosmetic so as to determine the fact of misbranding,
28 substituting or imitating, then it shall be required to prove at the
29 trial or hearing of such action or proceeding, that the person, taking
30 the same for analysis separated it into two representative parts,
31 hermetically or otherwise effectively and completely sealed, delivered
32 one such sealed part to the seller, manufacturer, wholesaler, pharma-
33 cist, or druggist from whose premises such sample was taken and deliv-
34 ered the other part so sealed to the chemist designated by the state
35 board of pharmacy; and the facts herein required to be proven shall be
36 alleged in the complaint or information by which such action or proceed-
37 ing was begun. The rules of the board shall be proven prima facie by the
38 certificate of the secretary.

39 2. Any person accused of violation of any of the provisions of this
40 title relating to adulterating, misbranding, substitution or imitation
41 shall not be prosecuted or convicted or suffer any of the penalties,
42 finest or forfeitures for such violation, if he or she establishes upon
43 the hearing or trial that the drug, device or cosmetic alleged to be
44 adulterated, misbranded, substituted or imitated was purchased by him or
45 her under a written guaranty of the manufacturer or seller to the effect
46 that said drug, device or cosmetic was not adulterated or misbranded,
47 within the meaning of this title and proves that he or she has not adul-
48 terated, misbranded, substituted or imitated the same, provided the
49 seller has taken due precaution to maintain the standard set for the
50 drug, device or cosmetic. A guaranty, in order to be a defense to a
51 prosecution or to prevent conviction or to afford protection, must state
52 that the drug, device or cosmetic to which it refers is not adulterated,
53 misbranded, substituted or imitated within the meaning of the provisions
54 of this title and must state also the full name and place of business of
55 the manufacturer, wholesaler, jobber or other person from whom the drug,
56 device or cosmetic was purchased, and the date of purchase. The act,

1 omission or failure of any officer, agent or other employee acting for
2 or employed by any person within the scope of his or her authority or
3 employment shall in every case be the act, omission or failure of such
4 person as well as that of the officer, agent or other employee, and such
5 person shall be equally liable for violations of this title by a part-
6 nership, association or corporation, and every member of the partnership
7 or association and the directors and general officers of the corporation
8 and the general manager of the partnership, association or corporation
9 shall be individually liable and any action, prosecution or proceeding
10 authorized by this title may be brought against any or all of such
11 persons. When any prosecution under this title is made on the complaint
12 of the board, any fines collected shall be paid into the state treasury
13 as provided by this title.

14 3. No publisher, radio-broadcast licensee, advertising agency, or
15 agency or medium for the dissemination of advertising, except the
16 manufacturer, packer, distributor, or seller of the commodity to which
17 the false advertisement relates, shall be subject to the penalties
18 provided by this title by reason of the dissemination by him or her of
19 any false advertisement, unless he or she has refused, on the request of
20 the secretary, to furnish the secretary the name and post-office address
21 of the manufacturer, packer, distributor, seller or advertising agency,
22 who caused him or her to disseminate such advertisement.

23 § 6826. Drug retail price lists. 1. Every pharmacy shall compile a
24 drug retail price list, which shall contain the names of the drugs on
25 the list provided by the board, and the pharmacy's corresponding retail
26 prices for each drug. Every pharmacy shall update its drug retail list
27 at least weekly and provide the time and date that the list was updated.
28 Every pharmacy shall provide the drug retail price list to any person
29 upon request.

30 2. a. The list provided by the board shall be prepared at least annu-
31 ally by the board and distributed to each pharmacy in the state. The
32 list shall be a compendium of the one hundred fifty most frequently
33 prescribed drugs together with their usual dosages for which a
34 prescription is required by the provisions of the "Federal Food, Drug,
35 and Cosmetic Act" (21 U.S.C. 301, et seq.; 52 Stat. 1040, et seq.), as
36 amended, or by the commissioner. The board shall make the compendium
37 list available to each pharmacy free of charge, both in printed form and
38 in an electronic form that can be used to produce the pharmacy's drug
39 retail list. The board shall provide the compendium list to the depart-
40 ment.

41 b. The drug retail price list shall contain an advisory statement by
42 the department alerting consumers to the need to tell their health care
43 practitioner and pharmacist about all the medications they may be taking
44 and to ask them how to avoid harmful interactions between drugs, if any.
45 A pharmacy may include on its drug retail price list a statement: (i)
46 concerning discounts from its listed retail prices that may be available
47 to consumers and (ii) any limitations that the pharmacy may have as to
48 what group or groups of customers it serves.

49 3. The pharmacy's corresponding retail price means the actual price to
50 be paid by a retail purchaser to the pharmacy for any listed drug at the
51 listed dosage. However, upon implementation of the prescription drug
52 retail price list database by the department under this section, the
53 pharmacy's corresponding retail price shall mean the price sent to it by
54 the department under such section.

55 4. Pharmacies shall have a sign notifying people of the availability
56 of the drug retail price list and the availability of the department

1 prescription drug retail price list database and the web address of that
2 database, conspicuously posted at or adjacent to the place in the phar-
3 macy where prescriptions are presented for compounding and dispensing,
4 in the waiting area for customers, or in the area where prescribed drugs
5 are delivered.

6 5. Nothing contained herein shall prevent a pharmacy from changing and
7 charging the current retail price at any time, provided that the listed
8 price is updated at least weekly to reflect the new retail price.

9 6. The commissioner shall make regulations necessary to implement this
10 section, including how this section is applied to mail-order and inter-
11 net pharmacies.

12 § 6826-a. Reducing certain copayments. 1. Where an insured's copayment
13 for a drug exceeds the corresponding retail price for the same drug on
14 the pharmacy's drug retail price list, the pharmacist shall notify the
15 insured of this occurrence and charge no greater than the pharmacy's
16 corresponding retail price.

17 2. Where the drug being purchased is not on the drug retail price
18 list, and the copayment for the drug exceeds the pharmacy's usual and
19 customary price for that drug, the pharmacist shall notify the insured
20 of this occurrence and charge the lesser of the insured's copayment and
21 the pharmacy's usual and customary price for that drug.

