FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would permit members of the New York State and Local Employees' Retirement System employed by Nassau County in the title of police communications operator, police communications operator supervisor, assistant bureau director (police 911 communications) or bureau director (police 911 communications) to retire upon completion of twenty-five years of creditable service with a benefit of one-half of final average salary (FAS) and an additional benefit of one-sixtieth of FAS for each year of creditable service in excess of twenty-five years, not to exceed 15 years. Affected members in Tiers 1 or 2 would be awarded additional sixtieths for all service in excess of twenty-five years. Additionally, for those members covered under the provisions of Article 14, this bill would permit an irrevocable election to forfeit the benefits of Article 14 in favor of the 25-year plan benefit. Such election must be made within one year of the effective date of this bill or within one year of entering service with Nassau County in any of the above titles, whichever comes later.

If this bill is enacted during the 2023 legislative session, we anticipate that there will be an increase of approximately \$748,000 in the annual contributions of Nassau County for the fiscal year ending March 31, 2024. In future years, this cost will vary as the billing rates and salary of the affected members change.

In addition to the annual contributions discussed above, there will be an immediate past service cost of approximately \$3.24 million which will be borne by Nassau County as a one-time payment. This estimate assumes that payment will be made on February 1, 2024.

These estimated costs are based on 206 affected members employed by Nassau County, with annual salary of approximately \$16.5 million as of March 31, 2022. The affected members were identified using information provided by Abigail Winslow of the New York State Assembly Governmental Employees Committee.
