3. By September 15, 1996, for each regional group the commissioner of health shall calculate the base period medicaid revenue percentage.

4. (a) For each regional group, the 1996 target medicaid revenue percentage shall be calculated by subtracting the 1996 medicaid revenue reduction percentages from the base period medicaid revenue percentages. The 1996 medicaid revenue reduction percentage, taking into account regional and program differences in utilization of medicaid and medicare services, for the following regional groups shall be equal to:

(i) one and one-tenth percentage points for CHHAs located within the downstate region;

(iii) one and eight-tenths percentage points for LTHHCPs located within the downstate region; and
(iv) one and seven-tenths percentage points for LTHHCPs located within the upstate region.

(c) For each regional group, the 1999 target medicaid revenue percentage shall be calculated by subtracting the 1999 medicaid revenue reduction percentage from the base period medicaid revenue percentage. The 1999 medicaid revenue reduction percentages, taking into account regional and program differences in utilization of medicaid and medicare services, for the following regional groups shall be equal to:

(i) eight hundred twenty-five thousandths (.825) of one percentage point for CHHAs located within the downstate region;

5. (a) For each regional group, if the 1996 medicaid revenue percent-
age is not equal to or less than the 1996 target medicaid revenue
percentage, the commissioner of health shall compare the 1996 medicaid
revenue percentage to the 1996 target medicaid revenue percentage to
determine the amount of the shortfall which, when divided by the 1996
medicaid revenue reduction percentage, shall be called the 1996
reduction factor. These amounts, expressed as a percentage, shall not
exceed one hundred percent. If the 1996 medicaid revenue percentage is
equal to or less than the 1996 target medicaid revenue percentage, the
1996 reduction factor shall be zero.

2019, 2020, 2021, 2022 [and] 2023, 2024, 2025, 2026 and 2027, for each

target medicaid revenue percentage to determine the amount of the short-
fall which, when divided by the respective year's medicaid revenue
reduction percentage, shall be called the reduction factor for such
respective year. These amounts, expressed as a percentage, shall not
exceed one hundred percent. If the medicaid revenue percentage for a
particular year is equal to or less than the target medicaid revenue
percentage for that year, the reduction factor for that year shall be
zero.

6. (a) For each regional group, the 1996 reduction factor shall be
multiplied by the following amounts to determine each regional group's
applicable 1996 state share reduction amount:

(i) two million three hundred ninety thousand dollars ($2,390,000) for

(ii) seven hundred fifty thousand dollars ($750,000) for CHHAs located

2019, 2020, 2021, 2022 [and] 2023, 2024, 2025, 2026 and 2027, for each
regional group, the reduction factor for the respective year shall be
multiplied by the following amounts to determine each regional group's
applicable state share reduction amount for such respective year:

(i) two million three hundred ninety thousand dollars ($2,390,000) for
CHHAs located within the downstate region;

(ii) seven hundred fifty thousand dollars ($750,000) for CHHAs located

located within the upstate region.
For each regional group reduction, if the reduction factor for a particular year shall be zero, there shall be no state share reduction amount for such year.

(c) For each regional group, the 1999 reduction factor shall be multiplied by the following amounts to determine each regional group's applicable 1999 state share reduction amount:

(i) one million seven hundred ninety-two thousand five hundred dollars ($1,792,500) for CHHAs located within the downstate region;

(ii) five hundred sixty-two thousand five hundred dollars ($562,500) for CHHAs located within the upstate region;

(iii) nine hundred fifty-two thousand five hundred dollars ($952,500) for LTHHCPs located within the downstate region; and

(iv) four hundred forty-two thousand five hundred dollars ($442,500) for LTHHCPs located within the upstate region.

For each regional group reduction, if the 1999 reduction factor shall be zero, there shall be no 1999 state share reduction amount.

7. (a) For each regional group, the 1996 state share reduction amount shall be allocated by the commissioner of health among CHHAs and LTHHCPs on the basis of the extent of each CHHA's and LTHHCP's failure to achieve the 1996 target medicaid revenue percentage, calculated on a provider specific basis utilizing revenues for this purpose, expressed as a proportion of the total of each CHHA's and LTHHCP's failure to achieve the 1996 target medicaid revenue percentage within the applicable regional group. This proportion shall be multiplied by the applicable 1996 state share reduction amount calculation pursuant to paragraph (a) of subdivision 6 of this section. This amount shall be called the 1996 provider specific state share reduction amount.