22 § 6827. Mandatory continuing education. 1. a. Each licensed pharmacist
23 required under this title to register triennially with the department to
24 practice in the state shall comply with provisions of the mandatory
25 continuing education requirements prescribed in subdivision two of this
26 section except as set forth in paragraphs b and c of this subdivision.
27 Pharmacists who do not satisfy the mandatory continuing education
28 requirements shall not practice until they have met such requirements,
29 and they have been issued a registration certificate, except that a
30 pharmacist may practice without having met such requirements if he or
31 she is issued a conditional registration certificate pursuant to subdivi-
32 sion three of this section.

33 b. In accord with the intent of this section, adjustment to the manda-
34 tory continuing education requirement may be granted by the department
35 for reasons of health certified by an appropriate health care profes-
36 sional, for extended active duty with the armed forces of the United
37 States, or for other good cause acceptable to the department which may
38 prevent compliance.

39 c. A licensed pharmacist not engaged in practice as determined by the
40 department, shall be exempt from the mandatory continuing education
41 requirement upon the filing of a statement with the department declaring
42 such status. Any licensee who returns to the practice of pharmacy during
43 the triennial registration period shall notify the department prior to
44 reentering the profession and shall meet such mandatory education
45 requirements as shall be prescribed by regulations of the commissioner.

46 2. During each triennial registration period an applicant for regis-
47 tration shall complete a minimum of forty-five hours of acceptable
48 formal continuing education, as specified in subdivision four of this
49 section, provided that no more than twenty-two hours of such continuing
50 education shall consist of self-study courses. Any pharmacist whose
51 first registration date following the effective date of this section
52 occurs less than three years from such effective date, but on or after
53 January first, nineteen hundred ninety-eight, shall complete continuing
54 education hours on a prorated basis at the rate of one and one-quarter
55 hours per month for the period beginning January first, nineteen hundred
56 ninety-seven up to the first registration date thereafter. A licensee

1 who has not satisfied the mandatory continuing education requirements
2 shall not be issued a triennial registration certificate by the depart-
3 ment and shall not practice unless and until a conditional registration
4 certificate is issued as provided for in subdivision three of this
5 section. Continuing education hours taken during one triennium may not
6 be transferred to a subsequent triennium.

7 3. The department, in its discretion, may issue a conditional regis-
8 tration to a licensee who fails to meet the continuing education
9 requirements established in subdivision two of this section but who
10 agrees to make up any deficiencies and complete any additional education
11 which the department may require. The fee for such a conditional regis-
12 tration shall be the same as, and in addition to, the fee for the trien-
13 cial registration. The duration of such conditional registration shall
14 be determined by the department but shall not exceed one year. Any
15 licensee who is notified of the denial of registration for failure to
16 submit evidence, satisfactory to the department, of required continuing
17 education and who practices pharmacy without such registration, may be
18 subject to disciplinary proceedings pursuant to section sixty-five
19 hundred ten of this article.

20 4. As used in subdivision two of this section, "acceptable formal
21 continuing education" shall mean formal courses of learning which
22 contribute to professional practice in pharmacy and which meet the stan-
23 dards prescribed by regulations of the commissioner. The department
24 may, in its discretion and as needed to contribute to the health and
25 welfare of the public, require the completion of continuing education
26 courses in specific subjects. To fulfill this mandatory continuing
27 education requirement, courses must be taken from a sponsor approved by
28 the department, pursuant to the regulations of the commissioner.

29 5. Pharmacists shall maintain adequate documentation of completion of
30 acceptable formal continuing education and shall provide such documenta-
31 tion at the request of the department. Failure to provide such documen-
32 tation upon the request of the department shall be an act of misconduct
33 subject to disciplinary proceedings pursuant to section sixty-five
34 hundred ten of this article.

35 6. The mandatory continuing education fee shall be forty-five dollars,
36 shall be payable on or before the first day of each triennial registra-
37 tion period, and shall be paid in addition to the triennial registration
38 fee required by section sixty-eight hundred five of this title.

39 § 6828. Certificates of administration. 1. No pharmacist shall admin-
40 ister immunizing agents without a certificate of administration issued
41 by the department pursuant to regulations of the commissioner.

42 2. The fee for a certificate of administration shall be one hundred
43 dollars and shall be paid on a triennial basis. A certificate may be
44 suspended or revoked in the same manner as a license to practice pharma-
45 cy.

46 § 6829. Interpretation and translation requirements for prescription
47 drugs and standardized medication labeling. 1. For the purposes of this
48 section, the following terms shall have the following meanings:

49 a. "Covered pharmacy" means any pharmacy that is part of a group of
50 eight or more pharmacies, located within New York state and owned by the
51 same corporate entity. For purposes of this section, "corporate entity"
52 shall include related subsidiaries, affiliates, successors, or assignees
53 doing business as or operating under a common name or trading symbol.

54 b. "Limited English proficient individual" or "LEP individual" means
55 an individual who identifies as being, or is evidently, unable to speak,
56 read or write English at a level that permits such individual to under-

1 stand health-related and pharmaceutical information communicated in
2 English.

3 c. "Translation" shall mean the conversion of a written text from one
4 language into an equivalent written text in another language by an indi-
5 vidual competent to do so and utilizing all necessary pharmaceutical and
6 health-related terminology. Such translation may occur, where appropri-
7 ate, in a separate document provided to an LEP individual that accompa-
8 nies his or her medication.

9 d. "Competent oral interpretation" means oral communication in which a
10 person acting as an interpreter comprehends a message and re-expresses
11 that message accurately in another language, utilizing all necessary
12 pharmaceutical and health-related terminology, so as to enable an LEP
13 individual to receive all necessary information in the LEP individual's
14 preferred pharmacy primary language.

15 e. "Pharmacy primary languages" shall mean those languages spoken by
16 one percent or more of the population, as determined by the U.S. Census,
17 for each region, as established by regulations promulgated pursuant to
18 this section, provided, however, that the regulations shall not require
19 translation or competent oral interpretation of more than seven
20 languages in any region.

21 f. "Mail order pharmacy" shall mean a pharmacy that dispenses most of
22 its prescriptions through the United States postal service or other
23 delivery system.

