(d) "Party" means any interested party, respondent public utility, or commission staff in a hearing or proceeding.

(e) "Proceeding" means a complaint, or investigation, rulemaking, or other formal proceeding before the commission, or alternative dispute resolution procedures in lieu of formal proceedings as may be sponsored or endorsed by the commission, provided however such proceedings shall be limited to those arising under and proceeding pursuant to the following articles of this chapter: (1) the regulation of the price of gas and electricity, pursuant to article four of this chapter except those described in subparagraph (ii) of paragraph (c) of subdivision twelve of section sixty-six of this chapter; (2) the regulation of the price of steam, pursuant to article four-A of this chapter; (3) the submetering, remetering or resale of electricity to residential premises, pursuant to sections sixty-five and sixty-six of this chapter, and pursuant to regulations regarding the submetering, remetering, or resale of electricity adopted by the commission; and (4) such sections of this chapter as are applicable to a proceeding in which the commission makes a finding on the record that the public interest requires the reimbursement of utility intervenor fees pursuant to this section.

(f) "Significant financial hardship" means that the participant will be unable to afford, without undue hardship, to pay the costs of effective participation, including advocate's fees, expert witness fees, and other reasonable costs of participation.

(g) "Small business" means a business with a gross annual revenue of two hundred fifty thousand dollars or less.

(h) "Substantial contribution" means that, in the judgment of the department, the participant's application may substantially assist the commission in making its decision because the decision may adopt in whole or in part one or more factual contentions, legal contentions, or specific policy or procedural recommendations that will be presented by the participant.

2. A participant may apply for an award of compensation under this section in a proceeding in which such participant has sought active party status as defined by the department. The department shall determine appropriate procedures for accepting and responding to such applications. At the time of application, such participant shall serve on every party to the proceeding notice of intent to apply for an award of compensation.

An application shall include:

(a) A statement of the nature and extent and the factual and legal basis of the participant's planned participation in the proceeding as far as it is possible to describe such participation with reasonable specificity at the time the application is filed.

(b) At minimum, a reasonably detailed description of anticipated advocates and expert witness fees and other costs of preparation and participation that the participant expects to request as compensation.

(c) If participation or intervention will impose a significant financial hardship and the participant seeks payment in advance to an award of compensation in order to initiate, continue or complete participation in the hearing or proceeding, such participant must include evidence of such significant financial hardship in its application.

(d) Any other requirements as required by the department.

1 3. (a) Within thirty days after the filing of an application the
2 department shall issue a decision that determines whether or not the
3 participant may make a substantial contribution to the final decision in
4 the hearing or proceeding. If the department finds that the participant
5 requesting compensation may make a substantial contribution, the depart-
6 ment shall describe this substantial contribution and determine the
7 amount of compensation to be paid pursuant to subdivision four of this
8 section.

9 (b) Notwithstanding subdivision four of this section, if the depart-
10 ment finds that the participant has a significant financial hardship,
11 the department may direct the public utility or utilities subject to the
12 proceeding to pay all or part of the compensation to the department to
13 be provided to the participant prior to the end of the proceeding. In
14 the event that the participant discontinues its participation in the
15 proceeding without the consent of the department, the department shall
16 be entitled to, in whole or in part, recover any payments made to such
17 participant to be refunded to the public utility or utilities that
18 provided such payment.

19 (c) The computation of compensation pursuant to paragraph (a) of this
20 subdivision shall take into consideration the market rates paid to
21 persons of comparable training and experience who offer similar
22 services. The compensation awarded may not, in any case, exceed the
23 comparable market rate for services paid by the department or the public
24 utility, whichever is greater, to persons of comparable training and
25 experience who are offering similar services.

26 (d) Any compensation awarded to a participant and not used by such
27 participant shall be returned to the department for refund to the public
28 utility or utilities that provided such payment.

29 (e) The department shall require that participants seeking payment
30 maintain an itemized record of all expenditures incurred as a result of
31 such proceeding.

32 (i) The department may use the itemized record of expenses to verify
33 the claim of financial hardship by a participant seeking payment pursu-
34 ant to paragraph (c) of subdivision two of this section.

35 (ii) The department may use the record of expenditures in determining,
36 after the completion of a proceeding, if any unused funds remain.

37 (iii) The department shall preserve the confidentiality of the partic-
38 ipant's records in making any audit or determining the availability of
39 funds after the completion of a proceeding.

40 (f) In the event that the department finds that two or more partic-
41 ipants' applications have substantially similar interests, the depart-
42 ment may require such participants to apply jointly in order to receive
43 compensation.

44 4. Any compensation pursuant to this section shall be paid at the
45 conclusion of the proceeding by the public utility or utilities subject
46 to the proceeding within thirty days. Such compensation shall be remit-
47 ted to the department which shall then remit such compensation to the
48 participant.

49 5. The department shall deny any award to any participant who attempts
50 to delay or obstruct the orderly and timely fulfillment of the depart-
51 ment's responsibilities.

4 monies received from utilities pursuant to section twenty-four-c of the
5 public service law.

6 § 3. This act shall take effect on the thirtieth day after it shall
7 have become a law.