(b) For 1997, 1998, 1999, 2000, 2001, 2002, 2003, 2004, 2005, 2006, 2007, 2008, 2009, 2010, 2011, 2012, 2013, 2014, 2015, 2016, 2017, 2018, 2019, 2020, 2021, 2022 [and], 2023, 2024, 2025, 2026 and 2027 for each regional group, the state share reduction amount for the respective year shall be allocated by the commissioner of health among CHHAs and LTHHCPs on the basis of the extent of each CHHA's and LTHHCP's failure to achieve the target medicaid revenue percentage for the applicable year, calculated on a provider specific basis utilizing revenues for this purpose, expressed as a proportion of the total of each CHHA's and LTHHCP's failure to achieve the target medicaid revenue percentage for the applicable year within the applicable regional group. This proportion shall be multiplied by the applicable year's state share reduction amount calculation pursuant to paragraph (b) or (c) of subdivision 6 of this section. This amount shall be called the provider specific state share reduction amount for the applicable year.

8. (a) The 1996 provider specific state share reduction amount shall be due to the state from each CHHA and LTHHCP and may be recouped by the state by March 31, 1997 in a lump sum amount or amounts from payments due to the CHHA and LTHHCP pursuant to title 11 of article 5 of the social services law.

9. CHHAs and LTHHCPs shall submit such data and information at such times as the commissioner of health may require for purposes of this section. The commissioner of health may use data available from third-party payors.

Any amount in excess of the amount determined in accordance with paragraph (a) of subdivision 7 of this section shall be due to the state from each CHHA and LTHHCP and may be recouped in accordance with paragraph (a) of subdivision 8 of this section. If the amount is less than the amount determined in accordance with paragraph (a) of subdivision 7 of this section, the difference shall be refunded to the CHHA and LTHHCP by the state no later than July 15, 1997. CHHAs and LTHHCPs shall submit data for the period August 1, 1996 through March 31, 1997 to the commissioner of health by April 15, 1997.

11. If a CHHA or LTHHCP fails to submit data and information as required for purposes of this section:
   (a) such CHHA or LTHHCP shall be presumed to have no decrease in medicaid revenue percentage between the applicable base period and the applicable target period for purposes of the calculations pursuant to this section; and
   (b) the commissioner of health shall reduce the current rate paid to such CHHA and such LTHHCP by state governmental agencies pursuant to article 36 of the public health law by one percent for a period beginning on the first day of the calendar month following the applicable due date as established by the commissioner of health and continuing until the last day of the calendar month in which the required data and information are submitted.

paragraph (c) of this subdivision.
§ 4. Section 40 of chapter 266 of the laws of 1986, amending the civil
practice law and rules and other laws relating to malpractice and
professional medical conduct, as amended by section 4 of part Z of chap-
ter 57 of the laws of 2022, is amended to read as follows:
§ 40. The superintendent of financial services shall establish rates
for policies providing coverage for physicians and surgeons medical
malpractice for the periods commencing July 1, 1985 and ending June 30,
[2023] 2024; provided, however, that notwithstanding any other provision
of law, the superintendent shall not establish or approve any increase
in rates for the period commencing July 1, 2009 and ending June 30,
2010. The superintendent shall direct insurers to establish segregated
accounts for premiums, payments, reserves and investment income attrib-
utable to such premium periods and shall require periodic reports by the
insurers regarding claims and expenses attributable to such periods to
monitor whether such accounts will be sufficient to meet incurred claims
and expenses. On or after July 1, 1989, the superintendent shall impose
a surcharge on premiums to satisfy a projected deficiency that is
attributable to the premium levels established pursuant to this section
for such periods; provided, however, that such annual surcharge shall not exceed eight percent of the established rate until July 1, 2023, at which time and thereafter such surcharge shall not exceed twenty-five percent of the approved adequate rate, and that such annual surcharges shall continue for such period of time as shall be sufficient to satisfy such deficiency. The superintendent shall not impose such surcharge during the period commencing July 1, 2009 and ending June 30, 2010. On and after July 1, 1989, the surcharge prescribed by this section shall be retained by insurers to the extent that they insured physicians and surgeons during the July 1, 1985 through June 30, 2023 policy periods; in the event and to the extent physicians and surgeons were insured by another insurer during such periods, all or a pro rata share of the surcharge, as the case may be, shall be remitted to such other insurer in accordance with rules and regulations to be promulgated by the superintendent. Surcharges collected from physicians and surgeons who were not insured during such policy periods shall be apportioned among all insurers in proportion to the premium written by each insurer during such policy periods; if a physician or surgeon was insured by an insurer subject to rates established by the superintendent during such policy periods, and at any time thereafter a hospital, health maintenance organization, employer or institution is responsible for responding in damages for liability arising out of such physician's or surgeon's practice of medicine, such responsible entity shall also remit to such prior insurer the equivalent amount that would then be collected as a surcharge if the physician or surgeon had continued to remain insured by such prior insurer. In the event any insurer that provided coverage during such policy periods is in liquidation, the property/casualty insurance security fund shall receive the portion of surcharges to which the insurer in liquidation would have been entitled. The surcharges authorized herein shall be deemed to be income earned for the purposes of section 2303 of the insurance law. The superintendent, in establishing adequate rates and in determining any projected deficiency pursuant to the requirements of this section and the insurance law, shall give substantial weight, determined in his discretion and judgment, to the prospective anticipated effect of any regulations promulgated and laws enacted and the public benefit of stabilizing malpractice rates and minimizing rate level fluctuation during the period of time necessary for the development of more reliable statistical experience as to the efficacy of such laws and regulations affecting medical, dental or podiatric malpractice enacted or promulgated in 1985, 1986, by this act and at any other time. Notwithstanding any provision of the insurance law, rates already established and to be established by the superintendent pursuant to this section are deemed adequate if such rates would be adequate when taken together with the maximum authorized annual surcharges to be imposed for a reasonable period of time whether or not any such annual surcharge has been actually imposed as of the establishment of such rates.

