33 the legislature that this act would have been enacted even if such
34 invalid provisions had not been included herein.

35 § 9. This act shall take effect immediately.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would allow retirement at age 50 for certain members of the New York State and Local Employees' Retirement System (NYSLERS) who have accrued at least 25 years of creditable service. It would also eliminate the early retirement reductions for members who have attained age 55 and have accrued at least 10 years of creditable service.

Insofar as this bill affects the NYSLERS, if this bill is enacted during the 2023 legislative session, the additional cost for each member who receives these benefits will vary depending on the member's age, years of service, plans and final average salary. Eliminating the early age reductions for members retiring after attaining age 55 with at least 10 years of service credit is estimated to cost (on average for the group) 180% of the member's final average salary. Extending retirement eligibility to members who have attained age 50 with at least 25 years of service credit is estimated to cost (on average for the group) 180% of the member's final average salary. The final costs will be borne by each employer electing the incentive.

The exact number of members who would be affected by this legislation cannot be readily determined.
