(4) Within forty-five days of receipt of each list submitted pursuant to paragraph three of this subsection, the superintendent shall, on an emergency basis, promulgate and implement rules and regulations requiring coverage for the treatment and therapy options included in each such list.

(b) (1) Within one hundred eighty days of the submission of the initial list to the superintendent pursuant to paragraph three of subsection (a) of this section, the department shall establish and operate an autism and health insurance coverage hotline. The hotline shall be a toll-free, twenty-four hour a day consumer call center for families with autistic children who have complaints about or questions on insurers and coverage for autism spectrum disorder. All complaints received by such hotline shall be documented and referred to the appropriate official in the department for corrective action.

(2) The department may contract with a qualified not-for-profit corporation for the provision and operation of the hotline required by this subsection.
