1 (b) "Ballot issue committee" shall mean a political committee formed

3 2. In addition to the watchers appointed pursuant to section 8-500 of

6 3. Each civic organization and each ballot issue committee shall be
7 entitled to appoint no more than two nonpartisan poll monitors per poll-
8 ing place.

9 4. Not less than thirty-two days and not more than forty-five days
10 before the first election for which the organization or committee plans
11 to appoint nonpartisan poll monitors, the state board of elections shall
12 receive a statement from any organization or ballot issue committee
13 desiring to appoint nonpartisan poll monitors setting forth the inten-
14 tion of the organization or committee to appoint nonpartisan poll moni-
15 tors.

16 (a) The statement shall be signed and sworn to by the chief presiding
17 officer, the secretary, or some other officer of the organization or
18 committee and shall set forth:

19 (i) the reason why the organization or committee claims the right to
20 appoint nonpartisan poll monitors;

21 (ii) the names and addresses of its principal officers;

22 (iii) a statement specifying the civic organization or ballot issue
23 committee's office address, phone number and an email to which all
24 future communications shall be addressed; and

25 (iv) verification of length of time it has maintained an office and
26 phone in New York, if a civic organization or, if a ballot issue commit-
27 tee, verifying that it has satisfied its filing obligations under
28 section 14-118 of this chapter.

29 (b) Such statement shall also be accompanied by:

30 (i) a copy of the instructional materials the organization or commit-
31 tee will use to train poll monitors regarding voters' rights, as well as
32 basic election day and voting procedures under the election law;

33 (ii) a copy of the volunteer pledge which the organization or commit-
34 tee requires its poll monitors to sign after receiving the training,
35 which explains what it means to be a nonpartisan poll monitor, acknowl-
36 edges the obligation to strictly maintain nonpartisan status while serv-
37 ing as a poll monitor for the appointing organization or committee, and
38 agrees to abide by the restrictions set forth in subdivision ten of this
39 section;

40 (iii) a written commitment to train its volunteer poll monitors in
41 accordance with the provided instructional materials and retain a signed
42 copy of each assigned poll monitor's volunteer pledge, executed pursuant
43 to subparagraph (ii) of this paragraph, prior to assigning that poll
44 monitor to a polling place, signed under penalty of perjury by a princi-
45 pal officer; and

46 (iv) a statement whether the requested approval is for the next imme-
47 diat election or for all elections occurring in the current calendar
48 year subsequent to the date of application.

49 (c) The state board of elections may deny an organization or committee
50 the authorization to appoint nonpartisan poll monitors if that organiza-
51 tion or committee fails to furnish evidence satisfactory to the state
52 board of elections that the organization or committee is devoted to the
53 purposes enumerated or has maintained an office and a publicized phone
54 number in New York state for no less than one year, for failure of the
55 required instructional materials to adequately outline basic voters'
56 rights and relevant administrative provisions of the election law, or

1 for failing to provide a volunteer pledge form that satisfies the
2 requirements of subparagraph (iii) of paragraph (b) of this subdivision.

3 5. Not later than two business days after receipt of a statement of
4 intent to appoint nonpartisan poll monitors under subdivision four of
5 this section but in no event later than the twenty-eighth day before the
6 upcoming election, the executive directors of the state board of
7 elections shall approve or deny the organization's or committee's
8 authorization to appoint nonpartisan poll monitors and notify the organ-
9 ization or committee of that approval or denial via email and overnight
10 delivery, which shall be deemed to have been received by the day after
11 transmission. Authorization shall only be denied on the basis that the
12 applying organization or committee fails to satisfy the requirements of
13 paragraphs (a) and (b) of subdivision four of this section. If authori-
14 zation is denied under this subdivision, an organization or committee
15 may appeal the denial with the commissioners of the state board of
16 elections by email or overnight delivery. The appeal of the denial must
17 be received by the state board not later than two days after the date of
18 the issue of the denial, but in no event later than the twenty-fifth day
19 before the upcoming election. Not later than twenty days before the
20 upcoming election, the commissioners shall consider the appeal of any
21 denials. The commissioners' consideration of any appeal shall be made
22 solely by review of the executive directors' denial, the original
23 submission made by the appealing organization and any further written
24 submissions made with the appeal. Based on such review, the commission-
25 ers shall approve or deny the organization's or committee's authori-
26 zation to appoint monitors and notify the organization or committee and
27 the executive directors of that decision by email. Such review may be
28 conducted remotely, subject to the requirements of the open meetings law
29 for remote or hybrid meetings.

