## IN SENATE

February 3, 2023

Introduced by Sen. MAY -- read twice and ordered printed, and when printed to be committed to the Committee on Corporations, Authorities and Commissions

AN ACT to amend the public authorities law, in relation to authorizing local water and sewerage authorities to charge fees for surface runoff

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

1	Section 1. Short title. This act shall be known and may be cited as
2	the "water bill fairness act".
3	§ 2. Section 1196-b of the public authorities law is amended by adding
4	seven new subdivisions 22, 23, 24, 25, 26, 27 and 28 to read as follows:
5	22. "Stormwater" shall mean a flow of water occurring on the ground
б	surface when rain or meltwater can no longer be absorbed by the soil or
7	ground surface.
8	23. "Green infrastructure" shall mean the range of measures that use
9	plant or soil systems, permeable pavement or other permeable surfaces or
10	substrates, stormwater harvest or reuse, or landscaping to store, infil-
11	trate or evapotranspirate stormwater and reduce flows to sewerage
12	systems, sewerage facilities, drainage systems, drainage facilities, or
13	to surface waters.
14	24. "MS4 compliance" shall mean efforts undertaken to comply with the
15	requirements of permits issued for municipal separate storm sewer
16	systems pursuant to any federal rule or regulation required by 31 U.S.C.
17	section 1342, including 40 C.F.R. parts 9, 122, 123, and 124 ("Stormwa-
18	ter II") or any successor regulation.
19	25. "Combined sewer system" shall mean a sewerage system or sewerage
20	facility owned by the state, authority, or municipality that conveys
21	stormwater and sanitary wastewater from residential, commercial, and
22	<u>industrial sources through a single-pipe system.</u>
23	26. "Combined sewer overflow" shall mean the discharge of sewage from
24	a combined sewer system at a point in such system before such sewage has

1	reached a publicly owned treatment works, usually caused by an increase
2	<u>in flow in excess of design capacity.</u>
3	27. "Stormwater management" shall mean the planning, design,
4	construction, maintenance, improvement, acquisition, or operation of any
5	public system of practices or infrastructure, including green infras-
б	tructure, which conveys, treats, or stores stormwater, induces groundwa-
7	ter recharge of stormwater, reduces flooding caused by stormwater,
8	reduces the discharge of untreated stormwater into surface waters, or
9	reduces combined sewer overflows or other deleterious environmental,
10	social, or economic consequences caused by unmanaged stormwater runoff.
11	Stormwater management shall include, without limitation: MS4 compliance;
	actions required to comply with a state pollutant discharge elimination
12	
13	system permit issued pursuant to article seventeen of the environmental
14	conservation law and reasonably related to stormwater management; the
15	development and implementation of a municipal stormwater management plan
16	or stormwater control ordinance; and the development and implementation
17	of a long-term control plan to mitigate combined sewer overflows pursu-
18	ant to any federal or state law, regulation, rule, permit, or consent
19	decree.
20	28. "Stormwater fee" shall mean the imposition of a fee, rate, rent or
21	other service charge for the costs of stormwater management, in: (a) a
22	fixed amount per property; (b) an amount determined as a function of the
23	gross area of the real property and the impervious area of the property;
24	or (c) upon any other equitable basis determined by the legislative body
25	of the sponsoring municipality, including but not limited to any combi-
26	nation of the foregoing. Such a fee may be adjusted for the classifica-
27	tion or use of the property and shall be a fair and equitable approxi-
	method of the second state second deal and added to be shown at the
28	mation of the real property's proportional contribution to stormwater

For the purposes of this subdivision, "impervious area of the property" shall mean the area of the real property that restricts water absorption. § 3. Subdivisions 22 and 23 of section 1196-d of the public authori- ties law, as added by chapter 510 of the laws of 1984, are amended to read as follows: 22. To provide for the discontinuance or disconnection of the supply of water or the provision of sewerage service, or both, as the case may be, for non-payment of fees, rates, rents or other charges therefor imposed by the authority, provided such discontinuance or disconnection of any supply of water or the provision of sewerage service, or both, as the case may be, shall not be carried out except in the manner and upon the notice as is required of a waterworks corporation pursuant to subdi- visions three-a, three-b and three-c of section eighty-nine-b and section one hundred sixteen of the public service law; [and] 23. To develop and implement a policy for the collection of stormwater fees, and to create credits that may be applied thereto based on behav- ior or improvements that reduce, retain, or treat stormwater; provided, however, that the costs of stormwater management are not primarily fund- ed through any other fee, rate, rent, or service charge levied simul- taneously within the district, excepting on a one-time or emergency basis. (a) Separate, partial, and non-exclusive credits may be created for: (i) the installation, operation, and maintenance of current stormwater best management practices that reduce, retain, or treat stormwater</pre>