clinical review criteria developed by health care plans shall also take
into consideration whether:

(1) the insured's or enrollee's treating network participating provid-

SUBPART D

Section 1. Legislative findings. The legislature finds that it is in
the best interest of the people of this state to expand article 77 of
the insurance law to protect insureds and health care providers against
the failure or inability of a health or property/casualty insurer writ-
ing health insurance to perform its contractual obligations due to
financial impairment or insolvency. The superintendent of financial
services has the right and responsibility to enforce the insurance law
and the authority to seek redress against any person responsible for the
impairment or insolvency of the insurer, and nothing in this act is
intended to restrict or limit such right, responsibility, or authority.

(2) Except as otherwise provided in this section, this article shall apply to the policies, contracts, and funding agreements specified in paragraph one of this subsection with regard to a person who is:

(C) a health care provider that has rendered services to a person specified in subparagraph (A) of this paragraph, regardless of where the person resides.

§ 6. Subsections (c), (d), (e), (h) and (i) of section 7705 of the insurance law, subsections (c), (e) and (i) as added by chapter 802 of the laws of 1985 and subsections (d) and (h) as amended by chapter 454

Premiums do not include premiums and considerations on contracts between insurers and reinsurers. For the purposes of determining the assessment for an insurer under this article, the term "premiums", with respect to a group annuity contract (or portion of any such contract) that does not guarantee annuity benefits to any specific individual identified in the contract and with respect to any funding agreement issued to fund benefits under any employee benefit plan, means the lesser of one million dollars or the premium attributable to that portion of such group contract that does not guarantee benefits to any specific individuals or such agreements that fund benefits under any employee benefit plan.

The amount of any class B or class C assessment for long-term care insurance written by the impaired or insolvent insurer shall be allocated according to a methodology included in the plan of operation and approved by the superintendent. The methodology shall provide for fifty percent of the assessment to be allocated to health insurance company member insurers and fifty percent to be allocated to life insurance company member insurers; provided, however, that a property/casualty insurer that writes health insurance shall be considered a health insurance company member for this purpose. Class B and class C assessments against member insurers for each account shall be in the proportion that the premiums received on business in this state by each assessed member insurer on policies covered by each account for the three calendar years preceding the assessment bears to such premiums received on business in this state for such calendar years by all assessed member insurers.

§ 13. The insurance law is amended by adding a new section 7720 to read as follows:

§ 7720. Penalties. (a) If any member insurer fails to make any payment required by this article, or if the superintendent has cause to believe that any other statement filed is false or inaccurate in any particular, or that any payment made is incorrect, the superintendent may examine all the books and records of the member insurer to ascertain the facts and determine the correct amount to be paid. Based on such finding, the corporation may proceed in any court of competent jurisdiction to recover for the benefit of the fund any sums shown to be due upon such examination and determination.

(b) Any member insurer that fails to make any such required statement, or to make any payment to the fund when due, shall forfeit to the corporation for deposit in the fund a penalty of five percent of the amount determined to be due plus one percent of such amount for each month of delay, or fraction thereof, after the expiration of the first month of such delay. If satisfied that the delay was excusable, the corporation may remit all or any part of the penalty.