24 2. a. Every covered pharmacy shall provide free, competent oral inter-
25 pretation services and translation services to each LEP individual
26 requesting such services or filling a prescription that indicates that
27 the individual is limited English proficient at such covered pharmacy in
28 the LEP individual's preferred pharmacy primary language for the
29 purposes of counseling such individual about his or her prescription
30 medications or when soliciting information necessary to maintain a
31 patient medication profile, unless the LEP individual is offered and
32 refuses such services.

33 b. Every covered pharmacy shall provide free, competent oral interpre-
34 tation services and translation services of prescription medication
35 labels, warning labels and other written material to each LEP individual
36 filling a prescription at such covered pharmacy, unless the LEP individ-
37 ual is offered and refuses such services or the medication label, warn-
38 ing labels and other written materials have already been translated into
39 the language spoken by the LEP individual.

40 c. The services required by this section may be provided by a staff
41 member of the pharmacy or a third-party contractor. Such services must
42 be provided on an immediate basis but need not be provided in-person or
43 face-to-face in order to meet the requirements of this section.

44 3. Every covered pharmacy shall conspicuously post, at or adjacent to
45 each counter over which prescription drugs are sold, a notification of
46 the right to free, competent oral interpretation services and trans-
47 lation services for limited English proficient individuals as provided
48 for in subdivision two of this section. Such notifications shall be
49 provided in the pharmacy primary languages. The size, style and place-
50 ment of such notice shall be determined in accordance with rules promul-
51 gated pursuant to this section.

52 4. The commissioner shall promulgate regulations requiring that mail
53 order pharmacies conducting business in the state provide free, compe-
54 tent oral interpretation services and translation services to persons
55 filling a prescription through such mail order pharmacies whom are iden-
56 tified as LEP individuals. Such regulations shall take effect one year

1 after the effective date of this section; provided, however, that they
2 shall be promulgated pursuant to the requirements of the state adminis-
3 trative procedure act, address the concerns of affected stakeholders,
4 and reflect the findings of a thorough analysis of issues including:

5 a. how persons shall be identified as an LEP individual, in light of
6 the manner by which prescriptions are currently received by such mail
7 order pharmacies;

8 b. which languages shall be considered;

9 c. the manner and circumstances in which competent oral interpretation
10 services and translation services shall be provided;

11 d. the information for which competent oral interpretation services
12 and translation services shall be provided;

13 e. anticipated utilization, available resources, and cost consider-
14 ations; and

15 f. standards for monitoring compliance with regulations and ensuring
16 the delivery of quality competent oral interpretation services and
17 translation services.

18 The commissioner shall provide a report on implementation, utiliza-
19 tion, unanticipated problems, and corrective actions undertaken and
20 planned to the temporary president of the senate and the speaker of the
21 assembly no later than two years after the effective date of this
22 section.

23 5. Covered pharmacies shall not be liable for injuries resulting from
24 the actions of third-party contractors taken pursuant to and within the
25 scope of the contract with the covered pharmacy as long as the covered
26 pharmacy entered into such contract reasonably and in good faith to
27 comply with this section, and was not negligent with regard to the
28 alleged misconduct of the third-party contractor.

29 6. The regulations promulgated pursuant to this section shall estab-
30 lish a process by which covered pharmacies may apply and receive a waiv-
31 er from compliance with subdivisions two and three of this section upon
32 a showing that implementation would be unnecessarily burdensome when
33 compared to the need for such services.

34 7. The commissioner shall promulgate regulations to effectuate the
35 requirements of this section.

36 § 6830. Standardized patient-centered data elements. 1. The commis-
37 sioner shall develop rules and regulations requiring standardized
38 patient-centered data elements consistent with existing technology and
39 equipment to be used on all prescription medicine dispensed to patients
40 in this state.

41 2. When developing the requirements for patient-centered data elements
42 on prescription drug labels, the commissioner shall consider:

43 a. medical literacy research that identifies factors that improve
44 understandability of labels and promotes increased compliance with a
45 drug's intended use;

46 b. factors that improve the clarity of directions for use;

47 c. font types and sizes;

48 d. inclusion of only patient-centered information; and

49 e. the needs of special populations. To ensure public input, the
50 commissioner shall solicit input from the state board of pharmacy and
51 the state board of medicine, consumer groups, advocates for special
52 populations, pharmacists, physicians, other health care professionals
53 authorized to prescribe, and other interested parties.

54 § 6831. Special provisions relating to outsourcing facilities. 1.
55 Registration. Any outsourcing facility that is engaged in the compound-
56 ing of sterile drugs in this state shall be registered as an outsourcing

1 facility under the Federal Food, Drug and Cosmetic Act and be registered
2 as an outsourcing facility pursuant to this title.

3 2. New drugs. Sections 502(f)(1), 505 and 582 of the Federal Food,
4 Drug and Cosmetic Act shall not apply to a drug compounded in an
5 outsourcing facility registered under the Federal Food, Drug and Cosmet-
6 ic Act.

7 3. Prescriptions. Notwithstanding any other provision of law to the
8 contrary, no outsourcing facility may distribute or dispense any drug to
9 any person pursuant to a prescription unless it is also registered as a
10 pharmacy in this state and meets all other applicable requirements of
11 federal and state law.

12 4. Restrictions. Any drugs compounded in an outsourcing facility
13 registered pursuant to this title shall be compounded in accordance with
14 all applicable federal and state laws.

15 5. Labeling. Notwithstanding any other provision of law to the contra-
16 ry, the label of any drug compounded by an outsourcing facility shall
17 include, but not be limited to the following:

18 a. a statement that the drug is a compounded drug or a reasonable
19 comparable alternative statement that prominently identifies the drug as
20 a compounded drug;

21 b. the name, address, and phone number of the applicable outsourcing
22 facility; and

23 c. with respect to the drug:

24 (i) the lot or batch number;

25 (ii) the established name of the drug;

26 (iii) the dosage form and strength;

27 (iv) the statement of quantity or volume, as appropriate;

28 (v) the date that the drug was compounded;

29 (vi) the expiration date;

30 (vii) storage and handling instructions;

31 (viii) the National Drug Code number, if available;

32 (ix) the statement that the drug is not for resale, and the statement
33 "Office Use Only"; and

34 (x) a list of the active and inactive ingredients, identified by
35 established name, and the quantity or proportion of each ingredient.

