1 (c) For purposes of establishing the numbers required to be reported
2 under subdivision one of this section, an employer shall create a "snap-
3 shot" that counts all of the individuals in each job category by race,
4 ethnicity, and sex, employed during a single pay period of the employ-
5 er's choice between October first and December thirty-first of the
6 "Reporting Year."

7 (d) For purposes of establishing the numbers to be reported under this
8 subdivision, the employer shall calculate the total earnings, as shown
9 on the Internal Revenue Service Form W-2, for each employee in the
10 "snapshot," for the entire "Reporting Year," regardless of whether or
11 not an employee worked for the full calendar year. The employer shall
12 tabulate and report the number of employees whose W-2 earnings during
13 the "Reporting Year" fell within each pay band.

14 3. The employer shall include in the report the total number of hours
15 worked by each employee counted in each pay band during the "Reporting
16 Year."

17 4. For employers with multiple establishments, the employer shall
18 submit a report for each establishment and a consolidated report that
19 includes all employees.

20 5. The report shall include a section for employers to provide clari-
21 fying remarks regarding any of the information provided. An employer is
22 not required to provide clarifying remarks.

23 6. If an employer is required to file an Employer Information Report,
24 otherwise known as the EEO-1 Report, with the United States Equal
25 Employment Opportunity Commission or other federal agency that includes
26 the same or substantially similar pay data information required under
27 this section, the employer may satisfy compliance with this section by
28 submitting the Employer Information Report to the department.

29 7. If the department does not receive the required report from an
30 employer, the department may seek an order requiring the employer to
31 comply with these requirements and shall be entitled to recover the
32 costs associated with seeking the order for compliance.

33 8. It shall be unlawful for any officer or employee of the department
34 to make public in any manner whatsoever any individually identifiable
35 information obtained pursuant to their authority under this section
36 prior to the institution of an investigation or enforcement proceeding
37 by the department involving that information, and only to the extent
38 necessary for purposes of the enforcement proceeding. For the purposes
39 of this subdivision, "individually identifiable information" includes
40 data that is associated with a specific person or business.

41 9. Any information disclosed to the department pursuant to this
42 section shall be considered confidential information and not subject to
43 disclosure pursuant to the public officers law.

44 10. Notwithstanding subdivision seven of this section, the department
45 may develop and publicize aggregate reports based on the data obtained
46 pursuant to their authority under this section, provided that the aggre-
47 gate reports are reasonably calculated to prevent the association of any
48 data with any individual business or person.

49 11. The department shall maintain pay data reports for not less than
50 ten years.

51 12. For purposes of this section, both of the following definitions
52 shall apply:

53 (a) "Employee" means an individual on an employer's payroll, including
54 a part-time individual, for whom the employer is required to withhold
55 federal social security taxes from that individual's wages.

1 **(b) "Establishment" means an economic unit producing goods or**
2 **services.**
3 § 2. This act shall take effect on the one hundred eightieth day after
4 it shall have become a law. Effective immediately, the addition, amend-
5 ment and/or repeal of any rule or regulation necessary for the implemen-
6 tation of this act on its effective date are authorized to be made and
7 completed on or before such effective date.
