FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

As it relates to the New York State Teachers' Retirement System, this bill would amend subdivision g of Section 532-a of the Education Law to increase the cost-of-living adjustment (COLA) benefit to surviving spouse beneficiaries of deceased retirees who elected an option which provides a lifetime benefit to their surviving spouse. The COLA survivor benefit would be equal to 100% of the monthly benefit which the retiree would be receiving if alive. The current COLA survivor benefit is equal to 50% of the benefit the retiree would be receiving if alive. This increase in spousal survivor benefit would also be applicable to the "catch-up" supplementation provided under subdivision f to eligible retirees who retired before January 1, 1997. This benefit improvement would be effective in September of 2024.

The annual cost to the employers of members of NYSTRS for this benefit is estimated to be \$39.3 million or 0.21% of payroll if this bill is enacted.

Member data is from the System's most recent actuarial valuation files, consisting of data provided by the employers to the Retirement System. Data distributions and statistics can be found in the System's Annual Report. System assets are as reported in the System's financial

statements and can also be found in the System's Annual Report. Actuarial assumptions and methods are provided in the System's Actuarial Valuation Report.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would provide an increase in the defined benefit cost-of-living adjustment (COLA) for New York public retirement systems. Starting with a payment in September 2024, the cost-of-living benefit payable to a surviving spouse who is eligible for COLA will be increased from fifty percent to one hundred percent of the benefit that the pensioner would have received.

Insofar as this bill affects the New York State and Local Employees' Retirement System (NYSLERS), pursuant to Section 25 of the Retirement and Social Security Law, the increased costs would be borne entirely by the State of New York and would require an itemized appropriation sufficient to pay the cost of the provision. If this bill were enacted during the 2023 legislative session, the increase in the present value of benefits would be approximately \$1.5 billion.

In the NYSLERS, this benefit improvement will be funded by (1) billing a past service cost to cover retrospective benefit increases and (2) increasing the billing rates charged annually to cover prospective benefit increases, as follows:

(1) To fund retrospective costs, the State of New York will be required to pay \$1.60 billion (including interest) as of March 1, 2024.

(2) To fund prospective costs, the annual contribution required of all participating employers in the NYSLERS is 0.04% of billable salary, or approximately \$4.5 million to the State of New York and approximately \$6.5 million to local participating employers in the fiscal year ending March 31, 2025. This permanent annual cost will vary in subsequent billing cycles with changes in the billing rate and salary of the affected members.

Insofar as this bill affects the New York State and Local Police and Fire Retirement System (NYSLPFRS), the increased costs would be shared by the State of New York and the local participating employers in the NYSLPFRS. If this bill were enacted during the 2023 legislative session, the increase in the present value of benefits would be approximately \$158 million.

NYSLPFRS	Increase in present value benefits	Increase in future contributions
Tiers 1-5	\$152 million	\$85 million
Tier 6	\$6 million	\$73 million
Total	\$158 million	\$158 million

In the NYSLPFRS, this benefit improvement will be funded by increasing the billing rates charged annually to cover both retrospective and prospective benefit increases. The annual contribution required of all participating employers in NYSLPFRS is 0.4% of billable salary, or approximately \$3.4 million to the State of New York and approximately

\$14 million to the local participating employers in the fiscal year ending March 31, 2025. This permanent annual cost will vary in subsequent billing cycles with changes in the billing rate and salary of the affected members.