36 6. Container. The container from which the individual units of the
37 drug are removed for dispensing or for administration, such as a plastic
38 bag containing individual product syringes, shall include:

39 a. a list of active and inactive ingredients, identified by estab-
40 lished name, and the quantity or proportion of each ingredient; and

41 b. any other information required by regulations promulgated by the
42 commissioner to facilitate adverse event reporting in accordance with
43 the requirements established in section 310.305 of title 21 of the code
44 of federal regulations.

45 7. Bulk drugs. A drug may only be compounded in an outsourcing facili-
46 ty that does not compound using bulk drug substances as defined in
47 section 207.3(a)(4) of title 21 of the code of federal regulations or
48 any successor regulation unless:

49 a. the bulk drug substance appears on a list established by the secre-
50 tary of health and human services identifying bulk drug substances for
51 which there is a clinical need;

52 b. the drug is compounded from a bulk drug substance that appears on
53 the federal drug shortage list in effect at the time of compounding,
54 distributing, and dispensing;

55 c. if an applicable monograph exists under the United States Pharma-
56 copeia, the national formulary, or another compendium or pharmacopeia

1 recognized by the secretary of health and human services and the bulk
2 drug substances each comply with the monograph;

3 d. the bulk drug substances are each manufactured by an establishment
4 that is registered with the federal government.

5 8. Ingredients. If an outsourcing facility uses ingredients, other
6 than bulk drug substances, such ingredients must comply with the stand-
7 ards of the applicable United States pharmacopeia or national formulary
8 monograph, if such monograph exists, or of another compendium or pharma-
9 copeia recognized by the secretary of health and human services for
10 purposes of this subdivision, if any.

11 9. Unsafe or ineffective drugs. No outsourcing facility may compound a
12 drug that appears on a list published by the secretary of health and
13 human services that has been withdrawn or removed from the market
14 because such drugs or components of such drugs have been found to be
15 unsafe or not effective.

16 10. Prohibition on wholesaling. No compounded drug will be sold or
17 transferred by any entity other than the outsourcing facility that
18 compounded such drug. This does not prohibit the administration of a
19 drug in a health care setting or dispensing a drug pursuant to a proper-
20 ly executed prescription.

21 11. Prohibition against copying an approved drug. No outsourcing
22 facility may compound a drug that is essentially a copy of one or more
23 approved drugs.

24 12. Prohibition against compounding drugs presenting demonstrable
25 difficulties. No outsourcing facility may compound a drug:

26 a. that is identified, directly or as part of a category of drugs, on
27 a list published by the secretary of health and human services that
28 present demonstrable difficulties for compounding that are reasonably
29 likely to lead to an adverse effect on the safety or effectiveness of
30 the drug or category of drugs, taking into account the risks and bene-
31 fits to patients; or

32 b. that is compounded in accordance with all applicable conditions
33 identified on the drug list as conditions that are necessary to prevent
34 the drug or category of drugs from presenting demonstrable difficulties.

35 13. Adverse event reports. Outsourcing facilities shall submit a copy
36 of all adverse event reports submitted to the secretary of health and
37 human services in accordance with the content and format requirements
38 established in section 310.305 of title 21 of the code of federal regu-
39 lations, or any successor regulation, to the executive secretary for the
40 state board of pharmacy.

41 14. Reports. The commissioner shall prepare and submit a report to the
42 governor and the legislature, due eighteen months from the effective
43 date of this section, evaluating the effectiveness of the registration
44 and oversight of outsourcing facilities related to compounding.

45 § 6832. Limitations on assistance of an unlicensed person. 1. Subject
46 to the limitations set forth in subdivision two of this section, an
47 unlicensed person may assist a licensed pharmacist in the dispensing of
48 drugs by:

49 a. receiving written or electronically transmitted prescriptions,
50 except that in the case of electronically transmitted prescriptions the
51 licensed pharmacist or pharmacy intern shall review the prescription to
52 determine whether in his or her professional judgment it shall be
53 accepted by the pharmacy, and if accepted, the licensed pharmacist or
54 pharmacy intern shall enter his or her initials into the records of the
55 pharmacy;

56 b. typing prescription labels;

1 c. keying prescription data for entry into a computer-generated file
2 or retrieving prescription data from the file, provided that such compu-
3 ter-generated file shall provide for verification of all information
4 needed to fill the prescription by a licensed pharmacist prior to the
5 dispensing of the prescription, meaning that the licensed pharmacist
6 shall review and approve such information and enter his or her initials
7 or other personal identifier into the recordkeeping system prior to the
8 dispensing of the prescription or of the prescription refill;

9 d. getting drugs from stock and returning them to stock;

16 initials of the licensed pharmacist;

17 j. handing or delivering completed prescriptions to the patient or the
18 person authorized to act on behalf of the patient and, in accordance
19 with the relevant commissioner's regulations, advising the patient or
20 person authorized to act on behalf of the patient of the availability of
21 counseling to be conducted by the licensed pharmacist or pharmacy
22 intern; and

23 k. performing other functions as defined by the commissioner's regu-
24 lations.

25 2. Except for a licensed pharmacist employed by a facility licensed in
26 accordance with article twenty-eight of this chapter or a pharmacy owned
27 and operated by such a facility, no licensed pharmacist shall obtain the
28 assistance of more than four unlicensed persons, in the performance of
29 the activities that do not require licensure, the total of such persons
30 shall not exceed four individuals at any one time. Pharmacy interns
31 shall be exempt from such ratios, but shall be supervised in accordance
32 with the commissioner's regulations. Individuals who are responsible for
33 the act of placing drugs which are in unit-dose packaging into medica-
34 tion carts as part of an approved unit-dose drug distribution system for
35 patients in institutional settings shall be exempt from such ratio,
36 provided that such individuals are not also engaged in performing the
37 activities set forth in paragraph b, c, d, e, f, g, h or i of subdivi-
38 sion one of this section. The licensed pharmacist shall provide the
39 degree of supervision of such persons as may be appropriate to ensure
40 compliance with the relevant provisions of regulations of the commis-
41 sioner.

44 Section 6840. Introduction.

45 6841. Definition of the practice of registered pharmacy techni-
46 cian.

47 6842. Definitions.

48 6843. Practice of registered pharmacy technician and use of the
49 title "registered pharmacy technician".

