The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. The general municipal law is amended by adding a new section 99-z to read as follows:

§ 99-z. Emergency repair pilot program. Subject to appropriation, the secretary of state, with assistance from the division of housing and community renewal, shall establish a pilot program with participating municipalities for an emergency repair program. The secretary of state shall only allow municipalities designated as a city to participate in such pilot program. The emergency repair program shall require a municipality that has elected to participate in the program to enact a local law to enable the municipality to repair immediately hazardous code violations in buildings where the owner has not undertaken such repairs in a reasonable time. The municipality shall bill the owner for such repair costs. The department of state, in conjunction with the division of housing and community renewal, shall, as appropriation permits, provide technical assistance to participating municipalities to ensure successful implementation of the local law required pursuant to the pilot program. Additionally, the secretary of state, with assistance from the division of housing and community renewal, shall prepare a model local law that municipalities may adopt to satisfy the local law