30 6. No later than fifteen days before an election, the state board of
31 elections shall send a list of all organizations or committee that have
32 been approved to appoint nonpartisan poll monitors to all county boards
33 of elections. Each organization or committee so approved shall provide
34 the board of elections for each county in which the organization or
35 committee plans to place nonpartisan poll monitors with a list of the
36 individuals it has trained and will deploy no later than two days before
37 the start of early voting for the relevant election. Such list may be
38 amended no later than noon on the Monday before the relevant election
39 day.

40 7. All nonpartisan poll monitors shall be required to wear a badge
41 with their name and the name of the civic organization or committee the
42 individual is representing, and to have proper credentials. Such creden-
43 tials shall be issued by and under the facsimile signatures of the rele-
44 vant board of elections and shall be available for distribution by the
45 relevant board of elections at least ten days prior to the election.
46 Such credentials shall be authorized by the real or facsimile signature
47 of the presiding officer of the civic organization or the chair of the
48 ballot issue committee, as the case may be. The presiding officer of the
49 civic organization or the chair of the ballot issue committee shall not
50 be required to submit the names or other information concerning nonpar-
51 tisan poll monitors before making credentials available to such persons
52 or organizations.

53 8. For all elections, appointed nonpartisan poll monitors pursuant to
54 this section shall be registered to vote in the county or city in which
55 the polling place to which they are assigned as a nonpartisan poll moni-
56 tor is located, except that residents aged sixteen and seventeen who are

1 currently residing and enrolled in school in such county or city may
2 serve as poll monitors.

3 9. No person shall be qualified for appointment as a nonpartisan poll
4 monitor:

6 poll site or sites they will monitor is located, except for residents
7 aged sixteen and seventeen who are currently enrolled in school in such
8 county or city;

9 (b) who is a candidate for any office to be voted for at the election;

10 (c) who is a spouse, parent, child, brother or sister of any candidate
11 to be voted for at the election;

14 of any candidate to be voted for at the election;

15 (e) who is a sheriff, deputy sheriff, marshal, deputy marshal or state
16 or municipal police officer; or

17 (f) who has failed to sign the volunteer pledge required pursuant to
18 subparagraph (ii) of paragraph (b) of subdivision four of this section.

19 10. (a) A nonpartisan poll monitor appointed pursuant to this section
20 is not permitted to do any of the following while inside a polling site:

21 (i) query, solicit or interview voters.

22 (ii) make audio or video recordings of any voter or ballot.

23 (iii) in any manner intervene or interfere with the administration of
24 the election.

25 (iv) fail to comply with all instructions given to them by election
26 officials even if they disagree with those instructions.

27 (b) Nothing in this section shall prohibit a nonpartisan poll monitor
28 from assisting a voter upon personal request of such voter and upon the
29 nonpartisan poll monitor taking the oath required by section 8-306 of
30 this article; provided however, a nonpartisan poll monitor shall not be
31 required to take such oath unless such monitor will be assisting a
32 voter, and provided further, nothing in this section shall be construed
33 to otherwise prevent non-electioneering communication with voters that
34 occurs outside of a polling place.

35 11. A nonpartisan poll monitor appointed pursuant to this section may
36 do one or more of the following:

37 (a) observe the manner in which the duties of the election inspectors
38 are being performed.

39 (b) bring to an election inspector's attention any of the following:

40 (i) improper handling of a ballot by an elector or election inspector.

48 (d) assist any voter upon request.

49 (e) keep records of votes cast.

50 12. Nonpartisan poll monitors shall present their credentials to an
51 election inspector upon entering any polling place to which they may be

13. Nonpartisan poll monitor credentials properly executed and signed shall be proof of the qualifications of the nonpartisan poll monitor authorized thereby. After presenting such credentials to an election inspector, the credentials are retained by the monitor but turned in to an election inspector at the final polling location which a monitor visits and returned to the relevant board of elections at the end of the day of election with the other election materials. A nonpartisan poll monitor may leave and reenter the polling place provided that such continuing action does not disrupt the conduct of the election. Nonpartisan poll monitors may be substituted during the course of the day, but qualified civic organizations can have only as many nonpartisan poll monitors at any given time as are authorized in this section. A substitute shall present their signed credential to the inspectors of election upon entering the polling place and shall wear the required badge.

14. There shall be no more than two nonpartisan poll monitors from any organization or committee at any polling place at the same time. If more than one organization or committee assigns nonpartisan poll monitors to the same polling place, then election inspectors may limit the number of nonpartisan poll monitors, with only one monitor from each organization or committee within the polling place at the same time, up to a limit of four separate organizations or committees.

§ 2. This act shall take effect immediately.