50 6844. Requirements for licensure as a registered pharmacy tech-

7 restorative care under the direction of a registered professional nurse
8 or licensed physician, dentist or other licensed health care provider
9 legally authorized under this article and in accordance with the commis-
10 sioner's regulations.

11 3. a. (i) The practice of registered professional nursing by a nurse
12 practitioner, certified under section six thousand nine hundred ten of
13 this title, may include the diagnosis of illness and physical conditions
14 and the performance of therapeutic and corrective measures within a
15 specialty area of practice, in collaboration with a licensed physician
16 qualified to collaborate in the specialty involved, provided such
17 services are performed in accordance with a written practice agreement
18 and written practice protocols except as permitted by paragraph b of
19 this subdivision. The written practice agreement shall include explicit
20 provisions for the resolution of any disagreement between the collab-
21 orating physician and the nurse practitioner regarding a matter of diag-

23 extent the practice agreement does not so provide, then the collaborat-

15 hospital, communicate with a licensed physician qualified to collaborate
16 in the specialty involved and having privileges at such hospital, for
17 the purposes of exchanging information, as needed, in order to provide
18 comprehensive patient care and to make referrals as necessary. Such
19 form shall also reflect the nurse practitioner's acknowledgement that if
20 reasonable efforts to resolve any dispute that may arise with the
21 collaborating physician or, in the case of a collaboration with a hospi-
22 tal, with a licensed physician qualified to collaborate in the specialty
23 involved and having privileges at such hospital, about a patient's care

28 requirements found in this paragraph by a nurse practitioner who is not
29 complying with such provisions of paragraph a of this subdivision, shall
30 be subject to professional misconduct provisions as set forth in title
31 one of this article.

32 c. Nothing in this subdivision shall be deemed to limit or diminish
33 the practice of the profession of nursing as a registered professional
34 nurse under this title or any other law, rule, regulation or certifi-
35 cation, nor to deny any registered professional nurse the right to do
36 any act or engage in any practice authorized by this title or any other
37 law, rule, regulation or certification.

38 d. The provisions of this subdivision shall not apply to any activity
39 authorized, pursuant to statute, rule or regulation, to be performed by

21 triennial registration. The duration of such conditional registration
22 shall be for one year and may be extended, with the payment of a fee,
23 for no more than one additional year, unless the applicant can show good
24 cause for non-compliance acceptable to the department. The department,
25 in its discretion, may issue a temporary educational exemption to a
26 licensee who is unable to complete the baccalaureate degree due to a
27 lack of access to educational programs. Licensees seeking a temporary
28 educational exemption shall provide evidence of applying on at least two
29 occasions to a baccalaureate degree program or programs and subsequently

35 Licensees shall only be eligible for either a conditional registration
36 or a temporary educational exemption. The fee for such a temporary

§ 7000. Introduction. This title applies to the profession of podiatry. The general provisions for all professions contained in title one of this article apply to this title.

§ 7001. Definition of practice of podiatry. 1. The practice of the profession of podiatry is defined as diagnosing, treating, operating and prescribing for any disease, injury, deformity or other condition of the foot, and may include performing physical evaluations in conjunction with the provision of podiatric treatment. For the purposes of wound care however, the practice of podiatry shall include the treatment of such wounds if they are contiguous with wounds relating, originating or in the course of treatment of a wound on the foot within the podiatric scope of practice. Wound care shall not, however, extend beyond the level ending at the distal tibial tuberosity. The practice of podiatry may also include diagnosing, treating, operating and prescribing for any disease, injury, deformity or other condition of the ankle and soft tissue of the leg below the tibial tuberosity if the podiatrist has obtained an issuance of a privilege to perform podiatric standard ankle surgery or advanced ankle surgery in accordance with section seven thousand nine of this title. Podiatrists may treat traumatic open wound fractures only in hospitals, as defined in article twenty-eight of this chapter. For the purposes of this title, the term "ankle" shall be defined as the distal metaphysis and epiphysis of the tibia and fibula, the articular cartilage of the distal tibia and distal fibula, the ligaments that connect the distal metaphysis and epiphysis of the tibia and fibula and talus, and the portions of skin, subcutaneous tissue, fascia, muscles, tendons, ligaments and nerves at or below the level of the myotendinous junction of the triceps surae.

2. The practice of podiatry shall not include treating any part of the human body other than the foot, nor treating fractures of the malleoli or cutting operations upon the malleoli unless the podiatrist obtains an issuance of a privilege to perform podiatric standard ankle surgery or podiatric advanced ankle surgery. Podiatrists who have obtained an issuance of a privilege to perform podiatric standard ankle surgery may perform surgery on the ankle which may include soft tissue and osseous procedures except those procedures specifically authorized for podiatrists who have obtained an issuance of a privilege for advanced ankle surgery. Podiatrists who have obtained an issuance of a privilege to perform podiatric advanced ankle surgery may perform surgery on the ankle which may include ankle fracture fixation, ankle fusion, ankle arthroscopy, insertion or removal of external fixation pins into or from the tibial diaphysis at or below the level of the myotendinous junction of the triceps surae, and insertion and removal of retrograde tibiotalo-

1 calcaneal intramedullary rods and locking screws up to the level of the
2 myotendinous junction of the triceps surae, but does not include the
3 surgical treatment of complications within the tibial diaphysis related
4 to the use of such external fixation pins. Podiatrists licensed to prac-
5 tice, but not authorized to prescribe or administer narcotics prior to
6 the effective date of this subdivision, may do so only after certifi-
7 cation by the department in accordance with the qualifications estab-
8 lished by the commissioner. The practice of podiatry shall include
9 administering only local anesthetics for therapeutic purposes as well as
10 for anesthesia and treatment under general anesthesia administered by
11 authorized persons. The practice of podiatry by any licensee shall not
12 include partial or total ankle replacements nor the treatment of pilon
13 fractures.

14 3. a. The department shall conduct a study to determine whether to
15 make available to the public profiles on podiatrists who have obtained
16 an issuance of a privilege to perform podiatric standard or advanced
17 ankle surgery pursuant to subdivisions one and two of section seven
18 thousand nine of this title. Such study shall include consideration of
19 whether it would be appropriate and feasible for the department to make
20 publicly available profiles for such podiatrists in a manner similar to
21 physician profiles made available on the department's website in accord-
22 ance with section twenty-nine hundred ninety-five-a of this chapter. The
23 department shall consult with other departments as necessary on matters
24 related to the operation of the department's physician profiles estab-
25 lished pursuant to section twenty-nine hundred ninety-five-a of this
26 chapter in conducting its study.

27 b. If the department determines that making podiatrist profiles avail-
28 able is appropriate and feasible, the department shall outline in such
29 study an appropriate and cost-effective method of presenting relevant
30 and appropriate podiatric profiling information to the general public.
31 The department shall submit such study to the governor, the temporary
32 president of the senate, the speaker of the assembly, the minority lead-
33 er of the senate and the minority leader of the assembly on or before
34 November first, two thousand sixteen.

35 c. If the department makes podiatrist profiles available as set forth

17 Continuing education hours taken during one triennium may not be trans-
18 ferred to a subsequent triennium.

19 3. The department, in its discretion, may issue a conditional regis-
20 tration to a licensee who fails to meet the continuing education
21 requirements established in subdivision two of this section but who
22 agrees to make up any deficiencies and complete any additional education
23 which the department may require the fee for such a conditional regis-
24 tration shall be the same as, and in addition to, the fee for the trien-
25 ennial registration. The duration of such conditional registration shall
26 be determined by the department but shall not exceed one year. Any
27 licensee who is notified of the denial of registration for failure to
28 submit evidence, satisfactory to the department, of required continuing
29 education and who practices without such registration, may be subject to
30 disciplinary proceedings pursuant to section sixty-five hundred ten of
31 this article.

32 4. As used in subdivision two of this section, "acceptable formal

42 ute to the health and welfare of the public, may require the completion
43 of continuing education courses in specific subjects to fulfill such
44 mandatory continuing education requirement. Courses must be taken from
45 a sponsor approved by the department, pursuant to the regulations of the
46 commissioner.

33 for the period beginning January first, two thousand twenty-one up to
34 the first registration date thereafter. A psychologist who has not
35 satisfied the mandatory continuing education requirement shall not be
36 issued a triennial registration certificate by the department and shall
37 not practice unless and until a conditional registration is issued as
38 provided for in subdivision three of this section. Continuing education
39 hours taken during one triennium shall not be transferred to the subse-

42 registration to a psychologist who fails to meet the continuing educa-

46 tional registration shall be the same as, and in addition to, the fee
47 for the triennial registration. The duration of such conditional regis-
48 tration shall be determined by the department, but shall not exceed one
49 year. Any psychologist who is notified of the denial of registration for
50 failure to submit evidence, satisfactory to the department, of required
51 continuing education and who practices without such registration may be
52 subject to disciplinary proceedings pursuant to section sixty-five
53 hundred ten of this article.

54 b. For purposes of this section:

(ii) "formal courses of learning" shall include, but not be limited to, collegiate level credit and non-credit courses, professional development programs and technical sessions offered by national, state, and local professional associations and other organizations acceptable to the department, and any other organized educational and technical programs acceptable to the department. Formal courses shall be taken from a sponsor approved by the department, based upon an application and fee, pursuant to the regulations of the commissioner.

c. The department may, in its discretion and as needed to contribute to the health and welfare of the public, require the completion of continuing education credits in specific subjects to fulfill this mandatory continuing education requirement.

d. Psychologists shall maintain adequate documentation of completion of acceptable continuing education credits and shall provide such documentation at the request of the department. Failure to provide such documentation upon the request of the department shall be an act of misconduct subject to disciplinary proceedings pursuant to section sixty-five hundred ten of this article.

Such fee shall be payable on or before the first day of each triennial registration period, and shall be paid in addition to the triennial registration fee required by subdivision eight of section seventy-six hundred three of this title.

13 be determined by the department but shall not exceed one year. Any
14 licensee who is notified of the denial of registration for failure to

27 educational and technical programs acceptable to the department.
28 Continuing education courses shall be taken from a provider who has been
29 approved by the department, based upon an application and fee, pursuant

31 discretion and as needed to contribute to the health and welfare of the
32 public, require the completion of continuing education courses in
33 specific subjects to fulfill this mandatory continuing education
34 requirement. Licensed master social workers or licensed clinical social

9 criteria.

10 b. If such person meets the requirements for a license established

20 the department of having been engaged in the practice of the specified
21 profession for at least five of the immediately preceding eight years.

22 3. Any person licensed pursuant to this title may use accepted classi-

35 practice until they have met such requirements, and they have been
36 issued a registration certificate, except that a licensed mental health
37 counselor, marriage and family therapist, psychoanalyst, and creative
38 arts therapist may practice without having met such requirements if he
39 or she is issued a conditional registration certificate pursuant to
40 subdivision three of this section.

41 b. Each licensed mental health counselor, marriage and family thera-
42 pist, psychoanalyst, and creative arts therapist shall be exempt from
43 the mandatory continuing education requirements for the triennial regis-
44 tration period during which they are first licensed. In accordance with
45 the intent of this section, adjustment to the mandatory continuing
46 education requirement may be granted by the department for reasons of
47 health that are certified by an appropriate health care professional,
48 for extended active duty with the armed forces of the United States, or
49 for other good cause acceptable to the department which may prevent
50 compliance.

51 c. A licensed mental health counselor, marriage and family therapist,
52 psychoanalyst, and creative arts therapist not engaged in practice, as
53 determined by the department, shall be exempt from the mandatory contin-

9 maximum of twelve hours of which may be self-instructional course work
10 acceptable to the department. Any licensed mental health counselor,
11 marriage and family therapist, psychoanalyst, and creative arts thera-

13 section occurs less than three years from such effective date, but on or
14 after January first, two thousand seventeen, shall complete continuing
15 education hours on a prorated basis at the rate of one hour per month
16 for the period beginning January first, two thousand seventeen up to the
17 first registration date thereafter. A licensee who has not satisfied the
18 mandatory continuing education requirement shall not be issued a trien-
19 nal registration certificate by the department and shall not practice
20 unless and until a conditional registration certificate is issued as
21 provided for in subdivision three of this section. Continuing education
22 hours taken during one triennium may not be transferred to the subse-
23 quent triennium.

24 3. a. The department, in its discretion, may issue a conditional
25 registration to a licensee who fails to meet the continuing education
26 requirements established in subdivision two of this section but who
27 agrees to make up any deficiencies and complete any additional education
28 which the department may require. The fee for such a conditional regis-
29 tration shall be the same as, and in addition to, the fee for the trien-
30 nal registration. The duration of such conditional registration shall
31 be determined by the department but shall not exceed one year. Any
32 licensee who is notified of the denial of registration for failure to
33 submit evidence, satisfactory to the department, of required continuing
34 education and who practices without such registration may be subject to
35 disciplinary proceedings pursuant to section sixty-five hundred ten of
36 this article.

37 b. For purposes of this section "acceptable formal education" shall
38 mean formal courses of learning which contribute to professional prac-
39 tice in mental health counseling, marriage and family therapy, psycho-
40 analysis, or creative arts therapies and which meet the standards
41 prescribed by regulations of the commissioner. Such formal courses of
42 learning shall include, but not be limited to, collegiate level credit
43 and non-credit courses, professional development programs and technical
44 sessions offered by national, state and local professional associations
45 and other organizations acceptable to the department, and any other
46 organized educational and technical programs acceptable to the depart-
47 ment. Continuing education courses must be taken from a provider who has
48 been approved by the department, based upon an application and fee,
49 pursuant to the regulations of the commissioner. The department may, in
50 its discretion and as needed to contribute to the health and welfare of
51 the public, require the completion of continuing education courses in
52 specific subjects to fulfill this mandatory continuing education
53 requirement. Licensed mental health counselors, marriage and family
54 therapists, psychoanalysts, and creative arts therapists shall maintain
55 adequate documentation of completion of acceptable formal continuing
56 education and shall provide such documentation at the request of the

1 department. Failure to provide such documentation upon the request of
2 the department shall be an act of misconduct subject to disciplinary

8 of section eighty-four hundred two of this title and paragraph g of
9 subdivision three of section eighty-four hundred five of this title.

56 under this title to register triennially with the department to practice

1 in the state shall comply with provisions of the mandatory continuing
2 education requirements prescribed in subdivision two of this section
3 except as set forth in paragraphs b and c of this subdivision. Respir-

5 education requirement shall not practice until they have met such
6 requirements, and have been issued a registration certificate, except
7 that a respiratory therapy technician may practice without having met
8 such requirements if he or she is issued a conditional registration
9 certificate pursuant to subdivision three of this section.

10 b. Respiratory therapy technicians shall be exempt from the mandatory
11 continuing education requirement for the triennial registration period
12 during which they are first licensed. In accord with the intent of this
13 section, adjustment to the mandatory continuing education requirement

35 at the rate of two-thirds of one hour per month for the period beginning
36 January first, two thousand up to the first registration date thereaft-

38 requirements shall not be issued a triennial registration certificate by
39 the department and shall not practice unless and until a conditional
40 registration certificate is issued as provided for in subdivision three
41 of this section. With the exception of continuing education hours taken
42 during the registration period immediately preceding the effective date
43 of this section, continuing education hours completed during one trien-
44 nium may not be transferred to a subsequent triennium.

45 3. The department, in its discretion, may issue a conditional regis-
46 tration to a licensee who fails to meet the continuing education
47 requirements established in subdivision two of this section but who
48 agrees to make up any deficiencies and complete any additional education
49 which the department may require. The fee for such a conditional regis-

52 be determined by the department but shall not exceed one year. Any
53 licensee who is notified of the denial of registration for failure to
54 submit evidence, satisfactory to the department, of required continuing
55 education and who practices as a respiratory therapy technician without

1 such registration, may be subject to the disciplinary proceedings pursu-
2 ant to section sixty-five hundred ten of this article.

3 4. As used in subdivision two of this section, "acceptable formal
4 continuing education" for respiratory therapy technicians shall mean
5 formal courses of learning which contribute to professional practice as
6 a respiratory therapy technician and which meet the standards prescribed
7 by regulations of the commissioner. The department may, in its
8 discretion and as needed to contribute to the health and welfare of the
9 public, require the completion of continuing education courses in
10 specific subjects.

11 5. Respiratory therapy technicians shall maintain adequate documenta-
12 tion of completion of acceptable formal continuing education and shall
13 provide such documentation at the request of the department.

14 6. The mandatory continuing education fee for respiratory therapy

24 licensed or otherwise legally authorized physician.

25 3. Duration. A limited permit shall expire one year from the date of
26 issuance or upon notice to the permittee by the department that the
27 application for registration has been denied, or ten days after notifi-
28 cation to the permittee of failure on the professional licensing exam-
29 ination, whichever first occurs; provided, however, that if the permit-
30 tee is awaiting the results of a licensing examination at the time such
31 limited permit expires, such permit shall continue to be valid until ten
32 days after notification to the permittee of the result of such examina-
33 tion.

34 4. Fees. The fee for each limited permit shall be fifty dollars.

35 § 8512. Exempt persons. This title shall not prohibit:

36 1. a respiratory therapy student or a respiratory therapy technician
37 student from engaging in clinical assistance under the supervision of a
38 licensed respiratory therapist or a licensed or otherwise legally
39 authorized physician as an integral part of a program of study by
40 students enrolled in an approved respiratory therapy technician program
41 or in a clinical facility or health care agency affiliated with the
42 program for respiratory therapy technicians; or

43 2. the performance of any of the tasks or responsibilities included in
44 the definition of respiratory therapy technician by any other duly

21 in the statement of charges no later than ten days prior to the hearing,
22 and that any charge or allegation not so answered shall be deemed admit-

24 filing such answer that the licensee may file a brief and affidavits
25 with the committee on professional conduct, that the licensee may appear
26 personally before the committee on professional conduct, may be repres-
27 ented by counsel and may present evidence or sworn testimony in his or
28 her behalf, and the notice may contain such other information as may be
29 considered appropriate by the director. The department may also present
30 evidence or sworn testimony and file a brief at the hearing. A steno-
31 graphic record of the hearing shall be made. Such evidence or sworn
32 testimony offered to the committee on professional conduct shall be
33 strictly limited to evidence and testimony relating to the nature and
34 severity of the penalty to be imposed upon the licensee. Where the
35 charges are based on the conviction of state law crimes in other juris-
36 dictions, evidence may be offered to the committee which would show that
37 the conviction would not be a crime in New York state. The committee on
38 professional conduct may reasonably limit the number of witnesses whose
39 testimony will be received and the length of time any witness will be
40 permitted to testify. The determination of the committee shall be served
41 upon the licensee and the department in accordance with the provisions
42 of paragraph (h) of this subdivision. A determination pursuant to this
43 subdivision may be reviewed by the administrative review board for
44 professional medical conduct.

45 (a) The medical society of the state of New York, the New York state
46 osteopathic society or any district osteopathic society, any statewide
47 medical specialty society or organization, and every county medical
48 society, every person licensed pursuant to [~~articles one hundred thir-~~
49 ~~ty one, one hundred thirty-one B, one hundred thirty-three, one hundred~~
50 ~~thirty-seven and one hundred thirty-nine of the education law~~] titles
51 two, four, seven, ten, and twelve of article fifty-one of this chapter,
52 and the chief executive officer, the chief of the medical staff and the
53 chairperson of each department of every institution which is established
54 pursuant to article twenty-eight of this chapter and a comprehensive
55 health services plan pursuant to article forty-four of this chapter or
56 article forty-three of the insurance law, shall, and any other person

1 may, report to the board any information which such person, medical
2 society, organization institution or plan has which reasonably appears
3 to show that a licensee is guilty of professional misconduct as defined
4 in sections sixty-five hundred thirty and sixty-five hundred thirty-one
5 of [~~the education law~~] this chapter. Such reports shall remain confiden-
6 tial and shall not be admitted into evidence in any administrative or
7 judicial proceeding except that the board, its staff, or the members of
8 its committees may begin investigations on the basis of such reports and
9 may use them to develop further information.

10 (a) Temporary surrender. The license and registration of a licensee
11 who may be temporarily incapacitated for the active practice of medicine
12 and whose alleged incapacity has not resulted in harm to a patient may
13 be voluntarily surrendered to the board for professional medical
14 conduct, which may accept and hold such license during the period of
15 such alleged incapacity or the board for professional medical conduct
16 may accept the surrender of such license after agreement to conditions
17 to be met prior to the restoration of the license. The board shall give
18 prompt written notification of such surrender to the division of profes-
19 sional licensing services of the state education department, and to each
20 hospital at which the licensee has privileges. The licensee whose
21 license is so surrendered shall notify all patients and all persons who
22 request medical services that the licensee has temporarily withdrawn
23 from the practice of medicine. The licensure status of each such licen-
24 see shall be "inactive" and the licensee shall not be authorized to
25 practice medicine. The temporary surrender shall not be deemed to be an
26 admission of disability or of professional misconduct, and shall not be
27 used as evidence of a violation of subdivision seven or eight of section
28 sixty-five hundred thirty of [~~the education law~~] this chapter unless the
29 licensee practices while the license is "inactive". Any such practice
30 shall constitute a violation of subdivision twelve of section sixty-five
31 hundred thirty of [~~the education law~~] this chapter. The surrender of a
32 license under this subdivision shall not bar any disciplinary action
33 except action based solely upon the provisions of subdivision seven or
34 eight of section sixty-five hundred thirty of [~~the education law~~] this
35 chapter and where no harm to a patient has resulted, and shall not bar
36 any civil or criminal action or proceeding which might be brought with-
37 out regard to such surrender. A surrendered license shall be restored
38 upon a showing to the satisfaction of a committee of professional
39 conduct of the state board for professional medical conduct that the
40 licensee is not incapacitated for the active practice of medicine
41 provided, however, that the committee may impose reasonable conditions
42 on the licensee, if it determined that due to the nature and extent of
43 the licensee's former incapacity such conditions are necessary to
44 protect the health of the people. The chairperson of the committee shall
45 issue a restoration order adopting the decision of the committee. Prompt
46 written notification of such restoration shall be given to the division
47 of professional licensing services of the [~~state education~~] department
48 and to all hospitals which were notified of the surrender of the
49 license.

50 (b) Permanent surrender. The license and registration of a licensee
51 who may be permanently incapacitated for the active practice of medi-
52 cine, and whose alleged incapacity has not resulted in harm to a
53 patient, may be voluntarily surrendered to the board for professional
54 medical conduct. The board shall give prompt written notification of
55 such surrender to the division of professional licensing services of the
56 state education department, and to each hospital at which the licensee

1 has privileges. The licensee whose license is so surrendered shall noti-
2 fy all patients and all persons who request medical services that the
3 licensee has permanently withdrawn from the practice of medicine. The
4 permanent surrender shall not be deemed to be an admission of disability
5 of or professional misconduct, and shall not be used as evidence of a
6 violation of subdivision seven or eight of section sixty-five hundred
7 thirty of ~~[the education law]~~ this chapter. The surrender shall not bar
8 any civil or criminal action or proceeding which might be brought with-
9 out regard to such surrender. There shall be no restoration of a license
10 that has been surrendered pursuant to this subdivision.

11 (c) If the committee determines that reasonable cause exists as speci-
12 fied in paragraph (a) of this subdivision and that there is insufficient
13 evidence for the matter to constitute misconduct as defined in sections
14 sixty-five hundred thirty and section sixty-five hundred thirty-one of
15 ~~[the education law]~~ this chapter, the committee may issue an order
16 directing that the licensee's practice of medicine be monitored for a
17 period specified in the order, which shall in no event exceed one year,
18 by a licensee approved by the director, which may include members of
19 county medical societies or district osteopathic societies designated by
20 the commissioner. The licensee responsible for monitoring the licensee
21 shall submit regular reports to the director. If the licensee refuses to
22 cooperate with the licensee responsible for monitoring or if the moni-
23 toring licensee submits a report that the licensee is not practicing
24 medicine with reasonable skill and safety to his or her patients, the
25 committee may refer the matter to the director for further proceedings
26 pursuant to subdivision ten of this section. An order pursuant to this
27 paragraph shall be kept confidential and shall not be subject to discov-
28 ery or subpoena, unless the licensee refuses to comply with the order.
